NEW DEPARTMENT ADDED TO 'LINDEN LEAVES'

New departments have been added by Lindenwood College to its annual "Linden Leaves," which is edited by a staff of students, and will be ready for distribution May 15. Miss Ruth Kern is editor in chief. The opening section of Lindenwood views is a distinctive feature. Unusual pictures of the campus, or artistic quality, fill the first pages. Full-page portraits of the May Queen (Miss Lois Lockhardt) and her five attendants are to be done in double-tone ink. Comics, done in charcoal by members of the art department, show "baby freshmen," "frivolous sophomores" and "studious seniors."

The color scheme of the book is gray and white. The cover picture is the same as last year—the campus entrance to Roemer Hall. The book has 200 pages.

Lindenwood College News.

Debating has become very popular at Lindenwood College and the International Relations Club of the history department found much interest in its recent annual election. The successful candidates were: Miss Elinor Montgomery of Sedalia, Mo., president; Miss Mildred Aylor of Eldorado Springs, vice president, and Miss Virginia Heinrich of West Plains, secretary and treasurer. The debaters have the record this year of not having lost a single contest, although they were pitted against strong debaters—the girls of Washington University and of the State University of Missouri.

President J. L. Roemer Tells of Progress of Lindenwood Fund

Speaks at Musical Tea Held at Gatesworth Hotel Yesterday.

Progress in the \$100,000 centennial alumnae memorial scholarship for Lindenwood College was reported at a musical tea given at the Gatesworth Hotel yesterday afternoon to about 100 guests by the St. Louis Lindenwood College Club. President John L. Roemer announced that an unnamed donor will duplicate any amount up to \$1000 which the St. Louis club shall raise up to January 1, 1924. The club clubs are being organized, one of the recent additions being the Tulsa (Ok.) Lindenwood Club, which he is to visit Saturday.

Telling of the college membership in various educational associations, he commented on the strict standards required. The head of a department must now be a "Th. D." and the denow has \$350.

President Roemer said that the joint plan of the Lindenwood clubs in many different cities is to provide \$1000 for each year of the college's existence, and to name the memorial "The Mary Easton Sibley Scholarship." This is to be presented by the alumnae at the college centennial in May, 1927. Dr. Roemer said that new gree "A. M." which was once thought well worth while, is outranked. "I think the time is almost at hand," he said, smiling, "when the janitor will have to have a college degree."

He also announced several scholarships to be offered next year by the college in order to help the students needing help. "The five freshmen having the best scholastic standing will be given \$100 each to be applied on their tuition, and the five sophomores having the best ranking will receive \$150 each. Ten scholarships of \$200 each are open to the members of the junior class. Over and above all these the college offers for the first time to the senior who in her four years' residence at Lindenwood has had a uniformly excellent record, a scholarship of \$500 for graduate work at any college or university which she may select." It was stated that the college no longer accepts students who barely "slipped through" their preparatory work, but it is the plan to take only those who show their sincerity by good grades in their high-school work.

Robert Ranken of the Board of Trustees, was also a guest and the faculty was represented by Mrs. John L. Roemer, Miss Alice Linneman, and Misses Agnes Gray, Lucille Hatch and Ariel Gross, who gave several violin and piano numbers. Others on the program were Misses Gladys Sullivan, Ruth White, Esther Hund, Martha Whaley, Ruth Murray, Ruth Alexander and Rachel Strong. Miss Agnes Adams presided.

LINDENWOOD COLLEGE NEWS.

Former Lindenwood College girls at Belleville, Ill., were entertained Saturday, at the home of Miss Anita Leopold in that city. Miss Alice A. Linnemann, of St. Charles, Mo., College secretary of the Alumnae Association and Clubs, was a guest, and the afternoon resulted in the adding of another Lindenwood College Club to the roster. The following officers were chosen: President, Mrs. A. H. Bossler (Alvina Leopold); vice president, Mrs. Arthur Jones (Georgiana Rogers); corresponding secretary and treasurer, Mrs. Russel Stanley (Lillian McClusky); recording secretary, Miss Anita Leopold; auditor, Miss Meta Gass; membership chairman, Mrs. Fred Fleischbein (Lowe Bechtold); chairman constitution committee, Mrs. Arthur Jones.

President John L. Roemer is finding it difficult to respond to all the Lindenwood College Club invitations in different cities which are coming to him, to give "Inspirational" talks at the meetings of these various clubs. Members are now looking forward to a share in the \$100,000 Mary Easton Sibley scholarship which the alumnae propose to raise for 1927, the centennial. Dr. Roemer is to speak Saturday at the Tulsa (Okla.) club, of which Mrs. Anna McCulloch Winters is an active leader; and Monday at the Oklahoma City Club, of which Mrs. Mary Elliott Carpenter is the head. There was a large attendance at the St. Louis Lindenwood Club's demonstration at Hotel Gatesworth Tuesday, when announcement was made by President Roemer that a friend of this club will duplicate up to \$1000 which may be raised before Jan. 1, 1924.

LINDENWOOD STUDENTS ISSUE PUBLICATION

Topics of the Day Handled
in Unique Way in "Banner News."

An issue of the St. Charles (Mo.) Banner News has just been put out, by permission of the editorial management, by the journalism and English students of Lindenwood College, under the direction of Miss Jeanette Collins of the faculty. This is a four-page, seven-column sheet, in which original editorials play an important part, signed by the students' initials and ranging in text from national politics to "Jazzmania."

New features of the college are announced, such as the summer school for teachers, under Prof. R. S. Dailey, and the junior-senior banquet at Hotel Claridge, Saturday evening. Space is also given to Junior Week, which is now current, one feature of which is the celebration of President John L. Roemer's birthday. Extensive "interviews" are provided by personal work of the students, "interviewing" Mrs. John L. Roemer, dean of students, and others.

The taste of college students is indicated by the outside news which they have allowed in this newspaper. There is a bit of baseball, a story of a stolen auto, opinions on the Ruhr invasion, a wedding, a story of patriotic street decoration, high school and weather news, as well as brief mention of certain civic, business and church topics, hospital cases, personals and a funeral.

The edition is unique among all newspapers in containing no murders or highway robberies.

There is a beautiful poem on "Mother," by Margaret Taggart; a daily story by Julia Ayers; a fable by Dorothy Gee, and an extensive department of "Feminine Topics," by Katherine Tinsman. The following students are largely responsible for the paper: Laura Cross, chief headline writer; Ruth Kern and Mary Holderman, feature writers; Helen Scott, Harriet Ridge, Etta Louise Davenport, Ruth Murray, Margaret Ferguson and Eleanor Sanders, reporters.

LINDENWOOD JUNIORS TO BE HOSTS TO SENIORS

The thirty-six juniors at Lindenwood College will cancel all class antagonisms today by "paying every respect possible" to the seniors. The two classes will eat breakfast together and for the first time in "Junior Week" there will be no fun-making. This harmony will reach its climax tomorrow evening, when the class will give a dinner at Hotel Claridge to the seventeen seniors, with President and Mrs. John L. Roemer, and Misses Weld, Blanding and Collins of the faculty as guests.

Miss Helen Riordan of Hannibal, Mo., is president of the junior class; Miss Gladys Campbell of 5088 Enright avenue, is vice president; Miss Catherine Yount of Cape Girardeau, Mo., secretary, and Miss Keo Richards of Hutchinson, Kan., treasurer.

LINDENWOOD COLLEGE CLUB.

A "magnum opus" is the culminating spring achievement of the journalism classes at Lindenwood College, the preparing and editing of an entire edition of the St. Charles (Mo.) Daily Banner-News, under date of April 28. There is much happening now at Lindenwood, in the last school month of the year, and everything is chronicled by a vigilant staff of reporters, including Helen Scott, Harriet Ridge, Etta Louise Davenport, Ruth Murray, Margaret Ferguson and Eleanor Sanders, ranging from the triumphant exercise of "Junior Week" and the slogan, "The Sophomore worth while is the one who can smile—during Junior Week, May 1-5," on to the brilliant costume descriptions of President and Mrs. John L. Roemer's senior party, and the junior-senior banquet yet to come. Editorials are of interest, showing that the students are taking an interest in the presidential campaign, in Lord Carnarvon, and in various State and social matters. Miss Jeanette Collins of the faculty has directed this edition, the chief headline writer has been Laura Cross; feature writers, Ruth Kern and Mary Holderman;

and Katherine Tinsman has collated the department of "Feminine Topics." There is also a "Children's Corner," done by freshmen in journalism.

LINDENWOOD COLLEGE CLUB NEWS.

Juniors had an amusing but innocuous week at Lindenwood College, ending May 5, with the elaborate purple and white dinner at Hotel Claridge, where the 17 seniors were guests of the 36 juniors. Throughout the week the juniors wore purple dresses, and the sophomores, always subject to the juniors, had to go about with small tinkling bells on their foreheads. Freshmen, taken under the care of the juniors, were privileged at chapel Thursday to give "take-offs" on any sophomore they wanted "to get back at." There was a silver loving cup for a prize, which went for the impersonation of a St. Louis girl, Miss Louise Nicholson, sophomore, by Miss Carol Bear of St. Francis, Kan., a freshman. Miss Helen Riordan of Hannibal, Mo., is president of the juniors; Miss Gladys Campbell of St. Louis, vice president; Miss Katherine Yount of Cape Girardeau, Mo., secretary, and Miss Keo Richards of Hutchinson, Kan., treasurer.

Vocations for college girls will be taken up in a practical way in the coming week at Lindenwood College, in a series of personal conferences by Miss Florence B. Jackson of Boston, Mass., who is known as one of the best informed women in the country on this subject. She is a non-resident lecturer at a number of Eastern colleges as she is at Lindenwood, and for several years she has been at the head of the Appointment Bureau of the Women's Educational and Industrial Union in Boston. She will speak at Lindenwood, Monday night, on "What Are You Going to Do?" As commencement day is only three weeks off the upper classmen are particularly arranged by the teachers for this tional guidance.

Boston, Mass., Woman Concludes Lectures at Lindenwood College

Spoke on Business and Professional Opportunities for Women.

Miss Florence B. Jackson of Boston, Mass., director of the Appointment Bureau of the Women's Educational and Industrial Union, concluded a series of addresses at Lindenwood College yesterday on business and professional opportunities for women. She departed from routine lines, taking up new developments.

In teaching, the "nursery school" was mentioned as something new. Miss Jackson also showed that a few years of steady teaching may give a "background" from which one may go on to such work as educational research, the "visiting teacher," or the "home lesson teacher." In economics, women are particularly adapted, she said, to do superior work in preparing "budgets" such as are in requisition by banks and other institutions, showing the proper apportionment of expenditures.

Just Issued Brochure.

From her offices in Boston has just been issued a brochure on "Publishing House Work," in which are given results of investigation on the subject of employment of women in more than thirty leading publishing houses. "One of the most striking facts disclosed," Miss Jackson said, "by a study of Boston publishing houses, is that few of them list either experience or literary ability as prerequisites for employment. Literary judgment is more valuable than the ability to write, and the publishing house itself is its own best training school. One learns the work through apprenticeship, and that is why shorthand, typewriting and proofreading are important assets." A salary of about \$18 or \$20 a week was mentioned as the average for one beginning in these houses, "but from that point on, the matter is in the hands of the individual." In publishing houses, she said, the general policy is to promote from the inside. The qualities of co-operation, initiative and application play a greater part than any set of rules.

Agitation Caused.

Miss Jackson said that the novel, "This Freedom," has caused a strong agitation in the business world as to the married woman's status, and she is watching possible results. "Part-time work" is an experiment of interest, for women in editorial or other employment who wish to have time at home.

The semi-social "Friday Luncheon Club" which is being organized in Boston has Miss Jackson as one of its founders. With a membership limited to thirty, this club takes in women who are doing creative or constructive work. Among the members so far are two lawyers, an architect, a head of a geographical bureau, a social service worker, and a bank official. It is thought likely that similar clubs of women will spring up in other cities.

Mrs. Robert Bentley Leonard of 4352 Maryland avenue entertained the faculty, students and alumni of the Morse School of Expression with a tea at her home Sunday afternoon.

The hostesses were: Misses Sophia Simon and Elmo Butler and Mrs. Lucille Bush Carver and Eunie Green Triggs. The out-of-town guests were: Miss Nell Bissel, Ilmo, Mo.; Tod Wright, Lindenwood College, St. Charles; Mr. and Mrs. Glenn Davis, Columbia (Mrs. Davis was formerly Tillie Campbell), Mrs. Myra Lynch Stranahan, Kalamazoo, Mich.; Mrs.

9 OLD LINDENWOOD 'GRADS' ARE HONORED

They Are Guests at Annual Luncheon Held Yesterday.

Nine graduates of Lindenwood College of approximately fifty years ago were honored yesterday at the annual luncheon of the St. Louis Lindenwood College Club at the Missouri Athletic Association. Mrs. Arthur H. Gale, one of the younger members of this list, was toastmistress, president of the alumnae association. Miss Agnes Adams, president of the Lindenwood College Club, assisted in presiding.

President John L. Roemer quoted Dr. Thompson, an educational authority, as saying that "90 per cent of the benefit of a college education comes from association, 7 per cent from books and 3 per cent from the teachers." He spoke of the standards of Lindenwood as handed down through ninety-six years from the founder, Mrs. Mary Easton Sibley, for whom a commemorative scholarship of \$100,000 is now being raised by the alumnae.

Those present at the luncheon were: Mrs. J. B. Brewster of Creve Coeur, Miss Aimee Becker of St. Charles, Mrs. Clara Christy Millar, Mrs. Fred C. Bader, Mrs. Arthur Krueger, Mrs. Edgar Foster, Mrs. J. G. Vogt, Miss Mabel Nix, Mrs. Harry Montgomery, Mrs. Robert E. Ryan, Mrs. Ella F. What Women of St. Louis Are Doing

LINDEN LEAVES," the annual book full of thrills for the Lindenwood College student, will probably come out next week. Miss Ruth Kern, of Butler, Mo., who is editor of the monthly bulletin of the college, is also editor of "Linden Leaves," with the aid of 20 students from among the best writers, artists, humorists and statisticians of the body of nearly 400, assisted by faculty advisers. It will be a volume for reference, particularly by the departing seniors in years to come, as it contains not only pictures of classes and departments and societies, but also beautiful views of the college campus and buildings done in color tones. Athletics with the new sport of archery is featured more than in the past. The girls have made a creditable showing in the annual's literary department. Dramatic efforts are recorded, in pictures of scenes in the plays given. Advertising from merchants and others in St. Charles and a few in St. Louis, has paid for the cost of the book, supplemented by its sales. Students have had charge of the finances, and after paying expenses of about \$2700 they expect to come out \$300 ahead on the enterprise. The cover shows the campus entrance of Roemer Hall, which the staff of editors hopes will be adopted permanently for "Linden Leaves." It was used last year, but it was then green-brown and is now blue-gray. It is a Kraft built cover.

"Book Day," which was once an institution annually at Lindenwood College, is to be revived as a social feature by the Lindenwood College Club, according to a suggestion made by Mrs. Arthur H. Gale, president of the Alumnae Association, at the annual luncheon Tuesday at the Missouri Athletic Association of the Lindenwood College Club. All activities of the club are now centering around the work of the next four years, in which the 35 Lindenwood College clubs of the different parts of the country are co-operating, to raise \$100,000 for the endowment, in 1927, of a centennial scholarship fund in memory of Mrs. Mary Easton Sibley, founder of Lindenwood. Miss Agnes Adams presided Tuesday, with Mrs. Gale as toast mistress, and besides addresses by Mrs. W. K. Roth, Mrs. Nellie Drury Hard of Waterloo, Ill.; Mrs. R. Humphrey and Mrs. Lulu D. Hynson, there were also talks from the college by President John L. Roemer, Mrs. Roemer and Miss Alice Linnemann. Dr. Roemer told of visits to other clubs in the West and Southwest, but said that the St. Louis Lindenwood Club, in a growth of 32 new members in the last year, has outdistanced all. This club was founded nine years ago. It is proposed to bring into membership all the 300 former students of the college now living in St. Louis. Dr. Roemer said that in Lindenwood's advance to an accredited four-year college, with 420 students now attending, the standard set by Mrs. Sibley had been heeded, "The Word of God as a part of the curriculum."

LINDENWOOD COLLEGE CLUB NEWS.

Two May queens will abdicate, and one be crowned, Saturday afternoon at Lindenwood College, at 3 o'clock. Miss Lois Luckhardt of Tarkio, Mo., who is the newly elected queen, will have Miss Harriet Ridge of St. Joseph as her maid of honor. Other maids will be Misses Almyra Givens of Louisiana, Mo.; Mary Lucille Redden of St. Charles, Helene Millsap of Grove, Ok., and Alba Chapman of Diamond, Mo. The retiring queens are Miss Gladys Carnahan of 1922 and Miss Florence Bartz of 1921.

Following the "royal" procession and a May pole dance by the juniors, the campus will present a new theme of the ever-new idea of the May queen. In a dance drama, under the direction of Misses B. Louise Weld, Marjorie Thomas and Bess Blanding, the students will attempt to tell "The Origin of the May Queen." Music will play no small part. A dance of "Winds" will be to Moszkowski's Waltz in E; "Spring will come in with Chopin's Prelude; "White Clouds" to Valse Caprice, by Strelzki, and so on, all of this musical accompaniment being given by Lindenwood's own orchestra of piano, violin, clarinet and saxophone. Miss Florence Bartz is to be "Spirit of Spring," who steals in, bringing warmth, to change the cold winds of winter (seven austere clad girls) into the lovely "Breezes," which later fan all vegetation into life. Sparkling "rains" are borne in on the wings of "Cloud" dancers, gray and white, 14 in all. "Milkmaids" and "Chimney Sweeps" and all the folk of the countryside come in to dance. Then the flowers, "Daisy," "Violet," "Rose," "Morning Glory" and the "Bee" appear to crown their flower queen, only to find the lovelier Lindenwood May queen, whom all proceed to honor.

The day will end with a play at 8 o'clock Saturday evening, "Smilin' Through," given by the expression department.

Will Offer "Smilin' Through."

The expression department of Lindenwood College will present a play, "Smilin' Through," by Allan Langdon Martin, Saturday evening at 8 o'clock, under the direction of Miss Ruth White, and Miss Mary Louise Wright. The play will be given on the college campus, following the coronation of the May Queen.

Picking an Occupation

The Story of One Woman's Big Business Success.

By Marguerite Martyn.

NEARLY every woman in business is asked by other women who must, or who would, become self-supporting, advice as to how to go about it; how to select the profitable occupation.

More and more of these latter, the women who would be economically independent, though they might be taken care of by their families or husbands, are asking this question.

My favorite recipe to those who are not in immediate need is: Search your list of accomplishments or aptitudes, decide what it is you do best, and capitalize that. For I imagine there is no misery like spending most of your waking hours at a distasteful task, and I know there is no joy like earning your living at work you really like to do. So many times I have seen a talent of seeming slight commercial value, such as making good mayonnaise or marmalade or even cornmeal mush; fashioning baby clothes or merely a trick of wearing hats becomingly, when properly capitalized prove a means of money getting beyond any unrelated dreams of avarice. Doing the thing one really likes to do while being regarded as a self-indulgent visionary oftentimes compels one's critics to acknowledge it was the practical thing to do, after all.

MARGUERITE MARTYN

Rarely have I seen my recipe work out so well, though, as in the case of Nellie Donnelly, who, 10 years ago, was a student at Lindenwood College. She had a knack for designing and making pretty house frocks. She capitalized this knack and now she runs a factory back in her home, Kansas City, which does a million and a quarter dollars a year business.

The prettiest and cheapest house frocks which you buy in the stores today come from her factory. She probably was the first to discover decorative possibilities in the bungalow apron, which, you remember, was, in itself, such a welcome discovery after women through all time had thought they must be content to look dowdy in ill-fitting house dresses or remain hidden behind the scenes in the disreputable mother Hubbard or kimona.

Since Mrs. Donnelly first put her smart but simple apron frocks on the market there have been countless imitators of her product, but by this time she has got her manufactory down to such a system of economy that nobody can outdo her in low prices and workmanship—and in the development of her gift for clever and practical design nobody has outdistanced her.

(Continued on next page.)

(Continued.)

It all came about in such a simple and natural manner. I must tell you about it, even though I overreach my column today. Nellie Donnelly was married before she entered Lindenwood. Just because she had taken that step at 17 she did not intend it should be fatal to her mental development. And no more when she had graduated and gone to housekeeping did she purpose to settle down into an untidy drudge, never fit to be seen. So she began devising house dresses which were both practical and presentable and, while of the simplest construction and cheapest materials, nevertheless had smart, becoming lines and dainty touches. One of her first was of black sateen with appliqued flowers in pots for pockets. These were so much admired and coveted that her friends got to hinting for them as Christmas presents or bridge prizes. Their fame spread and neighbors began asking her to make them for pay. Thus encouraged, she decided to take some samples to a department store. Forthwith she was given an order for a dozen each of her eight models. It required a month to execute these orders with the assistance of two seamstresses and power machines. There was not much profit, but the indication that done on a large scale there might be a handsome profit. The eight dozen being sold almost before she could turn around, she felt justified in commandeering the family savings and investing in a factory which has grown until now it employs 300 workers. With the factory on a paying basis, her husband felt justified in leaving his own profitable business to serve his country as an officer in the A. E. F. When he returned, though his own good job awaited him, he saw a greater future in a partnership in the now flourishing Donnelly Garment Co.

This left the founder of the firm free for the part of the work she most enjoys and is best adapted to, that of creating new designs and adapting them to ever-increasing limitations of cost and stipulations as to the choice of materials. For with an appreciation such as only a woman can have of the requirements of these garments, she never permits the use of a material which does not launder well, nor approves a design which does not accord with prevailing mode and cannot be worn as becomingly on the street or upon any informal occasion as well as in the kitchen.

One of her guiding rules is that to reap large profits at low prices you must manufacture on a large scale and watch closely such details as a fraction of a cent's fluctuation in the price of a bale of cotton. Her market now extends all over the United States, but especially to the big jobbing and retail houses of the East. She is constantly urged to move her factory nearer to the Eastern market, but she has investigated and finds unfavorable labor conditions would offset other advantages. Then the old human element, that original love of her work enters in. She feels a responsibility toward those 300 employes and the agreeable personal relationship built up.

She can't tell what her actual profits are since, except what is needed to supply the pretty new home, automobiles and a few other more or less simple tastes, all the surplus goes back into the factory.

In the presence of the Donnellys a woman friend was teasing her husband for a new fur coat. Mr. Donnelly remarked ruefully: "My wife doesn't want a fur coat, but she does want two new hemstitching machines."

Which shows, I think, that personal tastes and big business can be entirely compatible.

ELABORATE MAY-DAY DANCE AT LINDENWOOD

Festivities at College to Begin at 3 P. M. Tomorrow.

May-day festivities at Lindenwood College will begin at 3 o'clock tomorrow afternoon, and are to be unusually elaborate. "The Origin of the May Queen," an original dance drama, is to be presented under the direction of the physical culture staff, Misses B. Louise Weld, Marjorie Thomas and Bess Blanding. Its central figure will be the May Queen, Miss Lois Luckhardt of Tarkio, whose attendants will be Misses Harriet Ridge of St. Joseph, Mo.; Almyra Givens of Louisiana, Mo.; Mary Lucille Redden of St. Charles; Helene Millsap of Grove, Ok.; Alba Chapman of Diamond, Mo.; and the May Queens of two preceding years, Miss Florence Bartz of 1921, and Miss Gladys Carnahan of 1922. Seven children, Lois Margaret Null, Mary Elizabeth Null, Marian Stum-

berg, Mary Tainter, Harris Ordelheide and Louise Tainter, will cast flowers in her path, and the junior class will follow, these being the girls who will give the annual Maypole dance.

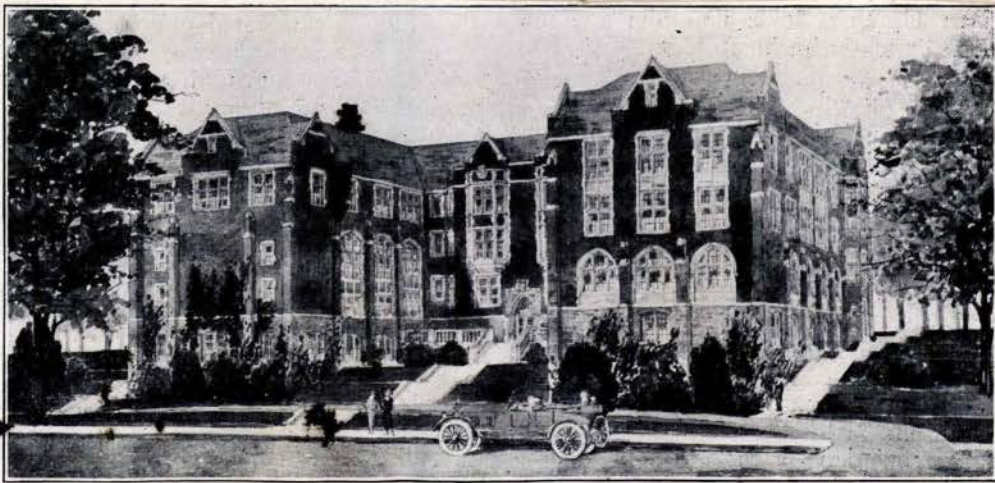

The dance drama is to throw the fringes of fancy around the crowning of the Queen. It brings in "The Spirit of Spring," who charms the "Winds" into "Breezes," and induces "Grey Clouds" out of their hiding-places to bring "Rain." "White Clouds" follow in the dance, and dancing "Milkmaids" and "Chimney Sweeps," all in costume. The "Flowers," daisy, violet, rose and morning glory, aided by the "Bee," begin a festival to make the "Gold-Tipped Daisy" (Lindenwood's flower) Queen of Spring. They see "the fairer Queen," and the "Queen of Flowers" yields her scepter to Lindenwood's May Queen. For each new fancy there is a different dance, and an orchestra of piano, violin, clarinet and saxophone will play accompaniments by Moszkowski, Liszt, Strelzki, Chaminade, and other composers.

Lindenwood College.

"Rather hard on teachers," was the comment made by President John L. Roemer of Lindenwood College, concerning a quotation from an eminent educator to the effect that "in a college education 90 per cent of the benefit comes from association, 7 per cent from books and 3 per cent from the teachers," at the annual luncheon of the Lindenwood College Club, May 15, at the Missouri Athletic Association. He spoke to the club on "The Standards of Lindenwood."

It was stated by Miss Agnes Adams, who presided, that there are now thirty-five Lindenwood College clubs. Mrs. Arthur H. Gale was toastmistress and toasts were responded to as follows: "What Lindenwood Means to Me," Mrs. W. K. Roth "Memories," Mrs. Nellie Drur Hardy of Waterloo, Ill.; "Campus Pranks," Mrs. R. Humphrey of Webster Groves; "The Mary Easton Sibley Scholarship," Mrs. Lulu D. Hynson.

PROF. JAMES T. QUARLES

ACCORDING to advices from Ithaca, N. Y., Prof. James T. Quarles, organist and acting head of the department of music of Cornell University, has tendered his resignation and accepted a position at the University of Missouri at Columbia as head of the department of music and professor of music, with chairs both in the college of arts and science and of education.

Prof. Quarles, who succeeds Prof. William H. Pommer, formerly of St. Louis, has been connected with Cornell for the past ten years, coming to Ithaca as university organist. In 1915 he became assistant professor of music and for the past two years has been acting head of the department, having charge of the Sage Chapel choirs and the university concerts.

Since coming to Ithaca he has given 372 organ recitals in Sage Chapel and Bailey Hall, which have been largely attended and thoroughly enjoyed by members of the university and town communities. He will remain in Ithaca during the Cornell summer school and will give courses as well as having charge of the department of music, leaving in the fall for the University of Missouri.

Prof. Quarles, like his predecessor, Prof. Pommer, was born in St. Louis. He is in his 47th year. In St. Louis he studied with Charles Galloway and Ernest Richard Kroeger, and later with Widor in Paris. For a number of years he was organist and choir-master in various churches in his native city, organist with the St. Louis Symphony Orchestra under Alfred Ernst and Max Zach, and conductor of the Choral Art Society. Later he became dean of the department of arts at Lindenwood College at St. Charles, Mo. He was for two years president of the Missouri Music Teachers' Association.

Rev. Ivan Lee Holt Gives Baccalaureate Sermon at Lindenwood

Graduates Gather to Hear Inspiring Address on "The Higher Gate."

The graduating classes of Lindenwood College were addressed in a baccalaureate sermon, at 3 o'clock yesterday afternoon, by Rev. Dr. Ivan Lee Holt, pastor of St. John's Methodist Church, whose theme was, "The Higher Gate." Special seats in Roemer Hall were occupied by students to whom 116 degrees, diplomas and certificates will be awarded tomorrow.

A League of Nations was classified by Dr. Holt as one of the "higher gates." He was speaking from the text telling of King Jotham, who "built cities in the hill country," and "in the forests built castles and towers," who prevailed against the children of Ammon and built "the higher gate to the temple of Jehovah."

"Here was a man whose work was constructive," said Dr. Holt. "The higher gate may have been to let in more light; it may have been to provide an easier entrance for the aged; it may have been to create a more vital interest in the young."

"Many of us build walls, with the feeling that we can best preserve what is worth preserving by building walls around it. If civilization is in danger, then we enclose our institutions with walls which an enemy cannot scale. It is unfortunately true, however, that walls can shut in as well as shut out. Anyone's experience reveals this. Whether in the school room or in practical life, the process of finding truth seems like breaking through walls and entering upon large open fields. Peace and comfort come when one finds a gate."

"Yet for all this experience we are ready still to join the ranks of stonemasons that build walls to save our civilization. We would protect our trade by a wall of tariff. We would save our nation by erecting along the Atlantic and the Pacific coasts the concrete wall of Washington's foreign policy of other days. We would preserve our churches and religious movements by building walls

of creeds, creeds more exacting than man ever faced before.

"We have forgotten how walls shut us in, and how many thousands have beaten out their lives when so inclosed. In a recent discussion on the perplexities of today, Dr. L. P. Jacks of Manchester College, Oxford, has suggested that the need of the hour is 'not a religion that answers perplexing questions, but a religion that gives a man courage to go on through perplexities.' To my way of thinking, that is what is needed today. Let men dare to have faith and they will find doors through walls. Those who will be remembered in after days are those who find or make gates in which humanity can go in and out."

"In our day one cannot doubt that freedom of trade and the right to work, a league of nations, a conference on the limitation of armaments, a world court of international justice, an interpretation of religion in terms of life rather than in terms of creeds and institutions, are all higher gates."

The speaker admitted a general tendency toward discouragement when results of the war are contemplated, coming far short of the great objectives, "a world safe for democracy, a respect for human rights, and a lasting world peace." "There is a difference of opinion as to what the rights of humanity are," he said, "but surely we had in mind the securing of greater happiness for the masses of the people. With the increasing burden of taxation, with the depreciation in currency until handfuls are required to purchase a loaf of bread, with restlessness and anxiety everywhere, people seem to be more unhappy than they have been in centuries. And peace has not come."

As an answer to this, Dr. Holt urged Lloyd George's saying, "Religion alone can save the world." He

said that it was a fortunate thing for the world when the attention of mankind was diverted for a time from the Valley of the Ruhr to the Valley of the Nile by the discovery of the Pharaoh's tomb. This glimpse of an older civilization had its spiritual effect. He quoted a modern essayist: "Civilization is a game of checkers between God and man, and sometimes the omnipotent hand seems to sweep the men from the board, and man retires; but another man takes his place. The omnipotent hand draws the checker men from the discard, and the game is on again." These records of an ancient civilization, the speaker said, show "the courage of the human soul."

In conclusion, he addressed the class, speaking of "walls" around the individual soul, some of which may only be broken by the aid of others "working on the outside of the wall."

Wabash Flier Wrecked but Only Nine Persons Suffer Slight Hurts

More Than 400 Passengers Escape Death or Serious Injuries.

Four hundred passengers on Wabash train No. 9, en route from St. Louis to Kansas City, Mo., miraculously escaped death or serious injuries at 4 o'clock yesterday afternoon, when ten of the train's twelve steel coaches were derailed near Martinsburg, sixteen miles east of Mexico, Mo.

Two of the coaches contained eighty girl students of Lindenwood College at St. Charles who had participated in commencement exercises in the morning and were on their way to their homes in various parts of Missouri and the Western States.

The first shock of the derailment caused some confusion among the gay occupants of the cars who were celebrating their emancipation from college duties and the beginning of the summer vacation.

None of the girls was injured in the wreck, but many of them were badly frightened.

A large number of them assisted in caring for the injured.

A relief train to take care of the passengers on the derailed train was immediately dispatched from Mexico. It was said that there were between 400 and 450 passengers on the train.

Amid the full glory of graduate recitals so numerous this year at Lindenwood College, the annual undergraduate recital was also a noted event of commencement week at the college. A trio of piano numbers opening the program, Friday night, May 25, was given by Gladys Tolleson, of Leadwood, Mo.; Arlie Schmedler of St. Charles, and Mary Markham, of Scammon, Kan. Frances Kamp, of Bement, Ill., sang "Pleurez, Pleurez mes yeux," and the "Flower Song" from Faust was given by Mary Margaret Perdee of Odessa, Mo. Jean Rankin, violinist with the number "Meditation" from Massenet's "Thais," comes from Wakefield, Kan. A California girl, Thelma Alexander, played piano numbers; Katherine Biggs, of Arrow Rock, Mo., also gave a piano selection, as did Mary Cross, of Lathrop, Mo., and Pauline Sikorski of Mt. Vernon, Ill. The composer of the music for Lindenwood's annual song, Ruth Alexander, of Ardmore, Okla., showed her talent as a vocalist in "Thank God for a Garden," and "To You." Caroline Sheetz, of Orrick, Mo., closed the program with the Old Highland melody, "Turn Ye to Me."

LINDENWOOD SENIORS OBSERVE CLASS DAY

The Festivities Began with Breakfast and Terminate with Evening Concert.

Seniors of Lindenwood College observed class day yesterday, beginning with a senior breakfast at 8 o'clock. A program in Roemer Auditorium was given at 2:30 o'clock in the afternoon, at which Miss Dorothy Ely of St. Charles read the class "history"; Miss Louise Clark of Stigler, Okla., played a piano solo; Miss Kathleen Fleming of Jerseyville, Ill., read the class "will"; Miss Esther Saunders of St. Joseph, Mo., played a solo, with Miss Velma Pierce of Neosho, Mo., as accompanist, and Miss Laura Cross of Lathrop, Mo., read the class "prophecy."

The commencement concert was given by the Choral Club and Lindenwood orchestra last evening.

Besides the diplomas and degrees which have been announced, the following graduates have obtained state certificates to teach: Florence Bartz, Louise Child, Dorothy Ely, Kathleen Fleming, Marian Greene, Beth Hall, Alma Murphy, Helen Peyton and Marion Stone.

State certificates in special departments have been secured by Jeanette Clarkson, Dorothy Dale, Della Douglas, Maxine Finke, Esther Gearhart, Alice Hansbrough, Tom Border Johnson, Margaret Knoop, Edna Krinn, Orlo Lambert, Elisabeth Lee, Isabella McMenamy, Elaine Myers, Laura Myer, Helen Riordan, Mary Louise Stevison, Grace Stumpe, Helen Sturtevant, Marguerite Young.

Certificates in music are being given to Marguerite Hersch, Mildred Hardman, Oda Wentworth, Della

Douglas, Grace Stumpe, Mary Stevison, Helen Sturtevant, Marguerite Young; in public school art, Elaine Myers; in expression, Marian Louise Bowers; playground work, Alice Hansbrough; secretarial, Gertrude Bird and Maxine Finke.

Academy certificates will be given to Veldron Cazier, Blanche Fish, Marguerite Hersch, Martha Johnson, Charlotte Spreyne, Helen Stuckey, Georgiana Sutherland, Luzelle Lyons, Marguerite McNea, Doris Ross, Mayme Small, Ruth Taylor, Thelma Tobin, Katherine White, Anna Belle Webster, Mary Delle Webster, and Oda Wentworth.

What Women of St. Louis Are Doing

Lindenwood College Com- mencement Exercises— Awards of Prizes and Medals

The slogan, "Don't become a banana," seems to have been adopted at Lindenwood from the commencement speech of Dr. R. C. Williamson, Tuesday, who told of a great traveler's experience in trying to get "ideas" out of a senseless savage chief, who would only "eat another banana and go to sleep again." Said the president, Dr. John L. Roemer, in giving out some of the final prizes: "Don't become a banana." One of the unusual degrees was that of Master of Music, bestowed upon Velma Pierce of Neosho, Mo., whose compositions by the scores are already on the music market. One of her numbers, "Jane," was sung at this program by a sextette.

The outstanding award of commencement day was the new \$500 fellowship, which went to Louise Child of Richmond, Mo., and which she can enjoy in any college or university she may choose for post-graduate work. An essay on women voting, "How Can Women Best Effect Good Citizenship?" was won by Carolyn Myll, with an award from the National American Woman Suffrage Association. Students will be considerably helped by the 21 scholarships, judiciously distributed through freshman, sophomore and junior classes, and ranging in value from \$100 to \$200. A St. Louis girl, Blanche Wurdack, was one of the winners in the "progress" music prizes, having specialized on the organ. Another St. Louis girl, Gladys Campbell, won a scholarship of \$200. The Frank A. Hobein gold medal for English composition went to Dorothy Ely of St. Charles. Everyone was much interested in the "best cook," who proved to be Martha Messinger of St. Charles. Most Bible verses had been learned by Evelyn Noland of Saguache, Colo., who received the \$25 prize, and Jessie Schaper of Washington, Mo., came next with a \$15 prize. The Mrs. Arthur Gale prize for the best literary production, prose, went to Mrs. Clara Schultz of St. Charles, and poem, to Laura Cross.

In athletics, awards for distinctive work were given to Florence Bartz and to Carolyn Myll, while Marion Adderly was "best diver" and Julia Ayres best swimmer. The last tests included life-saving.

The George B. Cummings expense account budget prize of \$15 for "making a budget and living on it," was earned by Marie Hasbrook of Grundy Center, Iowa.

Governor Hyde, of Missouri, is to be the speaker at commencement exercises of Lindenwood College, Tuesday morning of this week. The baccalaureate sermon was preached last Sabbath by Rev. Ivan Lee Holt, D.D., pastor of St. John's Methodist Church.

Lindenwood Awards \$500 Fellowship for First Time in History

Louise Child, Richmond, Mo., May Go to Any College Here or in Europe.

For the first time at commencement exercises of Lindenwood College, yesterday, a graduate fellowship of \$500 was awarded. This went to Miss Louise Child of Richmond, Mo., to whom the fellowship was given on the ground of "four years of superior scholarship and general ability." In awarding it, President John L. Roemer told of Miss Child's leadership of college activities, and said, "She has the greatest executive ability of any young woman I have ever known." The fellowship may be used in pursuing graduate work in any college or university in this country or Europe.

Preceding the bestowal of this and other honors, an address, "The Responsibility of Superior Training," was made by Rev. Dr. R. C. Williamson, pastor of the Tyler Place Presbyterian Church. In real life he advised the graduates to receive their duty "more as a pleasure than as a job." As an illustration of the stupidity of those who "stop thinking," he told Sir John Lubbock's story of an attempted interview, through an interpreter, with a savage chief in a tropical land. "This barbarian gave all his time to eating bananas with breadfruit, and then to sleep. A dozen times the traveler awakened the chief, and each time the savage reached for a banana, and then turned over and dozed again. 'Who do you think made the sun and stars; give us your ideas,' said Lubbock through the interpreter.

"Ideas? Ideas?" answered the chief. 'Ideas.' They make me sleepy.' He ate another banana, and fell into another doze.

"The theory has been advanced that the cause for premature age, so prevalent among the American people, is found in the fact that an overwhelming majority cease to think outside their past experience by the time they reach the 25th year."

The speaker said that much of the thinking done today is being done by people who have had little or no training. "Much of the leadership that holds sway is sadly lacking in discriminating judgment. Our duty and our pleasure may well be to fare forth into the world with clear and sane minds, trained to see the meaning of things, to foresee inevitable consequences, and to glimpse the whole process of life, of which a few known facts are only fragments."

Scholarships Awarded to Juniors.

Besides the fellowship, twenty-one scholarships were awarded, and also a class scholarship of \$10, which went to the juniors. Two scholarships of sorority endowment of \$200 each, the Sigma Iota Chi and Eta Upsilon Gamma, went, respectively, to Martha Porter of Lathrop, Mo., and Florence Hanna of Clay Center, Kan.

Scholarships, most of which are new, were awarded for "scholarship, general ability and loyalty to the standards of Lindenwood," as follows: To freshmen, \$100 each, Virginia Heinrich, West Plains, Mo.; Ellison Morris, Lancaster, Mo.; Mary Perdee, Odessa, Mo.; Mary Sayre, New London, Mo.; Jessie Schaper, Washington, Mo.

Sophomores, \$150 each, Edna Krinn, Butler, Mo.; Ruth Martin, Sac City, Ia.; Roberta Moehlenkamp, St. Charles, Mo.; Laura Estelle Myer, Boonville, Mo.; Genevieve Yost, Shelby, Mo.

Among eight junior scholarships of \$200 each, while all winners received applause, an ovation was given to Miss Gladys Campbell, a St. Louis girl, of 5088 Enright avenue, who is one of the most popular girls in the college. The others were: Mary Priscilla Calder, St. Charles, Mo.; Alba Chapman, Diamond, Mo.; Esther Hund, St. Joseph, Mo.; Helen Millsap, Grove, Ok.; Katharine Tinsman, Denison, Tex.; Martha Whaley, Albany, Mo., and Catherine Yount, Cape Girardeau, Mo.

A scholarship prize, open to all members of the student body, carrying twelve hours of literary work, was won by Edna Krinn of Butler, Mo. The prize for a Lindenwood annual song, \$25, was divided between Margaret Taggart of Wichita, Kan., for the words, and Ruth Alexander of Ardmore, Ok., for the music.

The "best cook," winning \$2.50, was Martha Messinger of St. Charles; and the prize for best sewing went to Katherine Tinsman. Committing most Bible verses to memory, a freshman award of \$25 instituted by Dorothy Holtcamp Badgett, went to Evelyn Noland of Saguache, Col., and a second prize of \$15 to Jessie Schaper.

A dozen prizes in house-keeping, \$2.50 each for best kept rooms, went to Edna Krinn; Katherine Tinsman and Dorothy Gee, both of Denison,

Commencement exercises at Lindenwood College were held May 29, with the awarding of collegiate degrees to thirty-two graduates, the bestowal of fourteen diplomas, and a large number of certificates for departmental work, especially for preparation for teaching. Many of the graduates are going out to positions in the public schools of different states. The commencement address was given by Rev. R. C. Williamson, D.D., pastor of the Tyler Place Church, who spoke on "The Responsibilities of Superior Training." Among the awards for school work announced by President John L. Roemer was a \$500 fellowship, which permits the holder to take a year's graduate work in any college or university open to women, in this country or Europe. The winner to whom it was given

on the basis of four years of sustained excellence in studies at Lindenwood, was Miss Louise Child, of Richmond, Mo. There were twenty-one other scholarships, given to undergraduates, to be applied next year, ranging from \$100 to \$200 each. The Dorothy Holtcamp Badgett Bible verse money award was so well competed for that not only was the main prize, \$25, awarded to Miss Evelyn Noland, of Saguache, Col., but a second prize of \$15 was instituted, which went to Miss Jessie Schaper, of Washington, Mo. Dean Lucinda Templin, of Lindenwood, returned for commencement and to resume her work. NEW GOLF LINKS FOR LINDENWOOD

Enlargement of Library and Teaching Staff Provided For Also.

At the annual meeting of the Board of Directors of Lindenwood College, Tuesday, liberal appropriations were made for new golf links. This sport has proved popular at the college, and a considerable part of the large campus will now be used for playing, back of the main buildings. The library was provided with a large appropriation for the purchase of new books, and the fund for teachers' salaries was increased, so that the teaching staff will become larger.

The president, Dr. John L. Roemer, set forth plans which were approved, for an adequate celebration in May, 1927, of the centennial of Lindenwood College. Maj. George C. Sibley, Commissioner of the Indians, and officer of the Regular Army, took his bride, Miss Mary Easton, to live on the present grounds of Lindenwood, which was so named because of the linden trees. Having no children of their own, they decided to found a school for young women, and in 1827

this was instituted on their own homestead. Mrs. Sibley's father was Judge Rufus Easton, first postmaster of the City of St. Louis.

The enrollment for the last year was given by President Roemer as 424, which is the largest ever reached by the college.

Those present at the meeting were Rev. Dr. John W. MacIvor, pastor of Second Presbyterian Church, and president of the Board of Directors of Lindenwood; President John L. Roemer, Rev. Dr. D. M. Skilling, vice president; George B. Cummings, secretary and treasurer; Rev. Dr. George P. Baity of Kansas City, Robert Rankin, Thomas H. Cobbs, and George W. Sutherland, all of St. Louis, and Dr. B. Lindenwood College News.

An elaborate entertainment "showing" Lindenwood College to Denver, Colo., was the dinner at which President and Mrs. John L. Roemer were hosts, at the Brown Palace Hotel in Denver, July 30, this being the last day of the Roemers' summer vacation in the west. Assisted by Dean Templin, who went on from Columbia, Mo., and by Mr. and Mrs. Thomas H. Cobb of St. Louis, they presided at a long table at which forty-eight guests were seated. With few exceptions the entire party was made up of women and girls connected in some way with Lindenwood. Increasing numbers from the college have been spending their vacations in Colorado, and this year it was determined to "round up" the party, as far as possible. The affair attracted much attention in the Denver society columns. The table was appointed with three baskets of beautiful yellow flowers. Ferns and palms banked the walls and above them were the pennants and flags so well known to Lindenwood students. Songs familiar to the students were sung, including the Lindenwood song of each year for several years back. President Roemer made a brief address, telling of improvements on the college property for the coming semester. A good proportion of those present were girls who are coming back next month.

A PLEASANT conclusion of a summer's outing was had by President and Mrs. John L. Roemer of Lindenwood College, who gathered together all the Lindenwood students and teachers summering around Denver, Colo., for a grand dinner in the Brown Palace Hotel on July 30. Dean Lucinda de L. Templin was at that time in Denver, having since gone on to Yellowstone, and others from St. Louis were Mr. and Mrs. Thomas H. Cobb, Mrs. W. W. Templin and Mrs. John Garrett. Forty-eight assembled at the dinner, which was served in the midst of baskets of yellow flowers, Lindenwood's color. The hotel parlors were decorated with palms and ferns, and with Lindenwood banners and pennants. All sat at one long table. Lindenwood songs were sung, and toasts responded to. President and Mrs. Roemer left next day for St. Charles, and are now at home, preparing for the reopening of the college Sept. 11.

LINDENWOOD
COLLEGE NOTES.

Following "the useful life," in the course adopted at Lindenwood College seems to have been the aim of most of the graduates, according to a list compiled by President John L. Roemer recently, including graduates from 1880 up to the present time. In all. In spite of the fact that many useful callings are listed, the list has not neglected matrimony. 149 of the number having "Mrs." before their names. Beginning with religious or educational work, there have been five foreign missionaries from Lindenwood, 9 professional religious workers, 28 college professors, 20 school principals and deans of women, 228 teachers, 11 other educational workers, 1 physician, 2 lawyers, 19 secretaries, 8 librarians, 3 in social service, work and 2 Y. W. C. A. secretaries. Lindenwood has had one editor, one author and seven reporters. Other occupations are followed by 82. Post-graduate degrees have been sought and obtained by 136 since leaving college. There are 278 unclassified.

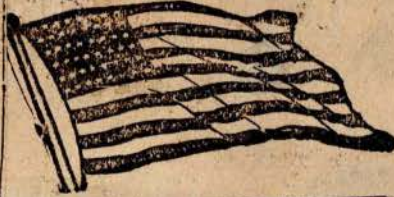

OVER HALF OF LINDENWOOD
GRADUATES ARE MARRIED

A classification of the callings of graduates of Lindenwood College, taken from the roster dating back to 1880, and including 844 alumnae, has just been compiled by President John L. Roemer for the Presbyterian Board of Education. The list shows that 446, or more than half, have married. Teaching is followed by a larger number than any other avocation.

The list shows that five went as foreign missionaries; 9 became professional religious workers, 28 college professors, 20 school principals and deans of women, 228 are classified as teachers, and 11 as other educational workers.

There are 2 lawyers and 1 physician in the list, 19 secretaries, 8 librarians, 6 doing social service, 2 Y. W. C. A. secretaries, 7 are reporters, 1 is an editor and 1 an author; 82 are classified under "other occupations." 136 have taken or are taking post-

The party of about 50 girls and women was made up of those associated in some way with the college at St. Charles, Mo., who happened to be taking a vacation somewhere near Denver. Dean Lucinda de L. Templeton assisted Dr. and Mrs. Roemer in receiving, as did also Mr. and Mrs. Thomas H. Cobbs of St. Louis. In a short address, President Roemer pointed out the historical setting of the college, mentioning the fact that it was at St. Charles that papers were signed, negotiating the first trans-continental railway in the United States. Lindenwood is preparing to celebrate its 100th anniversary in 1927, and the local Joplin club of alumnae will take part in raising a \$100,000 centennial fund, which is to be the joint gift of all the Lindenwood graduates throughout the country.

Among the guests at a Lindenwood college reunion at Denver, Colo., July 30, was Miss Jean Logan, of Texarkana. The affair was a dinner-party at the Brown Palace hotel, given by President and Mrs. John L. Roemer, of Lindenwood. Having spent July at Manitou, Dr. and Mrs. Roemer discovered that many teachers and students from the college at St. Charles, Mo., are prone to spend the vacation season among the Colorado mountains; therefore the party was arranged, and 48 girls and women were guests. A long table was spread, with an elaborate menu, and the decorations in baskets of yellow flowers carried out the colors of Lindenwood. The place was embowered in palms and ferns, with Lindenwood pennants and flags to give color. Lindenwood is known as the oldest four-year college for women in the West, having been founded in 1827 by Maj. and Mrs. George C. Sibley. Maj. Sibley's early researches in the Great Saline tract, and his diplomacy as one of the pioneer Indian commissioners, have a place in Arkansas history. President Roemer announced that the college will celebrate its 100th anniversary with suitable exercises in 1927, and that the number of students in the semester beginning September 11 will exceed list of students of last year, 424.

All of those present it had been found, were spending the summer at Colorado points, and the party was therefore arranged. President Roemer made a short address, telling of the 96 year old college at St. Charles, Mo., and reminding his hearers, in the interest of U. S. history, that it was in St. Charles that the bonds were signed for the first trans-continental railway. The tables were appointed in bouquets of beautiful flowers in yellow, the college flower. A number of Indiana girls are attending the college this year, and the enrollment will be larger than the total last year, 424. The college is an accredited four year institution for young women. Miss Findley has served as librarian at Lindenwood.

Kansas City, Journal-Post

Miss Lillian Krauthoff is visiting in Denver. She attended a luncheon which President John L. Roemer of Lindenwood college, St. Charles, Mo., gave at the Brown Palace in Denver Monday.

Miss Ethel Eltinge, who has been on the faculty of Albion college, will go this fall to Lindenwood college, St. Charles, Mo., a suburb of St. Louis, where she will teach biology. Miss Eltinge came to Albion from her home in Syracuse, N. Y., having graduated from Syracuse university, where she continued in special work for a Master's degree. In her new work, her classes will be entirely

girls, as Lindenwood is a women's college. Established in 1827 as a "young ladies' seminary," it has in more recent years entered the ranks of accredited four-year institutions, and received an endowment of several millions from the late Col. James Gay Butler for the further promotion of this aim.

"MORE THAN HALF" WED.

A cog doubtless has been slipped in the compilation by President John L. Roemer of Lindenwood College of the doings of that institution's 844 graduates since 1880.

For it is stated that "446, or more than half," have married. Who is there could imagine almost half the charming young women from that excellent school becoming spinsters in the years following their diploma-winning? Surely Dr. Roemer has not taken all conditions into account.

Perhaps deaths occurred within the ranks of the alumni. It is scarcely to be hoped that all have been spared to health and life in the 43 years covered by the report. And, of course, if a young woman dies ere she has had real opportunity to win a husband, it is not exactly fair to her memory to class her as "yet unwed."

"More than half" the Lindenwood graduates are or have been wives, it may be safely said. The same is true of other female schools' alumni. Matrimony has claimed so much more than half that the unmarried represent a forlorn minority, indeed. Colleges may inspire young womankind to other things than mate-choosing, but that is as far as the effort at diverting Eve's daughters from their natural inclination goes. They take a husband when the proper time arrives—or they do not report failure to do so when casual inquiry is made.

Lindenwood College.

Tracing of alumnae into their callings of life has been very well carried out at Lindenwood College, where in response to the formula required by the Presbyterian Board of Education, President Roemer has made a detailed statement of graduates for the last 44 classes—that is, reaching back to the class of 1880. There are 844 graduates in all in this list, some of whom are dead. In the calling which each one has followed or is still following, 228 teachers are noted, and also along the same lines there are 28 college professors, 20 school principals or deans of women, and 11 other educational workers. Five have become foreign missionaries, 9 professional religious workers, 6 have done social service, and 2 are Y. W. C. A. secretaries. Only one became a physician and two became lawyers. There are 8 librarians and 19 secretaries, 7 reporters, 1 editor, 1 author. In other occupations 82 are listed. In the taking of post-graduate degrees, 136 have been listed and 278 are unclassified.

Matrimony has made a major plea with these college girls, as 446 of the number married and 398 remained single. Some of these are in the later classes and are likely still to marry.

**100-YEAR-OLD ELM TREE
IS CUT DOWN AND BURNED**

A tree that has stood for more than 100 years on the campus of Lindenwood College is being cut down and burned this week. It is a lofty elm, whose limbs are like trees. Over a year ago "tree surgeons" from St. Louis were called in to save it, but hundreds of small borers had gone too far in their work of destruction.

The tree was treated with carbolic acid and other chemicals, being painted up to a height of fifty feet, but after struggling through the summer and winter, the giant elm gave up and died. It is one of several trees which were on the estate of Maj. and Mrs. George C. Sibley, who founded Lindenwood ninety-six years ago. Others still remain, among which is the very large elm, about thirty-five feet in circumference, which is styled "king of the campus," and is estimated by the tree experts as perhaps 500 years old.

LINDENWOOD GRADUATE IS PARTICIPANT IN AWARD

Miss Kathryn Burch, a graduate of Lindenwood College of the class of '20, who is now city editor of the Middlesboro, (Ky.) Daily News, is a participator in the honors of an award of a \$100-loving cup given by the Louisville Courier-Journal for "the best country newspaper in the State of Kentucky."

The city department had much to do with the judgment, as the contest was based on the following requirements: "General appearance, featured local news, country correspondence, personal items, farmers' views, general news and editorial comment."

Lindenwood College.

Improvements for the coming season at Lindenwood College include the installation of new heating plants at Margaret Hall, which is the music conservatory, and at Eastlick Hall, the teachers' dormitory. Several thousand dollars have been spent on the enlargement and improvement of the golf course. In the four dormitories for students, improvements have been made, and there is also new equipment in the kitchens, to meet the needs of a student community which will be larger than it was last year.

The campus has been increased by the purchase of twenty-three acres joining the grounds on the west. This tract has a house and barn, and it will be used distinctively as the college farm for the raising of fresh vegetables and poultry for the college table. The campus now contains 137 acres.

LINDENWOOD COLLEGE TO HAVE 137-ACRE CAMPUS

There will be an enlarged campus, containing now 137 acres, for the students of Lindenwood College, at St. Charles, when the college reopens on September 11. President John L. A farmhouse and barns are included in the grounds, and the tract will be particularly devoted to the raising of fresh vegetables for home consumption.

President Roemer returned recently from Colorado, with Mrs. Roemer, and they are supervising final improvements in furnishings and equipment. Every available space is to be used to meet an increased registration, and enough applications have been received to fill another dormitory if one were in readiness. New heating plants have been erected for Margaret Hall and Eastlick Hall, and the main reservoir has been enlarged. The kitchens are also improved.

An appropriation of several thousand dollars by the Board of Directors has been devoted to the golf course on the campus, which was opened a year ago, and has been one of the most popular departments of "physical ed." Miss Marjorie Weber of Goucher College comes to Lindenwood this fall to be the new physical director.

**Attend College
Reunion In Denver**

Miss Ethel Reith of the faculty of the Livermore high school, spent part of her vacation renewing old acquaintances at Lindenwood College as one of the guests at a summer vacation reunion dinner which President and Mrs. John L. Roemer, of St. Charles, Mo., the home of Lindenwood gave July 30th, at the Brown Palace Hotel in Denver. Finding that many students, teachers and alumnae of this college were spending part of the summer in Colorado, the hosts summoned them to a formal dinner party. Fifty responded, and it was a beautiful party, adorned with many golden flowers, yellow and white being Lindenwood's colors. Pennants in the symbolic colors were on the walls, and these were banked in ferns and palms. Many of those present are looking forward to a more significant reunion at the college itself, when there will be a general homecoming for celebration of Lindenwood's centennial. It is the oldest four-year college for women in the West.

*St. Louis Times,

LINDENWOOD COLLEGE has opened a friendly door to teachers generally, by allowing an institute to be held in Roemer Hall this summer. Teaching is a profession which beckons many of the graduates. Miss Helen Peyton of St. Charles, a Lindenwood graduate of the last commencement, is to teach in the high school of Anthony, Kan., where she will be head of the department of foreign languages. Miss Edna Krinn, a Butler (Mo.) girl, is to teach in her home town—economics in the junior high school—although she will in all probability return to Lindenwood in later years to take her last two years' work, as she won a \$150 scholarship in the sophomore class last May. She outclassed all others also in a "scholarship prize," and incidentally was one of the dozen "best housekeepers," so honored for the year's work in keeping their rooms in best condition. Other Lindenwood girls whose home towns have given them teaching positions are Miss Helen Riordan at Hannibal, and Miss Laura Estelle Myer at Boonville.

MISS LAURA ESTELLE MYER daughter of Mr. and Mrs. A. H. Myer, of Boonville, who last week received a diploma from Lindenwood College, St. Charles, for having completed her junior college work, which also gives her a state teacher's certificate.

In recognition of her superior work at Lindenwood Miss Myer was awarded the college sophomore scholarship of \$150.

Miss Myer has been a student at Lindenwood for two years and has continued there the record for scholarship she began in the Boonville high school. As a student here she received the highest average grades ever given by the local school.

At Lindenwood she was elected president of the 1922-23 sophomore class, treasurer of the athletic association for 1923-24, vice-president of Alpha Sigma Tau, an honorary literary society, vice-president of Y. W. C. A., received honorable mention as one of the three students having the highest scholastic standing in the entire student body, "made" the varsity dancing team and L. C. in athletic association points, and took a prominent part in the commencement play.

Miss Meyer has been elected teacher of the 5th grade in Central School, Boonville, next year.

GIRLS who want to add butter making and cottage cheese experimentations from real life to their Lindenwood College course in home economics will have a new opportunity this winter, as a real farm has been added to the college acres (numbering almost a "quarter section" now, or 137 acres). Many have regretted that the large estate of Maj. and Mrs. Sibley, 100 years ago, on which Lindenwood was founded, should ever have been subdivided and sold. Little by little it is being regained by President Roemer and the board. This last purchase is a "regular farm" of 23 acres on the west, with house and barn, and all that may interest the agriculturally inclined. Whether the girls themselves take any active interest or not in the farm life, it will be carried on by a skilled farmer, so as to provide fresh vegetables and poultry for the college table. Other outdoor improvements at Lindenwood are seen in the golf course, which is more extensive than before, and has more hazards. The college reservoir is also enlarged, there are improvements in the filtration system, and entirely new heating plants have been installed at Margaret Hall, the Music Conservatory and at Eastlick Hall, the teachers' dormitory.

MAKING IMPROVEMENTS

A tract of 23 acres to the west of Lindenwood College, which has been used as a farm, with residence and barn, has been purchased by Lindenwood. It will be devoted to farm purposes, as in the past, for the supply of the college with vegetables and fruit. This makes the total area of Lindenwood now 137 acres.

Part of the campus is devoted to the golf links, the course having been improved by the expenditure of several thousand dollars, appropriated by the board. Improvements are seen in almost all the buildings, with new heating plants for Margaret Hall and Eastlick Hall, and new equipment for the kitchens.

Lindenwood College has prepared numerous improvements, including new heating plants for Margaret and Eastlick Halls, the two buildings used respectively for music, and for a dormitory for teachers. Enlargement and new equipment was necessary in the kitchens to meet the needs of a student body, which promises to be larger than the enrollment of last year, which was 424. A new dormitory, besides the four students' dormitories already in operation, could easily be filled, were it possible to grant all requests. An addition is a twenty-three acre farm, purchased to the westward, so that the whole college property is now 137 acres. A farm house and barns are on this ground. The tract will be used for providing fresh vegetables and fruit for the college dining table.

Miss Edna Krinn Honored

Miss Edna Krinn, recently of Lindenwood College, who is to teach in the home economics department of the Junior High School at Butler, the coming winter, brings a record of numerous honors from her school-days at Lindenwood. She won a scholarship of \$150 for further study at the college, among five of her class similarly honored, last May, and a small cash prize among a dozen girls out of Lindenwood's 424, who were "best housekeepers", in that they kept their rooms most tidy during the school year. But her biggest award was a scholarship prize, open to competition by the whole student body, but won by Miss Krinn for most diligence in her school work.

Dr. Roemer Addresses Lindenwood Students on 'Your Investment'

'Purpose of Education Is Conduct,' President Tells New Classes.

Four hundred and fifty students, who have enrolled for the season at Lindenwood College, listened to the opening address of Rev. Dr. John L. Roemer, president of the college, at the first vesper service of the school year, last evening. He spoke on the theme, "Your Investment."

President Roemer quoted the motto of an eminent educator, "The Purpose of Education is Conduct." To some people, he said, education expresses itself only in financial terms, and he told of a certain man of business who rejoiced that his son, because of education, would "begin in business at a point that it required his father twenty-seven years to reach."

"It cannot be denied," said the speaker, "that education better qualifies one to reach material heights. But the ultimate end and aim of education is to make the student a better citizen, to make the college man or woman a moral force in the community. 'What doth it profit a man if he gain the whole world, and lose his own soul?'"

Work Tells Own Story.

"When Story's statue of George Meabody was unveiled in London, the sculptor was asked to speak. Twice he touched the statue, then he said, 'That is my speech.' What could be more eloquent? Character needs no commendation. It pleads its own cause. Thackeray says, 'Nature has written a letter of credit upon some men's faces which is honored wherever presented.'"

"When Gen. Robert E. Lee was at one time in conversation with his officers, a farmer's boy overheard him remark that he had decided to march upon Gettysburg instead of Harrisburg. The boy telegraphed the fact to Gov. Curtin of Pennsylvania. A special engine was sent for the boy. He told his story to the Governor.

*Globe-Democrat
Sept. 17-*

I would give my right hand," said the Governor, "to know if this boy tells the truth." A corporal replied, Governor, I know that boy. There is not a drop of false blood in his veins." In fifteen minutes the troops were marching to Gettysburg, where they gained a victory. Character is more valuable than gold."

Besides the investment of life in "Character," the qualities of industry, fidelity and service were commended for life investment.

"It is not the easy things of life that pay the largest dividends. Men give me credit for genius," said Alexander Hamilton, "but the only genius I know is hard work." The adage runs, 'A lazy man is of no more use than a dead man, and he takes up more room.' There is no substitute for work, in achievement. Doing nothing is an apprenticeship to doing wrong. The exacting things of life which require mental and manual effort need to be emphasized.

"The reason there are so few leaders, compared to the number of workers, is due to the fact that few care to assume any responsibility. Leadership requires ability, the power of initiative, the endurance against opposition. Many persons who have the necessary requirements remain in the ranks because they would put upon themselves nothing in the way of responsibility. Fidelity is a prerequisite for a position of eminence. We find people willingly shaping their lives by what others are doing, and asking no questions. For our unwillingness to be responsible for our own convictions, we allow others to mold them.

"Education seeks to impress upon your minds that the advantages received are not for selfish purposes. Self-love is a good thing if used properly. One should make the most of herself, not only for her own sake, but for the sake of others. Giving is as essential as getting. You reach the highest self-development when you use what you can do for the benefit of mankind. Selfishness is the burden of the world."

DEFENDS USE OF ENGLISH BY COLLEGE GRADUATES

Current complaints about college students being careless in the use of English were answered in an opening address yesterday in Roemer Hall by Miss Anna Pugh, head of the English department of Lindenwood College. Miss Pugh maintained that the percentage of college men and women whose speech is incorrect is not greater than it has been in the past, but is only more noticeable because there are more people in college. Miss Pugh said that the daily studies of the principles of rhetoric must be applied to the student's work in the other courses of study and the life outside. Work carried on in English literature, she said, should have its influence after the student leaves school. English should be regarded as a practical course rather than as simply cultural, and its real value is measured in proportion to the amount of good it does for the student in the life after college, in the world.

Miss Mary Barnett of the Spanish and Italian department, also addressed the Lindenwood students yesterday, on her experiences in Spain. In the evening, the annual convocation address was given by Rev. Dr. John W. MacIvor, pastor of the Second Presbyterian Church.

LINDENWOOD CLUB MEETS AND ENTERTAINS FACULTY

A reception was given at the Claridge Hotel yesterday by the Lindenwood College Club, at which Miss Alice Linnemann of the faculty and President J. L. Roemer were guests of honor. The latter invited the club to hold its October meeting at the college, where there will be special ceremonies. President Roemer said that 200 students were turned away for lack of room, and there is a long waiting list, a number of students having registered already for 1924, and a few for 1925. He considered 500 the "attendance peak," he said, as he desired to maintain the scholarship standard rather than seek greater numbers. Because of dormitory need, however, the board of directors a week ago agreed, he said, to put up a \$200,000 building some time within the next two years.

Miss Linnemann said she had just organized the twentieth Lindenwood College Club. This is at Des Moines, Ia. Miss Agnes Adams presided.

LINDENWOOD COLLEGE NEWS.

Miss Marjorie Weber, who has recently come to Lindenwood College from Goucher College, to be physical director, gave an outline Wednesday, in a chapel address, of the sports activities for the winter. These are to be divided into three sections, fall, winter and spring. In the first section all work will be outdoors, where there will be plenty of exercise and fun at the same time, including the sports of soccer and volley ball, new for Lindenwood, hockey, tennis, archery and swimming. This will take the girls up to Thanksgiving.

In the winter there will be three kinds of dancing, natural, folk and national and clogging, the last being new. There will also be basket ball and indoor baseball. In the spring, dancing will be continued, with practice in the May Day dances. The spring will also bring a track and field meet, and a continuation of tennis and archery. Golf will be played in both spring and fall.

Swimming is to continue the year round, and "each girl a swimmer" will be the motto. Life saving will be taught. There will be "open pool" daily from 4 to 5 o'clock.

Before taking up any gymnasium work, or any of the out-door sports, there will be a physical examination as to the student's physical condition, so that her training will be in accordance with what she is able to do.

President John L. Roemer addressed the students in a practical way, at the opening vesper service, Sunday night, September 16, on the theme, "Your Investment." He referred to Lindenwood's opportunities from the standpoint of the time and money invested by students, telling them what the outcome ought to be. "The purpose of a college education is conduct," he quoted from an eminent educator, and proceeded to enumerate industry, fidelity and service as characteristic to be cultivated.

President and Mrs. Roemer gave a reception to the faculty, including several new members Tuesday night. On the same day, in the afternoon at the Claridge Hotel, St. Louis, President Roemer and Miss Alice Linnemann addressed the Lindenwood College Club. This organization was invited by Dr. Roemer to hold its October meeting at the college. Miss Linnemann gave an account of "the twentieth Lindenwood College Club", composed of alumnae centering around Des Moines, Io., whom she has just organized.

Addresses during the week pointed the way to various courses of study. Miss Myrri Rodney spoke on, "Advocacy"; Miss Anna Pugh on, "The College Student and English"; Miss Mary Barnett, "Experience in Spain"; Miss F. Schaper, "Why Need we Understand Our Society?"; Miss Elsa Weber, "Porto Rico and Pan-Americanism"; and Miss Marjorie Weber, "Modern Physical Education."

LINDENWOOD, MO., COLLEGE**

Gov. Hinkle's daughter, Miss Lillian Hinkle, of Santa Fe, is registered as a freshman at Lindenwood College, St. Charles, Mo., near St. Louis. This is a girls' college of 450 students, ranking in the west as Vassar and Bryn Mawr do in the east. It will celebrate its 100th anniversary in May, 1927, having been continuously in existence since 1827, when it was founded by Major and Mrs. George C. Sibley. Major Sibley was an early Indian commissioner, and his wife was a daughter of Judge Rufus Easton, who was a representative of the President to investigate the conduct of Aaron Burr.

Lindenwood College has reopened with 450 students, the largest number ever registered. Last Sabbath evening President John L. Roemer addressed the students on the topic, "Your Investment," in which he spoke of character, industry, fidelity and service as outstanding qualities which should result from "investment" of time and money in a college education.

**FIRST MEETING
LINDENWOOD Y. W.**

Many students attended the first meeting of the Lindenwood College Y. W. C. A. Wednesday evening, when the new officers outlined a program for the coming year. A gypsy party, a steak fry and a Thanksgiving service are among the proposed activities. Miss Katherine Tinsman of Denison, Tex., the new president, was promised the support of the student body and the faculty, as well as the co-operation of the recently appointed "Y" cabinet. Other officers are: Miss Eleen Denning of Denver, Colo., vice president; Miss Gladys Campbell of St. Louis, secretary; Miss Eleanor Grubb of Tulsa, Ok., treasurer. Misses Dorothy Gee, Florence Hanna and Julia Ayers are chairmen of committees and a faculty advisory committee is composed of Misses Schaper, Gross, Allyn, Rodney and Elsa Weber.

**LINDENWOOD
COLLEGE NOTES.**

Miss Elsa Weber, head of the history department of Lindenwood College, who has recently returned from Porto Rico, gave an address at Roemer Auditorium recently, in which she discussed the prospect of Porto Rico coming into the Union as one of the States. According to her observations, this would be very unwise, because of the differences in race, language, customs and traditions. Yet she recognized the undertone of political discontent. Porto Rico insists on electing its own governor, and native politicians have even elected a commissioner to send to Congress.

Some strange customs, bordering on the humorous, were related by Miss Weber. While walking on a beautiful, moonlit night, Miss Weber observed many Porto Ricans carrying umbrellas above their heads. Not a cloud could be seen in the sky. Why did these people need protection on such a clear night. Next day she discovered that it was because of the heavy dew that they carried the umbrellas, so as to protect themselves against it. At another time, Miss Weber asked for some iced tea. The maid stared at her in amazement. "Are you ill, Senorita?" Miss Weber replied that she was in perfect health, and was then told that tea was used in Porto Rico only for

medicinal purposes, and never as a beverage.

Included in a series of addresses by the faculty to the student body of Lindenwood College was a recent talk by Miss Florence Schaper of the sociology department, on the theme, "Why Need We Understand Our Society?" Miss Schaper spoke of biology and psychology as the aids of sociology, and contrasted the American's acceptance of citizenship with the pride and honor the ancient Roman felt in being called citizens of Rome.

OKLAHOMA GIRL PRESIDENT OF LINDENWOOD SENIORS

The senior class at Lindenwood College has elected Miss Helene Millsap of Grove, Okla., president. Miss Millsap has been assistant head of Nicolls Hall for the last two years. This will be the second time that she has been class president, as she was also elected to this office when a freshman, three years ago. It is the largest senior class at Lindenwood since the four-year course was inaugurated, numbering 24. Miss Gladys

Campbell of St. Louis is secretary and treasurer; and Miss Catherine Yount of Cape Girardeau is vice president.

Mrs. John L. Roemer, dean of students, was chosen sponsor of the senior class.

The Juniors have elected the following: Miss Gertrude Bird of Davenport, Iowa, president; Miss Marcella Holbrook of Springfield, Mo., vice-president; Miss Helen Calder of St. Charles, secretary-treasurer; Dr. R. S. Calder, sponsor. In the sophomore class the following will be officers: Miss Mary Hagler of Washington Court House, Ohio, president; Miss

Helen Saunders of St. Joseph, Mo., vice-president; Miss Florence Good of Marion, Kan., secretary; and Miss Helen Holmes of Orville, Ohio, treasurer.

This was followed by the convocation address, Monday evening, by the Rev. Dr. John W. MacIvor's pastor of the Second Presbyterian Church, St. Louis, and president of the board of trustees of Lindenwood.

In this year's enrollment at the college are three Webster Groves girls, Misses Marie Decker, Eleanor Kleinschmidt, and Page Wright, the last-named returning for her third year.

The first social event of the season at Lindenwood was a reception to the faculty, given by President and Mrs. Roemer Tuesday evening, September 18. Dean Lucinda De L. Templin left the college Wednesday for a week in Washington, D. C., where as an authority on sociology she has been invited to appear before the National Federation of Women's Clubs, speaking with reference to a reformatory for women which is to be built at Washington, by order of Congress.

During the current week, addresses have been made by the teachers, at chapel exercises. Miss Myrri Rodney presented the expression department; Miss Ann Pugh spoke on "The College Student and English;" Miss Mary Barnett, "Experiences in Spain;" Miss F. Schaper, "Why Need We Understand Our Society?" Miss Elsa Weber, on "Porto Rico and Pan-Americanism," and Miss Marjorie Weber on "Modern Physical Education."

**LINDENWOOD
COLLEGE NEWS.**

Although it has been reported several times among the fashions that head bands are not to be worn this fall, certainly this was not true with Lindenwood College girls, at the first dancing party of the season, Friday evening, Sept. 21, in Butler Gym, when the freshmen entertained for the faculty and upper classmen. There were head bands of every description—head bands which matched the dress exactly, and others of contrasting colors—head bands varying from very wide turban affairs to the narrowest of ribbons tied in perky bows. Several of the girls wore corsages of tiny yellow rosebuds, presented by their admiring freshmen escorts. Miss Marian Gum of Oklahoma City, the president of the freshman class, led in a grand march. The girls in their bright-colored dresses marched down the center of the hall, first in couples, then in fours, eight, sixteens and finally in thirty-twos. Among novelty dances was a "red-headed girls" dance, for which the orchestra played, "That Red-Headed Gal," and only red-headed girls danced. As this was a very informal affair many of the girls wore simple afternoon dresses of black, navy blue, and the many popular shades of brown Canton crepe. Among the party dresses bright red was the dominating color, and in most cases red slippers and stockings were worn to match. Just before the last dance President Roemer, representing the upper classmen, invited the freshmen to a dance on Friday evening, Sept. 28.

LINDENWOOD STUDENTS GIVE PARTY TO FRESHMAN CLASS

Clever "stunts" by each of the three upper classes were carried out at a party in Butler gymnasium of Lindenwood College, given Friday evening in honor of the freshmen. The seniors impersonated the "Magazine Girl." A magazine cover in bright colors was arranged as the background, and Miss Caroline Sheets sang while different girls in sports costume, evening gown, afternoon dress, and other typical apparel fared forth, concluding with a "red-headed girl," whereupon Miss Sheets sang "That Red-Headed Gal."

For the juniors, their president, Miss Gertrude Bird, impersonated the timid freshman, who went bewildered from classes at Roemer Hall back to the dormitory, frightened by various bogies. Finally she was rescued by a junior, whose class has promised to befriend the freshman. For the sophomores a costume skit, with Miss Mary Hagler as the man, and Miss Mary Sayre as the girl, was acted out, while Miss Helen Holmes sang a love ditty.

Misery in Germany Described by Former Lindenwood Student

Mrs. Carl Rakenius Tells of
Conditions in Visit at
College.

Mrs. Carl Rakenius of Ratzeburg, Germany, who was a Lindenwood College from 1886-90, was the guest of her classmate, Miss Alice Linne- man, in the college art department yesterday, and told the Lindenwood students of conditions in Germany. Mrs. Rakenius was formerly Miss Alma Goebel, daughter of the late Rudolph Goebel of St. Charles, who was long known as "the oldest photographer in the State of Mis- souri." She has spent twenty years in Germany, and sailed from Ham- burg, September 6.

"Exchange was dreadful enough when I left," said Mrs. Rakenius, "but as we sailed, the radio told us how much worse it got every day. The people, who used to be in good circumstances, now have to starve. My daughter lives in Berlin. She used to buy meat once a week, but cannot do that now.

"The pension of a captain for one month is just enough to buy a loaf of bread. Chicken is 10,000,000 marks a pound. We don't use much of it. Milk is a forgotten commodity. The stores remain closed until 10 o'clock, waiting to find out the value of the dollar.

"People can stint on food, but they must be clothed. Clothing is the best thing the people of America can send us. My sister in California has helped me out so much. I do not know what I would have done without the garments she sent me. My servant would rather be paid in goods than in money, for she can get nothing with the money. I paid her last in a few yards of material for undergar- ments. She preferred that to any- thing else. The people can use or make over anything. They are only glad to have something to work on.

"A friend of mine received a gift of a dollar. At that time she got 50,000,000 marks for it. She felt she was rich, with her dollar. She paid 10,000,000 for the re-soling of a pair of shoes. Then she got a piece of soap and a pair of shoe-strings for 2,000,000."

Dr. Devine Declares Americans Have Foreign Obligations

New Yorker Says No One
Country Is Our Mother
Country.

In an address on "Our International Relations and Our Foreign Obligations" at Lindenwood College yester- day, Dr. Edward T. Devine of New York City declared himself "among those who believe that Americans do have foreign obligations."

"The last presidential election," said Dr. Devine, "is not rightly inter- preted to mean that the people of this country wish to be isolationists. It is a misrepresentation of our his- torical, geographical and political position to assume that anything of that kind is possible. Our American population is a mixed population made up of many cultures. No one country is our mother country. All civilization is our mother country. From the nature of our population, we are in a better position than any other people, to act as a mediator among the nations.

"After the war, we upheld the posi- tion of the President of the United States that our country did not de- sire to annex one foot of territory, or to bring any people into our sys- tem without their consent. President Harding pronounced identically the same principle."

Dr. Devine said that the diversified elements of the United States popula- tion are an asset. "In 'E pluribus unum,'" he said, "'pluribus' is as de- sirable as 'unum.' It would be very unfortunate to comb out our differ- ences so that you could not tell the difference between the people of dif- ferent sections. We can study many nations from their representatives in our country. We are unity in diver- sity."

Among reasons why America should aid the world at large, the speaker mentioned the fact that there is no revolution here, although "this is a world of revolution." Never in the history of civilization, he said, had a ten-year period existed of such trem- endous revolution. It is compar- able, he said, only to some geologic age of the remote past.

"Nor is America suffering hardship as other nations are. Glance at the sufferings of the refugees, at the Russian famine, the Japanese earth- quake and the epidemics. The very people who were skilled workers abroad are now ill-nourished, em- aciated immigrants. Our man-power was virtually untouched by the world war, our resources undiminished, and our productive capacity has in- creased."

The Monroe doctrine, the open door in the Orient and the findings of the Armament Conference are the three things for which the United States should stand, Dr. Devine said. These are conceded by other nations be- cause they are "reasonable," not be- cause they have been enforced by arms.

Addressing the girls before him as "Citizens, voters," Dr. Devine urged them to do their part in "the clarifi- cation of public opinion."

'LINDEN LEAVES' GIVEN HONORABLE MENTION

Students who participated in the preparation of the current "Linden Leaves," the student annual of Lindenwood College, are receiving congratulations on "honorable mention," in which Linden Leaves was mentioned, with five others, by the Arts Crafts Guild of Chicago, Ill. Announcement of this is made in the Arts Crafts Review, published in Chicago. A national contest was held of two classes of colleges. Lindenwood competed with hundreds of others, in the class having less than 2000 students.

The Annapolis Naval Academy won the first prize; the North Carolina State Teachers' College the second, and Culver Military Academy the third. The six receiving "honorable mention" immediately follow the prize winners. Grouped with Lindenwood is another Missouri institution, the Christian College at Columbia.

Miss Ruth Kern of Butler, Mo., a senior at Lindenwood, and editor of the college "Bulletin," was editor-in-chief of Linden Leaves, assisted by about twenty students. Miss Ruth Roy of New London, Mo., was business manager. It was a contest on the appearance of the annual, from an artistic point of view, based on photography, engraving, art work and printing.

St. Louis Presbytery Approves Request to Purchase New Site

Extension and Fellowship Funds Will Be Used in Buying Property.

By action of the St. Louis Presbytery yesterday morning at the Second Presbyterian Church, Taylor avenue and Westminster place, approval was given to a request from the Board of Trustees that the board be authorized to purchase a church site, as agents of the Presbytery, at Wydown boulevard and Audubon drive. This site is to be of sufficient size for a church building and will be financed with the church extension funds of the Presbytery, supplemented by the "fellowship fund."

Authorization was given for the use of the fellowship fund for the purchase of building sites, as may be authorized by the Presbytery in the future, as well as for the erection of buildings.

A call was found in order from the McCausland Avenue Church for the pastoral services of Rev. John N. Thompson of Warsaw, Ill. Dr. Thompson is a native of Ireland and was "discovered" by the late Evangelist D. L. Moody when the latter visited Belfast, where Dr. Thompson was then assistant pastor, twenty-five years ago.

The latter came to America and was for a time associated with the evangelist. He has been twenty years pastor in Warsaw. He will begin services at the McCausland Avenue Church November 4. This pulpit was made vacant by the death of the late Dr. S. A. Colle.

Rev. Joseph Hill Coulter, who was installed in Ferguson last month, was given a call to Washington, Mo. His installation was fixed for November 4, with Rev. Dr. R. Calvin Dobson, executive secretary of the Presbytery, to give the charge to the people; Rev. Dr. J. L. Roemer, president of Lindenwood College, the charge to the pastor, and Rev. W. H. Kendall, moderator of the Presbytery, to preach the sermon.

Rev. A. H. Henderson, who has been pastor in Ferguson, was granted a dissolution of the pastoral relation which he has held seven years. During the war, where he gave Y. M. C. A. service overseas, he was seriously ill with the flu, from the result of which he still suffers. He will go to the home of relatives in the Ozarks for a time.

Rev. H. L. Bourner passed a satisfactory examination for ordination and will be ordained October 23 at the Kingsland Memorial Church.

LINDENWOOD COLLEGE NOTES.

It is possible that an address by the Rev. Dr. Harry C. Rogers, of Kansas City, at Lindenwood College,

Thursday, may lead to untoward consequences. In a part of it, emphasizing the importance of "a great and noble purpose," he quoted the president of Leland Stanford University. "The world is always going to get out of the way of the person who knows where he is going." Dr. Williamson said, "You try it on one of these walks on the campus some day. No matter how crowded the walks may be, if you start earnestly for a given place, everyone will step aside and say, 'Speed her as she goes.'" His hearers were impressed by this part of the speech, as well as by his general line of thought on "Touchstones of Success," and some experimental psychology in "walking to a given point" is likely to follow. Among other causes contributing to Dr. Rogers' popularity was the fact that he brought 400 candy "egg kisses," made by his wife for the Lindenwood girls, to be dispensed from the room of his daughter, Miss Betty Rogers, a student at the college.

LINDENWOOD COLLEGE COLLECTS \$80 'FINES'

Entertainment Given with Penalty of Five Cents for Laughing.

"Quaker" customs at a dinner party at Lindenwood College Thursday night netted \$80 for the college Y. W. C. A. All of this was in fines from those who "laughed," 5 cents a laugh, at the amusing things that happened. Those in charge appointed numerous "impersonators," who entered the dining room in absurd costumes. Among these were two girls disguised as "Spark Plug" under a gray blanket. Then came a bridal party, complete as to bride in full array, bridegroom, attendants, and even the minister.

"The girl left behind" followed this brilliant train, weeping, in such manifest misery that she at length collapsed and had to be carried out of the room. The bride's bouquet of carrots was ultimately placed on a table, whereupon a negro jazz band made its appearance. The "Siamese twins" were Miss Florence Hanna and Miss Page Wright of Webster Groves, the latter having covered her locks with a wig of auburn to match the brilliant tresses of her "twin." Before the spectacle was over many girls had paid the full limit of 25 cents, which entitled them to "laugh as much as they pleased."

The only student on record who was able to keep her face straight was Miss Ada Hemingway of Clinton, Ia., the head of the Students' Art Club. It was claimed that she had "practiced" beforehand.

Rev. Dr. Harry C. Rogers of Kansas City, a member of the Board of Directors, a guest at the dinner, made a speech, saying that he could now explain to people that "girls' colleges can manufacture enough fun of their own without the necessity of coeducation."

LINDENWOOD COLLEGE CLUB HOLDS INFORMAL PROGRAM

A large percentage of "country girls" was shown to be among the St. Louis alumnae of Lindenwood College, at an informal chapel program given by the St. Louis Lindenwood College Club at Roemer Auditorium Tuesday, when the club members were guests of President and Mrs. John L. Roemer. Mrs. Arthur Gale of Webster Groves, president of the Lindenwood Alumnae Association, admitted coming from the country, as did Mrs. David Hardy of Waterloo, Ill., a graduate of '76. The latter told of limited "gym" privileges fifty years ago, when "one croquet set" constituted about the only outdoor sport, except for a heavy tetter board.

Miss Agnes Adams, president of the Lindenwood Club; Mrs. Lulu Hynson, Mrs. Victor Rhodes, and Mrs. W. K. Roth were among the speakers. Among others present were: Mesdames E. K. Thompson, L. Bernero, F. Koencke, Harry Montgomery, J. B. Brouster, Jesse B. Mellor, Arthur Krieger, Elizabeth C. Lowry, Priscilla Alden Settle, and Misses Lillian Zacher from St. Louis, and Miss Bettie Weatherly from Hannibal, Mo. Miss Elizabeth Sweet, the only daughter of Mr. and Mrs. A. G. Sweet, of Forrest City, has recently been appointed a member of the Student Council at Lindenwood College, St. Charles, Mo. The student government association is one of the important organizations in the college. Its administration extends over the student body of 450.

Miss Sweet completed her preparatory work at Galloway College, Searcy, Ark., and entered Lindenwood this fall as a freshman in the Liberal Arts college.

Miss Esther Coleman, who has recently resided in Jefferson City but now makes her home in St. Louis, has been distinctively honored during her second year at Lindenwood College, St. Charles, Missouri. She has been made a member of the student council, to represent Sibley Hall, the dormitory at Lindenwood in which she lives. Last spring Miss Coleman played the leading role in the annual play that is given on May Day evening at the college, by the Lindenwood Players. This was "Smilin' Through." Athletics claim the major portion of Miss Coleman's leisure time. She is an enthusiastic golf player and is a member of the executive board of the Golf Club.

**MISS GERTRUDE BIRD
HONORED AT LINDENWOOD
COLLEGE, ST. CHARLES, MO.**

Honors have come to Miss Gertrude Bird, youngest daughter of Mr. and Mrs. George W. Bird of 1425 Grand avenue, this city, who has been elected president of the junior class at Lindenwood college, St. Charles, Mo.

This is Miss Bird's third year at Lindenwood. She is also president of La Cercle Francaise and business manager of the college annual, "Linden Leaves" for 1924.

The college annual won honorable mention among six which were named from a national contest conducted by the Arts and Crafts Guild of Chicago. It was spoken of in that guild's publication as "an outstanding volume" among the many books submitted. The contest covered annuals of all colleges in the United States having less than 2,000 enrollment. Lindenwood has an enrollment of 450 students.

LINDENWOOD COLLEGE NEWS.

Dr. K. C. Babcock, dean of the college of liberal arts of the University of Illinois, who made two addresses this week, at Lindenwood College, illustrated the thought of men being "feeble folk," by telling of an account of the Japanese earthquake, sent to him by a young Japanese who had spent three years in Dr. Babcock's household, as a student at the University of Illinois. "We had 250 earthquakes in one day," wrote this young man; my little house swung back and forth like a pendulum." Dr. Babcock compared the movements of humanity, in education, with the slow, powerful progress of a glacier. Certain discoveries, he said, would be like the marble pushed upward through a glass of shot, which would "displace every particle of shot in the glass." Not only Columbus' discovery of America was classified with such upsetting influences, but also the more modern study of bacteriology by Pasteur, and the later discovery of radio-activity. "It is a college problem," he said, "to make adjustments."

Miss Ruth Kern Honored

A decided honor has come to Miss Ruth Kern, of Butler, daughter of Mr. and Mrs. J. F. Kern, in her work at Lindenwood College, St. Charles, Mo., as editor of the student annual, Linden Leaves. The issue of Linden Leaves of last Spring was submitted in a contest under the auspices of the Arts Crafts Guild of Chicago, the competition being open to all annuals issued by students of colleges having less than 2,000 enrollment. In the current number of the Arts Craft Review, the organ of this guild, announcement is made that Lindenwood's product has "honorable mention." This has been accomplished in open contest with hundreds of other colleges, the extent of which may be judged by the fact that the Annapolis Naval Academy's "Lucky Bag" won first place. There was a second and a third place, then came the "honorable mention." Six are mentioned here, and Linden Leaves is well up on the list. Comment is also made that this is "an outstanding volume."

Miss Kern has not only been editor of Linden Leaves for one year, but she has been re-elected by vote of the 450 students to serve in the same capacity for 1923-24. She is a senior at Lindenwood, and will receive the A. B. degree in May 1924. She has also been editor, for the last year and one-half of the Lindenwood "Bulletin" a monthly publication of the college, which goes out to all the alumnae and patrons of the college.

The points on which the contest was based were with reference to the artistic appearance of the volume, and had much to do with its "make-up." Miss Ruth Roy, of New London, Mo., was business manager for the volume.

JANE FRANCES WINN ADDRESSES STUDENTS

Literary Editor of Globe-Democrat Discusses Reviewing of Books.

Miss Jane Frances Winn, literary editor of the GLOBE-DEMOCRAT, gave an address on "Book Reviewing," yesterday, before the students of the English department of Lindenwood College. She presented some of the modern popular books, with reasons for the favor accorded them. Among "perfect novels," she classed "Happy Isles" by Basil King. The works of Harold Bell Wright, the last of which had a demand for 1,000,000 copies before it was ever published, were shown to have an appeal to people who desire good morals in their fiction. "If Winter Comes" was analyzed in a commendatory way.

Concerning technique, Edith Wharton and Katherine Fullerton Geroud being cited as examples of those who are master of this art, the speaker said that many successful writers have really acquired a technique without knowing it; others practice it deliberately. Technique is taught in modern schools of story-writing. It is indeed more satisfactory, Miss Winn said, to read a novel in which the plot moves progressively forward, and the element of suspense is continued without abatement. Robert Louis Stephenson was mentioned for his technique, and Henry James as the "father of the psychological novel."

She told of the process of three readings which is the custom in large publishing houses, and the many pitfalls which beset a novel before it is finally sure of publication.

Miss Winn advanced the idea that since many of the so-called "realistic" writers of the day can usually trace a not very distant ancestry to Central Europe, it may be that those bizarre, unmoral novels which have gained a certain vogue are, after all, merely an expression of innate Bolshevism. "For myself," she said, "I do not see why realism is necessarily interpreted in characters and situations that are ugly or repulsive. Why is a filthy bog any more 'real' than a fair field of flowers, or a beautiful meadow?"

U. OF ILLINOIS DEAN COMPLETES LECTURES

Dean K. C. Babcock of the University of Illinois has just completed several addresses to the faculty of Lindenwood College, in which he treated of the function and purpose of the college in the world at large.

From his experience of many years at the University of Illinois, Dr. Babcock maintains that college life is only "a cross-section" of the outside world. He noted the remarkable change in the heredity of names of students now-a-days, compared with those of the past. Polish and Czechoslovakian names, taken from Illinois University's register, illustrated this.

New social and political discoveries call for readjustment of current philosophy, no less than the discovery of bacteriology and radio-activity make similar demands of scientific knowledge. The college is to make these readjustments for humanity, he said, or else it has missed its purpose.

The Halloween party at Lindenwood College had its queen, Miss Marguerite Mitchener of Okmulgee, Ok., who was brought in hidden in a huge paper pumpkin, and riding on a small wagon. Decorations for the party were autumn leaves and real corn-stalks, completely concealing the walls of the gymnasium where the party was held. The two most original costumes, worn by Miss Keo Richards of Hutchinson, Kan., and Miss Gladys Sullivan of West Plains, Mo., which won prizes, were entirely of corn-stalks, longitudinally arranged so as completely to cover their wearers. A diversion of the evening was when these two merged with the scenery, so that no one could distinguish them from the decorative wall of corn-stalks. The whole affair was under the direction of the college Y. W. C. A., with Miss Dorothy Gee of Denison, Tex., as manager. A special dinner party with souvenirs, came first. The students then observed "study hour" until 9 o'clock, when they were bidden to the gymnasium, and the holiday fun began. Original costumes were worn by all.

This intended gift, which is to be part of the centennial endowment of Lindenwood, in 1927, is to be augmented by every Lindenwood College Club in the country. In New York City and Chicago, according to President John L. Roemer, who has returned from the East, the clubs are seriously entering on projects for raising their quota. He addressed both clubs, at luncheons in their respective cities, and found much enthusiasm. President Roemer spent several days in Boston, the primary object of his trip being in response to an invitation to attend the semi-centennial of Boston University, October 25 and 26. He remained for a luncheon in his honor at the College Club, where Miss Florence B. Ozark Mountaineers, Moving to City, Add to Social Problems

Church Workers Find Difficulty in Aiding Colony Here.

An increase in the St. Louis population of mountaineers from the Ozarks was noted by Rev. George W. King, pastor of the Markham Memorial Church, Menard and Julia streets, in an address at Lindenwood College. He will pursue this subject further, in an address Thursday afternoon, at the First Presbyterian Church, Sarah street and Washington avenue, before the Woman's Missionary Society of that church.

Much has been said, in Presbyterian home mission work, of the religious needs of the mountain people, but Dr. King showed, in speaking at Lindenwood, that a St. Louisan need not go to the mountains to meet subjects for these benefactions. They have clustered around the downtown part of Park avenue and other districts near Markham Church. This church's social workers just now find the mountain element one of the most difficult to help, although it needs help.

"They are poor, the poverty of the farms having driven them into the city. They have lived for generations in remote rural districts and city institutions fill them with fear," Rev. Mr. King said.

"They are afraid of the school, lest someone kidnap their children. They are afraid of the hospital, for fear they will get what they call 'the black bottle,' meaning poison. They are afraid of the physician when they are sick. They do not want social workers to call on them. Their religion is largely that of the 'Holy Roller.'

Mixed Population.

"Children of foreign immigrants, on the contrary, are much more amenable to our ministrations. The type of St. Louis downtown residents has changed greatly. French names, Soulard, Gratiot, La Salle, Chouteau and the like, which were given to our streets, were originally family names of those who lived in the district. German families came in and the neighborhood changed, so that it became largely of that nationality. These have now given way to Bohemian, Slovak, Russians, Poles, Servians, Croatians and Syrians, besides the mountain people.

"The children of the mountain people we have to coax and clothe to get them to come to Sunday school or to our underage kindergarten. The little foreign children wouldn't stay away. If they cannot come alone, there is always some grandmother or other unoccupied person to bring them."

Dr. King cited some of the foreign names, as "Johnnie Ivanco," who is a leader among the children; Mary Strnad, who got her first Christmas

gift last year in a doll at Markham Church, made by a Lindenwood student, and a family named "Ivcoic," which is pronounced "Efchich."

Patience Required.

"It is hard work, requiring patience," Dr. King said, "and we cannot carry on without outside help. It is most important to keep the continuity of the worker and the work."

Dr. King announced that the students of Monticello Seminary, at Godfrey, Ill., will take charge of the Christmas treat for the kindergarten at the Third Street Branch of Markham Church. The Lindenwood College students hope to do a similar work for the church's kindergarten of seventy-five underage boys and girls. Part of the program will be a basket-ball game in the church gym, by members of the senior class.

California College President to Make Many Addresses Here

DR. AURELIA HENRY REINHARDT
HARTSOOK PHOTO

An interesting visitor in St. Louis is Dr. Aurelia Henry Reinhardt, president of Mills College, California, for year the only higher college for women west of the Mississippi.

Dr. Reinhardt, who is national president of the American Association of University Women, arrived Saturday from Washington, D. C., where she attended a meeting of the board of the association and spoke Saturday evening at the Odeon, incident to the inaugural of Chancellor Hadley of Washington University. She was the only woman speaker on the inaugural program for Chancellor Hadley.

She spoke yesterday morning at 11 o'clock, before the Ethical Society at Sheldon Memorial, and today at noon will be heard at the Town Club. This afternoon at 4 o'clock, she will be the honor guest at a tea at Washington University given by Miss Edith Fenton, dean of women. Lindenwood College, St. Charles, also will have her as a guest at a tea.

Tomorrow afternoon, Dr. Reinhardt will speak at the tea the League of Women Voters will give in the ballroom of the Statler Hotel, and will present Mrs. Carrie Chapman Catt, the chief speaker. Wednesday, Mrs. Hadley, wife of Chancellor Hadley, will honor Dr. Reinhardt with a luncheon and Wednesday afternoon she will speak at a tea at the College Club, at 3 o'clock. She is a guest at the College Club while she is in the city.

Dr. Reinhardt is one of the foremost women of the country and recently has been made much of in the East. In California she has been active in politics, in both state and local affairs, in educational matters particularly where education and politics touch and the League of Women Voters.

LINDENWOOD FRESHMEN HONOR MRS. J. L. ROEMER

Red roses, interpretative dancing, and an original play, half modern, half classic, "Sausages and Song," marked festivities at the high mark of the social year at Lindenwood College last night in honor of the birthday of Mrs. John L. Roemer, wife of the president of the college. From the first year that Dr. and Mrs. Roemer took charge of Lindenwood, the latter being dean of students, it has been the annual custom of the freshman class to give a dinner-dance in Mrs. Roemer's honor. As simplicity is insisted upon, with not too great expense, ingenuity was called into play to make as impressive and beautiful an entertainment as possible.

With the assistance of Miss Myrrl Rodney, head of the expression department and sponsor of the freshman class, the pantomime was played of "Harlequin" and "Columbine," aided by "Pantaloon," the clown, and a troop of Pierrots and Pierrettes. Red and white, the colors of the class, lent themselves to costumes and decoration. The Butler gym was transformed with white cambric, carrying "cut-outs" of theatrical figures. Every window was curtained in white and crimson, radiators were skillfully concealed, and roses of red paper hid all bare spaces.

The dinner was an elaborate one, concluding with traditional darkening of the hall, and the bringing in of cakes with lighted candles while the girls sang Lindenwood songs. At the dance which followed, the refreshments were frozen red roses. Novel favors given to each of the 500 guests were small cut-glass bottles of French perfume. There were pretty souvenir programs, containing Mrs. Roemer's portrait and a picture of Roemer Hall.

THE Children of the Immigrants" was the subject of an address by the Rev. George Wales King Thursday, before the students of Lindenwood College. Dr. King is one of the senior pastors of the city in term of service, having spent many years in the downtown work of Markham Memorial Church, 1614 Menard street. Foreign children, he said, are brought eagerly to the kindergarten by their mothers or grandmothers. They are much more tractable and responsive than the native-born American children who are now coming into the city, in considerable numbers, from the region of the Ozarks. These "mountain people," the pastor said, are difficult of approach. They live along the railroad tracks, many of them near the downtown part of Park avenue. Their quarters are congested, and they move frequently from one place to another, seemingly afraid of the city people around them. They dread sending their children to school, lest they be "kidnaped." Their diet is almost nothing but pork and potatoes. In order to bring these mountain children to church or Sunday school, one has to "coax and clothe" them. They do not like to have social workers call on them, although such visits are welcomed by the Russians, Poles, Servians, Croatians and Syrians of the neighborhood. The Lindenwood students have for years assisted in Markham Church's Christmas, and they will pay special attention, this year, to the church kindergarten of 75 children, all under school age. Many of these children have never in their lives had any Christmas presents.

"Art and Religion" Discussed at Meeting of Ministers.

The Second Presbyterian Church's architectural beauty was spoken of in a discussion of "Art and Religion," held by the Presbyterian Ministers' Association at that church yesterday. The pastor, Rev. Dr. John W. MacIvor, read extracts from a recent book of this title, showing the zeal of the people in England up to the sixteenth century to make their churches treasure houses, voicing their gratitude to God and their religious devotion. These choice art works were destroyed by fanatics, and it is only nowadays that the churches are fully recovering from such asceticism. "To divorce art from religion is unfortunate, both for religion and art."

Some of the monstrosities in church architecture which previous decades have brought forth were described by Dr. MacIvor. "We have helped to demoralize religion by our architecture and have misrepresented Christ by our stained glass windows." As an example of the turn of the tide proceedings were quoted from the general convention of the Episcopal Church at Portland, Ore., a few years ago, in which it was declared that the donor of a memorial, if his ideas of art be not pleasing, "does not have the right to impose his own taste upon posterity." Present-day churches and seminaries are growing more beautiful, Dr. MacIvor said, and are "a foretaste of the houses not made with hands."

Rev. Dr. R. Calvin Dobson, executive secretary of the St. Louis Presbytery, said that in church extension work the Presbytery is striving to avoid "severe lines and basement plans and chapels as far as possible, trying rather to build churches."

Rev. Peter Fischer, pastor of Boyle Memorial Center, said he had known a beautiful church in a mission district which had been an example in character for the people, and he believed its influence even made them keep their houses cleaner.

Rev. Dr. R. S. Calder of Lindenwood College said that it was "the suffering Christ" rather than the pictures of the humanness of the Savior that the Puritans had objected to. Rev. Dr. F. L. Goff of Rock Hill Church commended the Flagler Memorial Church in Florida and the Second Presbyterian Church here as outstanding examples.

Following a custom in vogue since 1917, the freshman class at Lindenwood College gave a dinner dance last night in honor of the birthday of Mrs. John L. Roemer, dean of students. Although carried out along inexpensive lines, the affair represented a great deal of artistic work. An original pantomime, "Sausages and Song," under the direction of the class sponsor, Miss Myrri Rodney, was a study of the early beginnings of the drama. "Columbine," who was the first woman actor in history, was by a clever transposition made to be the "Spirit of Lindenwood," appearing in white flounces and gold bodice, the college colors, to rejoin her "Harlequin" of centuries ago, who was impersonated by the class president, Miss Marian Gum of Oklahoma City. Miss Larita Scoggin was "Columbine"; and the clown of long ago, "Pantaloon," in a brilliant half-and-half costume, white and red, was Miss Lillian Tweedie. Pierrots and Pierrettes in white with black trimmings, were Misses Betty Carter, Helen Berry, Mildred Read and Lillian Hinkle. Miss Sue Wright was pianist. All of this pantomime, given in Butler Gymnasium, followed an elaborate dinner in Jubilee Hall, carried out with college songs and culminating in the illuminated "birthday cakes" always brought on this occasion. Mrs. Roemer was presented with a corsage of red roses, and because other gifts than flowers had been interdicted, the girls added to this in Butler Gym, a cape-mantle all of red roses, woven by the florist. Placing this on the shoulders of the guest of honor, they led her to a throne of satin in red and white, class colors, from which she viewed the gay production. Decorations in Butler Gym were in keeping, consisting of theatrical posters in silhouette figures on white cambric, covering radiators and other spaces, and dainty curtainings of white and red. The ices were frozen roses, and the favors were small, beautifully shaped bottles of French perfume. The program contained a picture of Mrs. Roemer, and an explanation of the historical meaning of the play. Other floral gifts were made to Dean Lucinda de L. Templin, a corsage of Columbia roses; to Miss Rodney, a corsage of Sunburst roses; and to President Roemer, a red rose boutonniere.

The spirit Thanksgiving was conveyed to the County Infirmary in baskets of apples, oranges, tobacco cigars, candy, and cookies by the Sociology class of Lindenwood College. Fifteen girls, chaperoned by Miss Florence Schaper, visited the Infirmary on Wednesday afternoon, and distributed the goodies and good cheer among the men and women, who thanked the girls—some of them with tears in their eyes—for remembering them so kindly. Each person was asked what he or she most wanted for Christmas, and the Lindenwood girls will fulfill each wish and again visit the Infirmary at the holiday season.

Before leaving, the girls sang some of their college songs then even some of the oldest men and women joined in on the very old southern melodies and church hymns.

PRE-THANKSGIVING PROGRAMME

By Helen Calder

The Y. W. C. A. of the college presented "A Rose of Plymouth town", Wednesday night at eight o'clock in Roemer auditorium. The characters were:

Miles Standish—Mary Louise Blocher
Garret Foster — Virginia Symms
John Mageson — Carolyn Sheetz
Philippe de la Noi—Georgia Belle Donaldson

Meriam Chilingsly—Pauline Davis
Barbara Standish —Mildred Read
Resolute Story —Lydell Hahn

The play was a romance comedy of the early settlers, and the sets were in according simplicity. Miss Sylvia Rubens, Miss Virginia Symms, Miss Rose de la Noi—Sylvia Rubins Carolyn Sheetz and Miss Lydel Hahn deserve special note for their splendid work. The play was coached by Miss Hutchins, of the Oratory Department.

WET-WEATHER GAMES

By Ellison Morris.

Due to the steady rain, beginning early in the morning and continuing all day, the hockey game between the Missouri girls and the Kansas girls, scheduled for nine o'clock Thanksgiving morning, was called off. To fill in the day's program, a baseball game was played in Butler gymnasium by the teams picked for the hockey contest.

All the pep and enthusiasm with which the hockey game had been anticipated showed itself at the baseball game. The Jayhawks in blue suits flying red streamers, led by Misses Florence Hanna, Helen Smith, and Mary Katherine Ed-

monds, marched around the gym and then formed a big 'K', singing the praises of the Jayhawk state. The supporters of the gold and black followed with yells and songs, led by Misses Ellen Boyce, Lillian Tweedie, Jean Johnson, and Elizabeth Rodgers.

The hours of practice with the hockey sticks did not prove to be very adequate training for handling a baseball bat and the players took their places hardly knowing what was expected of them. It was soon evident that Missouri boasted all the baseball stars and at the end of the fifth inning when the game had to be stopped, because of lack of time, the score stood 26-3 for Missouri. The line up of the winning team was: Misses Janet Robinson, Theo Meyer, Helen Lee Maupin, Esther Colemann, Florence Rockwell Page Wright, Julia Ayers, Annetie Goldstein, Reba Crowe, Adeline Ayers.

The Kansas team consisted of Misses Marguerite Mitchener Helen Saunders, Gertrude Bird, Gladys Osborne, Bessie McNary, Mary Maxwell, Oreen Ruedi, and Elizabeth Slaven.

THANKSGIVING SERMON

By Helene Millsap

Thanksgiving services were held in Roemer Auditorium at eleven o'clock. The program included the reading of President Coolidge's Proclamation, by Miss Virginia Heinrich of West Plains, Mo., and an anthem, "Great is the Lord", by the choir, in which Miss Rachel Stroag of Hannibal, Mo., and Miss Ruth Alexander of Ardmore, Okla., sang the solo parts.

The prayer of the morning was offered by Dr. John L. Roemer, president of the college. Dr. William A. Clemmer, of Grace Presbyterian Church, St. Louis delivered the Thanksgiving sermon. He said in part,

"They tell me that our Pilgrim fathers gave us Thanksgiving Day but God gave to us the Thanksgiving spirit. America is an oasis for it is filled with fountains of blessings for us from God. We should be thankful to him until the tears come to our eyes. I am thanking God for the privilege of worshipping him as I please. We must not look at science and invention and pay tribute only to the man who advanced them, but we must look up to God who made it possible for man to achieve success. The Great Father has thrown His arms about us and kissed us with the Thanksgiving spirit; my heart goes out to Him for the great benefactions to men."

HOW THEY DINED

Thanksgiving Dinner was the Crown of the Day.

By Eleanor Brown

At one o'clock President and Mrs. John L. Roemer were host and hostess at a Thanksgiving dinner for the Lindenwood students and their

guests. Just after the guests had been seated, fifteen "Razzers," followed by the victorious Missouri hockey team marched into the dining hall and took their places at tables reserved for them. In a few minutes fifteen "Jahawks" came in, each one escorting a member of the Kansas hockey team. Throughout the dinner the two groups sang songs predicting the outcome of the foot-ball game.

The dining hall was divided in half, with black and gold marking the Missouri side, and crimson and blue the Kansas side. The guests were seated according to the side they wished to cheer for. Narrow streamers of crepe paper coming from the center of each table and extending half way down marked the place of each guest and at each place there were little yellow nut cups upon which perched a turkey. The following dinner was served by Miss Walters, the dietician:

Fruit Cocktail
Olives Radishes Celery
Roast Turkey Giblet Sauce
Oyster Dressing
Mashed Potatoes Baked Squash
Parker House Rolls
Cranberry Jelly Butter
Tomato Salad
Saratoga Wafers
Pumpkin Pie Whipped Cream
Nuts Candies
Coffee.

PLEASANT SOCIAL HOURS.

By Ruth Kern.

The parlors of Butler Hall were the scene of a delightful tea in the afternoon from 3 to 5:30 o'clock. Baskets of chrysanthemum were decorations. Under the softly shaded lights the bright dresses of the girls made an attractive color scheme. The tea was under the direction of state clubs, and the presidents of the clubs poured.

Dr. and Mrs. John L. Roemer and Miss Margaret Johnson received.

"INTER-STATE REVUE."

By Julia Ayers

Last night, a Thanksgiving vaudeville program was presented by girls from all the different states. The first number was a song and dance skit by Miss Helen Smith, accompanied at the piano by Miss Alberta Schell. A talking moving picture show, a startling tragedy featuring Misses Dorothy Gee, Page Wright, and Mary Catherine Edmunds, followed. The tragedy was in three reels—the first reel was presented as it is usually presented under normal conditions, the second was presented as it would be if the reel were filmed too slowly, and the third reel showed to the audience what would occur if the camera man hurried the production along. The third number was "Fraternity Jean," in which some fraternity brothers sing to the girl of their dreams. The girl, Jean, comes on the stage and flirts with them all. Miss Mary Sayre played the role of Jean. A dialogue, "A Pair of Lunatics," was the next number. Two young people go to an insane asylum, meet, think that the other one is an inmate, but finally discover in the course of the conversation that the girl, played by Miss Betty Carter, is the sister of the boy's room mate. Miss Catherine Young took the part of the boy. Miss Helen Calder played the role of a pipe dreamer who sees his old sweethearts pass in revue. The last number was "Mystic Mestapha", in which Mestapha, Marguerite Mitchener, told the future of some of the girls in the audience. Miss Mary Hagler directed Mestapha's visions along the right lines.

LINDENWOOD GIRLS SPREAD SPIRIT OF THANKSGIVING

Twenty-two Seniors, Chaperoned By Their Sponsor, Mrs. John L. Roemer Visit Church in St. Louis Factory District.

Twenty-two seniors from Lindenwood College carried the spirit of Thanksgiving to a downtown church in St. Louis, the Markham Memorial, which is in the heart of the factory district, on Thursday evening, November 23. Chaperoned by their class sponsor, Mrs. John L. Roemer, and with several other teachers in the party, the girls went in taxis, in time for participation in a benefit dinner by the women's society of Markham Church. After that, a game of basketball was played, the team of club girls from the church competing with the college girls. Last year this same enterprise was carried out by the same class, the members of which were then juniors. At Christmas time, Lindenwood students intend to do something further for this church.

Another benefaction of season was the sociology class annual benefit, Friday evening, November 23, for the inmates of the County Infirmary. The "Foolish Folies" was presented, largely by the same players as had given a pleasing program in St. Louis, a week before, in behalf of the St. Louis Lindenwood College Club's contribution to the Mary E. Sibley Memorial scholarship fund. The Lindenwood orchestra played, the Lindenwood Sextette sang, and clever impersonations, character sketches, and dances were rendered. The Pierot and Pierrette dancers, who had been so well received at "Mother Roemer's" birthday party, were seen again. Miss Gertrude Bird gave a "chalk-talk," with amusing take-offs on faculty and students.

—Out-of-Door Sports.

Thanksgiving Week will be one of many events at Lindenwood College. Sunday night the vespers sermon will be given by Rev. Dr. Charles L. Chalfant, of Pittsburg, Pa., who will speak on, "Brightening up the World."

Athletics out of doors, which have been so actively practiced on the tennis field (where Miss Marian Gum, of Oklahoma City, took ranking honors out of 14 doubles teams,) will now be diverted to hockey. The opening contest will be between freshmen and sophomores, Monday afternoon. This is a try-out before the great game of the week, Missouri vs. Kansas, takes place on Thanksgiving morning at 9 o'clock, early enough to permit attendance at church service at 11.

The Thanksgiving sermon will be given by Rev. Dr. W. A. Clemmer, pastor of Grace Presbyterian Church, St. Louis. There will be an elaborate mid-day dinner, followed by a tea-dance, and at night a series of "stunts," in ten acts, will be presented by students organized in State clubs. Wednesday night is also to see an exhibition of histrionic skill, in a play, "Rose o' Plymouth Town," which will be presented for the benefit of the Y. W. C. A. LINDENWOOD STUDENTS GIVE ENTERTAINMENT

"Mystic Mustapha" was a well-executed bit of "crystal gazing" in a Thanksgiving night program at Lindenwood College. Two of the students, Misses Marguerite Mitchener and Mary Hagler, co-operated in strange readings of "slips of paper" distributed through the audience and weird "fortunes" were told, to the great amusement of the audience.

Another clever bit in the "acts," coached by Miss Myrri Rodney, was "A Pair of Lunatics," represented by Miss Betty Carter and Catherine Yount, each of whom was acting on the supposition that the other was unbalanced. Three reels of a "tragedy," done medium, slow and very fact, were executed by Misses Dorothy Gee, Page Wright and Katherine Edmunds. A "pipe dream" by Miss Helen Calder brought into amusing retrospect some of the students and faculty. Other numbers were "Fraternity Jean," "Topics of the Day" released by state delegates" and a Russian impersonation.

This "revue" followed a Thanksgiving dinner and tea given by President and Mrs. J. L. Roemer. The dining-room decorations recognized the athletic rivalry between "Kansas" and "Missouri," half the room being in crimson and blue and the other half in black and gold for Missouri.

An unusual party was the Christmas dance, given Friday evening, with decorations of greens and Christmas trees, at Lindenwood College, by the subfreshman class, of which Miss Margaret Enloe, of Jefferson City, is president. The class guest of honor was President John L. Roemer, this affair following the annual celebration, a few weeks ago, by the freshmen, of Mrs. Roemer's birthday. In the morning, Dr. Roemer had been escorted to breakfast in Jubilee Hall, in a ponycart decorated with flowers. Friday evening, a number of songs in his honor were sung. There was a minstrel show, in which most of the class appeared as negro "mammies." Four "end men," wearing overalls and typical farm costume for black-face players, were Misses Hazel Roberts, Helen Smith, Jean Johnston, and Alberta Schell. Miss Enloe was "interlocutor." There were many jokes and "take-offs" on students and faculty.

Minstrel entertaining comprised the program given Friday evening, Dec. 7, by the sub-freshman class at Lindenwood College. It was a holiday party, with Christmas greens and Christmas trees as decorations. Miss Margaret Enloe was "interlocutor," and the four "end men" were Misses Hazel Roberts,

Helen Smith, Jean Johnston and Alberta Schell. The remainder of the class were dressed as negro "mammies." President John L. Roemer was guest of honor for the class. Several weeks ago, when the freshmen gave an elaborate party in honor of Mrs. Roemer, the sub-freshmen began plans to

**LINDENWOOD CHRISTMAS
HOLIDAYS TO BEGIN TONIGHT**

Christmas holidays begin this evening at Lindenwood College, and with few exceptions the 450 students will leave for their homes. Jubilee Hall dormitory will be kept open for those few who remain. An outdoor Christmas tree, used annually for this occasion, has been glowing with lights all week, with an illuminated star at the top. This morning, early, the students' choir will sing Christmas carols through the halls.

The last program was given last night, and consisted of a series of sketches by members of the faculty. Misses Rodney, M. Weber, Hutchins, Meacham, Postel and Craig constituted a "sextet," with original songs. "Romeo and Juliet" was played in comedy, and there was a "Pipe Dream" by a number of the teachers, with Dr. R. S. Calder as leader. Misses Allen and Lois Karr were "pages," dressed in fancy attire.

At the conclusion of the frolic gifts were bestowed upon all the help of the college, which is an annual custom.

Two recitals by students, in the current week, are being given at Lindenwood College, in the Roemer Auditorium. The first was at 5 o'clock Tuesday afternoon, and the other will be presented in the chapel hour at 11 o'clock Thursday.

Interest in the expression department has been stimulated by the fourth annual visit, in the early part of the week, of Dr. Henry Lawrence Southwick, of Boston, Mass., president of the Emerson College of Oratory. Dr. Southwick delighted the students with his reading of the Shakespeare play, "Julius Caesar." He expressed approval of the work of Lindenwood's expression department as carried on under Miss Myrrl Rodney, who received her preparatory training at the Emerson College.

Lindenwood's closing exercises of a formal nature, before the Christmas Holidays (which begin next week,) will be a Christmas tree, and the annual presentation of gifts to the help, Thursday evening. A beautiful outdoor tree, growing on the campus, has been illuminated every night this week, with electric lights gleaming through the pine needles, and a star at the top.

**FACULTY AT LINDENWOOD
GIVE IMITATION, STUDENT LIFE**

Teachers are quite accustomed to being grilled by students, but it was a new order, Thursday evening at Lindenwood College, when the faculty gave "imitations" of student life. A recent original program by the students was parodied. The faculty imitated with a "sextette," composed of Misses Rodney, M. Weber, Hutchins, Meacham, Postel and Craig, the members of which sang a languishing ditty to the tune of, "In the Shade of the Old Apple-Tree." Another "take-off" was "Romeo and Juliet," also by the faculty. A "pipe dream" which had been an excellent bit of idealism when done by the students, was repeated in amusing form, with Dr. R. S. Calder taking the lead. The two "pages," clad in very fluffy garments, were Misses Allen and Lois Karr, of the faculty.

This program was a part of the Christmas exercises which annually occur. It is a rule of Lindenwood that presents be not given to teachers, lest this giving be overdone, but the students and teachers combined in pleasant remembrances to the "help" in dining-room, kitchen and campus, numbering more than 50.
