<u>Wednesday 12th</u>- Mg Cloudy & calm- Mer: <u>35</u> at Sunrise- abt. <u>54</u> at Noon- a fair pleast. Day- attended Mr. Ruggles' lecture at Night- Not many there- The N. S. Ladies have got up a "Sewing Society" and they have chosen Wednesdays for their weekly meetings, which being prolonged till after Night attracts many of the young Men, who by the by are always expected if not invited to attend; Some of both Sexes are thus kept awayfrom the Lectures, who wouldno doubt otherwise attend them.

<u>Thursday March 13th 1851-</u> Mg fair & Calm- Mer. <u>40</u> S.R <u>66</u> at Noon, Calm, Sunny and Sultry- the day fair and very pleasant-

<u>Friday 14th-</u> Mg fair & calm & pleast. Mer: <u>42</u> at S. R The Genl. Assembly of Missouri at their late Session, appointed me a Member of the board of Managers of the "<u>State Lunatic</u> <u>Assylum</u>" Located at Fulton in Callaway County,- and directed a Meeting of the Board to be held at Fulton on next Monday the 17th. Inst: for the purpose of taking proper measures to

organize the Assylum, and to put it in operation as Soon as practicable- I left home to day in the Stage to attend the Meeting of the Board-

<u>Saturday 15th</u>- Arrived at Fulton at <u>2</u> p.m: to day (the distance is called 90 Miles)- the weather fine, but I had a most unpleasant journey over bad Roads, in a kind of Covered Mud Waggon, which only Stopped on the way long enough to change horses, and deliver mails, day or night

Sunday 16th- A Rainy Morning- In the forenoon attended Religious Service in the Presbyterian Church (O. S) of which Rev: W. W. Roberton is the Pastor- The attending congregation quite numerous, and of the Most Respectable classes- There were Meetings also in the Methodist and Cambellite Churches, how large I do not know- Mr. Robertson preached again at Night; but I did not attend.

<u>Monday 17th March 1851-</u> A fair pleast. Morning- I find only Three Members of the Board of Managers here besides myself (Messrs. Leiper- Hardin & Harris) all of whom Reside in Fulton and vicinity- The Board Consists of Seven Members Vizt. John B. Leiper- Charles H. Hardin- Thomas B. Harris of Callaway County- James L. Minor of Cole County- John B. Snelson of Howard Co.- Geo. C. Sibley of St. Charles Co.and Geo. K. Budd of St. Louis Countythere being four of us on the ground, we Met together after noon, at the Law office of Mr. Hardin, were fuly qualified, and then adjourned 'till 10 oClk: tomorrow Morning-

<u>Tuesday 18th</u>- The Board Met at 10- proceeded to organize- named Mr. Leiper to be President- After some conversation in which the three gentlemen insisted on my taking the chair; but which I positively declined; the nomination of Mr. Leiper was then confirmed- Mr. Hardin was then appointed Secy. of the Board, and also Treasurer of the Board- So the Board is Organized- After dinner we all walked out to the asylum (I will write out a description of it hereafter)- I took tea and spent the evening at Mr. Robertson's- I Should have Mentioned that I Supped and Spent the evening of Saturday at Mr. Wilson's who married Ellen Grant (Crant?), formerly a pupil at L. Wood- They have three fine Sprightly children; two of them girls

<u>Fulron Wednesday 19th</u>. March 1851- A fine fair pleast. Day- The Board met at 10- the Same Members, four, present- entered upon some enquiries as to our duties; and find that we are all very deficient in necessary information, & have no Means here of obtaining any light to enable us to proceed understandingly with the business- the Secy. of State has not even informed us of out Appt. or furnished us with an authenticated Copy of the Law, under which we Suppose we are called upon to act- I moved therefore, that as Soon as we Can make arrangements with Mr. Jenkins to clear away the Rubbish and dirt around the Building, and do the necessary grading; we adjorn 'till the third Monday in Next April; and enjoin it upon all the Members of the board to come prepared to act understandingly- This was agreed to- We appointed Mr. Henderson of this place, the Treasurer of Assylum- Mr. H. is the County treast. And agrees to take the office we gave him: at the very low Salary of <u>\$150</u> per Ann: and to give Bond for \$8000- adjourned 'till tomorrow Mg 10 O'Clk:-

I Spent the evening, and the Night, at Mr. Wilson's- Fulton is quite a pretty town, and is improving- Situated in a Romantic and very healthy part of the State- it will I think ere very many years, ise to considerable importance- More <u>anon</u> about it however-

Fulton Thursday 20th. March '51- the Board Met again this Morning at 10 O'Clock- the Same four Members present as before- adopted Some Rules for the Board- appointed Messrs. Budd & Sibley a committee to prepare a Code of By laws and Regulations for the Assylumdeferred making appointments of Supt.-Steward, and Matron 'till the next meeting in Aprilengaged Mr. Jenkins to clear away and grade round the building; and obtained from Specifications drawings and estimates of much work necessary to be done before the Assylum can be put in operation; which will cost from <u>12</u> to <u>15</u> thousand dollars- I do not See how all can be completed before august or September if So Soon as that- Having done all that we <u>can</u> do at this Meeting, adjourned 'till the 3^d Monday in next April (the 21^t)-

<u>Friday 21^t</u>- I Remained to day at Fulton, in order to visit the asylum again, and Satisfy myself about certain particulars there- the Stage Agt. Assured me that the tomorrow's Stage will arrive at St. Charles before breakfast on Sunday morning- the day fair & pleast. 'till abt. SunSet when it clouded over, and a very heavy Storm of wind & Rain came on, which continued till late at Night- The Managers get no pay for their Services, but are Refunded their travelling and other necessary expenses whilst attending the meeting of the Board.

<u>Saturday 22^d. March '51</u>- A fair pleast. Morning- the Roads are again exceeding bad- Set out for home a little before 8 O'Clk in the Stage, or Rather Mud waggon- 4 other passengers- My expenses including my Return home, amt. to <u>\$16</u> for which I draw a bill on the State Auditor, and left it with my landlord, Mr. Tucker, for collection- travelled all Night frequently Raining and Storming- did not Reach home 'till

<u>Sunday 23^d</u>- after noon- the desperate condition of the Road, all the way, getting worse and worse, made it impracticable to make the journey Sooner- found myself very much fatigued and worried from jolting and want of Sleep & jamming in the Waggon- find all well at home- the day fair and pleasant.- <u>Monday 24th-</u> <u>Tuesday 25th</u> two pleasant days- The Peach Trees are blooming- also Plums- The Shrubbery is looking green- Wheat fields & Meadows are all "Dressed in living green", Many flowers in bloom-

<u>Wednesday 26th</u>- The day very <u>very</u> Windy- planting out privet Hedges- at Night attended the prayer Meeting and lecture at our Ch:- not many out.

<u>Thursday 27th</u>- A Showry day- finished planting out privet in hedge Rows- after Noon Dr. Mellhinney called on me to Say that he is an applicant for the office of Supt. Of the State Lunatic Assylum.

<u>Friday 28th March 1851-</u> Mg fair and airy- Mer: <u>45</u> S. R. Wrote to Mr. Ephraim B. Ewing Secy of State City Jefferson, for a Copy of the late law to organize the State Lunatic Assylumalso to Mr. Budd of St. Louis concerning the Assylum-

The day mild, fair & pleasant- fires quite agreeable.

Saturday 29th- Mg hazy & airy- Mer: <u>62</u> at 8 O'clock- Mr. Saml. S. Watson has lost two very valuable negro servants within a month, by death- the last died Night before last, both Supposed to have died of the "Winter fever".- the day proved fair and pleast. Tho' Rather warm Mer: <u>76</u> abt. Noon-

<u>Sunday 30th</u>- A Rainy Mg. with <u>much</u> thunder- Mer: <u>62</u> at 9 O'Clk:- the day cloudy throughout- Rev: Mr. Brek, Agt. For our board of foreign Missions, preached a very good Missionary Sermon this Mg. in our Ch: and he also preached at Night- the Streets & hill Sides <u>very</u> Muddy, which kept a number of our Congregation away- attendance pretty good however, under Such circumstances- Mer: about 50 at SunSet. <u>Monday 31^t</u>- Mg Cloudy & chilly- Mer: abt. <u>40</u> at Sunrise- <u>Red buds</u> blooming-Vegetation advancing Rapidly- the day quite pleasant after 10 O'clock- We have not yet commenced gardening, except to make & Seed a few beds for early lettuce, Radishes &c.experience has long taught me that from the 15th. April to the 1^t. of May is time enough for the commencement of general gardening at Linden-Wood-

Linden- Wood Tuesday 1st April 1851-

The Morning cloudy, air Soft and damp- Mar: <u>50</u> at Sunrise- (See N°. 6, ps: 15-77)- In the providence of God, I have been brought along in my earthly pilgrimage, thro' another year; and to the commencement of the <u>Seventieth year</u> of my life here on earth, dating from One O'Clock this Morning- throughout the past year I have been the Constant Recipient of God's goodness, and Mercy- and have experienced his forbearance largely- My Sense of unworthiness is exceedingly impressive.- But my trust is entirely in <u>Him</u> who is worthy, and willing and mighty to help and to Save- O Lord, if it shall be thy will to retain me in life another year, give me grace to acquit myself well and faithfully of all my duty- And Should it please thee to Release me from the bondage of the flesh and the ills Sinful propensities thereunto incident at any time within the year this day commenced, graciously grant me that preparation of the Spirit that Shall enable me to Submit most joyfully to thy will- I humbly thank thee My Heavenly Father, for this privilege of Recording with my own hand, this memorial of thyy Merciful favours So long extended unto they unworthy Servant, and of invoking in this manner the Continuance of thy goodness towards me & Mine and that Thou wouldst make us all worthy thro' Christ- Amen-

Ceo. C. Sibley-

R- this morning at 8 O'Clock, I left St Charles in the Mail coach for Fulton- 2 other passengers- a fine pleast. day-

<u>Tuesday 22nd. April 1851-</u> Arrived at Fulton at abt. 10 this morng having travelled all Night- Find all the board of Managers present except Mr. Budd, who is not expected- Those present now are John B. Lieper president- Thos. B. Harris- Jas. L. Minor- John B. Snelson-Charles H. Hardin, Secy. & Geo. C. Sibley-

Messers. Minor & Snelson are in great fidget to Return home tomorrow morning, and vehemently urge the <u>immediate</u> election of the Superintendent- Steward & Matron of the Asylum- Being exceedingly fatigued & worried from travelling all the way from home without any Sleep or Rest, I Requested a postponement of the election 'till tomorrow; but those Gentlemen insisting on our performing that duty to day, I Consented very Reluctantly; and the Board met for that purpose immediately after dinner- A large Number of Letters addressed to the Board in Reverence to the three offices above named, were opened & Read, which occupied us 'till Night- Des. Riley- McIlhinney- Smith- Howard- Koons & Givens were Candidates for Supt.- Messrs. Wilson & Peers for Steward- Mrs. Swope for Matron.

After fixing the Salaries (Supt. <u>\$1500</u> p an: Steward <u>\$500</u>- Matron <u>\$300</u>) and the term of office (two years) we adjourned to meet again after Supper, then to go into the election- Feeling quite out of order, I again Requested the election to be put off 'till tomorrow- but Dr. Snelson Refused his assent- So I determined that I would attend,- lest by my absence Dr. Riley, who was my candidate by decided preference; might not have justice done him; (fo) for I had heard <u>whispers</u> that Dr. Smith of Columbia was to be forced upon the Asylum if possible; and tho' I did not by any means give full Credit to Such Suggestions; yet I felt it to be my duty to be at my post Stick or well- to <u>hazard nothing</u>-

The Board Met accordingly immediately after Supper- and proceeded at once to elect the Steward &Matron- On the first Ballot W. R. Wilson of Fulton was chosen Steward & Mrs. Eliza J. Swope, also of Fulton, was chosen Matron- But on balloting for Superint. We found it impossible to elect- Minor Snelson & Hardin adhered firmly to Smith- Leiper- Harris & myself to Riely- Harris occasionally voting for McIlhinney & others- After thus balloting 'till after 10 O'clk: 3 & 3, for Riley & Smith it was agreed to adjourn 'till tomorrow Morning early, and then endeavor to effect an election- A fair, pleasant day-

Wednesday 23^d- A fair, pleast. Morning- The Board of Managers Met again immediately after breakfast, and proceeded to the election of a Supt.- After many fruitless ballotings, 3 & 3 for Riley & Smith; it was agreed to ballot four times more, <u>only</u>- and then, if no choice shd. Be made to postpone the election 'till the 10th. of June- The three first ballotings Resulted as beforebut on the 4th. & last, Mr. Harris thought fit to vote for Dr. Smith and thus elected him- Smith 4-(Minor- Snelson- Hardin & Harris) Riley 2 (Lieper & Sibley)- This Result being made public, created much dissatisfaction throughout the Community of Fulton- Dr. Riley, has always been their great favorite, whilst Dr. Smith, has been held for years past, particularly obnoxious and I very much fear (from what I learn to day) that the election of DcTR. H. Smith, may turn out very unfortunate for the peace & harmony of Fulton, & the prosperity of the Asylum- Time will Shew- After transacting some necessary business with Mr. Jenkins in Relation to finishing the building &c. the Board adjourned to meet on the 10th. of next June- I visited the Asylum- dined with Mr. Jenkins & Spent the evening, & night, at Mr. Wilson's- The day fair & Pleast.

<u>Thursday 24th</u>- Visited the Asylum with Mr. Hardin, to fix on Some plan for enclosing it-Consulting with Mr. Jenkins &c. <u>Friday 25th</u>- pleast. morning- left Fulton at abt. 7 O'Clk: this Morning for home- travelled all Night, as usual, and On

<u>Sunday 13th July '51</u> Mg fair & airy- Mer: <u>70</u> at Sunrise- <u>Note-</u> One of the follies of the day is, a propensity among Certain Women, and upheld and encouraged by Some Men, to

change the female Costume that has prevailed (under various Modifications) for many ages past among Christian Nations, by adopting Some fancy modification of the female turkish dress- the main feature of which is Trowsers, and a kind of coatee with Short Skirts Reaching just below the knee- This new whim Seems to take, in Some places to Some extent; but I apprehend cannot So far prevail among Sensible Modest Women, as to Supersede the long established, proper, and appropriate every day dress; for it cannot be concealed that its tendency is to destroy that innate Shrinking modesty that So fitly adorns the virtuous female. The 5th, Verse of the 22^d. Chapter of Deuteronomy expressly forbids (as I Read it) this very innovation- "The Woman Shall not wear that which pertaineth unto a Man- neither Shall a Man put on a Woman's garment, for all that do So are abomination unto the Lord thy God."- One of the best and ablest Commentators on the Scriptures, Ostervald, Remarks on the Verse above quoted as follows- "God forbids Men and Women to disguise themselves, and change the dress peculiar to their Sex, as the idolaters did; because it was inconsistent with Rules of decency & modesty, and might introduce licentiousness and impurity"- Certainly Such must have been the object of the prohibition- and tho' at first addressed to the Jews, and enjoined as a law for their preservation, is yet obligatory on Jews and Gentiles at this day, as a moral precept from the highest authority to Say the least of it, and Should undoubtedly be So Regarded in all Christen Communities.- Mer: 90 at Noon- fiar & Sultry 82 at SunSet- Mr. Abbott of St. Louis preached in our church to day Morning and Night- I did not attend either Service-

<u>Monday 14th-</u> Mg fair & Sultry & calm- Mer: <u>72</u> at Sunrise- <u>91</u> at Noon, fair & Sultry-Baltimore and George Sinai Commenced <u>Stacking</u> my Wheat to day- hot work- I would have preferred to have all my Wheat threshed out without Stacking; but could not get Waggons and hands without great expanse and trouble, if at all- Mer: <u>84</u> at SunSet- the day exceeding hot & oppressive throughout-

<u>Tuesday 15th</u>- Mg fair- Mer: <u>72</u> at Sunrise- <u>92</u> at Noon- <u>84</u> at SunSet- the day fair and Sunny and oppressive throughout-

<u>Wednesday 16th</u>- The Morning Calm, Sultry & Somewhat Cloudy- Mer: <u>74</u> at Sunrisethe last night oppressively warm & close- at 9½ a sudden dash of Rain for 10 Minutes- <u>88</u> at Noon, ver Sultry- Another very warm unpleasant day- The Rivers Receding, but Slowly-

<u>Tuesday 29th Wednesday 30th Thursday 31^t</u>.- Since Sunday I am quite indisposed; tho' I cannot Say Sick- My whole System Seems disordered- bowels in an unusual condition- Some pain in my limbs- general weakness- no appetite (probably I may have taken cold on Saturday night)- I take no Medicine however- lay in bed 'till 11 or 12, keep as quiet as I can- I do not as yet get any better- The weather has become cooler and more pleasant- Some Rain.

Several Cases of Cholera have occurred in St. Charles, Some of which have produced death- Otherwise an unusual degree of health prevails there, and round about- The River is now moderately high, in good boating order- Corn Crops- potatoes, and Gardens are generally very promising at this time.

Linden- Wood Friday 1^t. August 1851- Sat.2^d. Sunday 3^d.- Monday 4th.- A cloudy dark damp morning- yesterday was a Rainy day- No preaching in our church- for Some days past the weather has been Rather pleasant- The weather Ranging from <u>66 to 80</u> – My health is I think, improving Slowly- I am yet very weak, and my bowels not yet in a very healthy condition, tho' better- the weather is bad for invalids- Mercury to day Ranged from about <u>64</u> to <u>72</u>—To day the Voters of Missouri are to exercise their Sovereign privilege, Recently assumed, of appointing thro' the Ballot Box: all the State Judges, and Some few local officers- I Shall not attend the election, not feeling well enough to venture out on So dam a day- I Shd. Vote for Hamilton G. Gamble- P. B. Hayden & Col. Wood for the Supreme Bench- This miserable System of electing our judges for Short terms, by the popular voice; I am most decidedly opposed to.

<u>Tuesday 5th</u>- Mg fair & pleasant- Mer: abt <u>60</u> at Sunrise- <u>66</u> Noon- <u>65</u> S. Set Mr. Kilinger commenced this morning to thresh out my Wheat with his Machine- To day I purchased a patent chain pump, abt. 34 ft: in length, from two young Men, Brown & Salisbury, who have already furnished and Set up about <u>30</u> in near St. Charles- I had it fixed in my Well, and put in working order for <u>thirty dollars</u>, payable in 30 days for which gave my due Bill payable to L. W. Salisbury or order- They have not yet quite Completed their Job; but promise to finish it Soon-they are to furnish a better Curb than Rough one now put up- This Chain pump is very Simple, takes but little Room, and appears Strong enough, if carefully used- It is certainly a good Yankee Contrivance- much preferable to our former Windless, Wheel and Buckets.-

<u>Wednesday 6th August '51-</u> Mg rather hazy- Mer: about <u>65</u> at S. Rise- the day warm, and after Noon Showry, So as to prevent Wheat Cleaning-

<u>Thursday 7th</u> Mg Cloudy & Showry- heavy fall of Rain last Night with heavy thunder-Mer: this Mg at 9 O'Clk: about <u>74</u>- <u>78</u> at Noon, Cloudy- about <u>75</u> at SunSet- A cloudy day mostly- damp and unpleasant.

<u>Friday 8th</u>- Mg partially fair, & Sultry- Mer. <u>76</u> at 9 O'Clk: <u>84</u> at Noon, fair and close and Sultry- Some dozen deaths by Cholera, are Reported to have taken place in this week, in St. Charles & near Cottleville, all Germans, Some of them Recent immigrants- sultry at Night-

<u>Monday 21^t.-</u> Mg fair & airy- early this morning as I awoke out of a Sound Sleep, I was attacked with a Severe Stroke of <u>Tic Doloro</u>, the first and only one Since 15th. Of Novemr.- tho' I

have been occasionally troubled with those <u>twitching</u> Symptoms that belong to the disease. For Some 2 or 3 weeks past I have felt more and more debilitated, which is doubtless the main cause of the present attack, tho' it may be in Some measure owing to the partiall discontinuance of the <u>tonics</u> that I have been using ever Since Novem.- to day I commence the Use of <u>Dr. Rose's</u> <u>Nervous Cordial</u>, a bottle of which I Recd. On Saturday from Capt. Easton now in Washington City- This Cordail its inventor Dr. Rose, Says will not only Relieve, but <u>cure Tic doloro</u>, <u>Neuralgia &c.</u> We Shall See how it will affect my case, for I propose o give it a fair trial, to the extent of one bottle at the least—Mer: at 2 p.m. <u>86</u> fair and airy- very heavy Rain after Nightwith heavy thunder.

Thursday 24th

<u>Thursday March 29th 1855-</u> My diary has been discontinued from 24th. June '52, owing to Severe affliction of Neuralgia, by which I was entirely prostrated and disabled, unyil about the beginning of Septembr. Last, Since which time I have been exempt from any Serious attack of my painful Malady; and have been constantly and Steadily Regaining flesh and Strength- I think my present partial Restoration and gradual improvement. May be fairly attributed to the efficacy of Homeopathic Remedies that I have adopted and used for the last two years

I now take up this Vol: to appropriate the Remainder of it chiefly to the concern, (Origin & Progress &c.) of <u>The "Linden-Wood Female College"</u>, Commencing on Page <u>95</u>.

<u>Linden-Wood Monday 2^d. April 1855.-</u> The morning Rough and chilly Mer: <u>34</u> at 9 A.M-Somewhat cloudy- Yesterday was Communion day in our Ch: the Services were conducted by Mr. McCalla, and were Solemn and imposing- About the usual number of communicants participated- We had imposing- About the usual number of communicants participated- We had Service in the forenoon and at Night also- Also on the Saturday previous-

Yesterday was my birth day, the commencent. Of the <u>74</u>th. year of my earthly existence (See pages 18 and 79)- for the two last years '53 & '54, I have been for the greater part of the time disabled and debilitated by Neuralgia, and confined to the House & my Room- But it pleased the lord to deal very mercifully with me all the while, blessed be His Holy name- and I am now entering upon a New year of my pilgrimage, in much better bodily health- I <u>do</u> feel very conscious tho' that I am Spiritually very, <u>very</u> deficient- May the Lord my Saviour and my God take me into His keeping and guide and direct me in the Right way in <u>His</u> Strength, and for His Mercy's Sake- If it be His well that I Shall live another year. or any part of a year, May He keep me in the way everlasting- If he Shall terminate my pilgrimage before the expiration of this my 74th year- May I in any event be able thro' His grace to meet His Providences Concerning me, with becoming Reverance and gratitude- Ever feeling deeply & humbly, the every Mercy, whether great or Small, comparatively, is very far more than ever I have or can (deserved) or deserve- Most humbly do I Submit to Him all my interests temporal and eternal.

<u>Tuesday 3^d. April '55-</u> The Mg Rough & unpleasant- Mer: 40 at 9 A.M. This is an uncommonly late and backward Spring- Scarcely an early flower has peeped out, (The Iris, a Solitary one, appeared on the 30th. Ult^o) and not a fruit blossom has appeared yet- In '51, See p.16, Plums and peaches were in full bloom, as also many flowers, on the 24th. March- In 1852, it is noted, that about the 12th. of March, the Yellow and Weeping Willows were quite green (howbeit, they were Sorely nipped 10 days after, and looked as if Scorched by fire)- At this time those trees appear much as they did months ago.-

I now proceed with "L. W. F. College" conceras- Early in January our Church engaged The Rev. Wm. L. McCalla as Stated Supply for a year: and promised him a Certain Salary of <u>\$600</u>, and a House Rent free for his family- To obviate may difficulty Respecting a house (for Rents in St. Ch: were very high, and in fact no Suitable house was to be had, I offered to furnish Suddt. Accommodations at L. Wood, to go on My Subcription- (The Rooms offered would Rent in St. Charles for at least <u>\$200</u> P Ann:) My offer was at once accepted, and Mr. McC. Soon took possession and moved his family up from St. Louis-

Not Long after Mr. McCalla had got Settled at L. W- he Suggested to Several Gentlemen who were anxious for the immediate opening here of a Female School; that with a little exertion, and my permission and cooperation, a School might be opened for both day Schollars and Boarders; as a preparatory Commencement of our long Contemplated "Linden Wood Female College"- and at the Same time volunteered his Services to do all in his power to promote and carry out the proposed object- The Subject was fainly explained, and Submitted to Mrs. Sibley & myself; and finally after mature Consideration agreed to unanimously (Mr. Johns- Mr. Alderson-Mr. Watson Mr. McCalls- Mrs. Sibley & myself) as follows- The School Should be opened on the first Monday, 5th. of March- to be conducted as nearly as practicable on the principles Set forth in the 3^d. Article of My Will, See page 98 &c.; to be managed as to terms and finnancail matters, by Messer. Watson- Alderson & Johns, in quality of trustees- Mr. and Mrs. McCalla to undertake the Boarding depart.- Mr. McC offered to teach Latin & French Gratuitously- But was not to exercise any control over the School; he disclaiming any wish to interfee in that matter- It was understood that my Wife abd I consented to this arrangement. Only as a beginning of our favorite College Scheme, and as a Means of promoting that Object; expressly Stipulating, that nothing Shd. Be done- undertaken or done, the premises, inconsistent with our pledges to the Directors of the College; and that whenever the Board of Directors Shall think fir to assume their legitimate authority, all Should at once be given up to them- Such is the material Substance of the arrangement.- It was not put in writing I believe- being intended as a Mere Verbal understanding- The prospect was deemed favorable, as the demand for a good school was certainly urgent- The "Trustees" Settled the terms of tuition, board &c. at as low Rates as it was thought could be afforded- when all this was fixed and determined, printed Circulars were put forth, and the public notified thro' Several Newspapers-

Miss Isabella Gibson, then engaged temporally teaching at Kirkwood near St. Louis, was engaged to take charge of the School on Salary of \$400 for the Session of 10 Months besides her Board &c.- Accordingly on Monday Morning the 5th. March the School did open, inclement as was the weather, with attendance of 21 Schollars, 3 of whom are boarders (daughters of Dr. McIlhinny) Since then the Number has increased to <u>32</u>, in attendance to day Six of whom are boarders- And Several others are expected Soon-

The daily Sessions are opened & closed with Singing, Scripture Reading and Prayer— Miss Gibson is a Native of Scotland; her father is a Presbyterian Minister, O. S. Residing 7 Settled in Otis Messts.- <u>She</u> was Nine years old, She Says, When She came to America- has been teaching about Six years, and is well Recommended- So far gives Satisfaction-

This unexpected Success and progress, makes it obligatory on me (and other friends of the casue also), to put forth fresh and vigorous exertions to provide larger and better accommodations for the School- Indeed the effort Should be promptly made to put up one of the permanent College Buildings- which may easily be done before the 1^t. of December next, if Set about immediately, as already Stated page 104-

I propose very Soon to put this effort on foot, in Some form or other: the thing now most pressing, is to Secure \$3000 additional to the present Subscription &c.- The day hazy and mild-Mer: <u>60</u> Noon.

<u>May 1856</u>- Note- Revd. Mr. McCalla Suddenly gave up the Charge of our Church in October last, and left St. Charles- but his family Remained at L. Wood 'till Sometimes in Decemr. Last- the School has been Contind. Under Miss Gibson- Mrs. Sheffield and Mrs. Durfee- the boarders are now in Charge of Mrs. Durfee- the School is Small- only about 20 Schollars in all- Since the Removal of Mr. McCalla and family, harmony & good feeling have prevailed-

In Feby. Renewed efforts were made to Commence building the L. W. F. College, but the effort Soon died; and there appeared to be no prospect of any thing being done towards it- Mr. I. O. Sawyer a popular architect of St. Louis, did at the instance of Rev. Dr. Rice, furnish a plan & Specifications for a Commodious & handsome Building, which after Some alterations, was approved and adopted- But the building committee declined making any Contract, for the Reason that the bids were all, as they decided, too high and beyond their disposable or Reliable means-And So they let the matter drop; and manifested no further intention to proceed- In this emergency I resolved that the long cherished project shd. Not thus be abandoned- It was ascertained on Carful enquiry that the Building proposed by Mr. Sawyer would Require about <u>\$14,000</u> to out it up and finish it complete- not over <u>\$10,000</u> of that Sum had been Secured- To obtain the Balance, or as much of it as possible, Mrs. Sibley undertook to Solicit the Churches and friends of female education at St. Louis, but with Rather indifferent Success- Not discouraged however, Mr. S & I Still pursued our object, and fully intend to pursue it, 'till it is accomplished- And the prospect now (10th. May) is, that the enterprise will Mainly, if not

entirely depend on our almost unaided exertion and influence- The object is with us very dear and we trust with the help of the Lord to accomplish it-

May 22^d- After no little negotiation and delay an offer has been made by a Reliable and Responsible Builder of St. Louis, to put up the Building agreeably to the plans & Specifications of Mr. Sawyer- And this is the only offer that we can Rely on- the price is high, but not considered exorbitant (See opposite page)-

 24^{th} .- The proposal of Bigelow & Soh has been duly considered & accepted, and they are authorized to Commence operations immediately-

JUNE 3^d- Bigelow & Son- Commenced the excavation this Morning-

<u>22^d. Quit Claim Deed

Whereas- By an Act of the General Assembly of Missouri approved the 24th. February 1853, the "Linden-Wood Female College" was incorporated- located at Linden-Wood in the County of St. Charles, and placed under the care Supervision and controul (virtually) of the Presbytery of St. Louis, of the Old School branch of the Presbyterian Church in the United states of America- And Whereas, the Presbytery have accepted the Charter of Said College, and have assumed the Care and Supervision thereof, and have adopted the following outline of the Plan-System- Principles Objects and purposes to be observed and pursued in the establishment and government of the Said College- Namely- The Lindenwold Female College is to be set up and established on a large liberal plan, and on a lasting formation- to consist of Primary- High- and Normal Schools- with a Domestic and Boarding Department connected therewith- It is to Supply (at as low charges as practicable) ample facilities for Female Education, in the best Sense and meaning of the term- (the proper development and cultivation of the intellectual Moral and Physical faculties)- It is to present a School or Schools wherein female youth given in baptism to the Redeemer (not excluding others) may be properly educated, and qualified for the important duties of Christian mothers and School teachers- Wherein the Holy Bible shall always have a prominent place, and be a permanent class book.- In which the whole course of instruction and Discipline Shall be based on the Religion of Jesus Christ as held and taught in the Confession of Faith and Catechisma of the Presbyterian Church in the United States of America as adopted by the General Assembly of Said Church in the year 1821- In fine, to Supply Schools adapted to qualify the pupils not only to enjoy the Rational pleasures of life as accountable beings, but to become enlightened accomplished and useful Members of Society; to discharge with ease and

grace, the peculiar duties of the Sex in all their various Relations- Also So to convey and adapt instruction, appropriately, as to give a decidedly National bias to the youthful mind--- <u>And</u> <u>Whereas</u> The Directory of the Said College have taken Suitable measure for putting up one of the Principal Edifices thereof, which is now in progress of erection- Wherefore, the undersigned in view of the premises; have executed and delivered the following Deed of Conveyance- to wit-

<u>This Quit Claim Deed</u>, made and entered into by and between George Champlain Sibley and Mary Easton Sibley his Wife, of the <u>First</u> part, and the "Linden-Wood" Female College, of the Second part, all of the County of St. Charles in the State of Missouri, Witnesseth- That the Said party of the <u>First</u> part, for in Consideration of their earnest desire to aid in the endowment and in promoting the objects and purposes of Said College, as above Set forth; and of ten dollars to them paid by the Said party of the <u>Second</u> part, the Recipt of Which is hereby confessed, Have Remised, Released and Quitted Claim and by these presents Do Remise, Released and Quitted Claim and by these presents Do Remise, Release and forever Quit Claim unto Said Linden-Wood Female College, the following described tract or parcel of land, Situate in the Said

County of St. Charles westerly od and near to the City of St. Charles- to wit Beginning at the South-West corner of the So called, "Prairie Haut Fields", Two hundred and thirty-nine (239) Poles to a Stone – Thence North 57°. East, Eighty one poles and threefourths of a Pole (81 ³/₄) to a Stone near westerly line of the land of one Whitney. Thence with Said line, and the westerly line of land formerly Millington's South 33°. East, Two hundred and thirty nine (239) Poles to a Conner Stone near a public Road- Thence South 57°. West near Road Eighty one Poles and three fourths of a Pole (81 ³/₄) to the Beginning. The above described Metes and bounds, embrace an Area of 121 4790/4840 Acres; and include One Acre and a half conveyed by Said Sibley & wife to the First Presbyterian Church of St. Charles, for a "Burying place" by Deed dated 27th.

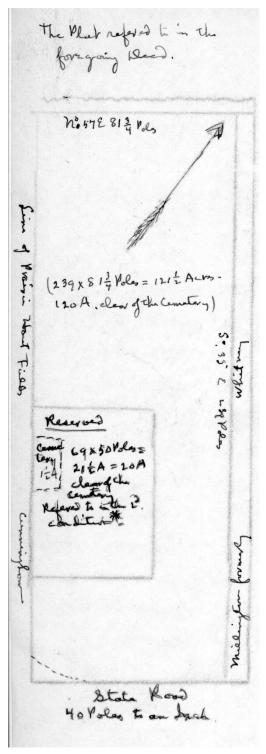

January 1853- they also include <u>2370</u> Square yards taken off of the S°. W. corner for use of a public Road- Deducting the above named A Acre and a half and the 2370 Sq. yards, nowe of which is intended to be conveyed by this instrument; there Remains <u>One hundred and twenty</u> <u>Acres</u> all of which is intended to be conveyed by this Deed (See the Annex'd Plat)- Which Said One hundred and twenty Acres, the Said George C. Sibley and Mary E. Sibley his wife, do hereby convey unto the Said Linden- Wood Female College as aforesaid- To Have and to Hold the Same, with all the Rights, privileges and appurtenances thereunto belonging, or in any manner appertaining, unto the Said College forever.

In making this Deed, which is in its nature and design a <u>Donation</u> the Said George C. Sibley and Mary E. Sibley his wife, declare it to be their intention to convey the land herein described, to the Said College with a Title Sufficient in law- Yet they consider and believe it to be their duty as well as their Right, to annex to this Deed the following Conditions, on the faithful compliance with which on the part of the party of the Second part, must always depend the perpetuity of the title heroin conveyed--- First, The One Hundred and twenty Acres of land conveyed by this Deed, with all its Rents, Revenues and Avails Howsoever accruing, Shall never in any manner or under any pretence whatever, either in whole or in part, be diverted or alienated from proper benefit, Service and behoof of the College aforesaid- Provided however, that no Deed of Lease that the Directory of Said College may execute in favour of Said Sibley and Wife Shall in any of its provisions be deemed inconsistent with, or any infraction of this condition— Second condition By Reference to the Plat* annex'd it will be Seen that a Lot of twenty Acres (net), part of the 120 Acres decribed above, has been Marked, "Reserved", and Set apart- Now it is the purpose pf this condition that the <u>26</u> Acre Lot designated in the Plat opposite, Shall always be Reserved from Sale or lease (except as provided in the first condition in favour Sibley & wife) and shall be kept and maintained entire and without diminution- for the Sole and exclusive use and accommodation of the aforesaid College, for Gardens- Orchards- Groves- Recreation Grounds &c. and always to Secure Ample Space around the Buildings of the College free from intrusion and the annoyance of the too close proximity of Neighbors- So to promote the health and comfort of the too close proximity of Neighbors- So to promote the health and comfort of the inmates of the Institution- Third condition- Whenever the Directory of Said College Shall in their discretion deem it expedient to Sell or Lease any portion or portions of the land herein conveyed, that it not Reserved, they Shall in every Such case, insert in every Deed a Strict prohibition against the Setting up or allowing of any Drinking or Gambling House- Garden or Booth for Gambling or furnishing intoxicating drinks- or of any disorderly establishment whatever- All Such nuisances and all others to be guarded against, forbidden and excluded from premises as far as may be practicable- any infraction of the Three foregoing conditions or either of them Shall work the forfeiture of the title conveyed in this Deed- Provided that no act or omission of mere inadvertence (So proved to be) Shall be deemed an infraction- but only Such as can be proved to be deliberately designed and intended- or of gross & palpable neglect-

To The Revd. Presbytery of St. Louis-

In a Commn. that Mrs. Sibley & I addressed to your Revd. Body dated 11th. March 1853, in Relation to the establishment of a Female College at Linden- Wood; and in Reference to our express'd and Sincere desire to aid in accomplishing that object; at that time and 'till Recently, we were under mistaken impressions as to the best method of investing the College with the Right of property in the worldly State that we proposed to devote to it; and under that impression it was made dependent on the provisions of an article in my "last Will" and testament, which I executed ,in good faith, on the 11th. March '53 and an authenticated copy of Said article accompanied my communication of that date already Refered to above- to all which I now ask leave to call the attention of your Revd. Body-

Mrs. Sibley and I have over been averse to the too common practice among good people of "holding on" to the end of their lives to their worldly estates which they intend to <u>give</u> to the aid of good and proper public objects <u>after</u> their decease, to be Secured by Will: which instuments are always liable more or less to be misinterpreted, or mislaid, or disputed and Set aside; and the purpose of the dying Man defeated- Now altho' my beloved Wife and I cannot approve of Such a Coarse, which we are very Sure is in general, indefensible; Yet we are aware that there are Sometimes, worthy exceptions- And we would claim our own case as an exception-We have to day executed and delivered to the Directors of the Linden- Wood Female College, our Quit Claim Deed to the <u>120</u> acres of land promised in our Communication of 11th. March 1853—And the Board of Directors have, on this day also, executed and delivered to us their Deed of Lease, Securing to us the uninterrupted occupancy and use of our much loved Home, during the Remnant of our earthly pilgrim- age- (the Quit Claim Deed, and Copy of the Deed of Lease will be found on file with the Records of the Board of Directors)-

Now altho' the Quit Claim Deed divests us of our legal title to the <u>120</u> acres of land promised in my Will, (and So far Supersedes the Will) by the terms of the Lease, my Wife & I are allowed to "hold on" to the premises (except 12 Acres) during our Natural lives- We asked this privilege of the Directory, because we are Reluctant to change our Residence, and because we believe that our continued occupancy will prove beneficial to the property, and afford us much better opportunities of Rendering Service occasionally to the College Our wish from the first has been, to transfer this land to the College by <u>Deed</u>, instead of leaving the title thereto dependent on the many contingencies of my Will- So far as the publick is interested in the College it is certain that all doubt and uncertainty that may (very naturally have arisen in Some minds, touching the Certainty of legal title to the property ever being in the College, will now be entirely Removed; and many it may be hoped will act more confidently and liberally hereafter, in behalf of the L. W. F. College, than they wore disposed to do heretofore-

In any event, my wife and myself now feel Relieved from every embarrassment and apprehension, as touching our poor effort to give efficient aid to the establishment that we have So much at heart- I may be allowed to State here (tho' entirely unknown to them) that Mr. Samuel S. Watson and Mary A. Watson his Wife have contributed efficient and available means, in land and Money, to the Amt of not less than \$5000, towards building the first principal College Edifice- Do I praise them for this? Not at all they believed it to be their duty- and instead of leaving its discharge to their Executors, they have done it themselves in person.

Very Respectfully

Yours in the Redeemer

George Champlin Sibley-

This Deed of Lease, made and entered into by and between the Directors of the "Linden Wood Female College" of the First part, and George Champlin Sibley and Mary Easton Sibley his wife of the <u>Second</u> part all of the County of St. Charles in the State of Missouri, Witnesseth, That Whereas the Said Sibley and Wife, <u>Have</u> on this day (previously to the execution of this Deed) Signed, Sealed and delivered their Quit Claim Deed to the Said Directors (in Session as a Board duly Constituted) conveying to the Said College One Hundred and twenty Acres of Land, Situate in the county of St. Charles, near the City of St. Charles, near the City of St. Charles Bounded as follows- On the westerly Side by the Westerly line of the So called "Prairie Haut fields"- On the Northerly end by land belonging to Sibley- On the Easterly Side by land of one Whitney, and land of Sibley- And on the Southerly end by a State Road; Reference being had to the annex'd Plat, and to the Aforesaid Quit Claim Deed, for further description of Said land, and for other particulars touching the conveyance therof- And Whereas the Said Board of Directors for and behalf of Said Board of Directors for and behalf of Said College, in view of, and in consideration of the premises, and for a nominal Rent of One Dime per Annum, Have Leased, and by these presents Do Lease unto Said Sibley and Wife, jointly and Successively, One Hundred and eight Acres of the land conveyed by Said Sibley & wife to Said College by the Quit Claim Deed aforesaid being the whole of the tract thus conveyed, excepting a Lot of twelve Acres, which is Reserved for the present use and convenience of Said College, and is not included in this Lease- Said lot of 12 Acres is Situated on the westerly Side of the 120 Acres, and is Set apart, and parties to this Instrument, that in virtue thereof, the Said George C. Sibley & Mary E. Sibley are to Retain, and continue in the full possession, and uninterrupted use and enjoyment of the premises hereby leased, together with all the appurtenances to the Same

appertaining, for and during their natural lives Respectively; with all the Rights, privileges and immunities that they held, possessed, and enjoyed, in and over the same, previously to the present day: (excepting only, that they may not <u>Sell</u> any of Said land, nor Lease any part thereof, for any longer time than during the Continuance of this Lease- At the expiration of this Lease, the premises aforesaid and all appurtenances thereof, Shall Lessors, and be and Remain under their Controul agreeably to the terms and conditions of the Quit Claim Deed aforesaid, as therin fully Set forth- In Witness whereof Samuel S. Watson President of the Board of Directors of the Linden- Wood Female College, in the presence, and with the concurrence this Fourth day of July, in the year of Our Lord Jesus Christ, One thousand eight hundred and Fifty Six (1856)

And Whereas said Sibley & Wife of the first part, for Reasons to themselves Satisfactory, and for and in consideration of the Covenants Stipulations and engagements made by the Said party of the Second part, as herein after written; Have Leased, and by these Presents Do Lease, unto the Said Linden Wood Female College, all of the <u>108</u> Acres of land mentioned & Referred to in the foregoing lines, with all the appurtenances thereunto belonging, for & during the Natural lives Respectively of the Said Sibley & Wife of the <u>First part, To Have & to Hold</u> the Same as aforesaid, unto the Said Linden- Wood Female College, for and during the period above written, which period is to begin and date from the 15th. day of August 1858, Subject however to the terms, Rents, provision & Reservations herein after Specified and fully Set forth.

<u>The Premises hereby Leased</u>, are Grounded on the westerly Side partly by a twelve Acre Lot belonging to the Linden Wood Female College, and partly by the Westerly boundary line of the "Prairie Haut Fields"- on the Northerly end by land belonging to Sibley, And Southerly by a public Road- embracing all the improvements therein-

The Rent- its payment &c. The party of the Second part engages hereby, to bay unto the party of the First part for the Rent of the presises hereby leased, Eight Hundred Dollars per Annum, in Quarterly payments, until the Fifteenth day of August, eighteen hundred and Sixty three (1863), at which time and at the end of every five years there- after during the period of this lease, there Shall be based farming or other purposes; and if the Said land and improvements for farming or other purposes; and if the Said parties cannot agree upon the yearly Rent on any Such Readjustment they may Refer the Same to disinterested persons chosen by themselves in the usual way; and the Rent thus fixed on Shall be and continue for the five years- Should the Said party of the Second part, ever Sell or otherwise dispose of any part or portion of the 108 Acres of land hereby leased, they Shall nevertheless be held bound to pay to the party of the first part the full amount of the \$800 per annum for the five years commencing on the 15th day of August 1858, and for every term of five years thereafter during the period of this lease, the Rent on the whole 108 Acres, at the Rate to be agreed on and fixed as above provided, irrespective of any Sales or leases that they, the party of the Second part may make at any time after the date of this instrument- The payments of Rent under this Lease, will fall due hereafter on the 15th days November- February- May and August- the first payment will fall due on the 15th day of November 1858-

The Said Linden Wood Female College, party of the Second part, in its corporate capacity, by the President of the Board of Directors thereof, or other Officer of Said Board as Principal- and A. V. C. Sohenck as Security, Do hereby promise and <u>Covenant</u>, to and with the Said Sibley and Wife, party of the First part, that they will paySaid Rent of <u>\$800</u> Annually, in quarter yearly payments as is above Stipulated and provided, during the first five years of this Lease, if Said parties of the first part, or either of them, Shall So long live, and thereafter Said

party of the Second part as principal, and Such Security as may be then given and approved, Shall continue to pay as aforesaid, Such Rents as Shall be agreed upon in the manner herein before provided; Said payments to be made promptly and faithfully as they fall due, quarterly, during the period & continuance of this Lasase- <u>Sale or Lease of a part of the leased premises.</u>

Sibley & Wife, party of the first part, hereby agree & consent, that the Directors of the Said Linden Wood Female College, of the Second part, in their corporate capacity, may at any time after the ate heroof, Sell and convey in fee Simple, or lease for a term of years, certain Small lots of ground Situate on the Southerly end of he Said <u>108</u> Acres; which lots, Nine in number, are designated and Numbered one-two- three- four- six- eight- ten- twelve- fourteen- on the Plat hereunto annex'd for Reference; and are to be disposed of in every case, in Reference to, and in conformity with the Street divisions as located and laid down on the Plat above Refered to- And the Said Directors in behalf of Said College, of the Second part, may also Sell and convey as aforesaid the lot of ground Numbered <u>15</u> on Said Plat, containing <u>20</u> Acres, Situate on the Northerly end and extremity of the premises hereby leased.

<u>Reservations</u>. John E. Stonebreaker holds a Lease form Sibley of the first part, for a part of the premises herein before described as will appear by Reference to Said Lease; the term of which will not expire until the 15th day of August 1859, being one year Subsequent to the commencement of this Lease- Now it is agreed & understood by the parties hereto, that the party of the Second part takes the Said premises, the 108 Acres, Subject to the lease and occupancy thereof as held by Said Stonebraker, the Said party of the Second part being hereby authorized to collect and Receive from Stonebraker the Rents payable by him as they fall due, for the last year of his Said Lease; or <u>otherwise</u> to arrange & Settle the matter on Such terms as all the parties interested may agree upon- It is also agreed between the parties hereto, that Said Sibley & Wife <u>Reserve</u> to themselves the Right, the first term of this Lease, to take annually from the Gardens of the Homestead, and the Small Orchard adjoining: <u>One-fourth</u> part of the fruit therein: to Say Apples and Pears- Peaches- <u>Cherries- Grapes & Small berries-</u> and also for the

Expunged by party of the first part

Years 1858 & 1859 to cut & take Asparagus- All which they may gather and take away at Such times as to them may be convenient- And also they may Remove and take away Such Shrubbery, Small trees and plants as they desire, during the Spring & Autumn of the present year of 1858— <u>Repairs and Insurance-</u> It is agreed that the lessees are to keep leased property in good Repair in all particulars, and at their own expense; except in cases of dilapidation from time and use (ordinary wear and tear) when <u>materials</u> for <u>all Such Repairs</u>, are to be furnished at the lessor's expense- But the work of Repairing is in all cases to be done at the expense, & under the direction of the Lessees-

There is now at this date <u>Insurance</u> of the Buildings hereby Leased under a Policy of the Home-Mutual, Fire & Main Insurance Company of St. Louis Missouri (N°. 8238) for the Sum of <u>\$2400</u>- including <u>\$400</u> for furniture- This Policy will expire on the 3^d day of January 1860- It is hereby agreed, that Sibley & Wife Shall pay all the assessment taxes under the Said Policy during its continuance; and that the party of the Second part Shall keep the buildings insured thereafter, and at their own proper expense-

Inasmuch as these Leased premises will eventually Revert to the Linden Wood Female College, Subject wholly to their ownership and controul; it is hereby provided and agreed, that all valuable & permanent Building Improvements that may hereafter during the term of this lease, be made on the premises in connection with the Said College Schools, Shall inure exclusively to the benefit thereof, and Shall not be taken into account in estimating the value of the premises her by leased, at any future Readjustment for fixing the Annual Rent.

In Witness whereof, the Several parties to this Instument do hereto Subscribe their Names, and affix their Seal at Linden Wood in presence of the Board of Directorsof Said College, then in Session this Nineteenth day of April in the year of our lord One thousand eight hundred and Fifty eight- Signed Duplicates.

To Mr. John Jay Johns President of the

Board of Directors Linden Wood F. College

Sir,

For the information of your Board, I avail myself of this occasion to notify you as follows—On the 15th. day of the present month of January 1859, I evacuated So much of the old mansion at Linden- Wood as was necessary to conform to the terms of the Lease that was executed on the 19th, day of April 1858- Mr. Schenck has Since my Removal, taken possession of a part of the Released premises;- with your concurrence, I presume-

<u>As to my Rent</u>- I here quote from the Lease Deed- "The payments of Rent under this lease will fall due hereafter, on the 15th days of November- Feby- May & August- the first payment will fall due on the 15th. day of Novem. 1858"- (the quarterly dues are \$200) Not being able to Remove from the Mansion & appurtenances till the 15th. Inst (the only part of the leased premises that I Retained after the 15th. Augt. Last, & <u>that</u> agreeably to a verbal understanding) I do not claim any other Rent from the 15th. Augt. To 15th. Jany, than what I Settle with Stonebraker for under his lease from me with one exception, which I will advert to presently. But I now Notify you that I shall claim from your Board on the 15th. of Feby. Next <u>\$16.66</u> over & above the <u>\$150</u> that Mr. Stonebraker will Settle with me, and from that day forward (15th. Prox.) I shall claim under your <u>covenanted promise</u>, contd. In the Deed of Lease, "promptly & faithfully as they fall due" the Quarterly paymt of <u>\$200</u> irrespective of any Sales or leases that yr. Board may make, or have Made- Your Sale of <u>20</u> Acres to Mr. Watson, has the effect to abstract about <u>12</u> Acres from the field Stonebraker leased from me, for which he, Stonebraker charges me at the Rate if <u>\$5</u> per acre, and deducts that Amt. from his Rent & this I also claim from the Board; for in conformity with the terms of the Lease my Rent may not be impaired by any Sales or lease the Directory may Make- I make this communn. That the Directory & all concerned, may be well advised, So that no misunderstanding may hereafter arise &c.

Respectfully Yr. Obt. Svt.

Geo. C. Sibley

Elm-24th. January 1859-

To Mr. John Jay Johns- Pres. Board of Directors L. W. F. College-Sir-

Our conference on the 15th. inst. Did not Result in any thing definite- the committee appeared to think it Right & Reasonable to absolve the Directory entirely from all obligation to pay me any Rent upon my claims as Set forth in my Note to the President of the 24th upon my claims as Set forth in my Note to the President of the 24th Ult°. Founded on their covenanted promise contained in the Deed of lease of 19th. April last, (which Note & lease please Refer to) The ground taken by committee to justify the non paymt. Of Rent to me, is that your tenant with whom I have nothing to do in that capacity, Refuses to pay you, or to take the premises that that my Removal placed at your disposal, excepting Such part only as he has present use for, and which he claims, as I understand, to have Rented Separately and apart from the Lease of 19th. April- The operation of this derangement as the committee would Settle it, is Simply this- to throw on me the Whole loss and inconvenience for time indefinite- Perhaps your Tenant may find it convenient & desirable to occupy the whole of the premises alluded to after the 1^t. Sept. next- Perhaps not- who can tell?- Meanwhile must I Retain & take care of the vacant Rooms &c, and deal them out to your Order, or your Tenant, as they may from time to time be Required? Or Shall I try to make my Rent out of them from temporary tenants as best I may? Such a course might perhaps prove Rather inconsistent with the proper School accommodation- If there is any thing in Right Reason to authorize the Saddling on me all this trouble in Right Reason to authorize the saddling on me all this trouble & Resposibility, and to delay paymt. Of my quarterly Rent, as incidental to a dependence on the uncertainty of the Board's manner of disposing of the property leased to them, I Submit- If not- not- I Stand by that Document So long as it Remains a law to the parties thereby bound, and must Require it to be observed & carried out in good faith by all concerned.

As to the Rent agreed on between Mr. Schenck & Mrs. Sibley for Such of the Rooms as are now in his occupancy, it may be Settled either with Me or the Directory, and will go towards my quarterly Rent, when paid to me- I find myself in a very unpleasant position in Respect of the matter, So placed by no fault or default of mine- It is well Remembered that in Repeated instances, I stated to your board (pending the proposition emanating from the Board) for my Wife & I to give up to your our home for better accommodation of the college, that we could not & would not Stipulate any time for our Removal from L. W—We might perhaps have been excused if we <u>had</u> lingered & lingered Somewhat longer than necessary, at the place where we had <u>Spent 30 years of our pilgrimage So happily-</u> But we did not linger- We moved away "as Soon as we Could"- and we never promised anymore, nor was any More, nor was any More ever expected of us by any one, I am Sure-

It is Severely painful to me to write it; but I may as well Say to the Directors that if they feel disposed to abrogate the Lease, I will not interpose any impediment- But I do not by any means, propose it- Elma 24th. Feby. 1859.

Respectfully- G. C. Sibley

Note- Messrs. Johns, Watson & Alderson, were appointed by the Board of Directors a Committee (alluded to in the above Note) to confer with me in reference to my Note (See pages 180-1) of the 24th. Jany. last- But nothing definite was decided on. G. C. S.

Elma 3^d June 1859

To Mr. John Jay Johns

Prest. Board of Directors

Linden-Wood Female

Sir- A Report has Reached me indirectly, and in no tangible form, to the effect, That the Board of Directors of the L. Wood F. College have Sold, conditionally, another large portion of the college endowment land, for the purpose of paying certain Debts contracted by the College, for Out Buildings & the incidental expenses &c. Can this be true? I hope not- Already has too much of that property been frittered away to Severe purposes quite foreign to the object originally intended, exclusively to be aided thereby; and entirely inconsistent with the tenure by which the property is held by the College- The Devise was not made, or ever for a Moment intended to be made, to build, but to "aid in the Endowment", therby to promote one of the main objects of the Institution, as Set forth in the Deed of transfer; to wit: to Reduce the charges for tuition &c. as low as practicable, the legitimate effect of an Endowment- All that has been or may be hereafter Received from the Sale or lease of any portion of the land Deeded to the College; Should be in good faith and Scrupulously funded for the Endowment- If any of it has been or may be used for any other purpose whatever, it Should be Refunded with Interest- The property Should be husbanded with judicious care, for the Sole object of aiding & increasing the Endowment- any perversion or alienation of this fund, or any part of it from that object, may work the forfeiture of your title, and the consequent loss of the whole property- this ought to be carefully guarded against- If the Directory has indeed bargained away any more of the College Endowment land, than the Lots designated on your Plat for Sale or lease (which I Regret that I ever Sanctioned) its transfer would be, in my Judgment, in violation of an express condition of the Deed under which

you hold, and will manifestly imperil your title- Of course I could not concur in it, but be much more disposed in view of the premises, to protest against it, as injudicious & unsafe-

The following quotations may Serve further to place this matter in its Right position-<u>First</u>- from my letter of 5th. Jany. 1853 to the Revd. J. S. P. Anderson of St. Louis- "This Bequest tho' only now partially available, <u>in aid of an Endowmnet fund</u>, increased most probably <u>50</u> p Cent: on its estimated present value"- (The above has Reference to the 3^d. Article the Will)— <u>Second</u>- From the 3^d. Article of my Will above alluded to- "Now therefore, in consideration of the premises, I do hereby Will and Bequest unto the Linden- Wood Female College, <u>To aid in</u> <u>the permanent endowment thereof</u>, and no other <u>&c.</u>- <u>Third</u>- From the Deed of 4th. July 1856 (Superseding the 3rd. Article the Will)- "In Consideration of their earnest <u>desire to aid in the</u> <u>endowment &c.</u>" – In full accordance with the above quotations, and for the <u>express</u> purpose of making assurance doubly Sure, in Securing their object- the <u>First Condition</u> of the Deed Sets forth that the <u>120</u> Acres of land conveyed by the Deed "with all its Rents, Revenues, and avails, howsoever accuring, Shall never in any manner, or under any pretence whatever, either in whole or in part, be diverted or alienated form the proper benefit, Service or behoof of the College aforesaid"-

It were needless for me to write any thing further here on the Subject- Most Respectfully

Yr. Mo. Obt. Svt

The word <u>as</u> has been omitted between <u>College & aforesaid</u>, in the Deed as it was executed- In the Origenal Dft: it was "<u>College as aforesaid</u>" which better expresses the full meaning of the Deed.

Mr. Watson & not Mr. Johns was the Prest. As I learned after this was written &Sent

Be it known to all concerned- that I George C. Sibley of the County of St. Charles in the State of Missouri, being fully authorized thereunto, Have determined to Emancipate my Servant Baltimore, now about 47 years old, and well known in Said County- Therefore I DO hereby Emancipate, Set free, and forever Release Said Baltimore from all claims whatsoever, by which I have hitherto lawfully and Rightfully held him in bonds of Servitude- And I do by this Instrument, fully intend to make Said Baltimore "as fully and perfectly free, as if he had been born free"; as in conformity with an Act of the Genl. Assembly of the State of Missouri, 2nd. Article, Approved 5th. March 1845-

[Baltimore was born a Slave in Kentucky- He is honest and well disposed, and capable of Supporting himself Reputably & usefully and I trust will continue to do So- If I were not well convinced of this he Should not "go out free" with my Consent; firmly believing as I do and ever have, that with Rare exceptions, the best position for the Negro Race, in these States, for their own good, is that of domestic Slavery and Strict Subordination to the White race.]- In Witness Whereof I have hereunto Set my hand and Seal at Elma, near the City of St. Charles, this First day of Septemt. A paper of Similar import & Same Date prepared for <u>Rachel</u> the wife of Baltimore-Omitting the Note in brakets(Copy)

In Mary E. Easton's hand.

The Committee appointed by the Board of Directors of Linden Wood Female College to examine unto & report the financial condition & management of the funds & property of said institution saw fit to appoint me a Sub Committee to take charge of the Books, Statements, accounts & vouchers submitted by the Secretary & President of the Institution and to examine & arrange the accounts so as to abridge the labors of the Committee. I have endeavored to carry out the wishes of the Committee altho' it involved great labor as the returns will show. The statement of accts. as rendered by the Secretary as by him taken from the Books & Records of the Institution for the last seven or eight years contained no dates of day, month or year of any transaction. Upon the first sight of the papers I would have given up the investigation in despair & indeed I felt totally incompetent to the elucidation of such accts. but fortunately a gentleman more familiar with accounts consented to aid me, & has bestowed weeks of labor upon the unreasonable delay on my part in making this return to you. I could not get the information from the Clerks Office at St. Charles in reference to the incumbrances upon The Linden Wood Property & when I got it, it was not what I asked for or wanted. That information must yet be obtained; & I hope The Committee will have better success than I had, altho' I had three agents employed to remind the Clerk every few days of the necessity of furnishing the paper- The following explanations & remarks made by the gentleman who consented to aid me in this matter-

"The papers handed me purporting to show the past management & present condition of the affairs of the institution are of 3 papers Mrkd. Schedule A.B.C." but which I have changed to "Schedule X. Y. Z." to distinguish them from "<u>Settlements</u> made between the College & its creditors, which had also been Mkd. A.B.C. &c. These 3 Schedules (now Mkd. X. Y. Z.) were accompanied by a number of Settlements or accounts rendered by persons to the Institution, some of which accounts are receipted in full, some in part, others unreceipted. Some appear to have been settled by note, some by Warrents, & some by payt. In cask; without in Some instances the Account showing how it was settled or wether settled at all or not. These Settlements or "accounts" are Mrkd. B. C. CC D. D. F. G. H. I. J. K. L. M. N. NN. O. P & the vouchers belonging to each settlement I have assorted & markd B1. B2 & C1 C2 & D1 D2 &c.-The above papers with a few miscellaneous memorandums, - A Book purporting to contain a record of the proceedings of the Board of Directors kept by the Secy. & a Cash book kept by the Treasurer, in which no item of Cash recd. Or paid out since I think about Jany. 1858 is entered, Are the data from which I have endeavored by proper arrangement & classification to make out a clear & accurate statement of the financial management & condition of the Institution. This I have found it utterly impossible to do, but hope that my labors; (in pointing out some of the apparent errors, & in arranging & marking the Settlements & Vouchers (for convenience & reference) will save the Committee Some labor, & perhaps lead to explanations from Directors & a more definite idea of the condition of the Institution.

The papers Mkd. Schedule A "(alias X)" rendered by the Secy. purpots to give a list of the Receipts or Assests of the Institution shewing total of \$23,838. From the record book & other papers it appears this paper omits the following sums Recd. in cash or made available in payt. of debts; to wit-

Which must be charged as assets, since rents paid Sibley is Charged among expenditures Making total omission in Schedule "A, alias X" of assets \$3207.29.
I have endeavored to state this part of the acct. correctly by paper marked "Assets L. W. F.
College-

The paper rendered by the Secretary Mkd. "Schedule B" alias "Y" purports to give a list of the "Expenditures" from some date not <u>stated</u>, to some date <u>not stated</u>. There is no book or Ledger in which these accounts of Expenditures have been kept, at least none has been shown to me, but the statement seems to be made up from loose" Bills on Statements of accounts rendered from time to time by persons to whom the College became indebted, "Receipts, Orders &c.-These are brought to the order of their occurrence- The 4th. 5, & 10th. Items (the only ones having any date affixed) are put nearly together, tho' occurring on "Oct. 26/58- the next June-1862 & the 10th, Some time in 1861-2 The result is, of course great confusion & some error- The whole bill in some cases being charged in full as rendered on final Settlement with credit & then each separate Rect. For payt. made during the progress of the work the acct. again charged & the receipt referred to as a voucher e.g. The item which I have marked 41 charges Cash paid Geo. A. Chrisman (paving&c.) \$366.26 & refers ro vouchers markd. X (see paper mrkd. G. A. Christmas Settlement markd. N, which on examination will be found to be a statement of the items of Chrisman's Bill- The vouchers enclosed in the Bill show how it was paid & yet each one of these vouchers are again charged in the Schedule (See items 25, 26, 31, 34,48,48¹/₂, & 68¹/₂)- Again the full amt. of Bigelow & for notes returned- The gross inaccuracy of this Schedule will appear from the fact that it purports to show that money to the amt. of \$31583.20 has been paid out, while the Schedule of assets rendered by the secretary Markd. (A. alias X) only admits including loans & every thing else \$23838.02 as the total amount of assets in other words, addording to those two Schedules, the College has paid out \$7745.18 more than it ever received either by borrowing or otherwise. This it must be conceded is a rare & difficult feat to perform. This error might occur in various ways 1st. By omitting a part of the assets recd.-

2nd. By <u>charging twice</u> as <u>paid</u>, the same Bills, once in gross again in separate items-

3rd. By charging Bills as <u>paid</u> which still remain unpaid- We have already seen 1st. that a large amount of the assets Recd. were omitted in the Statement of asses- 2nd. that the same Bills were charged in gross & again in Separate items, and by reference to the 3rd. paper rendered by the

Secretary Mkd. Schedule C "alias Z", purporting to give a list of the debts due by the College we will find 3rd. that the following Bills which are charged in the Schedule B alias Y of expenses

(2) "Settlements & accts. rendered without receipt or only receipted in part- Some appear to have been settled by note- Some by warrant, Some by cash without in some instances the acct. showing how it was settled or whether it was settled at all-" Explanation Majr. Sibley was chairman of the building Committee & would often pay out money without its passing through the hands of the Treasurer- So it was in the case of others The Treasurer did not disburse all the money & hence the accts. of S. S. Watson & allowed their correctness"- (Note by Mrs. Sibleythe Reader of the above slander upon Majr. Sibley is referred to page 162-163-164 of this book & the copy of a note to Mr. Brooks on the subject)

(3) "The Cash-Book Kept by the Treasurer shows no item of Cash received or paid out since Jany. 1858-" Explanation- There has been no Cash to receive or pay out by the Treasurer Whatever cash has been received or paid out passed thro' the hands of Mr. Watson & the Board has endorsed his acct. as correct-

(4th) "The paper marked Schedule A alias X omits certain sums recd. in Cash or made available in payment of debts- <u>Explanation</u> – A portion of these seems has never been paid in meeting indebtedness, & the Board has passed upon all the accts. & allowed them- Dick's subscription explained page 45 Secy. Book- Johns pp 37, 42, 48, 44- Alderson pp.42,47 Schencks rents were paid to Maj. Sibley

(5) Schedule B alias Y purports to give a list of the Expenditures from some date not stated, to some date not stated" Expla. Dates are found on the vouchers- There is no book or ledger. The statement of the sec. was made without reference to dates & this accounts for the long intervals

between the three dates- Marked Oct. 26/58- June 1862 & another 1861-2 Chrismans bill is receipted 1^t as several items were presented & paid & 2^{nd} . A rect. In fullis given when the bill presented in as "paid" are <u>still due</u>.

The 1st. 2nd. & 3rd. items of Schedule C (alias Z) are balances due Watson for money advanced or loaned by him to College with 10% interest up to the date of his different settlements- And in passing I will remark here that in these cases the College seems to have been charged with 10% int. on all money advanced for the College, up to date of Settlement when a not or warrant was given for the principal & interest which was also made to bear 10% interest, thus making the College pay compound interest, whilst no interest has anywhere been allowed to the College on the large amounts of money recd. From loans & subscriptions- All the amts. Advanced by Mr. Watson & not charged as repaid to him should be added to the assets as well as to liabilities- The list of assets (tendered by the secy. Mkd. A) has an item of \$1500, loan fromWatson but I can not tell whether this is a

separate loan of that amt.- or wheaather it is intended to cover the items of money advanced & charged in Watson's settlements; if the former, it should appear in the list of liabilities or debts owing by the College- Schedule C alias Z) unless it has been repaid, in which case it should have been charged in the Expenditures paid (Sched. B. alias Y) I understand the Judgt. Favor of Hogh has been entered Satisfied on the records having been paid, it should be done so also with Morgner Ex.- I have made out a statement of all "Expenditures" of the Institution from the beginning as shown by the Settlements Mkd. B. C. &c- The vouchers, Records &c. –giving the dates whenever I could ascertain them from the vouchers or books Stating the "Settlements" in the alphabetical order in which they are marked- referring in such item to the vouchers and arranging all the vouchers under their respective settlements. This paper is Mrkd "Expenditures" Linden W. F. College" & is intended to embrace all expenditures paid or unpaid- I have also endeavored to make out a Statement of the amt. actually paid on Expenses, so far as is shown by the vouchers & receipts (See markd. The Board of Directors in acct. L. W. F. College) Ordinarily this account would be made out in the name of "The Treasurer in acct &c. but in this case Treasurer seems to have recd. Or paid out but a small portion of the funds his acct ceasing Jan 1858, the payments & I suppose collections since that time being made sometimes by one & sometimes by another of the members of the board- I have therefore made out the acct. in the name of the board- I charge them with the amt. of assets (see paper mkd. Assets L. W. F. College) made available, & then credit them with such items taken from the list of Expenditures (See Expen. L. W. F. College) as appears from the Settlements & vouchers to have been actually paid omitting of course such as were only settled by notes or warrants- The result is as follows

Total Amt. Assets available-----\$27,045.31

"

"

" paid out as appears from vouchers 23,975.52

Remainder of assets not acctd. For------ 3,069.79

The principal upon which the acct. is stated is unquestionaly the correct one, but there may be many items of Expenditures paid that do not appear so from the vouchers & which would tend to account for the above assets- The Board of Directors having personal knowledge of such as are paid will be able no doubt to point them out- The <u>Schedule C</u> (alias Z) rendered by the Secy. Fixes the total amt. of debts owing the College at \$7835.26 As you have been unable to procure from the records at St. Charles a correct acct of the Judgtts. Executions, conveyances under Deed of Trust & Sheriff Sales concerning the property & as Schedule B alias Y nor the Settlments A. B. C. &c not the vouchers show what debts have been settled by note Warrants I have no Data from which to make out a list of debts owing by the College, nor am I able to state whether the Institution has any property which has not been Sold under Execution.

Respectfully &c.

Rev. S. K. Sneed- Dr. Sir- I beg leave to offer the following Suggestions, as in Referances to the Raising of funds for the present use of the Linden Wood Female College-

I may probably be urged by Some to whom application will be made For aid to pay off debts & put up additional Buildings, that the land ownedby the College Should first be made available for Such purposes- In order to correct this erroneous impression, and counteract its injurious effects; that the land, nor any portion of it, can be used in any for any such purpose, consistently with the <u>express</u> terms of the Deed by which it was conveyed to the College- the intention of the Donation is, "to Supply <u>at as low charges as predicable</u>," ample facilities for female education &c.- It certainly never entered into the minds of the donors for a Moment, to place their gift upon any other footing, than to constitute the Neuclus for an Endowment Fund; Not a dollar of which can be used for any other purpose whatever, without violation of the first condition of the Deed.-

Most Respectfully, Yr. Mo. Obt. Svt. Geo. C. Sibley-
