# Linden Leaves '85

Lindenwood College  
St. Charles, Mo. 63301  
Volume LXXIII

James C. Magee

Rivers belong where they can ramble  
Eagles belong where they can fly  
I've got to be where my spirit can run free  
I've got to find my corner of the sky

These lines, from the song "Corner of the Sky," capture the free and creative spirit of James Magee. James, an ambitious performing arts major, was killed in an automobile accident last October, only a few weeks after beginning his college career.

Though he is no longer with us physically, his spirit and his memory lives on in his friends and in the scholarship fund that has been established in his name. The Yearbook staff proudly dedicates the 1985 Linden Leaves to the memory of James C. Magee.

## Introduction to the Yearbook:

The Renaissance is remembered as a time in human history when the knowledge and experiences of previous generations were brought back to life to help serve the advancements of the present. Beginning in Italy around 1300 and continuing through the 15th and 16th centuries, old Greek and Roman ideas were revived and incorporated into many aspects of European life. A renewed interest in art, literature and civic development became key ingredients in moving the Europeans forward — striving for both an improved way of living and the means to express themselves to others in society.

Under many of these same ideals, Lindenwood College was formed. Through the theme of "Renaissance Leadership for Today," Lindenwood is being reborn, remembering the contributions of the past while striving for a strong future through

a wide variety of liberal arts courses. By providing a varied academic background, the students at Lindenwood become more aware of their world and, in time, have a greater ability to understand and change it.

This yearbook, too, is in a new stage of life. Since the last issue of LINDEN LEAVES in 1979, Lindenwood College has changed in many ways. New faces and new courses have appeared. Clothing trends and music trends have adopted a new form. One thing, however, is still the same — the spirit of Lindenwood is found in the people. It is the students, faculty and staff that makes Lindenwood different from any other liberal arts school in the area. They are the ones who can transform the Renaissance ideas into reality.

Through this yearbook, we hope to capture some of the magic that these peo-

ple generate in the simplicity of everyday life. For many of the students, this period marks the last stage of formal education before adulthood. This transition is worthy of recognition (if not celebration). The ideas and experiences gained here, however, will not be forgotten by most. The impression made by the people of the Lindenwood community will reflect on all of us, guiding us along future paths.

## School History

Eighteen-twenty-seven was a momentous year for Major George and Mary Sibley. After twenty-five years as an Indian Agent and surveyor of the Sante Fe Trail, Major Sibley resigned from government service. Now, there was to be a renaissance in their lives. They would follow Mary's dream and build a college — one that would provide not only a quality education but also the values and ideals of the new nation, and its Judeo-Christian heritage.

Before Fall of that year, the log house that served as the first classroom and dormitory was up and filled with students. As time passed, however, Lindenwood experienced financial hardship, despite the steady stream of new students, and in 1865 was forced to close in the face of internal problems caused by the Civil War.

Friends of the college rallied to its aid and reopened it in 1867. It has stood as a symbol of stability and traditional Christian values ever since.

# Front Desk:

Dear Readers of the LINDEN LEAVES:

If there is one word that epitomizes what a small liberal arts college is all about, it is probably the word "renaissance." The Renaissance was a time when men plunged ahead by looking back. In art, literature, science, philosophy and religion, the truths of the past became the catalytic substance that was the basis for the eruption of a dynamic new world of beauty and reality. The Renaissance was an age of adventure and curiosity during which men were fascinated with the world about them. An emphasis on the individual and on man's determination to explore the world were characteristics of the Renaissance.

It is fitting, therefore, that the return of LINDEN LEAVES should be under a renaissance theme. This is the rebirth of our college annual — our first since 1979. This is also the year when Lindenwood College is launching its own renaissance. On the basis of a noble past, Lindenwood faces the future with confidence.

Cordially,  
James I. Spainhower

## Editor's Note:

A yearbook is the pride and the spirit of a college and contains the memories of a previous year. We are proud to be the co-Editors of the first Lindenwood College yearbook in five years.

We would like to thank those students, faculty and administrators who have had faith in the yearbook staff and the yearbook itself. We would like to express a very special "thank you" to the undefeatable yearbook staff.

So we bring to you, with a sigh of relief but with pride in our college and our work, the 1984-85 Linden Leaves.

Sincerely,  
Lisa Olliges and Sam Reading

Trees, the symbol of Lindenwood College, shades the graves of Mr. and Mrs. George Sibley, the

founders of the school. Along with the school, these trees have grown in strength over the years.

Student Life

# A New Home . . . Freshmen Discover Lindenwood

The beauty of Lindenwood's campus usually makes a positive first impression upon a new student or visitor. The quality of the people there, however, makes a lasting impression.

Every year, freshmen discover that in many ways, college life can bring more rewards than ever was expected. Leaving home for the first time, they find that they can handle many new situations and make

new friends at the same time. The many activities available on campus makes life even better.

"When I got here, I found that everybody was really friendly and that it didn't take me much time to adjust," said Brenda Eisenbeis, a freshman from Bloomsdale, Mo. Kimberly Coy echoed Brenda's feelings.

"I felt like the campus was very beauti-

ful," she said, "and how friendly the people were really made me feel at home."

Not everyone felt comfortable in their new home immediately, though. Kathi Jackson said, "I thought Lindenwood would be neat and I was ready for a change, but I was homesick the day I left my house. After awhile, though, the newness was over and it seemed like a second home to me."

# Something for Everyone

"The people here are willing to help me personally and can give me the opportunity to jump in and work right away." This is a key aspect of the liberal arts program that brings students to the Lindenwood campus. Students find that the small size of Lindenwood helps both academically and socially. They can take part in their own education by getting hands-on training in their areas of interest, while receiving

help from qualified teachers.

Every student has a variety of fields to choose from and many departments which are growing and improving. New "Apple" computers are available for student use and are a necessary tool for computer science and business majors.

Lindenwood has its very own radio station, KCLC, which is operated by the students themselves, giving mass communi-

cation majors professional experience while in school. Other programs offered include Art, education, theatre, fashion marketing, foreign languages and the natural sciences.

Lindenwood's liberal arts programs allow for variety in the student's curriculum. This ultimately helps the students to be better rounded in education and prepared to work in the field of their choice.

Let's Go Crazy . . .

# Dorms Battle at Crazy Olympics

The thrill of Prince, the agony of the turf. These could only be experienced at the first Lindenwood Crazy Olympics games, kicking off Homecoming Week 1984.

With the athletes at attention, the games began as Bill Wright descended into the stadium with Olympic torch, accompanied by the Prince song "Let's Go Crazy."

After the opening ceremonies, about 150 athletes competed in such events as the straw throw, the wheelbarrow race, three-legged races, water carrying, the jello eating contest and the infamous tater-tot toss.

Cindy Niggley took first place in the pig-calling contest with a pig cheer. Linda White and Lisa Olliges tied for first place in the jello "slurping" contest.

The winners received ribbons and also gained points for their dorm nominees for Homecoming king and queen. Dean Allen Schwab, Prof. Jean Fields, Liz Alexander and Ling Fu acted as judges over the festivities. When the dust cleared, Cindy Niggley and Vic Avellilno were named Lindenwood's king and queen.

## A Night to Remember . . .

Dressed in dazzling attire, Lindenwood students celebrated at the 1984 Homecoming Dance, the final and main event of Homecoming week.

The dance was held at the Holiday Inn in Cave Springs with music provided by the band "Fantasy." Approximately 300 students attended the celebration, which was sponsored by the Lindenwood Stu-

dent Government and organized by student activities chairman, Mary Brandt. The event was free to all students.

At midnight, the Homecoming King and Queen and their court were announced by emcee, Bill Wright. Retiring queen, Liz Alexander, crowned Cindy Niggley as the new queen and Vic Avelino was honored with the title of king.

Members of the court included: Janet Barney, Mary Brandt, Maria Slingerland, Ling Fu, Carol Richie, Cindy Schiermeier, Lori Westerhold, Glennon Bahr, Dana Condellire, Marco Hayes, Paul Harris, Eric Reinsfelder, Jack Varnedoe, and Gary Winschel.

# The Image of Lindenwood

Milling groups on the dance floor join in unison as the band FANTASY picks up the beat. People who once knew each other only in passing may come together, forming a friendship that will last beyond this night alone. This is Homecoming, a time to celebrate with friends, meet new people and begin the new school year on a positive note.

Smiles abound here at the Homecoming Dance, as do waves and hugs. Friends, sharing a beer or a good conversation, pose for the photographer who is moving around the room. The problems of the day are forgotten when the music slows and your friend asks you for a dance.

Similar situations often occur on campus, especially at celebrations like the Hal-

loween party, the Christmas party, Spring Fling and the Cotillion. People are the heart of Lindenwood College. They create events and increase the enjoyment of college life for all involved. At these celebrations and at other events during the school year, the message is basically the same: EVERYONE is an important member of the Lindenwood community.

"Hey, you guys, turn around." Click!  
"Oh no, not me!"  
"My hair is a mess!"  
"I look terrible!"

The agony of being photographed at an unexpected moment is something that we have all experienced at one time or another. Although men are somewhat more calm at these times, deep down they feel

the same anxieties as women do.

Photographers have a knack of catching people off guard. They thrive on unexpected situations, and love to depict these situations at the embarrassment of those being photographed.

Photographers are not going to change their strategy, so the only advice to be offered is to look your best at all times,

then turn around and give him a big smile and say "yes?"

No place, on or off campus, is safe. We will find you. Anytime. Anyplace. Anywhere. Whenever you feel secure. So, keep your eyes open, for the lens takes no prisoners.

# Courses Meet New Demands

Since Lindenwood was founded as an educational institution in 1827, the curriculum offered has seen several changes. Throughout most of its history, the focus was on the Bachelor of Arts degree. Recently, however, the college expanded its programs with the addition of the Bachelor of Science degree and new courses in marketing and business.

By grouping most of the required courses of both the B.S. and B.A. degrees

into the areas of humanities, natural sciences and social sciences, the Lindenwood graduate is exposed to many facets of education. "We want to ensure that Lindenwood is a liberal arts college and that students take a balance of courses," said James Feely, an instructor here since 1958.

The recent expansion of the business department is a reflection on the changing job market and the increase in the number

of returning and graduate students interested in the field. "Of the 1400 non-traditional students attending Lindenwood," said President James Spainhower, "three-fourths are business majors. That's the biggest current change of direction in the curriculum." Lindenwood will continue to adapt to stay in the forefront of education.

# The Life Away from Home

"Good-bye Mom, Dad, Sally and Fido," and off he goes to school. Is he crying or smiling? It really all depends on how he feels about living away from home.

For some students, dorm life is torture, for others it is a delight. As Robin McCune and Kim Coy say: "It's definitely a delight! There are no rules and no parents telling you when to do stuff." But,

Sue Harper explains, "there are times when I wish I was a commuter student. That way, I could be with my boyfriend more than just on weekends."

Like living anywhere, living on campus had its advantages and disadvantages. "Living on campus enables you to leave your dorm five minutes before class starts and make it on time to any building," says Denise Hakenewerth, a junior. "You can

also get more involved in campus activities," she said.

Marco Hayes likes that aspect, but also sees a problem in it. "Once you become involved in the activities," he said, "there's so much going on at once that it's hard to get away."

Good and bad aspects, most people feel both, but it's all part of living away from home.

# R.A.'s Juggle Life in the Dorms

The Resident Assistants of each dormitory are the people to whom confused freshmen and inquiring residents turn in their moments of need. Known as "R.A.'s", these individuals have the duty of dealing with room inventories and endless meetings (in addition to distraught students). Acting as employees of the residence staff, the job of the R.A. is time-consuming and, at times, emotional.

A person chosen to be an R.A. must have leadership ability, good communication skills, and at least a 2.5 grade-point average. There are two or three Resident Assistants in each of the four dormitories on the Lindenwood campus. This year, the Assistants include: Christi Dickson, Amy McCracken, Sue Casseau, Mary Brandt, Adriene Haire, Bill Wright, Gary Winschel, Vic Avellino, Cindy Niggley

and Chrystal Chostner.

Being an R.A. can be a very rewarding experience and those involved are special people who give of themselves to help others. By acting as an advisor/assistant for the residents, they encounter many problems, but usually find a way to make dorm life as pleasant as possible.

## Campus Parties — A Survey

It is hard to pick up the newspaper these days without reading a new poll or survey of the American public. It seems that every aspect of life is being questioned and recorded. Always being on the leading edge of culture, those at Lindenwood didn't want to be left out of this fun.

A random sampling of comments dealing with "campus parties" was collected and tabulated and fed into our "party

computer" (the one with the lamp shade on its terminals). The result: Most felt that we had good parties, but there was always room for improvement.

To the question "How do you feel about parties on campus?" here are some of the responses:

- "I liked all the parties last year."
- "Some parties are good, some are bad."
- "The ones in Parker are usually good."
- "They're all nice, except some people

can get out of hand."

"I haven't been to any of them."

"We need more of them."

"Dominic and Dana's are good."

"We need more people."

"The best parties are good for the sex life!" (obviously not from a lucid observer) And, of course, the infamous "No comment."

# A Celebration for Every Season

For most people, the damp and windy autumn and the cold and snowy winter that follows is a fairly dull period. Not at Lindenwood, though. As soon as school starts, these "crazy college kids" find a reason to celebrate.

Beginning with Orientation week, parties pop up in the dorms, the cafeteria and even outside (under the sun and stars).

Many of these parties are based on seasonal events (like Halloween, Christmas and New Year), but others, like Homecoming, the Alumni weekend and "Back to the Womb" parties arrive to break the monotony of the weekly existence.

The Halloween party featured a wide variety of costumes, displayed by students who were competing for cash prizes.

There were clowns, dictators, nerds, hippie, martians, monsters and ghostbusters in the crowd.

The New Year's Eve party was held in February (of course) and had both champagne and noisemakers to go along with the music and revelry. A resolution was made to continue these good times frequently throughout the year.

Another Winning Season . . .

# Lions Reflect on What Might Have Been

In recent years, the men's soccer team has had a tradition of fielding winning teams. This past season was no exception as the Lions sported a fine 9-5-2 record.

First-year coach Joe Olwig faced the difficult task of blending a host of returning veterans with several talented newcomers.

After a slow start, the Lions started to roll. They went undefeated in their next seven matches. Included in the streak was

a championship in the Lindenwood Tournament and a victory over district rival, Avila.

Several key losses late in the season, however, kept Lindenwood from receiving its second playoff berth.

"We had really high expectations at the start of the season," said senior Tom Donovan. "We were disappointed not to make the playoffs."

Sophomore Dominic Condellire and

John Powers, a junior, were the leading scorers for the Lions last season. Jerry Barrett finished his senior year as Lindenwood's all-time leading scorer.

Condellire was picked for the All-Midwest regional team as well as the All-District first team. Powers and Tim Mahoney were selected to the All-District second team.

# Lady Lions Look to the Future

Even though the Lady Lions finished the season with a 6-11-3 record, the potential for a strong finish was always a possibility.

The Lions started with a rush by winning their first five matches. Some key injuries, however, and a lack of offensive firepower proved to be the Lions' Achilles' heel.

"We had all kinds of problems putting the ball in the net," said senior Christi

Dickson.

A solid defense was the Lions' foundation this past season. Only once did they allow more than two goals in a single match. Goaltenders Michelle Rose and Kathleen Beckham-Brasier along with backs Dickson, Debbie Johnson and Amy McCracken kept opposing offenses at bay all season long.

Alison Daniel led the Lions in scoring, with Missy Maurer and Lisa Henderson

contributing many goals as well.

According to Dickson, the team's 2-1 loss to nationally-ranked UMSL was its strongest effort of the season.

"It was the best game we played all year," said Dickson. "We really played as a team."

With only two members of the team graduating this year, the future looks bright for the Lady Lions.

# Lady Luck Ignores Lions

Whoever wrote the movie "Close Encounters of the Third Kind" must have had the men's basketball team in mind. Almost half of the Lions' games were decided in the last few minutes of play. The Lions were able to pull out a few of those games but, unfortunately, a lot of those close ones got away.

Despite the tough breaks, the Lions were much better than their 12-22 record

indicated. Schools such as Northwest Missouri State, Southeast Missouri, and Depauw provided stiff opposition for the young Lions.

Juniors Kevin Kiner and Earl Austin led the team in scoring and provided leadership for the squad. Sophomores Eric Reinsfelder and Kevin Pease provided good play off the bench.

Coach Bob Benben had to rely on sev-

eral freshmen to play key roles. These rookies responded well. Point guard Garry Beals did a terrific job with the club. Kirk Landwehrmier and Don Hurst provided strong inside play throughout the season. With most of the players returning next year, the Lions hope to learn from this year's mistakes and to avoid losing more "close encounters."

# Lady Lions Basketball . . . Inconsistencies Handcuff Lady Lions

The 1984-85 women's basketball team had to deal with many problems other than the opponents they met several times a week. With no suitable place to practice and class conflicts among the team members, it was difficult for coach Christina Storey to field a winning unit.

On the court, most of the problems were in the shooting department, both

from the field and from the free-throw line. This contributed to a disappointing 3-20 record.

Despite the final statistics, the Lions were a hard working group of young ladies, showing several bright spots in their very competitive line-up. Seniors Karen Gaines and Taunia Allen along with junior Ronna Holloman were the top per-

formers.

Gaines led in just about every statistical category, including scoring, rebounding and assists. Allen put on an outstanding effort in the second half of the season after Christmas break. Gaines and Allen, along with Dianne Graff and Lisa Henderson, will be hard to replace next season.

# Lady Lions' Efforts Strike Out

What potential! What talent! What abilities! WHAT HAPPENED?! Potential, talent, and abilities — the essential ingredients for a successful team. The Lady Lions had all of these and then some, but they didn't seem to be enough.

The team had speed, pitching, defense and offense, but several injuries and important outside obligations interfered

with the success of the season. Aside from the records and statistics, however, this year's softball season was a success in some other important ways. Each of the team members gave each other a lot of support and were motivated for every game. One of the highlights of the season was when the Lady Lions almost defeated the defending NAIA champions in the

Omaha Tournament. In this case, almost winning in nine innings was a personal success for most of the Lindenwood players.

Many of the players will not be returning next season. Reflecting on the trials and errors of the past season, these players would like to say "Best of luck — We lost it, hope you find it."

Standing: Dawn Bimson, Jackie Wurm, Jameela Sparks, Stacey Girar, Gail Payne. Kneeling: Connie Scrivner,

Kim Stevens, Ellen Thompson.

## Cheerleaders

Dressed in black and gold, the Lions' cheerleaders provided both entertainment and excitement to basketball and soccer games as well as other events.

## Circle K Club

Circle K is an organization new to Lindenwood. Sponsored by the Kiwanis Club of St. Charles, this club was established as a service organization to serve both the campus and the community.

Standing: Dana Hauser, Kim Divis, Vic Avellino, Gary Chostner, Glen Bahr, Jim Thompson, Cindy Schiermeier, Winschel, Stacey Cirar, Diane Hunt. Seated: Chrystal Ellen Thompson.

## Dance Squad

Moving to popular music, the Dance Squad provided entertainment between halves of Lions' soccer and basketball games. They also sponsored the lip-sync contest, "Putting on the Lips."

Left to Right: Carol Richie, Brenda Eisenbeis, Lisa Olliges, Angela Schaffer, Toni Webb, Leah Serfass, Robin McCune, Maria Slingerland.

## Fashion Marketing

The Fashion Marketing group consists of students interested in the world of fashion and fashion marketing. This group held discussions on new developments in the fashion industry and participated in several shows in St. Charles and St. Louis.

Standing: Diane O'Neil, Vicki Hagar, Jane Schroer, Helena Murphy, Tracy Metz, Amy Dellamano, Ed Hazelton, Claire Woodrow, Yuko Okuda, Dana Hauser, Hayley Smith, Elizabeth Ammann. Second Row: Lisa Anzer,

Denise Hager, Marco Hayes, Patty Torrence, Renee Oakley, Sarah Henderson, Rhonda Wensink. Bottom Row: Kelly Meyer, Karen Hutten, Ling Fu, Dana Condelire, Lynn Moore.

## Griffin

The Griffin is a literary group that shares and discusses student and faculty works of poetry and prose. They sponsored "Creative Happenings" where these works were read and published the best in SIC and the annual GRIFFIN magazine.

Left to Right: Deanna Rasch, Kara Diver, Anne Wochner and Denise Hakenewerth.

## KCLC

Lindenwood's own student-operated radio station, KCLC, has undergone both a power increase and the transformation to FM in recent years, relying on contributions from the listeners for its support. Last year, KCLC AM 66 was introduced, offering rock, "golden oldies," and adult contemporary music.

Working at a fund-raising "phone-a-thon" are: (back to front) Connie Scrivner, I.J., Larry Fernandez, Lisa Olliges and Joe Arnold

## Linden Scroll

The Linden Scroll is a Senior class honor society that promotes scholastic achievement and service to the college. Members are nominated and then elected by the student body.

Standing: Cindy Niggley, Vic Avellino, Julie Baehler, meier, Gary Winschel. Seated: Chrystal Chostner, Cindy Schier-

Left to right: Mark McColl, Sue Casseau, Earl Austin and Sam Reading

## Linden World

Established early in 1985, the Linden World was a weekly publication that featured current school news, cartoons, and feature articles. It replaced the Ledger magazine.

Above: Cindy Schiermeier, Julie Cox, Deanna Rasch, West, Denise Hakenewerth, Prof. Ann Canale, Earl Austin. Below: David Hanlon, Vic Avellino, Sandy

## Peer Tutors

The peer tutors are full-time Lindenwood students who assist other students in areas such as English, psychology, business, the humanities or foreign languages. The program is backed and aided by the CAP center.

## Psychology Interest Group

The Psychology Interest Group (or PIG) was formed to promote discussions on topics within the field of psychology and psychological behavior. They also discuss how topics in psychology relate to other fields.

Standing: Deanna Rasch, Larry Fernandez, Vic Avellino, Jack Varnedoe, Denise Hakenewerth, Mike Humphrey, Julie Baehler, Chrystal Chostner. Seated: Janet Barney, Renee Oakley.

## Student Activities Committee

An acting section of the Student Government, the Student Activities Committee is in charge of setting up dances like Homecoming and Corillion and arranging activities like the Crazy Olympics and Spring Fling.

Standing: Stacey Cirar, Ling Fu, Connie Scrivner. Seated: Vic Avellino, Lee Kling, Liz Alexander and Doug Hoggatt.

## Student Government

The Lindenwood Student Government (or LSG) is the legislative body that proposes and finances most of the extracurricular activities around campus. Using funds from the student activities fee, the LSG financed most of the clubs and brought visiting musicians and speakers to the school.

10p Row: Mike Humphrey, Lee Kling, Ashley Myers, Sue Casseau, Awilda Campbell, Lisa Olliges, Doug Hoggatt, Sam Reading. Middle Row: Vic Avellino (Vice-Pres.), Liz Alexander (Pres.), Julie Jacobs, Eric Reins-

felder, Ling Fu, Stacey Cirar, Connie Scrivner. Front Row: Eric Carlson, Burma Wilkins, Kim Stevens, Earl Austin, Bill Wright, Gary Winschel.

## Successful Living

A new organization, the Successful Living group is a Christian student body that attempts to make student life more rewarding through a variety of religious, communicative and extracurricular activities. These include the Homecoming bonfire and two ice cream and movie nights: "Splits-n-Flicks" and "Shakes-n-Shows."

Standing: Paul, Jackie Wurm, Stacey Cirar, Sue Butler, Julie Jacobs, Jim Butler, Bill Hoffman, Mark McColl,

Karen Long, Jim Kopf, Virginia Roland. Front Row: Kara Diver, Jane Schroer, Connie Scrivner.

## Crimes of the Heart

"Crimes of the Heart" presented the personalities of three sisters brought back together when the youngest attempts to kill her husband and is tried in court. The characters, faced with many serious aspects of life, often chose to look at their situations humorously.

The play goes beyond the serious situations such as Babe's trial, Meg's emotional problems, Lenny's insecurity, and the death of their grandfather by presenting very realistic personalities and family relationships.

### Cast:

 Chick Boyle ..... Lisa Albert  
 Doc Porter ..... Tony Michalak  
 Meg MaGrath ..... Claudia Stedelin  
 Babe Botrelle ..... Cynthia Huse  
 Barnette Lloyd ..... David Hoover

## Peter Pan

Instead of the traditional Christmas season show, the Lindenwood theatre department chose to fly a different route with the play "Peter Pan." Wes Morgenthaler portrayed a spunky Peter who charmed all watching to fly with him to Neverland.

Marsha Parker, a graduate student, said she enjoyed the play because "everyone on stage looked like they were having a good time. It was fun to watch."

"Peter Pan" captured the audience and took them away from reality to lands of adventure, fantasy and youth so that even adults could believe in fairies.

## Rosencrantz and Guildenstern are Dead

Rosencrantz and Guildenstern were two Elizabethans wandering in time and space, acting as representatives of every man lost in a world in which they have no control. The characters banter humorously on games of probability and on which direction they should travel next. In the end, however, they discover that they are destined to die. New wave and rock music created a sense of timelessness and adaptability in the theme.

# Cabaret

Closing the Lindenwood theatre season was the fast-moving and exciting "Cabaret." Set in a night club in Germany in the 1930's, the play follows the experiences of a young American writer as he falls into love and political intrigue in a fast, bawdy and colorful cabaret. Comments about society and the rise of the Nazi party holds an important underlying theme.

The Rites of Spring . . .

# Students Celebrate Cotillion '85

Even though rain was falling outside, that didn't dampen the spirits of the several hundred people who attended Lindenwood's Cotillion dance, held March 29 at the Breckenridge Concourse Hotel. Young ladies in long, formal dresses and guys in suits or tuxedos were seen in abundance on this Friday night.

Around the circular tables, decorated

with heart-shaped balloons, sat friends who had gone through the trials of a school year together. The dance floor was crowded with students moving to the sounds of the band ZEBOP, who played a medley of contemporary music throughout the night.

The fun lasted until well after midnight, when the last song was played and the

dancers and partygoers returned home among the spring showers. The free event, paid for by the Student Government and organized by the Student Activities Committee, was a good way to kick off the spring celebrations at Lindenwood College.

On March 22, the Senior class held a Las Vegas Night in Aryes Cafeteria to help raise money for a campus gazebo. Games such as Black Jack, Craps, High-Low, and Poker were featured. Tickets that were won at each table were used to win prizes such as free movie tickets, a camera bag, a jacket or video cassettes.

As the flowers begin to bloom and the campus prepares for the upcoming graduation ceremonies, the students and faculty take time to celebrate both the arrival of spring and the fun of the college experience in a festival known as "Spring Fling."

This year's Spring Fling, held on May 3rd and 4th, began on Friday night with the showing of the movie "Risky Business" and was followed by a street dance. A faculty/student softball game was held on Saturday, as was roller skating and a "mud volleyball" game. Another street dance concluded the festivities.

# Seniors Celebrate Graduation

On May 18th, the culmination of many years of hard work and dedication arrived as 440 seniors received degrees in an outdoor ceremony on the Lindenwood campus. Bright, sunny skies graced the graduates, families, and friends as they enjoyed the Moolah Pipes and Drums band and listened to the keynote speaker, Rep. Richard Gephardt, on the new college gazebo.

Gephardt, a representative in Congress

from Missouri's third district, urged the graduates to take the initiative in their future endeavors. Nothing should be taken for granted, he said, and we should not be content to always keep things the way they are. Improvement only comes through motivation.

After Gephardt finished speaking, Professor Edward Balog presented him with an honorary Doctor of Laws degree. Alumni Merit Awards were then present-

ed, as were Emeritus Professorships to Walter Grundhauser and Howard Barnett. President Spainhower and Prof. James Hood then presented the degrees to the graduates.

The joy that was felt by the recipients soon spread to all the families and well-wishers in the crowd. Rumor has it that Adam Still even kissed his degree. Well, Adam, we understand.

## A Senior's Reflection:

Reflecting back on these past four years, I've come to realize what a college education really is about. It's more than just taking classes and doing research. It's about people, about decisions, about what is important in life. The ability to deal with the everyday challenges of even a typical Lindenwood day is valuable for the future and should be appreciated as such.

The true richness of the college experience, I believe, is directly related to the degree of active participation in the college's activities. I feel that the full meaning of this experience is diminished if a student does not take advantage of what really is out there for his use. To not invest the time and effort into the total college experience is to waste an opportunity never

to be regained.

Lindenwood has given me that opportunity and I hope I have participated as best I could. I want to leave one bit of advice for those who follow me: The college is here for one reason and one reason alone . . . to serve YOU. So make the most of it!!!
