Lindenwood University Commencement

Welcome to Lindenwood University!

The annual commencement celebration at Lindenwood University is the most important ceremonial occasion of the academic year. Lindenwood's Commencement ceremony is filled with symbolism and tradition, which remind us of the noble purpose of universities and colleges.

The academic dress worn by the students, faculty and platform party dates back centuries, and is described on the back inside cover of this program. Students wearing blue gowns and gold medallions are members of Linden Scroll, a senior service honorary society. During commencement, their official duty as student marshals is to direct the processional and seating of students, faculty, board members and administrators.

Since academic customs originated within the medieval Church, the order of procession follows ecclesiastical custom, with the most honored members of the procession at the end. The procession is led by bagpipers and highland drummers, followed by the Linden Scroll flag bearers and the graduating students. As the students pass through the faculty line, they are applauded by their professors, who follow the students in the processional. The President, preceded by the Faculty Marshal, follows the other members of the academic community into the Commencement area.

The mace, carried in the academic procession by the Faculty Marshal, symbolizes the authority of the University's President. The mace is a staff of linden wood, surmounted by a silver cup, originally belonging to President Roemer, who served Lindenwood during the years 1914-1940. It is used only on occasions such as this one when the Faculty and President march in formal procession.

The United States and Lindenwood University flags are displayed at the foot of the gazebo platform along with the mace.

For centuries, colleges and universities have awarded honorary degrees to worthy recipients for institutional and societal contributions. These degrees, awarded *honoris causa* ("for honorary cause"), represent Lindenwood University's most time-honored way to recognize significant service and achievement.

During Lindenwood's Commencement ceremony, the candidates for baccalaureate degrees are presented first. Each student's name is read by a dean and the President then presents the diploma to that student and congratulates the new graduate. The candidates for master's degrees are presented after the undergraduate students receive their diplomas. Each graduate student is hooded by a dean and then congratulated by the President.

Once all the degrees have been conferred, the bagpipers and highland drummers lead the recessional with the platform party, the faculty and board members, and Lindenwood's newest alumni following.

Lindenwood University hopes that you enjoy and respect our Commencement ceremony. We ask that you stand for the processional and invocation, listen during the awarding of degrees, and stand for the benediction and recessional.

Lindenwood History

Lindenwood was founded in 1827 by Mary Easton Sibley (1800-78) and Major George C. Sibley (1782-1863). The institution was incorporated by the Missouri Legislature in 1853, making it America's second oldest institution of higher learning west of the Mississippi. The Sibleys deeded the Lindenwood property to the Missouri Synod of the Presbyterian Church, a formal affiliation which lasted over a century. Today, fully independent, Lindenwood enjoys a historical relationship with the Presbyterian Church. The first commencement ceremony was held in 1858. Lindenwood became coeducational in 1969. Evening graduate programs were formed in 1972. The Lindenwood College for Individualized Education was established in 1975. Lindenwood became a university in 1997.

Pictured on the cover: The Butler Library Weather Vane features an owl and parrot moving in the wind with their books. They represent two kinds of learning. The parrot learns deductively and "parrots back" knowledge exactly. The owl learns inductively, formulating new knowledge, and "hoots" it out wisely. Both ways are equally valid and interchangeable as are the positions of the birds in the wind. Perhaps the wind is God's breath, or inspiration, blowing from all directions.

Academic Dress

The caps, gowns, and hoods worn by the faculty and students at this graduation are today's formal dress of the worldwide academic community. While now worn only on such festive occasions as commencement, such dress was originally the normal garb of academics as they went about their daily business. Originating in Europe more than a thousand years ago, like universities and colleges themselves, academic dress first developed within the Church and all academics were once at least in minor orders within the Church. The robes and hoods are stylized versions of these monastic robes. In Europe, each institution seems to have its own variant of costume, but in America academic costume follows a uniform code drawn up by a special commission in 1895. The code has three main parts, dealing with caps, gowns and hoods.

The Oxford type cap or mortarboard seems to have evolved from the square biretta of Renaissance clergy. It is always black and may be of any appropriate material except that velvet is reserved for doctors. Many faculty members wear the Cambridge style cap. The tassel worn with the cap has three variations. It may be black for any degree or it may be the color of the academic area in which the degree was granted. Doctors and governing officials of institutions wear tassels made of gold metallic thread. The tassel is worn on the left side of the cap.

The academic robes are all black, except for certain doctoral robes. The style of robe indicates the highest degree earned by the wearer. Bachelor sleeves are pointed, and the robe is plain. Undergraduate students who have achieved honors display a cord or braid over their robes. Students who graduate *cum laude* (with praise) wear a white cord; students who graduate *magna cum laude* (with great praise) wear a gold cord; and students who graduate *summa cum laude* (with highest praise or distinction) wear a gold braid over the left shoulder. Master's robe sleeves are oblong and longer. The doctoral robe features velvet bands in the front and the robe sleeve also has velvet bands and is gathered at the wrist. The doctoral robe itself is cut much fuller than the other two gowns. An increasing number of doctorate-granting universities today fashion their own doctoral robes, using institutional colors.

The hoods indicate both the academic area of degree, the level of the degree, and the school which granted it. The level of the degree is shown by the size of the hood, the width of the velvet trimming, and in the case of the doctor, the shape. The master's and the doctor's hoods are three and one-half feet and four feet long respectively. The velvet trimming in the same order is three and five inches. The outer band of the hood indicates, by color, the degree; the bright, silken interior of the hood, by its colors and design, indicates its source. Each university and college has a distinct hood. The Lindenwood University hood is lined with white and yellow silk, representing the university's colors.

The colors of the mortarboard tassels worn by today's degree recipients, as well as the hoods worn by faculty and graduate students, indicate the major fields of study.
