Sibley Day

By: Lacey Levin

In 1827, Lindenwood College was founded by one of America's greatest pioneer families. Major George Sibley blazed and charted the Santa Fe Trail and is historically cited as one of America's great inland explorers. His wife, Mary Easton Sibley, was the guiding force in establishing the college and named her school "Linden Wood" for its picturesque location among the sheltering linden trees. In the early years, Lindenwood College grew from a two-year women's finishing school to a national four-year accredited university. Today, Lindenwood University has more than 15,000 enrollment and more than 10 extension sites. The Belleville extension is the largest of these and the only other site to offer traditional day classes. On Feb. 24, in celebration of Lindenwood University- founders George and Mary Sibley, students, staff, and faculty gathered in Matt's Café. Complimentary lunch and cake was served in appreciation of the historic event, known as "Sibley Day". This was the first celebration for Sibley Day held at the Belleville extension. Worksheets covering Lindenwood history can be found in literature displays in the main hall of the Administrative Building. Please take the time to read about Lindenwood's founding fathers and thank you for helping to celebrate our history.

Counseling

By: Ken Kubicek

The Professional and School Counseling Program has planned two more CEU programs for licensed professionals. A workshop on Sexual Abuse is planned for May 21 and will cover counseling for both the victim and the perpetrator. A second workshop is being planned for Sept. 10 and it will focus on Eating Disorders. Presenters and details will be coming soon. Lindenwood students, alumni, and faculty may attend these workshops at a discounted price. Mark your calendar, and if you have any questions, contact Dr. Ken Kubicek in the Counseling Department: 618-222-1050 ext 4256 or kkubicek@lindenwood.edu

St. Patrick Cookie Pops!

- 20 vanilla wafer cookies
- 1/2 cup peanut butter
- 1 12-ounce bag white chocolate chips
- green and yellow gumdrops
- green Dots® candies
- green and yellow Nerd® candies
- cake decorating writer gel in green, yellow, red, orange, and black
- 1 tube of green cake decorator frosting with tip
- green and yellow decorator sugar
- green food coloring
- ice cream or lollipop sticks
- wax paper or paper plates

Spread peanut butter onto the flat side of the cookies. Place an ice cream stick into the peanut butter on half the cookies. Top with another cookie so the stick is sandwiched between the two cookies. Separate the white chips into two bowls and melt the chocolate chips. After melting, add a few drops of green food coloring to one of the bowls of white chips to make green chocolate. Dip cookie pops in the melted chips, covering completely. Sprinkle with green and yellow sugar and lay or stand on waxed paper or paper plates. Place in refrigerator to chill. **Leprechaun:** After coating with white chocolate, dip top of pop into green sugar. Slice two yellow gumdrops to make beard. Allow to dry on wax paper. Use black and red decorator gel for eyes and mouth and for trim on hat.

Where in the World is LU?

By: Lacey Levin

In our February edition, Melissa Shreve visited the Las Vegas airport. Many people attempted to guess the correct location but Edwin Estrada was the winner for the month of February! Congratulations Edwin! Edwin won a hooded sweatshirt. This month is a very exciting

location. The first person to call (618)222-1050 ext. 4267 or llevin@lindenwood.edu with the correct location will win a terrific prize. Good luck to all and you never know where Lindenwood will pop up next time!

Happy Birthday March Babies!!

Pisces

To start this year out right, get outside and get some exercise first thing on the 1st. Then get back inside and get warm! Eat a big bowl of oatmeal and dried fruit, stock up on healthy, protein-packed nuts and wash it all down with a virgin mimosa. Are any of your friends getting all wrapped up in some kind of drama? Steer clear. Your focus and your energy should be on your health this year. Find balance between conflicting elements of your personality on the 5th. How? Try a couple of different approaches to see what works best. Don't be afraid to fail! The 9th is a day to stay on your toes -- a colleague is up to something that may not work in your best interest. On the 15th, focus on you. You'll be glad you did! Go ahead and sit down with a puzzle on the 20th. It's better than getting sucked up into somebody else's mind games! The 23rd could prove very romantic, so put on your favorite romance pants! Check in with your fitness regime on the 29th: Is it sufficient?

Aries

Your enthusiasm is high and your creative mind is strong--ready to be applied to the work of the day. This is a good day for making decisions, carrying out plans and communicating to others just where you stand. Others have good ideas too. If you stick to the main subjects and do not become distracted by trivialities, you should do quite well with anything that involves selling or trading. You are realistic about your abilities and expectations for success--others learn from your actions. The practical use of your time will most certainly pay off in big ways--bringing good times. You effectively communicate with both friends and colleagues this evening--perhaps a dinner or some social gathering is in the plans for this evening.

In With The Old

By: Denise Chism

Spring is almost here! Department stores have their racks assembled with spring fashions, but some of the popular and latest trends are too expensive. We all want to look nice; but at what cost? Instead of buying new clothes, pull out your apparel from last year and build around what you already have. Purchase accessories in vivid colors to accent your wardrobe. Spring and summer are the best seasons to experiment with different hues. Challenge yourself to incorporate a pop of color into your outfit and discover how you can turn your outfit from last year into an innovative, unique look this year. Colors for spring: turquoise, olive green, lilac, peach, and salmon rose.

Here are a few must have items to turn something old into something new: waist belt, earrings, bangles, heels, sun dress, boyfriend blazer, leggings, denim vest, bracelets, and clutch purse.

Paige Shuette Joins Women's Basketball Team

Former Okawville basketball player Paige Schuette signed with Lindenwood – Belleville on Wednesday, which makes her the second official member of the Lynx women's basketball team. Schuette was one of a long list of players Coach Spinner is actively recruiting for next year. He believes her positive attitude and ability to shoot the three will strengthen the team in their inaugural season.

Player Profile

Paige Schuette

Shooting Guard • 5'7" • Pre-Nursing • Sophomore (Fall 2010)
Okawville, IL [Okawville HS | SIUE]

Quote from Schuette: "I'm really excited to get back into basketball at Lindenwood. I've been watching my sister play at Okawville and I really miss it. I can't wait to get in the gym and start working."

Quote from Coach Spinner: "The coaching staff and I are excited to have Paige on the team. She is a sharp-shooter and we will be looking for her to knock down shots from the outside. She should give the offense a nice balance. We're glad to have her on board."

What's My Name Again?

Hello Lindenwood Readers!

I just wanted to greet you all and say hello! My name is Elwood Sibley. I am the Lindenwood-Belleville mascot. There was a contest held to give me a nickname and Darlene Quellmaltz of O'Fallon, IL was the winner. We had a few people enter the same name, however, Darlene sent in her submission first. Congratulations Darlene! You are the winner of a \$100 Wal-Mart gift card. We had so many people write in and suggest great names like Sir Lynxalot, Lincoln, LUBI, Cuff, Lindy, and a really funny suggestion was Sausage. All the entries were great and we thought Elwood was the best fit for me. So, I would like to say thank you to the community for helping to name me!

Elwood says, "Erin Go Bragh!"
