THE LINDENWOOD COLLEGES'
HONOR ROLL

Record of Donors to the Lindenwood Colleges
For the Period
June 16, 1973 - June 15, 1974

Annual Fund

Almost twice as many alumni gave to this year's Annual Fund as did last year. Some even made two or three gifts during the year. The majority of gifts were between \$10 and \$25. We hope that a gift to the Annual Fund will be made by many more Lindenwood alumni next year. Alumni support is a significant factor in helping the Colleges grow and prosper.

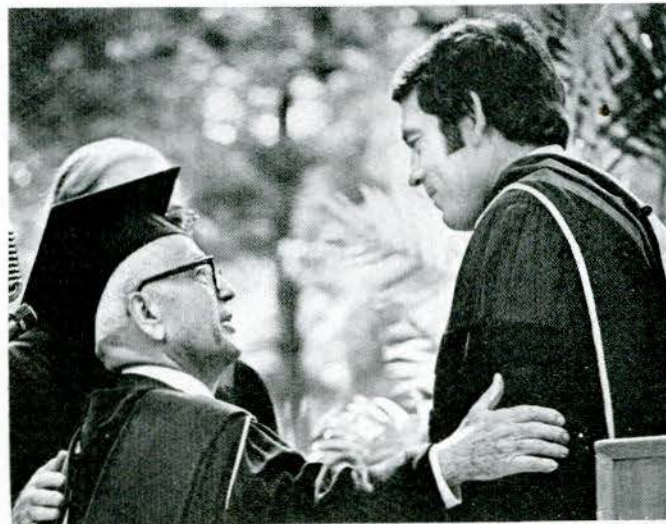

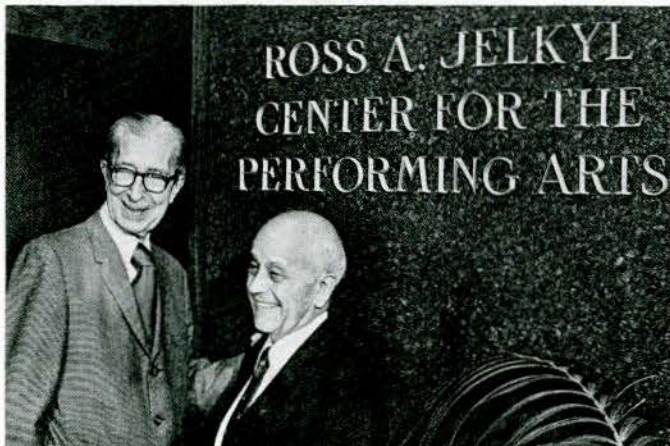

Parents' Fund

This year the Parents' Fund was more successful than ever before. 63 parents of present or former students and five corporations, through their matching gift programs, contributed \$10,350 to the campaign. This is a fine show of support and appreciation from those who are already significantly contributing to the education of their children.

Matching Gift Programs

Twelve companies matched gifts to Lindenwood by their employees this year. This matching gift program is widespread throughout the U.S. and many donors to Lindenwood might not realize their employer participates in this program. A list of all companies which participate is available through the Office of Development at Lindenwood on request.

Community Support

Gifts and pledges to this year's Community Support Campaign totaled \$20,682 from 208 businesses and individuals in the St. Charles area. The campaign, under the leadership of Mr. Tom Boschert, Vice President of the First National Bank of St. Charles, was helped considerably by a challenge gift of \$1000 from the First National Bank of St. Charles, which agreed to match, up to a maximum of \$1000, all new gifts or increases in giving over the previous year. This added incentive helped us find almost \$3000 in new or increased gifts. We certainly appreciate the work all the volunteer solicitors put into this campaign and the support given us by the local community.

Linden Leaf Society

68 donors to this year's Annual Campaign, along with alumnae who contributed to other campaigns, became members of the Linden Leaf Society. These alumnae all contributed \$100 or more to Lindenwood this year, which made them eligible for membership in this special organization. Their generosity is much appreciated and we are proud of their fine support. Members are designated by an * in the Alumni list.

Planned Giving

An increasing number of Lindenwood alumni are becoming interested in planning their estates to minimize taxes, and planned gifts to Lindenwood are part of their total plan. Many are interested in giving Lindenwood an immediate gift rather than a bequest because of the benefits to them. Check with the Office of Development for help in planning your gifts.

A MESSAGE FROM THE PRESIDENT

One of the pleasures of a college president is to follow the progress the college makes from year to year. This past year has been an exciting one at Lindenwood, and I would like to share some of the reasons for this excitement with you.

Lindenwood is rarely in the headlines of major newspapers but we have consistently been among the leaders in terms of our academic program. An alternative career emphasis in curricular offerings, extensive opportunities for off-campus study during the January Term, and well-developed internships and field study programs have become a solid addition to our offerings and a tribute to our alert faculty. We have had the foresight and good judgment to consistently be a leader in academic innovation, yet we have never lost sight of the immense value of a true liberal arts education. A substantial number of our graduates choose to continue their education at major graduate schools throughout the country.

Field Study and Practicum courses gained in popularity this year. By bringing students and professionals together outside of the campus situation, these courses gave Lindenwood students a taste of what their career would be like before they graduated. Some students, because of their dedication, hard work and ability, were offered full-time positions by employers who were suitably impressed. Others gained valuable experience which better qualified them for opportunities in the career they wished to pursue.

Our new Ross A. Jelkyl Center for the Performing Arts was dedicated in the fall and put to good use throughout the year. The modern, flexible stage with its new lighting grid and expanded backstage area, and the plush auditorium, featuring the latest in comfortable, portable seating, drew much praise from both performer and audience. Several grants have already been received to bring professional performers to the Center in the coming year.

Our Evening College met with significant success in its second year. In the spring semester, 380 local students were registered for evening courses, mainly in the area of business. Most of these students held full-time jobs, yet they desired to continue their education. Lindenwood's Evening College filled their need and is helping them work toward the degree and the career which they seek.

Perhaps most important were the improvements in our academic offerings. Our faculty spent long hours discussing and preparing interdisciplinary courses for the coming term. Each of our three major divisions met numerous times to evaluate its role and its contribution to our total program. Out of these meetings came a better understanding of how our programs could be coordinated to more meaningfully serve the needs of the student body.

You should all be proud to be supporting such a fine institution as Lindenwood. We are proud of you.

With sincere gratitude,

Franc L. McCluer
