ACADEMIC DRESS

The caps, gowns, and hoods worn by the faculty and students at this graduation are today's formal dress of the worldwide academic community. While now worn only on such festive occasions as commencement, such dress was originally the normal garb of academics as they went about their daily business. Originating in Europe more than a thousand years ago, like universities and colleges themselves, academic dress first developed within the Church and all academics were once at least in minor orders within the Church. The robes and hoods are stylized versions of these monastic robes. The style of robe indicates the highest degree earned by the wearer--Bachelor sleeves are pointed, and the robe is plain. Master's robe sleeves are oblong, while the doctoral robe sleeve is gathered at the wrist, and the robe itself has velvet bands. Another badge of the doctoral degree is a gold tassel worn on the cap.

The hoods indicate both the academic area of degree and the school which granted it. The outer band of the hood indicates, by color, the degree; the bright, silken interior of the hood, by its colors and design, indicates its source. Each university and college has a distinct hood. An increasing number of doctorate-granting universities today fashion their own doctoral robes, using institutional colors.

The colors of the mortarboard tassels worn by today's degree recipients, as well as the hoods worn by faculty and graduate students, indicate the major fields of study.

THE COLLEGE SEAL

The Lindenwood College seal, mounted on the gazebo rostrum, is a stained glass interpretation of the family crest of College founders Mary and George Sibley. The Sibley Crest can be seen on the fireplace in the Margaret Legget Butler Library. The seal is also centered on the College flag. The elements of the crest represent both the founders of Lindenwood and the mission of the College. The griffin symbolizes vigilance and eagerness in pursuit, while the crescent moons signify those who have been enlightened and honored by their sovereign. The colors on the crest also have meaning. Half the shield is red, symbolizing military fortitude and magnanimity; while the other half of the shield is blue, the color of loyalty and truth. The silver of the crescent moons signifies peace and serenity.

THE MACE

The mace, carried in the academic procession by the Faculty Marshal, symbolizes the authority of the College's President. The mace is a staff of linden wood, surmounted by a silver cup, originally belonging to President Roemer. It is used only on occasions such as this one when the Faculty and its President march in formal procession. Since academic customs originated within the medieval Church, the order of procession follows ecclesiastical custom, with the most honored members of the procession at the end; thus the President, preceded by the Marshal, follows the other members of the academic community into the Commencement area.

HONORARY DEGREES

For centuries, colleges and universities have awarded honorary degrees to worthy recipients for institutional and societal contributions. These degrees, awarded *honoris causa* ("for honorary cause"), represent the College's most time-honored way to recognize significant service and achievement.

COLLEGE HISTORY

Lindenwood College was founded in 1827 by Mary Easton (1800-78) and Major George C. Sibley (1782-1863). The institution was incorporated by the Missouri Legislature in 1853, making it America's second oldest college west of the Mississippi. The first commencement was held in 1858. Third and fourth years were added to the degree program in 1918. Lindenwood became coeducational in 1969. Evening graduate programs were formed in 1972. The Lindenwood College for Individualized Education was established in 1975. Lindenwood College is serving approximately 6,000 students during the 1995-96 academic year.
