JOHN LINCOLN ROEMER, A. B., B. D., D. D.
President Lindenwood College, 1914—

Introduction

This volume is published in commemoration of the dedication of Roemer Administration Hall. The content has been confined to the work of the last seven years as this is the period of time during which the College has made such remarkable strides, and has emerged as one of the leading educational institutions. Further, the early history of the College is contained in the volume "Reminiscences of Lindenwood College," which was published in 1920.

This new building is the culmination of the ambition and vision of Dr. and Mrs. Roemer and the members of the Board of Directors. In recognition of the magnificent work accomplished by President and Mrs. Roemer, the members of the Board of Directors voted to name the new building Roemer Hall. This decision met with the unanimous approval of the Faculty and Student Body of the College. Roemer Hall has been erected at an expense approximating a half million of dollars and is a fitting monument to the tireless work and sacrifice of President and Mrs. Roemer.

Since the founding of Lindenwood in 1827, its history is one of which all are proud. However, at this time, it seems fitting to review for a moment the remarkable educational progress and development which has been accomplished during the last seven years. President and Mrs. Roemer decided to come to Lindenwood only upon the earnest solicitation of Colonel and Mrs. James Gay Butler. At that time the College was passing through a very critical financial period, and Colonel Butler and his wife promised to stand back of the new President. How well they kept their promise is a matter of common knowledge. Their generous endowment of the College placed it at once upon an independent financial basis and rapid progress began at once. Dr. Roemer began his work here in May, 1914, and at that time students were enrolled in the grades, four years of high school and two years of college work. During these intervening years the standards

have been raised until the preparatory work has been discontinued and Lindenwood is now a standard four-year College. Her educational growth is a matter of common knowledge throughout the country. At the last meeting of the Missouri College Union, Lindenwood was elected to membership in the Union. This places her work on a par with the work in the great Universities and Colleges.

The work for a "greater Lindenwood" has just begun and the "Roemer" vision is something far greater and more wonderful than anything that has yet been accomplished. The splendid co-operation of former students, the Faculty and the members of the Board of Directors will help to bring it to pass.

I wish to express my indebtedness in the preparation of this book to Mr. Eugene Klein, Mr. Louis LeBeaume, Mr. George B. Cummings and the many others who sent me material. I also wish to thank Miss Louise Stanley for valuable suggestions regarding the equipment.

History

Beginnings.—Lindenwood College is one of the oldest colleges west of the Mississippi river. In 1827, six years after the State of Missouri was admitted to the Union, the College was founded. Major George C. Sibley, then stationed at St. Charles, the first capital of the commonwealth, and his wife, Mary Easton Sibley, were impressed with the need of a school in the sparsely settled Southwest for the higher education of young women. A beautiful site was selected, overlooking the Missouri river, in a forest of linden trees. The forest of trees suggested the name—LINDENWOOD.

Under the direction of Mrs. Sibley the school was conducted for many years. From Major Sibley's diary it is learned that young women came by stage from all parts of the state and surrounding country. Many of the first families of St. Louis were patrons and the school grew in numbers and prestige.

The first building was erected in 1831. It was made of wood from the forest in which it was situated and was capable of accommodating thirty or forty boarders.

In 1853 the Legislature of Missouri, by special act, incorporated the College. July 4, 1856, Major Sibley and his wife executed a deed to 120 acres of land for the use of the College.

In 1870 the charter was amended, providing that the appointment of Directors for the management of the College should be vested in the Synod of Missouri instead of the Presbytery of St. Louis.

Major and Mrs. Sibley, being members of the Presbyterian Church, placed the appointment of a Board of Directors under the care of their church. While placed in the care and under the direction of the church of their faith, the school was ever to be maintained in the interest of all who sought its privileges, regardless of their church affiliation. One provision, however, was insisted upon, and that was the teaching of the Word of God as part of the curriculum.

Development.—Ever since it was founded, the College has been faithful to the purpose of its founders. In the many years of its history it has stood for thorough scholarship and Christian training. Its purpose in the educational world is to train young women for a useful life, giving them a distinctive training for leadership in every sphere of a woman's world.

Friends have from time to time made substantial gifts to insure its larger growth and maintain high standards of scholarship. In days past the names of Watson and Ridgely have been prominent in the endowment of the College. In more recent days the fortunes of Col. James Gay Butler of St. Louis and his wife, Mrs. Margaret Leggit Butler, have been given until its endowment, grounds, dormitories and equipment amount to nearly three millions of dollars.

PRESIDENT JOHN L. ROEMER *
(At the age of 5)

MRS. JOHN L. ROEMER
(At the age of 5)

Dr. John L. Roemer, President Lindenwood College, was born and reared in Wheeling, W. Va. On his father's side of the house he is of Teutonic descent and on his mother's, Scotch. His early education was received in the 5th Ward public school of his native city.

Upon completing the grade school he attended the Linsly Institute, a military school for boys located in Wheeling. He had the good fortune of having to "work his way" through College and became acquainted with the ways of the business world. At one time he was assistant to the Circuit Court Clerk of Ohio County. Later he became a bookkeeper in the American Insurance Co. During his summer vacations he was engaged by Insurance Companies and Manufacturing plants in looking after special accounts and their adjustments and returned to the University of West Virginia, in the fall with enough money saved up to pay his expenses for the school year. Before going to the Western Theological Seminary in

Pittsburgh, Pa., after completing his University course, he became the private secretary to the gentleman who later became his father-in-law. Upon completion of his first year at the Theological Seminary he spent four months among the cowboys of the West as a Sunday School Missionary. The three years of Seminary work finished he became pastor for a short time of the Fairview Presbyterian Church at Thomas, Pa., five miles out of Pittsburgh. From Thomas, Pa., he went to Cleveland, Ohio, as pastor of the new Congregation known as the South Church. From Cleveland, Ohio, he went to the old and fashionable First Church of Chillicothe, Ohio. Called to the Tyler Place Presbyterian church of St. Louis, Mo., he ministered to the young church for over nine years and witnessed its development into one of the largest and most active congregations in the City of St. Louis.

While Pastor of the Tyler Place Church, the presidency of Lindenwood College was offered him. Reluctant at first to enter a new field of labor, upon the earnest solicitation of the late Dr. Samuel J. Niccolls, and Col. and Mrs. Butler he accepted the position and entered upon the work May 12, 1914.

The Church in St. Louis was determined that it would not give up its pastor and vigorously protested. Col. Butler personally visited the congregation and pledged his loyal support to the College and Dr. Roemer if they would accede to his earnest wishes to place their pastor at the head of Lindenwood College.

The growth and development of Lindenwood the past seven years is a matter of record known in educational circles throughout the country. New Lindenwood has sprung up to take the place of old Lindenwood.

MRS. JOHN L. ROEMER

Of the four who consecrated themselves in 1914 to a greater Lindenwood—Dr. Niccolls, Col. and Mrs. Butler and Dr. Roemer—but one remains. To Dr. Roemer is committed the responsibility of bringing to fruition the dreams of those who gave themselves and their means that the great Southwest should have a college for young women equal to the best in the country. To Mrs. Roemer, her husband pays the highest tribute for the success that has been attained. Giving themselves in the trying hours of the history of Lindenwood, they expect when their work is finished here to have realized to some small degree, at least, the dreams and hopes of all the noble ones who since the beginning of the College have looked forward to a greater Lindenwood.

Lindenwood's Greatest Benefactors

COL. JAMES GAY BUTLER*

To write the life of James Gay Butler is to become familiar with the history of the business, charitable and church activities of the city of St. Louis for more than half a century.

Born in Saugatuck, Mich., Jan. 23, 1840, the son of William G. and Eliza McKennan Butler, he grew to sturdy young manhood in that community. In 1858 he was prepared to enter the Sophomore class of the University of Michigan. He remained at the University until the breaking out of the Civil War in 1861. The military spirit was strong within him. The great-grandson of Ebenezer Gay, Lieut-Col. of the 14th regiment Connecticut militia, 1780-1783, could not restrain

*Reprint from Reminiscences of Lindenwood College.

the patriotic fervor to give himself willingly to the cause he believed in. He served more than four years in the Northern Army, rising from the ranks to second lieutenant, first lieutenant, adjutant, quartermaster, major. During the last eight months of service he commanded a regiment. From some unaccountable cause his identity with the class of 1861 was overlooked, and 43 years after the University of Michigan conferred upon him the degree of bachelor of science.

In 1866 he engaged in business in St. Louis. He soon became prominent in commercial circles and was a recognized leader. Establishing a large tobacco manufacturing business which was afterward merged with the American Tobacco Company, he accumulated a large fortune. Retiring from active business he gave himself to disposing of the income of his fortune to others. His benefactions, public and private, were so large as to rank him in his day as "the leading philanthropist of St. Louis."

Like Tennyson's knight, Col. Butler "gave himself with his gifts." One of his quoted sayings was that:

"The world wants no more advice on how to make money.

It has made too much for its peace of mind already.

I would not tell a youth how to make money.

I would tell him how to make himself, for he will need all the reserve of strong character and brains to dispose of his wealth in the event of his financial success."

Col. Butler was a man identified with religious activities and was a member of the Second Presbyterian Church of St. Louis.

He and Dr. Samuel J. Niccolls were warm personal friends during the entire 51 years of Dr. Niccolls' pastorate of the Second Presbyterian Church. "It was Dr. Niccolls," Col. Butler remarked, "that taught me that money could find its greatest usefulness by being transmuted into life."

At the request of Dr. Niccolls, he became a member of the Board of Directors of Lindenwood College. His interest in the education of women became a "hobby." He took an intense interest in the development of Lindenwood. He helped place it upon the high plane of a first-class college for women that should be second to none in training young women for a life of usefulness.

The inscription on the beautiful floral offering, placed most prominently in front of the casket containing his mortal remains gave expression to the sentiment of every Lindenwood girl—"Our Friend."

MRS. MARGARET L. BUTLER

Frequently the biography of a man stands alone.

The part his help-mate played in his life goes unmentioned. Col. Butler was always pleased to acknowledge the wonderful help Mrs. Butler had been to him in his successful career. His personal devotion to her was something remarkable, her every wish being a matter of great concern to him. "And she deserves every attention I can pay her," he used to say, "for what I am she has helped make me." The story of his business, philanthropies and church life is intertwined with the name of Mrs. Butler.

Born at Albany, N. Y., December 27, 1841, Margaret Leggat became the wife of Col. James Gay Butler at Grand Haven, Mich., Oct. 15, 1868.

Coming to St. Louis as a young bride she soon became a leader in the social life of the city. She was a charming

hostess, a particular housewife and a favorite in all public and private functions in which she participated. In her advancing years she became an invalid. Put aside, as it were, by physical infirmities she was keen of mind and kept in touch with the affairs of the day.

"A generation ago," says a writer, "almost everybody read, at least once, Carlyle's great book on heroes. I should like to add a chapter on another kind, who has more than anybody else, shown us the spiritual value of endurance—the hero as invalid."

Mrs. Butler through all the trying days of illness lived in the hope of bringing to pass the ideals of her husband to make the world better and happier through the material wealth with which they had been blessed.

Lindenwood College owes much to Mrs. Margaret Butler. Just before the death of her husband he said to her— "What I have left undone for Lindenwood you will do. You know my wishes."

Faithful to the parting injunction Mrs. Butler has carried out every wish of her husband. In the large gifts she bequeathed, Mrs. Butler was faithful not only to her husband's wishes but her own desires. Both were interested in Lindenwood and both had consecrated themselves to its development.

Breaking Ground for Butler Hall

PART III

ROEMER HALL CAMPUS ENTRANCE

With the opening of the Fall term in September, Lindenwood entered its handsome new Administration and Academic Building, Roemer Hall. Roemer Hall has been so named in honor of President and Mrs. John L. Roemer, under whose able executive administration Lindenwood has rapidly forged to the front as one of the leading colleges for young women in the West.

MR. LOUIS LE BEAUME

The Architects

The late Col. and Mrs. James Gay Butler foreseeing a brilliant future for Lindenwood under Dr. Roemer's directions, made possible by the generosity of their bequests many necessary and desirable improvements.

The Dormitories being crowded to capacity, the Board of Directors were confronted with the alternatives of either increasing Dormitory facilities, or improving the College's facilities for instruction. They chose the latter and wiser course and set aside a sufficient sum to erect the most complete and convenient Academic Building in the West. Plans for Roemer Hall have been carefully studied over a period of three years or more. The President and the Architects visited most of the Educational Institutions in the East in order to incorporate the most modern ideas in the proposed building, ground for which was finally broken on February 25, 1920. Owing to peculiarities of the site, the elevation of the Campus being some 20 feet higher than Watson street on which the building fronts, and to the various units necessary to be composed within the building, the problem pre-

sented to the Architects was one of unusual interest and considerable difficulty.

The building stands at the Northwest end of the Campus exactly where the Campus terraces down to Watson street, and faces both this street and the Campus itself. The appearance is of a building of four full stories or more on the Watson street facade, and three stories on the Campus facade. The college buildings already erected, as well as the problem itself, dictated the adoption of the free and flexible Tudor Gothic style in the design. The Campus presents a long and typical Tudor facade. Symmetrical in the sense that the entrance gable and archway is directly on axis, but varied by the irregular spacing of the mullioned and stone-trimmed leaded windows and oriel bays. There is a gradual transition in the design towards Watson street where the greater height and the presence of the larger unit of the Library on one side, and the still larger unit of the Auditorium on the other, tend to make a severer Gothic, more expressive and natural.

From every angle the building composes effectively, and the pointed arches of the Library, the mullioned and transomed windows of the class rooms, the higher arches of the Auditorium interrupted by panels where the balcony occurs, the tall stair bays at either end of the transverse corridor, and the projecting oriels with their heavy corbels, and pointed gables lend an ever changing interest and charm to the ensemble. Very little carving has been used in the exterior detail, reliance being placed on the antique texture of the warm red brick, the grey trimming of Bedford stone, and the interesting Gothic mouldings, the arched doorways, the leaded glass and the picturesque composition of the gables.

The Watson street entrance presents, perhaps, the more striking and original aspect. The entrance court between the Library and Auditorium wings being embellished by a handsome balustraded platform, from which broad flights of steps descend to the street.

The Campus facade is 168 feet long. The same over-all length occurs on Watson street, although it is broken by the fore-court, above mentioned, which has a width of 68 feet by a depth of 48 feet.

The ground floor contains nine class rooms with accommodations for 174 pupils, in addition to the large laboratories

ROEMER HALL, WATSON STREET ENTRANCE

for teaching of Domestic Art and Science. A small suite consisting of Living Room, Dining Room, Kitchen and Pantry in connection with the Domestic Science Department has also been provided, and a room for the teaching of Dramatic Expression. The College Postoffice and Bookstore and room for Day Students are also located on the ground floor, together with offices for Instructors, whose classes assemble here.

The Campus side of the first floor is given over to executive offices, such as the general business offices, the Bank, the Accounting Department, the President's Secretary, the President's Private Office, Reception Room, College Secretary, the Dean's Office, her Secretary's Office, the Dean of Students' Office, and the Office of her Secretary.

The corridors are wide and well lighted with stairways at either end, and on the first floor give access to the Auditorium at one end of the building, and to the Library at the other. The Auditorium extends through two stories and is designed with a balcony, the total seating capacity of the first floor and balcony being between 650 and 675. A modern

stage has been provided with dressing rooms, organ loft, and a separate entrance from the outside. The lighting apparatus is adequate for modern performances, and of course, facilities for moving picture entertainments are at hand.

The Library occupies an area of 46 x 52, and like the Auditorium has cross ventilation and ample light.

On the second floor are nine class rooms with accommodations for 200 pupils, two Lecture Rooms with raised floors accommodating 144 pupils, and Instructors' Offices.

The third floor contains five class rooms and accommodations for 104 pupils, two Lecture Rooms with raised floors accommodating 92 pupils. The Art Room with capacity for 30 pupils, and an entrance foyer for exhibition purposes. The balance of this floor is given over to various Laboratories thoroughly equipped for the study of Botany, Chemistry, Biology and the different branches of Physics. Every piece of apparatus in the building from the Laundry and Domestic Science Kitchen in the basement to the Laboratories on the third floor where delicate experiments are to be performed, is the most modern that could be purchased.

The building is well lighted throughout, and many details have been installed for the comfort of both pupils and faculty. A visitor entering either from Watson street or from the Campus, finds himself at the heart of the building equidistant from every other point. Each floor has a total area of 14,000 square feet, or a total of 56,000 square feet on four floors. In addition there is ample storage space, and space for additional studios under the roof.

La Beaume and Klein, No. 720 Compton Building, were the architects, and the building was erected under their supervision by the Wm. M. Sutherland Building and Contracting Company.

With Roemer Hall open to the use of its pupils, Lindenwood may challenge comparison with any other Educational Institution East or West.

PART VII

Others Who Helped Make Linden- wood a Success

HARRY P. ORDELHEIDE

Superintendent of Buildings and Grounds.

Mr. Ordelheide, Superintendent of Buildings and Grounds, has been in charge of Lindenwood College since the building of Butler Hall. He was a practical builder before taking up the work at the College.

He gave valuable assistance and suggestions during the building of Butler Hall, Niccolls Hall and Roemer Hall, and all construction work such as the two additions to Jubilee Hall, Dining Room and Kitchen, the additions to the Boiler House. He planned the additions to "The Gables," which is the President's Home. Also the very extensive alterations to Sibley Hall, which were directly under his charge.

Work on new construction and alterations, however, fill only the school vacation period. Mr. Ordelheide's real work comes during the regular college year. He is in charge of the

large force that keeps the College ever advancing in its external aspect. He cares for the tennis courts and the hockey fields, he makes possible all the machinery, not seen and often not suspected, that makes the class days and pageants and May days and inside entertainments a success.

The rather large task of caring for all the mail is under his direction. His men also produce the miniature theatres used in the study of the history of the Drama, and other work of this character.

One of his biggest "jobs" is serving as trouble man during the school year. All complaints from Faculty or students are made to him and he adjusts them.

Mr. Ordelheide's work is increasing with the growth of the College, but he looks forward to more work when the College shall have a larger centralized athletic field, perhaps even a large skating and boating lake, and when increasing numbers of students will make necessary, another gymnasium and larger swimming pool.

NICOLLS HALL

REV. SAMUEL JACK NICCOLLS, D. D.

*Dr. Niccolls was pastor of the Second Presbyterian Church of St. Louis, Mo., for over fifty years and was one of the men who helped to interest Colonel Butler in Lindenwood. Niccolls Hall was given by Colonel Butler in memory of his friend. The following is an extract of an address delivered by Rev. J. G. K. McClure at the celebration of the Fiftieth Anniversary of Dr. Niccoll's Pastorate (1805-1915).

"Back of this hour there lies a most suggestive life-story. Born in a Godly home, the blood of reverence and righteousness in his very veins, he went out into the world to be educated. He had rare advantages of study at Eldersridge Academy, and then was ready for his four years' course at Jefferson College. During his college days his literary power made itself manifest, and he received a prize for success in essay writing. Then, when he was only nineteen years of age, he graduated from college, 1857, and entered the Western Theological Seminary, where in three years he completed its course and was ready for the ministry in 1860. The

Falling Springs, Chambersburg, Pennsylvania, Presbyterian Church, strong and influential, immediately summoned him to its pastorate. Soon the Civil War broke out. It was consistent with his lineage, a lineage one member of which, his maternal grandfather, had served as an officer in the War of Independence, and another member of which, his own father, had served in the War of 1918, that he should offer himself for service as a Chaplain in the 126th Pennsylvania Regiment; and it was also consistent with his own high sense of duty that when we say his spiritual flock exposed, through their proximity to the war zone, to special perils, he should resign his chaplaincy and resume his work as a pastor.

"Then in November, 1864, this church, having learned of his marked ability as a pastor and preacher in Pennsylvania, called him to this city, and in January, 1865, he began the notable pastorate that has remained until this hour. In this pastorate his life has passed from youthfulness into full maturity, and in connection with his pastorate all attempts to sum up his usefulness and all attempts to collate his honors will ever have their association."

Breaking Ground for Nicolls Hall

OLIVE A. RAUCH

Miss Olive A. Rauch of St. Charles, Missouri, was for many years connected with Lindenwood College. During the trying times resulting from the death of President Ayers, she did much to help Dr. and Mrs. Roemer begin their new work. In 1916 Miss Rauch became Secretary of the College and held this position until she resigned in 1918 to do war work. She sailed for France as hut worker for the American Red Cross.

A farewell dinner was given to Miss Rauch on Wednesday evening, October 16, 1918, by the students and faculty of the college. Dr. Roemer told of the great help she had been in the building up of the college and the personal interest which she has always had in each student and each matter which needed attention.

The students presented Miss Rauch with a military wrist watch and the faculty gave her a steamer rug. After the dinner an informal reception was held in her honor in the Butler gymnasium.

Miss Olive Rauch has been one of the best-loved members of the Lindenwood staff and it was with great regret that the students and faculty wished her Godspeed. She was kind, courteous and willing to help upon every occasion and she has won the admiration of everyone for her efficient and devoted interest to her work.

AUSTIN S. FOX
Sanitary and Heating Engineer.

Austin S. Fox, Sanitary and Heating Engineer of Lindenwood, has been on the staff of the College for many years. His association with the College began when Jubilee Hall was built in 1908. He was the successful competitor for the installation of the plumbing work and heating in that building. At that time he became acquainted with Col. Butler, who always thereafter consulted with him on all new projects.

Either in competition with other contractors or directly employed by the college, Mr. Fox has installed all new plumbing and heating work for Butler Hall, Niccolls Hall and Roemer Hall. Each time the boiler house had to be enlarged the work was done under the direction of Mr. Fox. The heating systems are designed to heat all the buildings with a very low steam pressure and any one of the buildings can be cut off from the general plant for repairs or changes without interfering with the systems of the other buildings. Carrying steam to the buildings remote from the boiler house necessitated long lines of steam pipe encased in special wood insulating piping. He worked out the arrangement for heating the water for the swimming pool in Butler Hall, designed and arranged the four large underground tanks that keep Lindenwood adequately supplied with water with pres-

sure sufficient to reach all points. Until this was done there were times that the water supply failed. This supply is arranged so that great pressure can be obtained in case of fire, and fire lines and hose reels are distributed throughout all buildings.

In connection with this water supply there is a large installation of filters which filter and soften all the water used in the College.

Mr. Fox also arranged the hot water supply to all buildings from the central storage point in the boiler house, and designed and installed the arrangement for high pressure steam for use in the kitchen.

The work has been done over a number of years, and because of the gradual growth of the College the problems have been difficult. Constant consultation with the Architects and the college, and continuous study of the large and small problems have given Mr. Fox a clear understanding and ability to care for all difficulties in the most efficient way. He is called in when any mechanical problem arises even though it may not be directly connected with his specialties, and his advice is always followed.

W. M. SUTHERLAND

President, Sutherland Building and Contracting Company.

The W. M. Sutherland Building and Contracting Company, of which Mr. Sutherland is the president, is a Missouri corporation organized in March, 1906, and has during the period since its organization, contracted, as general contractors, many large and fine buildings throughout the middle west.

Under the leadership of Mr. Sutherland, it has continually enlarged its field of operation until, at the present time, it has branch offices throughout the United States and Canada.

Its present large volume of business and enviable reputation has been built up by always endeavoring to give the owner exactly what he contracted for.

The Sutherland Company were the contractors for Roemer Hall and the building is in every way a credit to their ability.

JOSEPH BOTTANI

HENRY BROEKER

MESSRS. BOTTANI AND BROEKER

This section of our booklet would not be complete without an acknowledgment of the wonderful help Joseph Bottani and Henry Broeker have been for the advancement of Lindenwood.

Our genial "Jobie" Bottani has done practically all of the concrete and masonry work for Lindenwood ever since Dr. Roemer has been President, and he is now building the beautiful Gateway to our campus. He is noted for his thorough workmanship, honesty and integrity. It is always a pleasure to have him on the job at Lindenwood.

Then there is Henry Broeker, who from time almost immemorial has annually redecorated and painted the buildings on the campus. The days are never too long for him, and when we are in a hurry to get something done in order to open on schedule time, he never fails us.

We certainly appreciate the help and co-operation of these two men.

AUNT TILLIE

"Aunt Tillie," as she was known by the former Lindenwood girls, was in service as chef of the College between 25 and 30 years. She saw the girls come and go in that time and formed firm friendships with most of them. She never forgot a face or name, and when the girls of yesterday returned, who had been at Lindenwood while she was chef, they always made a friendly call upon her.

She remained at her post of duty until the school grew beyond her physical capacity to serve in her official position. In her last days the Board gave her a pension. It was not long after that she was called to her final reward.

Tillie was a devoted member of the Church and died in the Faith. Great sorrow came to all of the girls who knew her when they learned that Tillie had passed to the great beyond. Her memory will be long cherished by all who knew her.

JOHN GIPSON

Perhaps no person in Lindenwood is more in demand than John. He brings the mail, does the shopping for the girls, drives the President's car, and never fails to meet the thousand and one demands which are made on his time. This year John completed the tenth year of his service, and President Roemer presented him with a fitting token of recognition. His faithful service is appreciated by the entire College.

PART VIII

The Lindenwood College Clubs

The splendid work and enthusiasm of the former Lindenwood girls has been a constant source of inspiration to the College.

The formation of the Lindenwood Clubs throughout the country has served not only to keep them in touch with the progress and development of Lindenwood, but perhaps better still, it has served to keep them interested in College affairs. Such interest is sure to have a broadening and humanizing effect.

Since the organization of the first Lindenwood Club they have stood ready to assist the College in every way. We sincerely hope that each Club will plan to have a representative present for Commencement week. They can take much back to you and will bring more to the girl of today.

The real test of the value of the education which is secured in Lindenwood will be determined by what the Lindenwood girl does after she leaves College. We are indeed proud of the girls of "yesterday" and "today" and we want to take this opportunity to express to them all our sincere appreciation of all they have done.

A word of commendation must be spoken of the splendid work which Miss Alice Linnemann has done in organizing the College Clubs. Miss Linnemann has organized nearly all of the Clubs and is devoting much of her time to furthering their interests.

MRS. TIDA BIDWELL FRANEY
President

*The Lindenwood College Club of
Kansas City, Mo.*

The Kansas City Lindenwood Club was formed in 1910 by a few former students with the intent of keeping alive the interest of all Lindenwood students in their Alma Mater.

The idea of the few became soon the pleasure of the many and we now have a large interested, substantial Club trying to do some constructive work by interesting prospective future students in the advantages of our College, also endeavoring to do our share along charity lines in our own city.

Each month a business meeting is held, preceded by a luncheon and followed by a prepared program or lecture. A few special meetings, a picnic, an open meeting or reception to our friends and those with a possible interest in Lindenwood, our annual May luncheon, to which all Lindenwood girls are most cordially welcome, constitutes practically our line of work throughout the Club year. The Reward of Merit for anything we may have done—listening to an “older” girl who has just returned from Commencement, gives us added reasons for being so justifiably proud of dear old Lindenwood.

Sincerely,

TIDA BIDWELL FRANEY.

MRS. L. E. CRANDALL
President

*The Lindenwood College Club of
St. Louis, Mo.*

The St. Louis Lindenwood College Club owes the inspiration for its existence to Dr. John L. Roemer and Col. James Gay Butler. In the summer of 1914 these two loyal friends of Lindenwood formed the "Lindenwood Boosters Club of the World," with Col. Butler as President. Of this organization the St. Louis Club was to be an integral part.

In organizing the St. Louis Club, Dr. Roemer received the earnest and enthusiastic support of Mrs. Hattie W. Botticher. It was at the home of Mrs. Botticher, August 18, 1914, that the first meeting of the Club was held. That the St. Louis friends of Lindenwood intended to do big things for the College was evidenced by the large and enthusiastic attendance. A temporary organization was effected with Mrs. Botticher as President and Miss Kate Walter as secretary. The members present there drew up a constitution declaring that "The object of this organization shall be to advance the cause of Lindenwood College in every way possible and to

further the material pleasures and profits of its members." After some years we note with pleasant retrospection that this admirable object has been steadfastly and gloriously adhered to.

The first official act of the club was to send a letter of appreciation to Col. Butler, thanking him for his gifts to the College and assuring him of the enthusiasm of the St. Louis graduates and old students. The charter members of the club were: Mesdames H. W. Botticher, Alva C. Trueblood, A. H. Doellefeld, Irene Amos Potts, Hazel Kisby Locke, Patterson Bain, J. B. Candy, E. W. Candy, Hettie May Schramm, Misses Mildred Steele, Eva Hain, Kate Walter, Agnes Adams, Katherine, Johanna and Magdalena Stupp, Lillian Zacher, all of St. Louis. Misses Carolyn Belle Baird, Carrie Baird, Bertha Goebel, Vivian and Aimee Becker of St. Charles, Mo., Mrs. Nellie Drury Hardy of Waterloo, Ill., and Mrs. Alice Ripley Andrews of Belleville, Ill.

On September 25, 1914, at the home of Mrs. Patterson Bain a permanent organization was arranged. The following officers were elected: President, Mrs. Mary I. McDearmon; Vice-President, Mrs. H. W. Botticher; Secretary, Miss Sara Edwards; Treasurer, Mrs. A. C. Trueblood.

Also on this occasion the club accepted Dr. Roemer's invitation to visit the College on October 9, '14. The visit to the College that October was one long to be remembered and the first of the yearly pilgrimages to Lindenwood that the club has since been privileged to anticipate and enjoy during the seven years of its existence.

For the first three years the character of the club meetings was purely social. Monthly meetings were held either at the homes of members or some hotel. The entertainment consisted generally of informal musicals. For the club has much real talent among its members, and extemporaneous programs are easily arranged. The club is also particularly fortunate in its proximity to the College, for Dr. and Mrs. Roemer and Dean Templin are always to be drawn on for inspiration at various meetings.

In 1916 the subject of a loan fund for the College came up. The club agreed to raise a fund of \$100.00. This was done by sponsoring a play given by the Dramatic Club from the

College. Needless to say, the play was a huge success and the desired amount was quickly subscribed.

By 1917 the club was plunged into war work of all kinds with much patriotic fervor. The St. Louis Lindenwood Club takes what is hoped will be considered a pardonable pride in its achievements covering this period. At a board meeting held October 17th it was agreed to turn over \$100.00 of the money then on hand to the Y. M. C. A. and all funds raised over and above running expenses was to be donated to the same cause.

Boosters' Club, 1914.

In December, 1917, another \$100.00 was raised and sent to Lindenwood to assist Lindenwood in fulfilling a pledge of \$2,500.00 to the Y. M. C. A. The Club donated 85 books to the same organization. It was also the privilege of the club to co-operate as a body in all the Liberty Loan and Red Cross Drives. Last, but by no means least, the St. Louis Lindenwood Club was represented in France by two of its members. These two brave women of whom the Club is so justly proud are Miss Esther Cousley and Miss Eva Hain, now Mrs. J. H. Harper. Miss Cousley, who was Lindenwood War Nurse, went to France in 1914 with British Expeditionary

Force. Miss Hain went over in 1919 as an entertainer and was known as the "Little Story Teller."

After the stress and excitement of this period, it was decided to take up for 1919 a study course. "Our Country" was the very appropriate subject decided upon. The programs given that winter were most enjoyable.

This year marked another interesting event in the club's history. For in November, 1919, an invitation was extended the club to join the Missouri Federation of Women Clubs. The Club voted unanimously to accept the invitation and since that time has been actively identified with the Federation work. There is no doubt that this act has been of mutual benefit to the club and the Federation. Lindenwood members were much gratified recently when a woman, prominent in Federation circles, was heard to remark "that the clubs in the 8th district of the Federation always tried to attend the open meetings of the Lindenwood Club as they were known to be thoroughly worth while." Club members feel that part of the glory of this remark belongs to Dean Templin, because the club is greatly indebted to the Dean for her very splendid lecture, "The New Penology for Women," given at an open meeting this last winter, and one of the most interesting meetings given by any club in the 8th district. The meeting just mentioned is an example of the work undertaken by the club this last winter. These large meetings have been interspersed with small and more informal meetings, where tea and Lindenwood chatter reigned. It has been a tremendous pleasure for the club to co-operate with Dr. Roemer in raising a donation for the Gateway. \$155.00 was subscribed for this project.

The members of the club feel that what measure of success has been achieved by the club has been due largely to two things; First, the harmony and unity of purpose of the members; second, a happy choice of women of rare personality, charm and consecration to ideals, and most important, a tactful talent for leadership for the Presidency of the organization. The women who have been honored by this office and who in return have given so unreservedly of their time and energy are: Mrs. H. W. Botticher, Mrs. M. I. McDearmon, Mrs. W. K. Roth and Mrs. L. E. Crandall.

The three great events in the season of the club are the trip to Lindenwood in October, the Guest Day Program in March and the Annual Luncheon in May.

While plans for the coming season have not been completely formulated, an interesting year is anticipated under Mrs. Crandall's able leadership. So far the plans include a reciprocity tea to the Federated Clubs and a bazaar tea to raise money for the proposed Alumnae house. At present the club membership is fifty with about fifty non-resident members.

The St. Louis Club rejoices in the activity of every Lindenwood Club. While it secretly cherishes the ambition to rank first in enthusiasm and efficiency for the dear old Alma Mater, still it prefers to be known by its work.

MRS. M. L. FUNKHOUSER
President

The Lindenwood College Club
Chicago

The Lindenwood College Club of Chicago was organized in July, 1916, by Miss Alice Linnemann. Mrs. W. W. Seymour (Pearl Pettidier) was the first president.

The meetings this year were held at the Mystic Athletic Club and were very well attended. The second year it was decided to have our meetings in the homes of the members, and we find we have become much better acquainted, have larger and more interesting meetings.

Mrs. J. C. Flanagan (Martha E. McDearmon) was President the second year, followed by Mrs. A. W. Schroeder (Estelle Nulsen); third year, Mrs. E. D. Smith (Mary Pearle Aiken); fourth year, Mrs. M. L. C. Funkhouser (Eugenie Mermod); fifth year, the officers elected June, 1921, are Mrs. Guy N. St. Clair (Leon Shaffer), President; Mrs. Charles Hilger, Vice-President; Mrs. Charles Wills, Recording Secretary; Mrs. J. C. Flanagan, Corresponding Secretary; Mrs. C. M. Joice, Treasurer.

Our Club has been anxious to do something really worth while, and has been especially interested in raising a scholarship fund. Had hoped to create sufficient interest among the old Lindenwood girls and the Clubs to make it a reality this year. Did not succeed, but expect to make the effort again next year.

MRS. RUBY MILLER WALKER
President

*Lindenwood College Club of Joplin
Missouri*

The Lindenwood College Club of Joplin is made up of about thirty-five former Lindenwood girls from Joplin, Webb City, Carthage, Neosho and Springfield, Missouri.

The Club was organized during the world war and at that time we made our motto "Service," always ready to serve the community in any way, helping with relief drives and caring for needy families of soldiers.

Our aim is the same as that of the late Colonel Butler's, "constantly striving for the higher intellectual and social life."

The Club meets every month at the homes of its members and after our literary program a social time is spent.

Sincerely,

RUBY MILLER WALKER.

*Lindenwood College Club, Southern
California*

The first regular club meeting of the Lindenwood College Club of Los Angeles and Southern California was held the first Saturday in October, 1918, at the home of Mrs. W. Berger of 611 S. Norton street, Los Angeles. The club was organized in August by Miss Alice Linneman of the Art Department of Lindenwood.

The second meeting was held in March at the home of Mrs. C. H. Baker. Mrs. Baker will be remembered by her school friends as Nellie Ingram, a charming hostess. A delicious luncheon was served and "Do you remember—" was on every tongue. Lindenwood's earliest representative present wore a tag "1859" and the last one of "1907."

An instructive and interesting program is presented at each meeting and is followed by a pleasant social hour. The membership roll numbers fifty members and every effort is being made to former Lindenwood students to strengthen their interest in the Club.

MRS. WM. CARTER
President

Lindenwood College Club
New York

The Lindenwood College Club of New York and Eastern States was started after the L. C. Banquet in August, 1919, at Hotel Pennsylvania, with seven members, and has grown until we have twenty members, with Mrs. Horner (Mrs. Sibley's niece) as our Honorary Member. Having had only two meetings a year, our activities are just beginning to bear fruit, for we have been handicapped in having our eligible members so greatly scattered over the Eastern Territory that it has been almost impossible to establish a central meeting place. The hostesses have been Mrs. Fry (Georgia Tompkins), a noted artist, whose studio as a meeting place was most interesting and made us feel proud of Lindenwood in what the girls of yesterday are achieving. Mrs. Rogers (Ruth Wadsworth), a true Home Maker and Club Woman; Mrs. Carter (Alice Kellogg), the wife of one of New York's leading ministers and lecturers, who is an ideal helper in all

ways; Mrs. Gardner (Anna Brown), whose husband is at the head of the Institution for the Deaf, and whose surroundings remind one of "Old Lindenwood."

We have had the privilege of holding one banquet—that in honor of Dr. Roemer. Our object is to foster good fellowship amongst the alumnae, former students, students and friends, and to stimulate interest in Lindenwood College, and to foster the Scholarship Fund, for which we have pledged ourselves.

The officers are: President, Mrs. Carter; Vice-President, Mrs. Rogers; Treasurer, Mrs. Gardner; Recording Secretary, Mrs. Talley (Alma Mabrey), who is keeping step with her husband in Journalism; Corresponding Secretary, Miss Marie Bruere (who has made a worthy record in her settlement work).

MRS. PAUL SIMPSON
President

Lindenwood College Club
Indiana

The Lindenwood College Club of Indiana was organized at the Claypool Hotel, Indianapolis, Ind., following a dinner which was given at the hotel by Dr. John L. Roemer of Lindenwood College, St. Charles, Mo., in honor of the Lindenwood students living in Indiana. The officers of the club are Mrs. Paul W. Simpson (Maude Jordan), president; Mrs. John Holman (Marguerite Whitmarsh), Vice-President; Mrs. Carl D. Weaver (Georgia Howard), Secretary, and Mrs. Harold Grimes (Ruth Parr) of Danville, Treasurer. Miss Aline Baker and Miss Adrienne Jordan of Vincennes and Miss Eulala Meyers of Monroe City form the membership committee.

Miss Alice A. Linneman of St. Charles, Mo., a former student of the college and for a number of years the head of the art department, acted as hostess at the dinner. Among those present were Mrs. W. R. Andrews, Mr. and Mrs. Paul

Simpson, Mr. and Mrs. K. Weaver, Miss Mary McMahon, Mr. and Mrs. W. McMahon, Mr. and Mrs. John Holman, Husted Johnson and Jepson Cadou of Indianapolis; Miss Mildred Daum of Evansville, Dr. and Mrs. Harold Grimes and Mr. and Mrs. Richard Harvey of Danville, Mrs. W. Findley and Miss Sarah Findley of Kokomo, Miss Eulala Meyers of Monroe City, Miss Adrienne Jordan and Miss Aline Baker of Vincennes and Mrs. C. B. Taylor and Miss Dorothy Taylor of Winona Lake.

"We have had interesting meetings this year and will have more next year."

MRS. R. M. SMILEY
President

The Lindenwood College Club
Kansas

The President of our Kansas Lindenwood College Club, Mrs. Smiley, told me you wanted a history of our club. I do not know how to write you about it. We are very young. We organized at the Hotel Lassen on November 15, 1919, Miss Alice Linneman acting as organizer. The following were charter members: Mrs. Myra Stith Norris of Burdett, Mrs. Nettie Steed Raffington of Hutchinson, Mrs. Eula Edwards Standish of Larned, Mrs. Roger Ewing of El Dorado, Mrs. Nina Blount Reed of Larned, Mrs. Harry A. Miller of El Dorado, Mrs. Mary Schenider Boucher of Wichita, Miss Blanche Sullivan of Attica, Mrs. Rhea Moore Smiley of Augusta and Miss Helen Troup of Wichita. The following officers were elected: President, Mrs. R. M. Smiley, Augusta; Vice-President, Mrs. Nellie Callaham Miller of El Dorado; Secretary and Treasurer, Miss Blanche Sullivan, Attica.

We had our second meeting in June, 1920, in Wichita with a luncheon at the Hotel Lassen and Dr. Roemer was a

guest of the club. Nine members were present. Our third meeting was held on June 9, 1921, at Hutchinson. The Club members were entertained at a one o'clock luncheon at the Bisonte. Yellow and White, Lindenwood colors, were used exclusively in decorating. There were thirteen members present as follows:

Mrs. Nettie Steed Raffington of Hutchinson, Mrs. Harry A. Miller of El Dorado, Miss Pauline Ross Hutchinson, Miss Dorothy English of Wichita, Misses Pauline and Isabel Doerr of Larned, Miss Lillian Slavens of Hutchinson, Miss Keo Richards of Hutchinson, Miss Hazel Howard of Hutchinson, Miss Keo Jordon of Hutchinson.

The following officers were elected: President, Mrs. Rhea Moore Smiley, Augusta; Vice-President, Miss Dorothy English, Wichita; Secretary and Treasurer, Mrs. Nellie Callahan Miller, El Dorado.

The girls voted a small sum for the Gateway fund and decided to have the next meeting in November in Wichita. After adjournment the Misses Keo Richards and Keo Jordon took the visitors in their cars for a delightful hour's ride.

President

*Lindenwood College Club of
Texarkana, Arkansas*

The Lindenwood College Club of Texarkana was organized on January 3, 1920, at the conclusion of a delightful luncheon given by Lindenwood College, with Miss Alice Linnemann, the much loved principal of the art department of the college, as hostess. Invitations were sent to all who had attended the college, both those living in Texarkana and also those in the immediate vicinity.

The guests were: Mrs. Lewie H. Henry, Mrs. I. Bell, Miss Lois Dale, Miss Christine Dale, Mrs. J. R. Dale, Miss Zelle Whitmarsh, Mrs. A. H. Whitmarsh, Miss Lena Drew, Mrs. W. F. Drew, Mrs. L. A. Tanlunson, Miss Jean Logan, Mrs. J. T. Logan, Mrs. J. D. Shaver, Mrs. W. L. Estes, Miss Evelyn Estes, Mrs. Edwin Scales, Mrs. Albert Moore, Mrs. G. N. McClusky.

In response to Miss Linnemann's call for toasts each guest gave some reminiscence, or word picture, which showed the loyalty and loving memory in which Lindenwood is held.

Subsequent to this social hour an organization was formed, the following officers being elected: President, Miss Lois Dale; Vice-President, Mrs. Lewie H. Henry; Secretary, Miss Lena Drew; Treasurer, Mrs. Edwin Scales.

A tea, given on January 3, 1921, for the members and their mothers, was the occasion of the second meeting, which was held at the home of the President, Miss Lois Dale. Only those members and their mothers living in Texarkana were present, except one guest most worthy of special mention, who was the young son of Mrs. Lewie H. Henry.

It is hoped that our meetings will be more frequent and that we will undertake some concerted work as the chapter grows.

Sincerely,

LOIS DALE.

THE TEA ROOM

*Lindenwood College Club, Little Rock, Arkansas**

The Lindenwood College Club of Arkansas was organized January 5, 1920, at a delightful luncheon given at the Hotel Marion by the Lindenwood College of St. Charles, Mo. Miss Alice Linneman acted as chairmann.

The roll of members numbered twenty-seven which included girls from all over the northern part of the state; only about ten were from Little Rock, so our club in reality was very small.

Because of the newness and the smallness of the Club the first year its main object was to foster good fellowship among the Alumnae, former students, students and friends, and to stimulate interest in Lindenwood College.

The Second Annual Luncheon was held December 21, 1920, while the present day Lindenwood girls were at home. This meeting was held at the Elks' Club and those present were: Mrs. Jean Ruetlinger, Mrs. Helen Ruebel Baker, Mrs. J. H. Parkin, Miss Louise Parkin, Mrs. H. C. Rule, Miss Helen Rule, Mrs. F. W. Brockman, Mrs. C. E. Leifer, Miss Mildred Leifer, Miss Bessie Eissenkramer, Mrs. James Garetson, Mrs. Bonnie Lemley Cooper, Mrs. Elsie Paige Oates, Miss Mildred Roetzel, Miss Mildred Martin and Miss Pauline Rice Davis.

During this meeting officers were elected for the year 1921 and a committee appointed to prepare a year book. The names of important women were chosen to be our topics for study.

We, of course, contributed to the Gateway fund; even though it was a very small amount, it was the best we could do.

Now that the girls are home from school for the summer we have planned to have our June meeting in the form of a picnic—and who does not love picnics in the summer with facilities for swimming and dancing near?

PAULINE RICE DAVIS,
Corresponding Secretary.

*We regret our inability to secure a photograph of the president.

Mary Hodgson, San Francisco.

At the meeting following this preliminary meeting (December 10) the permanent officers were elected as follows: President, Mattie Salter Hamilton; Secretary, Mary Barr McMullen; Treasurer, Eva Meek Hain.

The next meeting of the Club was at a luncheon at Hotel Stewart with Miss Olive A. Rauch, Miss Lillian Krauthoff (of the Kansas City Lindenwood Club), Misses Margaret and Mary Mudd as honor guests.

The Club has been meeting once a month ever since the organization. There are so few of us to undertake any sort of concrete work that we call ourselves a social club for the purpose of keeping alive the Lindenwood spirit and traditions and incidentally to raise money for the Gate Fund.

May we live long and prosper as a live Lindenwood Club.

Respectfully,

MATTIE SALTER HAMILTON.

Alameda, California.
