LINDENWOOD FACULTY ELECTIONS

At this month's faculty meeting, Jeanne Donovan of the Education Department was elected Faculty Secretary. She replaces John N. Bartholomew of the Sociology Department who resigned from the faculty earlier this year.

John A. Bornmann of the Chemistry Department was elected Faculty Treasurer, replacing Jeanne H. Huesemann of the Mathematics Department. At the meeting, held September 2, those in attendance voted that faculty dues remain at \$6 each for the upcoming year.

NEW SCHOOL OPENS, NAMED FOR HENDERSON

The newest facility in St. Charles' Francis Howell School District, Henderson Junior High School, officially opened recently, serving 330 sixth and seventh-grade students. The \$2.5 million school is named for Gene M. Henderson, professor and chairman of education at Lindenwood who joined the faculty in 1981 after serving for 16 years as superintendent of the Francis Howell district.

While at Francis Howell, Henderson developed a report on future district enrollment projections, pointing the way towards construction of a new junior high school. Last year, St. Charles voters approved a bond issue for construction of the new facility and, earlier this year, approved a second bond issue for a future phase of construction. With a potential enrollment of nearly 650 sixth, seventh and eighth graders, the second phase of construction is expected to begin soon and will accommodate the additional students in the 1983-84 school year.

Currently operating 20 classrooms, the new school is located on a 12-acre parcel of land off Hackmann Road in the eastern portion of the district.
