ANNUAL REPORT OF THE DEAN OF LINDENWOOD COLLEGE

For The Academic Year Closing

June 20, 1922

-0-

To the Board of Directors and President of
Lindenwood College, Saint Charles, Missouri:

Gentlemen:

I have the honor to submit to you my sixth annual report on the educational condition and progress of Lindenwood College, during the academic year, 1921 - 1922.

EDUCATIONAL PROGRESS:

The scholastic requirements have been raised from year to year until a high degree of work is demanded. This past year has been the most successful year educationally in the history of the college. We have graduated our second class in the four-year course, and the number in the class was increased from one to eight; and the prospects for the coming year indicate an even larger class.

Last year saw the formal admission of Lindenwood into the Missouri College Union, an organization whose membership is composed of the standard four-year colleges of the state. Lindenwood is the only woman's college which belongs.

In March, Lindenwood was admitted to membership in the North Central Association of Colleges and Universities. This assures the acceptance of our credits in the Colleges and Universities of the country.

Our Faculty for the coming year has been strengthened by the addition of two members who already hold the Ph. D. degree and have had extensive experience. These two will act as head of the department of Chemistry and of the department of Biology.

The majority of the members of the faculty would be able to finish the work for the Doctor's degree in one more year. We are now working out a plan which will allow two to go each year and take their degrees.

We are not advertising any academy department for the coming year, but have arranged to accept Special Students who desire work in Music, Art or Expression. This means that our work will be largely concentrated on College classes. It has been necessary to add to the faculty for the coming year. This is required because of the fact that we are still in a transition period, and, in order to build up the last two years of the College course, we have to offer a number of courses though the classes are small. This difficulty will automatically adjust itself in a year or two.

NIGHT SCHOOL:

During the first semester we had a number of requests from teachers in the Saint Charles schools for a course in Education. The new requirements of the city make it very difficult for these old teachers, who are not college graduates, to hold their positions. They are required to complete a specified number of hours of Education work during the year. Some of them are not financially able to go away for a summer session. Sympathizing with their difficulties, we were able to arrange a night class for them, and Mr. Dailey was glad to assume the additional work. The class met two evenings each week, and had fifteen members enrolled.

GENERAL ENROLLMENT:

Again the enrollment taxed the capacity of the college. A total of three-hundred-and-sixty-four students were enrolled, coming from twenty-three states. This is an increase of thirty-nine over the enrollment of the previous year.

The students were distributed as follows:

COLLEGE DEPARTMENT	1921		1922

COMMENCEMENT:

The Commencement this year was a particularly happy one, and the address by Doctor Gage was unusually interesting and instructive.

The following degrees, diplomas and certificates were conferred:

DEGREES, DIPLOMAS AND CERTIFICATES CONFERRED

On the thirtieth day of May, 1922, the following degrees, diplomas and certificates were conferred:

LITERARY DEPARTMENT

Bachelor of Arts.....	3

(1921 Grand Total.....76)

LINDENWOOD COLLEGE CLUBS:

The work of the Lindenwood Clubs is steadily growing. There are twelve live organizations now which reach from New York City to California. Their cooperation and support is most gratifying.

COLLEGE PUBLICATIONS:

In addition to the usual annual publications of a Catalog, Bulletin, Hand Book and Annual, a second edition of the history of the college was issued as souvenir for the dedication of Roemer Hall. This book, "The Newer Lindenwood," covered the more recent history of the college. Another edition of the Alumnae Directory is ready for the press, and in addition to the other material will contain the name and address of as many Lindenwood girls as possible. In the past there has been no record of the year, name and address of students who were not graduates of the college. In reality, many of these girls are the most loyal and enthusiastic supporters of the college. It seemed best to work up this list and get it corrected in order to have a complete mailing list for the material relative to the next Home Coming in 1927. No former student of the College should fail to receive the material relative to the celebration of the Centennial.

NEW HONOR ORGANIZATION:

Alpha Sigma Tau

During the past year a new honor society, membership to which is based upon scholastic standing and general fitness, has been organized with eighteen charter members. Inasmuch as Lindenwood is now a four-year college, her membership in the old Phi Theta Kappa organization automatically ceased. The new society has been named Alpha Sigma Tau, and has very high standards.

The Faculty feel that this has been the best year in the history of the College. There has been a different spirit among the students, which, we feel, is due to the fact that Roemer Hall has added a dignity and importance to the educational life of the College. It seems as if the students have assumed a greater responsibility for the success of the College.

A letter has just come to my desk from one of our Seniors, who was here only this year. I think she has described the spirit of the year better than I can possibly describe it. In part, she says:

"I would like to thank you all for my beautiful year in Lindenwood. Words can't say it, though, because it is more a feeling in my heart, and a deep conviction that I owe all of you very much more than I can ever, ever hope to pay. I think leaving would have been easier, if I had not come away with the conviction that I had gained so very much and left so pitifully little. I should enjoy doing it all over again and trying harder. I count this the very happiest year of my life, and except for my own failures to do the most and best, there is nothing I would change if I could."

This realization of so much gained and the "knowledge of having started alone, having learned to study, to concentrate, to mix with strange people," thoughtfulness, courtesy to older persons and real joy over the success and honor which has come to their fellow classmates, is typical of the Lindenwood girl of today.

Respectfully submitted,

Lucinda de L'Empire
