Optimism —  
the doctrine  
or belief that  
everything is  
beautiful in-  
cluding what  
is ugly, every-  
thing good, especially the  
bad, and every thing right  
that is wrong. It is held  
with greatest tenacity by  
those most accustomed to the  
mischance of falling into  
adversity, and is most accept-  
ably expounded with the  
grin that apes a smile.  
Being a blind faith, it is in-  
accessible to the light of  
disproof - an intellectual  
disorder, yielding to no treat-  
ment but death. It is hered-  
itary but fortunately not  
contagious. Pessimism is  
a philosophy forced upon the  
convictions of the observer by  
the disheartening prevalence  
of the optimist with his scare-  
crow hope and his unsightly  
smile.

Ambrose Bierce
