The College

Since 1827, Lindenwood College has been dedicated to the education of young women and since 1918, it has been a major, four-year liberal arts college in the greater St. Louis area. It is accredited by the North Central Association of Colleges and Secondary schools and by the National Council for Accreditation of Teacher Education. Lindenwood is a corporate member of the Association of American Colleges, the American Council on Education, the American Association of University Women, the Missouri College Union, and the Presbyterian College Union.

The Summer Session

The Summer Session has been expanded this year to provide a full academic program for men and women as well as social and cultural programs designed to extend the classroom experience into the campus community as a whole. Students just starting their college work and those already enrolled at Lindenwood or at other colleges and universities will be able to complete up to six hours (two courses) of college work during the six-week session. The physical education activity course in Horsemanship may be taken in addition to the academic work.

Non-credit programs for high school juniors and recent high school graduates are the *Institute on Choosing a College* and the *College Clinic*. For teachers and others interested in some of the problems of public education, there are *Workshops* on the *Ungraded School* and in *Sex Education*. Both of the workshops offer regular college credit. A *Forum on Population and Cultural Change* and a *Symposium on the Arts* will provide a focus outside the classroom for topics of general interest, not only to students enrolled in the Summer Session, but to the residents of The Greater St. Louis area.

Admission

Admission to the Summer Session requires only the completion of the pre-registration form on the part of students presently enrolled at Lindenwood. Students who are beginning their work at Lindenwood are expected to apply to the Admissions Office in accordance with the procedure described in the regular college catalog. Visiting students who wish to have their summer credits count toward their degrees at other institutions should obtain approval for this work in the space provided on the pre-registration form. Registration will be completed on the first day of classes, June 12.

Auditing of courses is permitted in limited numbers. The audit fee is one-half the regular charge for the course. Persons interested in auditing should call the Summer Session Office, RANDolph 3-3474.

The Campus

Lindenwood College is situated in the city of St. Charles, Missouri, twenty miles northwest of downtown St. Louis. St. Charles, a picturesque old river town, was the first capital of Missouri. It is now a thriving, growing city, a part of the Metropolitan St. Louis area. Buses of the Bi-State Transit System, which operates in St. Louis, St. Louis County, and East St. Louis, Illinois, leave St. Charles at frequent intervals. Lambert-St. Louis Airport is fifteen minutes and downtown St. Louis is thirty minutes away via an Interstate highway. Two exits from Interstate Highway 70 lead into St. Charles. Missouri Highway 270 and by-pass U. S. Highways 66 and 67 intersect Interstate Highway 70 within six miles.

Cultural Activities

The concerts, art shows, plays, botanical gardens, and other cultural activities of Greater St. Louis are readily available to Lindenwood students during the summer session. The Director of the Summer Activities Bureau will aid students in obtaining tickets and information on the varied programs of the season. The Bureau is located in room 113 of Roemer Hall and will be open between the hours of 1:00 and 4:30 P.M. Monday through Friday during the summer session.

Freshman Orientation and Recommended Courses

The Lindenwood Summer Session is designed to enable freshmen — both those who have been accepted as regular Lindenwood students and those who plan to enter another college or university in the fall — to complete a significant portion of their freshman work. They may elect one of the several required courses and finish the normal first year's work for that subject in the summer.

The following courses of the Lindenwood summer schedule are recommended for freshmen. (Please see the section on summer session courses for further descriptions.)

General Biology 101-102

Introduction to Economics 101

Intermediate French 151-152 (for entering freshmen who have had two or three years of high school French)

Concepts of Mathematics 101-102

Introductory Psychology 100

Physical, Cultural and Social Anthropology 100

The orientation program for freshmen which will begin on the first day of classes, June 12, is designed to prepare new students for full participation in the academic and social life of the college. It begins with meetings and explanatory sessions and continues through the summer with social as well as intellectual activities. A description of the orientation program will be given the entering freshmen on the first day of classes.

Courses of Instruction

(Unless otherwise indicated, all courses will meet daily throughout the six weeks of the summer session. Courses numbered in the 100's and 200's are open to all students without prerequisites.)

THE COLLEGE RESERVES THE RIGHT TO DROP OR CHANGE COURSE OFFERINGS IF NECESSITATED BY ENROLLMENT

Programs for the College Bound

The opportunities for a college education have never been greater than at present, yet the competition for admission and the challenge of the classroom often make the approach to college difficult. The right college is not always the closest one to home or the one that is most familiar by reputation and the first year is inevitably a time when a student needs to be sure of himself.

INSTITUTE ON CHOOSING A COLLEGE

The Institute on Choosing a College — for high school juniors, parents, and guidance counselors. This is a one-week program for young men and women who have finished their junior year in high school. Directed by a member of the Lindenwood College faculty and staffed by persons concerned with college admissions, the institute will give personal attention to each student, helping him to examine his own abilities and interests and introducing him to the different colleges and universities which would best meet his needs. Parents and guidance counselors may participate as observers.

The following topics will suggest the content of the program:

1. The skills and knowledge which a college student needs.
2. The importance of testing services, how the College Boards and ACT tests are used, and what interpretation can be made of scores.
3. The personal factor in college choice: in what environment will a student do his best work?
4. Differences among colleges and universities: size, types of degrees, liberal arts vs. more specialized programs, vocational vs. professional preparation.

5. The importance of location: what is the value of being away from home?
6. How to evaluate the quality of a college or university.
7. The student's goals: how does he discover them; how does he find the college which can best help?

ONE SESSION: June 19-23 NON-CREDIT

COLLEGE CLINIC

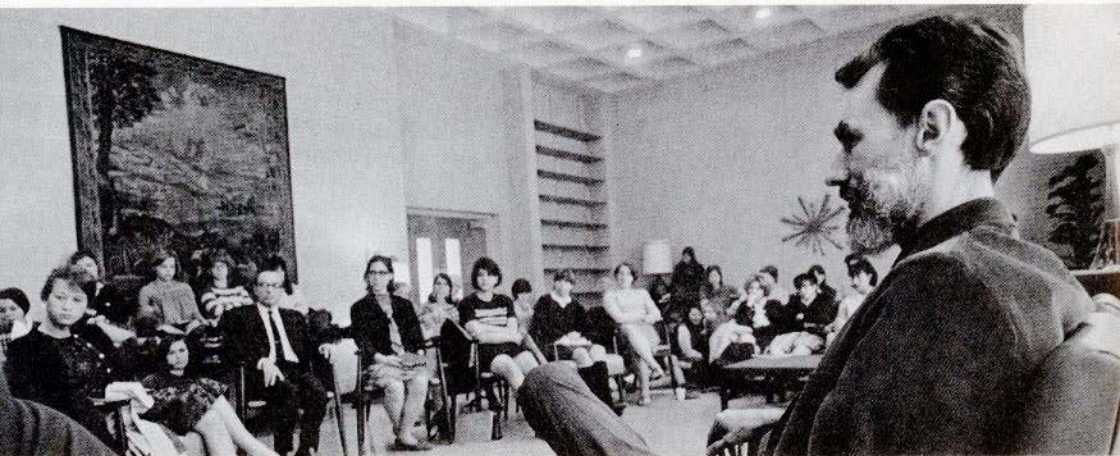

The College Clinic – for students who have been admitted to a college or university but have not yet begun their work. This is a three-week program of testing, orientation, and classroom study designed to strengthen the student's preparation for college work. Attention is given to the individual needs of the student as determined by tests and by conferences. The classes provide intensive experience in reading, note-taking, composition, and examination procedures. Occasionally, the clinic students will audit regular college lectures, returning to their classes for discussion.

As members of the Lindenwood summer college community, the clinic students will participate in the social and recreational life of the campus as well as attend classes. Dormitory accommodations are available for three week periods.

There are two three-week sessions of the College Clinic. Students may enroll for either session.

TWO SESSIONS: June 12-30, July 3-21 NON-CREDIT

College Courses for High School Juniors

Lindenwood College will admit a limited number of well-qualified high school students who will have completed their junior year by the beginning of the Summer Session. Six credits of college work may be earned during the summer and kept on file until the student enters college. They will then count among credits or courses required for graduation if used at Lindenwood or transferred to any college or university which will accept banked college credits. The receiving institution has the right to evaluate such credits and Lindenwood can only guarantee the acceptance of such credits for its own program.

All courses normally a part of the student's freshman year at Lindenwood are open to students admitted under this program. In addition to the course of study, all the social and cultural activity of the Summer Session will be available.

Admission to the program for high school juniors is determined by the following criteria:

1. Aptitude and other test scores which indicate a capacity for college level work.
2. Rank in the top 20% of the junior class.
3. A statement from the student showing the interest and determination necessary for successful college work at this time.
4. A recommendation from the high school principal or guidance counselor.
5. A statement of permission of the student's parents or guardian.

Application for this program should be made by letter (do not use the pre-registration blank at the end of this bulletin) or by telephoning the Summer Session office, RA 3-3474, by June 1, 1967.

The Library

The Margaret Leggat Butler Library is east of Roemer Hall. It houses over 56,000 books plus 255 periodicals and newspapers. A microfilm reader is available.

The library will be open to summer session students Monday through Thursday from 7:50 A.M. to 10:00 P.M. on Friday from 7:50 A.M. to 5:00 P.M. and Saturdays from 9:00 A.M. to 12:00 Noon.

Books reserved for class use are issued at the loan desk and used in the reading rooms during the library hours. They may be checked out overnight, Monday through Thursday, between the hours of 9:00 and 10:00 P.M. and on Friday between the hours of 4:00 and 5:00 P.M. They may be checked out over the weekend during Saturday morning hours. Reserve books checked out overnight are due at the opening of the library the next morning or, if checked out over the weekend, on Monday morning by 8:00 o'clock. There is a fine of fifty cents for the first hour and twenty-five cents for each additional hour for reserve books which are returned late. A fine of five cents a day is charged on any overdue book.

No reference assistance from the librarian will be available after 5:00 P.M., Monday through Friday.

Campus Locations and Services

The Business Office and Student Bank will be open Monday through Friday, 8:30-12:00 A.M., 1:00-4:30 P.M. Students are urged to deposit their money here to insure its safety. The College stands responsible only for money placed in its care. The bank is for "depositing", however, not borrowing. Checks drawn by students on their parents or guardians will not be honored except when written instructions for such privileges from parents or guardians are on file in the bank.

The Post Office is located on the Terrace level of Roemer Hall. A lock box is assigned for every student, who assumes responsibility for his own key. The Post Office is known as Station 3 of the St. Charles Post Office and is conducted under the usual regulations. Packages may be mailed here, stamps bought, etc., as in any Government Post Office. Mail boxes for outgoing mail are located at several convenient places on the Campus. The postal ZIP number for St. Charles is 63301.

Express packages may be sent from the office of the Supervisor of Plant Operations and Maintenance. His office is on the ground floor of Roemer Hall.

The B. Kurt Stumberg Health Center is located across the drive from Young Hall. Clinic hours are from 1:00-5:00 P.M. daily. A nurse is in residence and the College Physician is on call. If you become ill, get in touch with your Head Resident.

The Tea Room, commonly known as the "Tea Hole," one of the popular spots on the campus, is located in Cobbs Hall. You will find a recreation room in your dormitory.

The swimming pool is in Butler Hall, near the gymnasium and is open for the use of resident students and guests during the hours listed.

The stable and riding ring are located on the back campus. Visitors are always welcome. Recreational riding is available for \$2.00 an hour. Obtain tickets at the Business Office during the regular Business Office hours.

The tennis courts, hockey field, driving range, and archery range are also located on the back campus. These are for the use of the students at all times except from 10:00 A.M. to noon on Sunday.

Howard I. Young Hall of Science is located at the east end of the campus. It has a large lecture hall, a greenhouse, and a Memorial Lounge for general college use. Most of the classes for the Summer Session will meet in this building.

Movies will be presented at announced times in the Howard I. Young Auditorium. The tentative schedule for the summer will include:

THE LOVE GAME (French comedy)

OPEN CITY (Italian drama)

LONELINESS OF THE LONG DISTANCE RUNNER
(English drama)

THE BALCONY (French drama)

THE LAVENDER HILL MOB (English comedy)
