## **Join Us! We Thrive Together Focus Groups**

The We Thrive Together Team has reviewed the recent culture and engagement data from our faculty and staff. Based on the data, two goals were established for further consideration. The goals are to increase the comfort level of employees in contributing ideas and

opinions to improve Lindenwood and to figure out the balance between serving Lindenwood's mission in our respective positions with living our lives outside of Lindenwood.

The team would like to invite you to participate in one of the following sessions to help us understand the successes, challenges, and opportunities related to these goals. Once we have more context provided in our focus groups, our goal is to work with interested participants to find working solutions that will meet the needs of our employees, students, and the university.

Whether you prefer to participate in person or online, we welcome your valuable insights. There is no need to register – just show up and be a part of the conversation!

LINDENWOOD  
UNIVERSITY  
CENTER FOR ENGAGED LEARNING

---

As we finish the first half of the Spring semester, there's a natural pause that gives us time to breathe and refresh. As the second half starts, there will be many opportunities for students and faculty to be engaged with the local and global community. Please encourage your students to consider the following:

### **From the Office of Global Student Mobility**

Time to trade those textbooks for tea and Big Ben! ☕🕒 We're thrilled to extend an exclusive invitation to students, staff, and faculty to join "**From Missouri to Majesty: Lindenwood Lions in London**" – where the Thames is our lecture hall and Buckingham Palace our campus! Students from a variety of majors will travel to London from May 13-22 for an unbeatable price of \$3600. Keen to join? Drop us a line at [rjagust@lindenwood.edu](mailto:rjagust@lindenwood.edu) to start your London journey. Let's show London what Lindenwood Lions are made of! 🇺🇸

### **From the Office of Service Learning and Responsible Citizenship**

Do you know students who are passionate about service and community engagement? Encourage them to apply for, plan, and work towards the community service hour designation. Students who successfully complete the required number of hours in qualified activities and who complete a reflective essay on their service receive a service designation on their transcript and receive special recognition at commencement. For more details, please contact [Wendi Price](#).

### **Student Academic Showcase**

Do you know of a graduate or undergraduate student who has worked on scholarly, creative, or community engaged projects? Encourage them to submit an abstract by **March 19** for the [Student Academic Showcase](#)! The event will be held in the Library and Academic Resources Center on the afternoon of April 9, 2024. In addition to encouraging your students, please consider serving as a faculty judge for the posters and presentations on that day. More details can be found [here](#).
