HISTORIC LINDENWOOD Frontier University of the new Millennium

Lindenwood University is in a golden age that history books will remember as the most dramatic in this institution's storied past.

The prosperity of the recent past has caused the leadership at Lindenwood to move forward with an unprecedented expansion plan, all the while remaining steadfastly focused on the mission of providing a high-quality education for all students.

What makes education different at Lindenwood is this institution's focus on the individual, where every student is unique and important.

Lindenwood's approach to education has been characterized as "holistic," teaching not only the intellectual side, but helping also to develop a person socially physically and spiritually.

Another aspect of a Lindenwood education that is unique in higher education today is the institution's emphasis on values. Lindenwood embraces Judeo-Christian ideals, such as honor and compassion, and traditional American values, such as integrity, independence and responsibility, the characteristics of a free person. At Lindenwood, to have knowledge is to have freedom, opportunity and responsibility.

Lindenwood University is known nationally and internationally for innovation and entrepreneurship and extraordinary dedication to her students. Lindenwood is truly an education galaxy populated by bright stars in an expanding universe of opportunity.

We believe that education is the way to personal freedom and responsibility, which are the keystones of any democracy. We have a liberal arts heritage that goes back nearly 175 years. In that time, we have learned how to educate in a way that helps each student become a self-sufficient, effective, contributing citizen. We view the liberal arts as the "liberating arts."

We agree with the ideal that "...a liberal education is concerned with making free... men and women, emphasizing wisdom with personal values."

President Thomas Jefferson is best remembered for his insistence that informed citizens are the strongest defense of free expression and that the success of the democratic form of government depends on a liberally educated public. The post-Revolutionary zeal for learning shown by Jefferson, Daniel Boone and our founder, Mary Sibley, lives on today at Lindenwood, the "Frontier University of the new millennium."
