I am not instructed fully as to the mode of paying for the transportation of those Goods, if you are instructed on that Subject, I shall presume that it was Gen<u>l</u>. Masons intention that I should (?) those Charges.

When the Kanzas were here with the Osages a Short time past, I made the enquiry segusted in your letter of the 11th July- they confirmed what you had written me, &. I have Sent a talk to the Nation, and given them untill the Snow falls to Clear up a little with other Nations, and prove to you and the Agent that they will Conduct themselves properly, otherwise all their Enemies of other Nations will be

permited to attack them from every derection; if this plan is Strictly adhered to those Banditti might be brought to a true Sense of their Situation a Great Portion of them may become good Indians.

The Speach made by the young Panee Chief to you, Shews the probable Situation of his nation. The presents which you have given him meets my approbation and the account Shall be Refered to the Sec<u>y</u>. Of War- which I believe will be the mode required by the present Secretary.

Gov. Lewis leaves this in a few Days, he refused to grant Licences to trade or hunt in the Kanzas Country, and inclines a little to your ideas of the way those bands ought to be treated to produce in them a proper Sence of their Situation.

Please to accept the Assurance of my Highest Respect & Esteem
