Changing Times

A fresh approach to education was taken at Lindenwood in order to get back on track. In the early years of Lindenwood, only the education of females was catered to. In 1969, Lindenwood allowed males to become a part of the curriculum. New sports, such as football, followed with the onset of this coeducational program.

New ideas and faculty

took precedence over the 1989-90 year. Most of the changes occurred with the addition of a new interim president, Dennis Spellman. Many goals were achieved: the undefeated football team and a continuation of a winning tradition for women's soccer. For the first time in Lindenwood's history the number of males on campus exceeded the female population. Also, the college community as

a whole almost doubled. Although adjusting to the changes was rough at first, all the students seemed to adapt quite well. After all, it took changes to make Lindenwood what it is today.

Kelly Hamilton

Dear Students,

I am certain the memories in this book will have special meaning for you time and time again, as you chance to peruse its pages. The sentiment, however, goes beyond the remembrance of college days.

As a student, you have set definite goals for your years beyond Lindenwood's gates. And because of your liberal arts background, I sincerely believe that you will attain great success in accomplishing your goals for the future.

Realizing the importance of a personal and an individualized education — where faculty know you by name, assist with your class projects, and even provide valuable references for your future employment — has given you a great competitive edge for success.

Coupling the faculty with the liberal arts curriculum has set the stage for your adaptability. Also, your sense of values has been heightened through your class studies and extracurricular activities. With this kind of well-rounded education, you possess the foundation to succeed.

You have experienced many changes in your alma mater. But, I would be willing to guess that you feel you have changed, too, since you first stepped onto this beautiful campus.

Just as you have grown and matured, so must Lindenwood continue to change with the times. Staying innovative will help you and your alma mater remain steadfast in a rapidly changing world.

I wish you all the best now and in your years beyond Lindenwood College. Look fondly upon these pages, and remember that the growing we have shared has helped us both to blossom into the next decade.

Please come back and visit us often. And, remember that Lindenwood College is always here for you.

Sincerely,

Dennis C. Spellman
President

Walking Into Christmas Spirit

The fourth annual Christmas Walk was held Sunday, December 3, 1989, from 4-7 p. m. More than one hundred people attended this event sponsored by Lindenwood Student Government.

Over one thousand luminaries were placed around the campus. Some of the activities included: storytellers, bell ringers, The Emmanuel Luther Bell Choir, musical recitals, and a Brass Quintet. Santa Claus also made a special stop to greet the younger visitors.

Students decorated their residence halls. Lindenwood Alumni got into the spirit by helping to decorate Sibley Hall. Visitors were taken on tours of the campus by members of the student government. An open house was held in conjunction with Christmas Walk and all dorms on campus were given visitation privileges.

A Christmas Carol

Scrooge (Rodney Whatley) gets an unexpected visit from his late partner, Joseph Marley (Scott Debroux).

Scrooge (Rodney Whatley) and the Ghost of Christmas Past (Susan Crain) visit Young Scrooge (Matthew O'Brian) and his sister, Fan (Nicole Schlueter).

Paul Butts

Paul Butts

The Christmas season began with the presentation of *A Christmas Carol* by Charles Dickens. The story centers around a selfish man named Ebenezer Scrooge who only cares about money. The ghost of his late partner, Joseph Marley, comes and tells him that he must change. The Ghosts of Christmas Past, Present, and Future each take him on a journey through time. First, he sees all the pain and happiness of his life as a young man. Next, he is shown what people think of him in the present. Finally, he discovers the future that lies ahead. Through these spirits, Scrooge learns the true meaning of Christmas.

-Lisa Kvislen

The cast gathers together to celebrate a happy ending.

Everyone was actively involved in dorm life. Peaceful protests of on campus students helped to ease the friction of the new rules enacted, such as the lack of visitation. Petitions and good behavior of student residents led to lounge visitation.

"I feel that the changes in dorm visitation is very immature because we are legal adults and responsible for our own actions," said Marion Blanton. Lounge visitation caused few problems and helped to show that the students were dependable. Also, upperclassmen were allowed to live in Nichols Hall which was the only co-ed dorm. In addition, Strumberg residents were given visitation at certain times. Jennifer Dikes said, "Upperclassmen having the co-ed dorm is fair since you need to start changes with the freshmen."

A Murder Mystery

Imagine the year 1924. America is having the biggest party of American history: the roaring 20's. And, in your private sector of the world, in a ritzy part of New York City, you and several other people have been invited to a speak easy. However, all the invited guests are suspects in one of the biggest underworld murders that has ever taken place - and one that needed to be solved.

Thus, the scene for Lindenwood's Murder Mystery night on February 8, 1990. The murder spectacular was developed by Jennifer Jonassen and sponsored by the Lindenwood College Circle K Club. Overall, the event went well. It lasted 2 hours, and in the end, each person guessed who they thought the murderer was. If the guess was right, the character or spectator received a prize.

Nationals

Lady soccer players could be found boarding the Lindenwood vans on the chilly midnight hour of Thursday, November 16, 1989.

"We knew we could do it. I remember the first day of practice and talking about going to Nationals," said Lisa Sorenson.

They were on their way to Nationals with high hopes and spirits of bringing home a Lindenwood victory. The competition was difficult but the girls still managed a third place in Nationals.

Sports

First Year Roar

The addition of a football program at Lindenwood was, according to Leo Kalips, a major success. The club surprised everyone with their continuous victory drive. Kent Mouser admitted his surprise and added, "going undefeated in the first Lindenwood season showed the courage, determination, and discipline that made this young team a winner."

Winning wasn't as easy as the club made it look. August 23 marked the beginning of grueling practices. Tim Hill said, "playing and practicing on the astro-turf intensified the heat." On the other hand, liked it's traction and preferred playing on it when it rained. Eric Stearman said the astro-turf wasn't the only toughening agent of the year. He remembers Keith Waldman, Pat Ferguson,

and himself doing many painful up-downs.

The Lions ended the season by winning against Kemper's varsity. Captain John McBride stated, "the Kemper game was a great way to end an undefeated season. It was by far the best football game in Lindenwood's 162 year history."

-Kim Shields

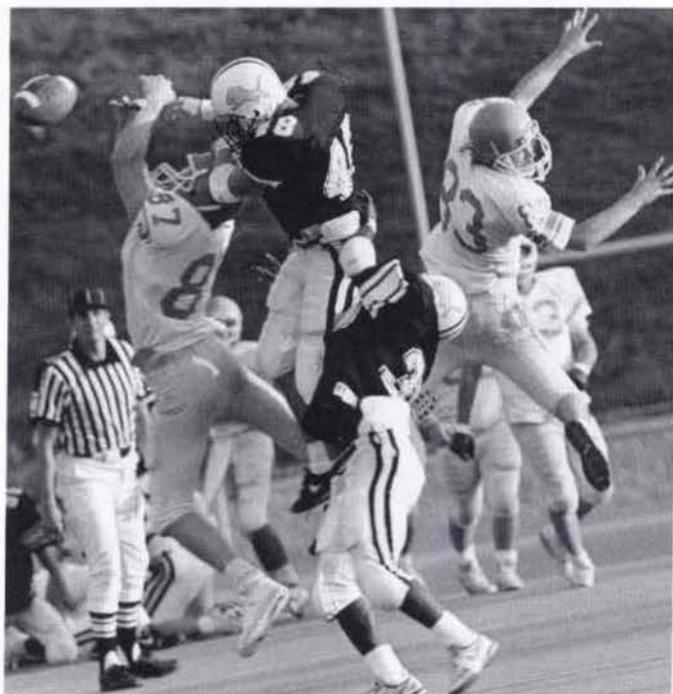

John McBride carries the ball through the line as Hoyt Gregory blocks for him in the Haskel Jr. College game.

Men's Soccer

Above: Bob Mertz and Ted Naumann take a break from the action.

Center: James Primo congratulates a teammate on a victory.

In their first 15 games, the men's soccer team had a record of 9-5-1. Unfortunately, the next five games were a nightmare. Injuries sidelined five starters and the final season record fell to 10-11-1.

The sophomore, junior, and senior players were excited to beat Fontbonne College twice. They enjoyed defeating their former coach's new team.

Coach Buzz Demling felt that winning the first playoff game against Missouri Valley was the highlight for the team's season. Another highlight for the season was Co-Captain Bob Mertz scoring his 50th career goal.

Lady's Soccer Team Goes To Nationals

Women's Soccer
20-3-1

THIRD IN NAIA TOURNEY

A continual winning streak of Lindenwood's Lady Soccer team did not let up as they attended Nationals at the end of the season. "We knew we could win and go on to Nationals because we were capable of it," said Rhonda Kacizak.

Team unity, as in any sport, was important to the Lady Lions and their victories. Not to mention a family atmosphere that must be felt by all the players. Concern for members of the team and the anticipation of going to Nationals was enough to keep the spirits high in the long prac-

tices. "We knew that we could do it. I remember the first day of practice and talking about going to Nationals," stated Lisa Sorensen.

Obviously, going to Nationals was not just talk when the soccer players boarded the vans on Thursday, November 16, 1989, with hopes of bringing home a Lindenwood victory. Upon their return, the girls not only brought with them a 3rd Place victory but also a positive attitude about next year.

Lindenwood Lions basketball team warm up for a big home game.

Good Job

Lindenwood college men's basketball team gave the college a winning season of 15 and 12. They had troubles with away games, but were two games short of an undefeated season at home. Jim Anderson said, "I think we played good in pressure situations, but we couldn't pull the trick out of the bag." Their excellent play at home brought Lindenwood fans to watch the Lions play at St. Charles High School gym. The team leaders, Todd Davis, Scott Parish, Tim Turner, Mike Stephenson, and Jody Scott, showed the spirit of the cliché "it's never over 'til the fat lady sings." Davis, leading scorer with a 22 point average, showed his leadership every time he hit the court with his aggressive play. Stephenson was the second leading scorer with 14. 6 point average per game. Coach Siebels said, "it was the first winning season in many years." Jody Scott believes it will be a season to remember.

-Doug Hall

Bill Cackley, Todd Davis, Mike Stephenson, Mark Johnson, and Jody Scott come to the bench at a time out to listen to Coach Siebels game plan.

Satisfying Season

The Lions men's track team this year was disappointing to Coach White because of the number of athletes that participated. He brought in many all state track competitors, but only a few were able to run. The team consisted of three runners: Walter Hairston, Berry Copridge, and Tim Wunsch. Hairston, a 110 hurdler in high school, switched to a 800 m distance runner because he always wanted to run the 800 m. Copridge is a long jumper and a 400 m runner. Wunsch, a 10,000 m and a marathon runner, qualified for nationals in Texas. Hairston said, "Even though the track team is small, we have accomplished a lot. No step is too great. I feel this track team brings a family attitude every time we run. We all pull for each other." Copridge feels he improved in many ways. "Not only have I gotten stronger, but I've also improved my skills," he said.

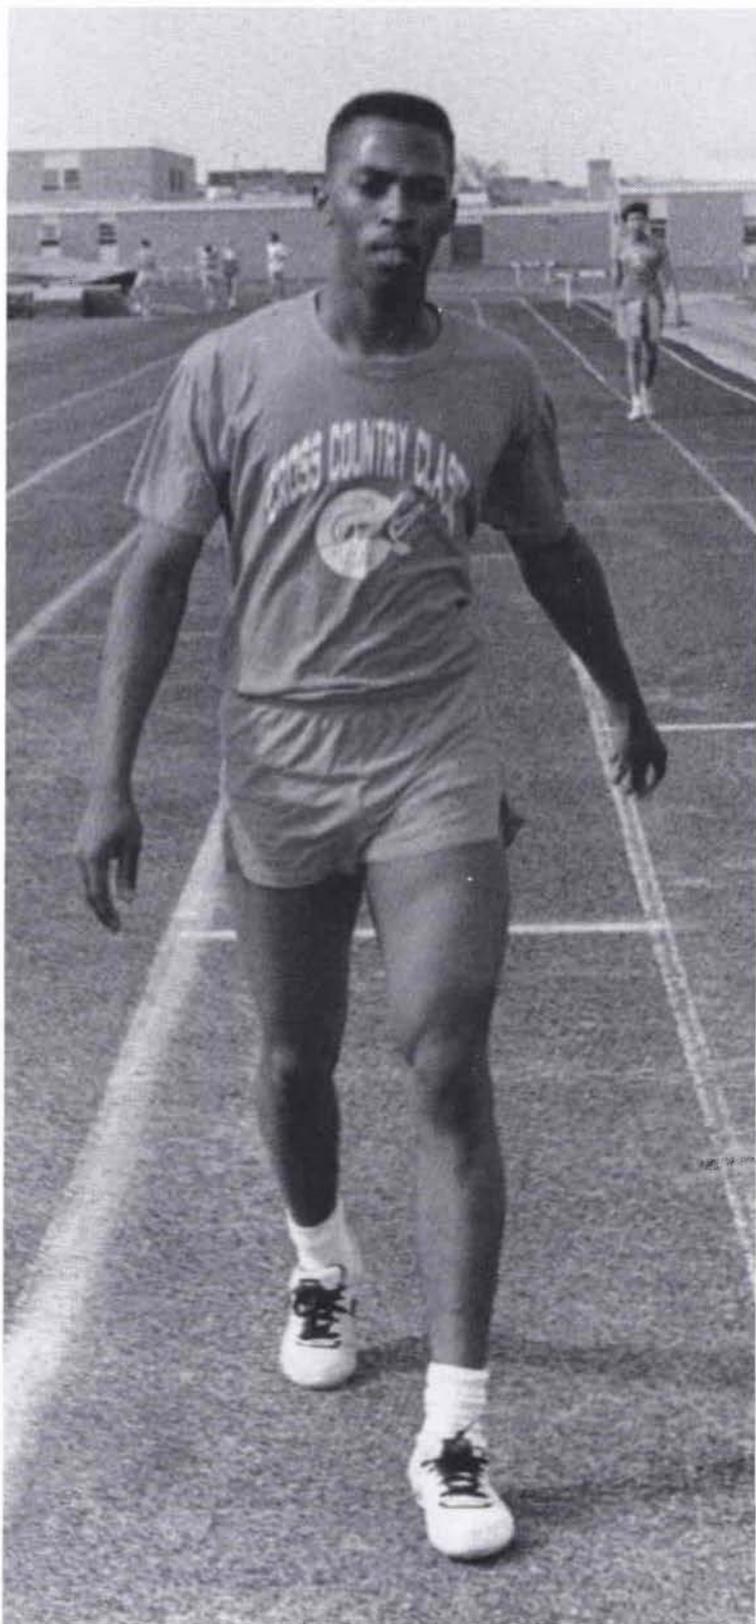

Coach White said, "The team has a lot of growing up to do, but maybe someday the team will be NAIA champs."

LaTasha Thompson practices her take-off.

Doug Hall

The Lady Lions track team consists of Rochelle Wilson and LaTasha Thompson.

Quality Not Quantity

The Lady Lions track had a disappointing season because of the numbers. The team was LaTasha Thompson and Rochelle Wilson. Thompson, a sprinter, ran the 100 m hurdles, 100 m, and the 200 m. Wilson was a 1500 m runner and a high jumper. In assessing the season, Coach Gary White said, "I'm proud of their performances and I hope to recruit more hard workers like them."

Bob Mertz runs into two opponents while making his way to the goal.

Lion Baseball is Back

It was a home run with the bases loaded. The Lindenwood College administration hit a grand slam by bringing baseball back to Lindenwood.

After being on the bench for seven years, Lindenwood baseball players are back on the field with more enthusiasm than ever. "We are a bunch of freshman, but we are going to be fair," said Jeff Burton. Jeff set a record for stolen bases in his home town, Odin, IL, with 73 in one season.

However, the players were not the only ones who were optimistic

about the 1989-90 baseball season. Coach Art Siebels said, "I am pleased with the team. I think that down the road we are going to be pretty good."

Other players included Keith Waldman, and James Massenberg. All of them are outfielders. Infielders included Gene Boyer, Blake Crane, Greg Kerner, Matt Lauber, Dan Millheiser, Scott Parrish, and John Schaefer.

Catchers are B. J. Baumhoff, Mike Huber, and John "Boo" Cathey. Among the pitchers are Monte Beatty, Shawn Bond, Todd Davis,

Mike Stephenson, and Tim Turner.

After the fourteenth game, Scott Parrish, a freshman from Whiteside, MO, thought that the baseball team record did not reflect the team's ability. "We are two and twelve, but we could easily be eight and six. Also, we lost some games in which we were ahead going into the seventh and them batting, but then they scored the runs to win it," Parrish said.

The fans, as well as the coach and players, are expecting a better season next year.

Nicole Harlan

Above: Christina Trail tags the runner on an attempted pick off play.

The softball team had a frustrating season. At the beginning of the season, Coach Dorothy Heinieke was hospitalized. Fortunately for the team, Ron Rice was able to take over as coach. Cathy Bay was the team's most promising pitcher. However, she was able to attend only one game and Rhonda Kaciazak became the team's starting pitcher. The team lost games to Maryville, Hannibal-LaGrange, and East Central by one run. In the Hannibal-LaGrange game, the tying and winning runners both tripped rounding third base in consecutive plays. They were tagged out and the Lions lost the game. Rice felt with more experience the team would improve their 2-9 record.

The cheerleading squad consisted of Regina Barksdale, Dana Fisher, Carman Bailey, Laurie Crawford, Debbie Nack, Lavanda Mungle, Jenny Milton, and Kim Shields.

Cheer '90

Cheerleading tryouts were held in the gymnasium of Butler Hall. Each girl took a number and then waited her turn to do her routine. After all the routines were completed, squad leader Carol White announced the new cheerleading squad.

The cheerleaders cheered for the football and basketball teams during the home games. Because of the delay of basketball uniforms, the cheerleaders began cheering late in the season.

Shannon Angelton said, "Much of the practicing was done on an individual basis because of the squads conflicting schedules." When the squad did practice it was held either in front of Butler Hall (weather permitting) or in the dance studio located in the Fine Arts Building.

-Nicole Harlan

Middle right-The squad performed the "Touchdowns Lions" cheer to motivate the team and crowd.

Right-Cheerleaders begin a cheer to motivate the football team.

Donating Life

A diverse group of people sat in Parker lounge. Some twitched nervously while others, more experienced, waited calmly for their turn. What all these individuals held in common was their willingness to give "the gift of life."

Lindenwood hosted two blood drives in the 1989-90 school year. Lynette Basler was the student in charge of organizing the drives held in McCluer lounge on October 3, and in Parker lounge on March 18. The results were 28 pints and 31 pints respectively. According to American

Red Cross nurses, each pint donated helps save three lives.

Freshman Gene Boyer, first time blood donor, commented, "The experience left me drained literally." Tom Clark, on the other hand, boasted donating blood numerous times. "I figured with my size I could spare a pint," Clark said.

All efforts were greatly appreciated. Everyone was encouraged to come again and aid Lindenwood in more successful blood drives.

-Kim Shields

Plays, Plays, Plays

Paul Butts

Above: Tim Stouffer (Pierrot) is testing the mentality of Kim Hurley (Columbine) in the production of *Aria Da Capo*.

Paul Butts

Above: Jonathan Becker is trying to stop Chris Kohn from fighting with Jimmy Freund (Mel) and Tim Stouffer (Linc) in the production of *Slam!*.

Kim Freese

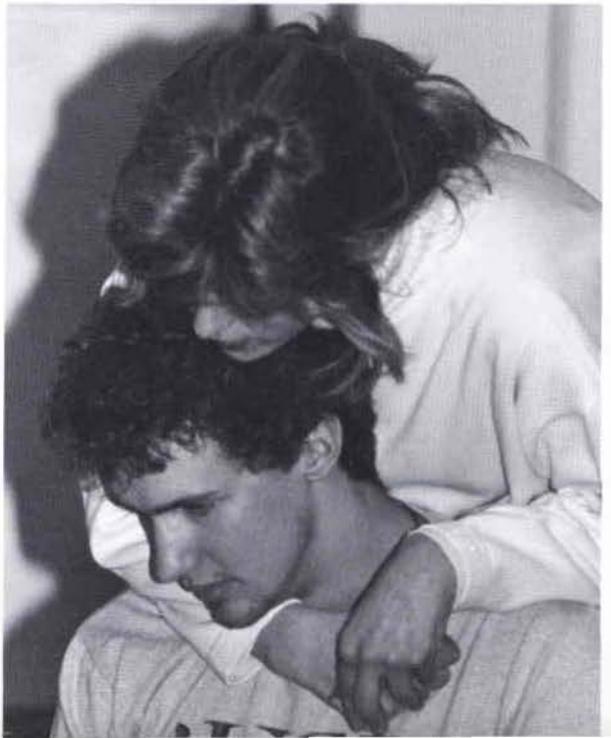

Above: Chris Kohn is rehearsing for the part of Goldberg in *The Birthday Party*.

The Lindenwood College Downstage Theater presented a double production of *Aria Da Capo* and *Slam!* on March 30 and 31, and the production of *The Birthday Party* on April 12, 13, and 14. *Aria Da Capo*, written by Edna St. Vincent, presented harlequins, traditional comic characters in pantomime, and shepherds, people who watch over sheep. The theme is centered on life being interrupted by war and continuing as if nothing had happened. The harlequins were Pierrot (Tim Stouffer) and Columbine (Kim Hurley). The shepherds who participated in the war were Corydon (Jonathan Becker) and Ahrysis (Nicole Schlueter). The harlequins were interrupted by Corthurnus (Jennifer Jonassen), who acted as an on-stage stage director. *Aria Da Capo* was student directed by Barbara Samuels.

The other play, *Slam!*, written by Jane Nixon Willis, centers on the decision of Lincoln (Tim Stouffer) to try to find a better life for himself. He talks about the decision to his friend Mel (Jimmy Freund) throughout the play. Chris Kohn and Jonathan Becker portray two punks who interrupt the main characters for a brief time. *Slam!* was directed by Wendy Brothlerlin.

The Birthday Party, written by Harold Pinter, is a three act play directed by Bryan Reeder. Petey (Rodney Whatley) and Meg (Jill Endraske) own a boarding house in which Stanley (Jimmy Freund) lives. Goldberg (Chris Kohn) and McCann (Scott DeBroux) came to interrogate Stanley and to take him back with them. Susan Crain acts as Lulu who is a friend to Meg. *The Birthday Party* is riddled with symbolism and can be interpreted in many ways.

-Kelly Hamilton

Right: Jill Endraske (Meg) is showing her affection for her house guest Jimmy Freund (Stanley) in a rehearsal of *The Birthday Party*.

Underclassmen

Work And Learn

Rising costs of a college education led administrators at Lindenwood to implement a work study or work and learn program for all students living on campus. This program students are assigned various jobs on campus. The total amount earned each week is directed toward college tuition.

Each job has a set salary of \$4.00 per hour. After the ten hour week, signed time sheets are handed in and immediately deducted from that student's tuition.

"I think each job for work study

needs to be paid according to its level of difficulty." said Matt Ayres.

"The only complaint I have is that work study should be geared toward career goals," Jeff Burton said.

Lindenwood tried to place people in various jobs where they had some experience, however, jobs such as maintenance and dorm cleaning were needed also. Students found it helpful in cutting down on costs and gave them valuable work experience.

KCLC 89.1

For more than 50 years KCLC has played in the St. Louis area. The station started on the AM frequency which only reached the Lindenwood campus. It switched to FM in 1968. This allowed much of St. Louis to hear KCLC. As a non-commercial station, it provides music from pledges and contributions of its listeners. Receiving no state or national funding, the school finances most of the station's expenses.

The types of music that are broadcasted include jazz, Christian rock, blues, and gospel.

-Doug Hall

Circle K Convention or Bust were the words written in dust on John Batts' car. Twenty-one Circle K members, John Mueller (faculty adviser), and Kenton Kolker (Kiwanis adviser) packed their luggage and began their journey to the Missouri-Arkansas District Circle K Convention. The event was held at Lodge of the Four Seasons in Lake Ozark, Missouri, on March 9-11, 1990.

The members attended general sessions, workshops, and caucuses. John Snipes and Jackie Zaczek represented Lindenwood at the House of Delegates.

Lindenwood Circle K won many awards such as the MO-ARK Circle K Man Mile Award for having the most members attend the convention. The club was given the MO-ARK Circle K International Outstanding K-Family Interaction Award and 1990 MO-ARK Circle K Outstanding Club Achievement Award for the many hours of community service the members completed. Kenton Kolker was chosen as the best Kiwanis adviser for his work with the club. John Mueller won the award for the best faculty adviser. Jim Beck received the Al F. Sullivan District Officer Award for his work as Lieutenant Governor of the Gateway Division.

"What lies behind us and what lies before us are small matters compared to what lies within us." - Ralph Waldo Emerson

The Griffin is the literary magazine of Lindenwood College, published annually by the Griffin Society.

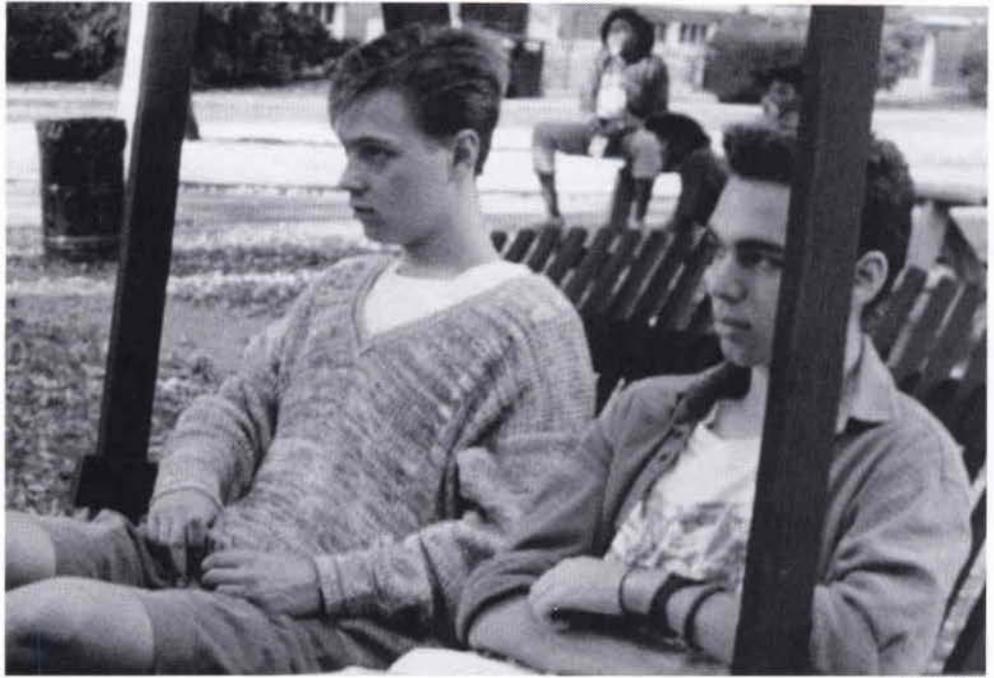

The Society is comprised of Professor Jean Fields' Creative Writer's Workshop. The 1990 edition of the Griffin is an anniversary issue dedicated to Mary Easton Sibley.

The organization and the magazine encourage students to express themselves through writing, photography, and artwork. Tim Stouffer said, "There is a lot of talent at Lindenwood, The Griffin is a great opportunity for maturing writers."

Stouffer said, "I think the quote from Emerson illustrates perfectly any theme or purpose we might have."

Above: The co-editors of The Griffin literary magazine are Tim Stouffer and Byran Audrey.

Lindenwood students have found many activities, both on and off-campus, to keep them occupied. On warm days, students may be found lounging on the front steps of their dorms, while others prefer to spend their time on the swings. Many people go to the dances, sporting events, plays, and other activities sponsored by the school. Those who prefer to find entertainment off-campus might go to the movie theatre, miniature golfing, dance clubs, shopping, parks, or go to see the St. Louis Cardinals or the Blues in action. It is common to go to one of the many fast-food restaurants and see fellow students. However, some students spend their free time sleeping, gossiping, eating, or studying in their rooms. Because Lindenwood College is located near the St. Louis Metro Area, there are many places to go and many things to do for college students.

The need for money will never change. Everyone needs money for just about everything they do. Even if you have imagination and enthusiasm to do something, you still need the almighty dollar. There are many names for it: dough, moolah, bucks, and green power. However, there are only a few ways to get it. If you are the fortunate, your parents will bless you with their riches. But if that is not enough, then what? You got it . . . Work. There are, of course, other ways to get money but, hey, you have to purchase a lottery ticket to win.

Okay, so now you have your money. Where do you blow it? Dates, clothes, Zips, cars, stereos, books, etc. all take their toll on the pocketbook. How you decide to use your money is a big decision, but we all know spending it is definitely fun!

People Change

Once my life revolved around a friendship.
 When I was with him my heart was free.
 We helped each other through the trying times.
 He said that he would do anything for me.

But people change and interests tend to stray.
 The ties we had came lose as time passed by.
 To be like we were before, each night I'd pray.
 It brought me down to see a good thing die.

Just when it was more than I could bear,
 You saw my pain and asked me what was wrong.
 You listened and I knew you really cared.
 You cheered me up and filled my heart with song.

When good friends grow apart, I now can see,
 It's best to give them space and set them free.

Nexus Unites

Before a group can enter the open society, it must recognize its' heritage, unite, and build a sense of community. "It is a call for people to define their own goals, to lead their own organizations and support those organizations. It is a call to reject the racist institutions and values of those institutions," said Charles Hamilton. Nexus. The very meaning of its' name is that of a bond, a bond which connects every member of the organization to the outstanding attributes of its' culture. Nexus

not only concentrates on embracing its' culture but also reaches out cross-culturally.

The purpose of Nexus is to promote academic excellence, cultural awareness, and career oriented activities. The members of Nexus strive to achieve each of these goals in all its' endeavors.

Tartuffe

Paul Butts

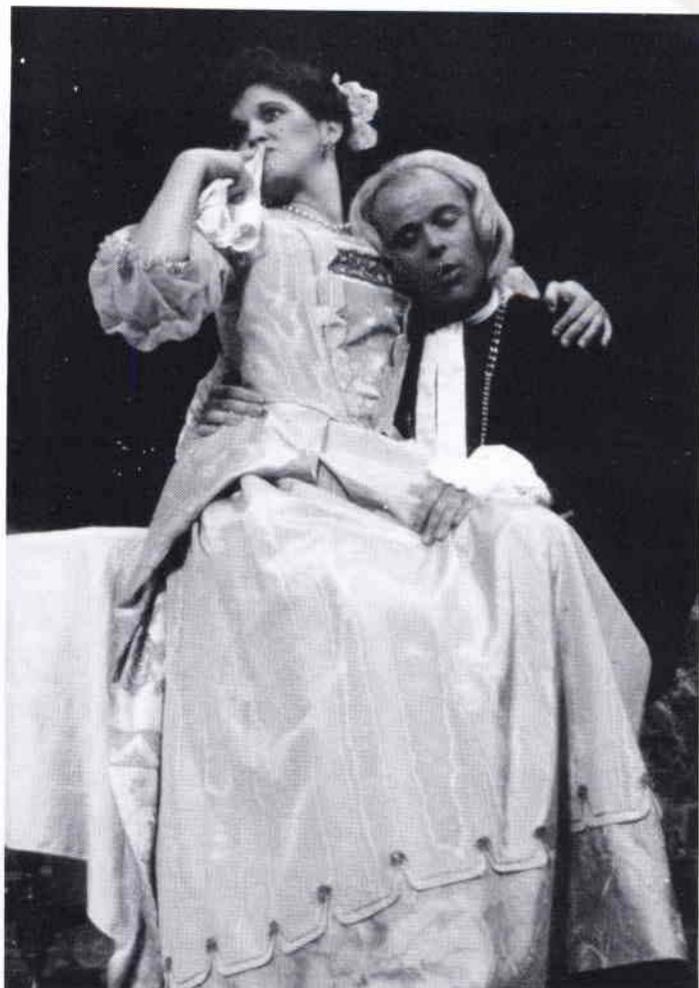

Top Left: Elmire (Wendy Brotherlin), Dorine (Shelley Miller), Cleante (Chris Kohn), Mariane (Barbara Samuels), and Orgon (Jeff Cox) try to decide what to do after Tartuffe gets the deed to the house.

Tartuffe was presented by the Lindenwood College Theatre Department, February 15-17 and 22-24, 1990 at Jelkyl Theatre. This French comedy, written by Moliere, is about Tartuffe, a con artist who tricks a man named Orgon into giving him everything he has, including permission to marry his daughter. Orgon's family knows that Tartuffe is a fraud. When they finally convince him of this, it is almost too late. The play has a happy ending with Orgon getting his estate back and Tartuffe going to jail.

The Soviet Exchange Program began in the Spring of 1989 when a group of fifteen students from Lindenwood visited Moscow, Leningrad, and Azerbaijan over the course of two weeks. In November 1989, fifteen students from the University of Baku came from halfway around the world to see Lindenwood. In a short ten days, those foreign students seemed as close as next-door neighbors. Although they liked their Pepsi hot and their strictly continental breakfast cold (they just said nyet to our bacon and eggs), we shared the mutual goal of peace and understanding of cultures beyond our own. Everyone at Lindenwood was amazed to see the Azerbaijani's bright faces and hoped to receive a small souvenir (which the students brought by the suitcase). There were pins and pioneer scarves, albums of their national music, Russian chocolate, and a national Azerbaijani silk scarf or two.

Members of the Soviet Exchange Project took the Azerbaijani's on field trips such as Cakohia Mounds, the Arch, and a special shopping spree at Walmart. The Soviets especially likes pizza at Pio's and crashing a wedding ceremony in St. Louis' Old Cathedral (downtown). Tearful goodbyes marked the end of the Azerbaijani's stay in St. Charles, but soon another delegation will travel to Baku in August or September of 1990. There the exchange of songs and smiles will begin again, halfway around our little Earth. - Sophia Wehmer

Spring Break '90

Whether it was staying at the beach, spending quality family time, visiting old and distant friends, staying at school, or even working; students had a time to rest their minds from the hustle and bustle of school. Lindenwood's spring break was from March 5-9.

The pressure of school was lifted from the students at least for a short time.

Spring Fling

Nicole Harlan

Above: Two students pose after finishing their meal.

Melissa Braungardt

Many events were planned by the administration for the 1990 Spring Fling. Mud volleyball was scheduled for Friday, April 20, but was cancelled because there wasn't any mud and a net was not available. Circle K sponsored a dance in the cafeteria. On Saturday, April 21, International Club sponsored several activities, including a snow cone sale. An Earth Day lecture, sponsored by L. I. N. C., was given by St. Charles mayor Grace Nichols. Two bands, "Tiger and the Ultimate Experience" and "On Tap" played for students at the Tea Hole Deck. On Sunday, several students listened to "Suede Chain" before going back to their rooms to study for their finals.

The St. Charles Alumni Club

Congratulations to the class of 1990 from the St. Charles Lindenwood Alumni Club. Please accept our invitation to join our group and keep in touch with Lindenwood.

The Kansas City Alumni Club

Congratulations to the graduating class of 1990! The Kansas City Alumni wish you good luck in all your future endeavors!

That's All Folks . . .

As the 1989-90 school year for Lindenwood College comes to an end, and we say good-bye to new friends and familiar faces, we look back at the changes our college has seen. Enrollment on campus for the fall semester of 1989 was at a high. The new students filled the dorms and classrooms. On September 27, 1989, the Lindenwood College Board of Directors named Dennis C. Spellman as Interim President and Chief Operating Officer. Mr. Spellman began the year with many changes in mind. By the beginning of October, lounge visitation began for all the traditional dorms on campus. The beginning of the spring semester of 1990 brought changes for the student center. The center was officially moved from the center of campus to a newly renovated Butler Hall. The bookstore was moved from the first floor of Niccols Hall to the basement of Roemer during the fall semester. The relocation of the bookstore allowed the planning and building of additional housing for the upperclassmen residents on campus. Many more additional changes are in planning for the improvement of Lindenwood in the following years. So, in closing we can look forward to a new year with hope for many more changes and the hope for the ultimate educational experience at the "wood".
