

Dr. Franc L. McCluer

Dr. J. A. Brown Is Interviewed

During Mr. John A. Brown's, president-elect of Lindenwood, stay here on campus, the Bark had the opportunity to visit with him.

When asked about any changplanned for next fall, he re-ed, "Of course I have some new ideas but it would be unwise for me to discuss them at this time. One thing that should be understood, however, is the fact that I'm not inheriting this college. I will suggest changes and try to persuade the administration and faculty in agreeing with me."

The type of college education

woman should receive should be the quality of any men's college could give her. "My ideal is to provide everything a girl could want to absorb." "I'm looking forward more

"I'm looking forward more than anything else, to the fact that I will be teaching interna-tional politics. And I invite any senior or junior to join me Tuesday and Thursday at 8 a.m. for it."

Before leaving, Mr. Brown commented, "I can't do things alone—we'll have to work them out together."

Encore Club Reorganized

Encore Club, an organization of campus hostesses, has been reactivated by Roxanna Young, a junior at Lindenwood. club is made up of students with immediate relatives who have attended Lindenwood.

Encore members will arrive on campus Sept. 9 to greet new students, give them a tour of the campus, and introduce the girls to their housemothers. Encore Club will also serve throughout the year at receptions, guest weekends, and alumnae weekend.

Officers will be elected next year and one officer will be

year and one officer will be chosen to work with the alumsecretary in helping to make plans for alumnae week-

Mrs. McCluer Says Goodbye

Leaving Lindenwood will be difficult for Mrs. McCluer for she has spent nineteen enjoyable years here. There will be much to miss, she feels, but foremost in her mind is the beauty and atmosphere of the campus, and the close associa-tions she has formed with the faculty and students.

The art classes Mrs. McCluer has attended for a majority of her years on campus, and the warm relationships she has ex-perienced as a result of them,

will be missed also.

Speaking of the growth in Lindenwood's student body in the last years, Mrs. McCluer said, "I was afraid it would become impersonal, but the closeness has remained, and will in the future due to the dynamic and friendly personality of the new president, Mr. Brown."

Mrs. McCluer is looking forward to their new home not far from campus and various activities they both have planned. This summer they will spend their usual vacation time at their cottage in Michigan. After spending time there, they have to travel probably they hope to travel, probably through such areas as Canada and Vermont. Upon returning to St. Charles, she and Dr. McCluer are planning to contribute to community functions as the Historical Society and the Red Cross.

Although leaving Lindenwood

will be a sad occasion, it will also be exciting for Mrs. Mc-Cluer for she has much to look forward to with her husband.

Ky. Colonel

Dr. Franc L. McCluer, retiring president of Lindenwood, was commissioned as a Kentucky Colonel by Kentucky's governor, Edward T. Brealthelt. Dr. McCluer was presented the honor during Alumnae Day at Lindenwood, May 7. Charlotte Nolan, a former student of LC, appeared as the character from "Li'l Abner," Mammy Yokum, to make the presentation.

Retiring President Dr. Franc L. McCluer

denwood. Needless to say, both faculty and students have faculty and students have grown to love and respect him. When asked what their main impression was of Dr. McCluer, Havala Henderson and Paula Bowlin, two seniors, agreed that from the first time one meets him, one senses his sincere interest in people. Paula is impressed with his "remarkable ability to remember overseed." ability to remember everyone's name and know something about them." Sally Russell, a sophomore from Irwin Hall, said she feels that Dr. McCluer has a special talent for making other people feel special; that his self-confidence vibrates to others who in turn feel very confident in him. She said, "I

Dr. McCluer has spent 33 feel that I can ask him a ques-years of his life in education, tion about anything and know 19 of which were spent at Lin- he will give me his best judgment on what he sincerely be-lieves."

Last week during an interview with the Bark, Dr. McCluer expressed some of his opinions concerning Lindenwood. Dr. McCluer's wishes for the

future of Lindenwood lie in the phrase, "Keep moving forward!" A continuation of the spirit and atmosphere which already exists is also a definite desire of his.

Through the years, Dr. Mc-Cluer has seen much progress made in the college, one of these changes has been in the

courses have had to be changed, and standards raised." For the years to come Dr. McCluer years to come Dr. McCluer would like to see further expansion made in order to coincide with the progress and needs of the young women here. He feels that all new facilities that can be made available to the students will be an asset for further development. Admission standards he felt could be slightly raised but, "not con-fined to the upper 10% as seen in many colleges. Good, average students should be given every opportunity, and Linden-wood does just this."

Dr. McCluer expressed the following opinion, "If you all attitude of the students themselves. "They are more serious-minded and interested in treated me, I'm sure the next world affairs. As a result, years will be most successful."

Volume 46 No. 11

LINDENWOOD COLLEGE, St. Charles, Mo. Thursday, May 26, 1966

The following rules are in effect during exam week: Wednesday, May 25 and Thursday, May 26 will be regular weekday nights, with underclassmen returning to their dorms by 11 p.m.; those their dorms by 11 p.m.; those underclassmen who have finals on Saturday will also have an 11 o'clock on Friday night, May 27; with the permission of the head resident, those students who do not have Saturday finals will have 1 o'clocks; Saturday, May 28 will be a regular weekend night: from Sunday weekend night; from Sunday May 29 through her last ex am, an underclassman will have 11 o'clocks; and after her last exam, she will have

1 o'clocks. With the exception of Sunday, May 29, students will not be required to wear skirts on campus, beginning after dinner on Wednesday,

Niccolls Hall **Has Fire**

Niccolls Hall's fire drills were put to a test when a small fire broke out on third floor about 9:15 a.m. Tuesday, May 16. The fire started when a candle on a window sill set fire to the curtains. The fire damage was relatively light but there was extensive water damage on all three floors of the dormitory. The fire set off two overhead sprinkler systems each dispersing 80 gallons of water a minute. Another scare came that night when several girls smelled smoke. The fire department made a routine check the wiring and found everything safe.

The fire captain of the dorm was well pleased with the girls reaction to a real fire alarm. The girls in the dorm climbed down the fire escape quickly and without panicking. It has and without panicking. It has been recommended in the dorm to have a fire alarm on each floor instead of only the first floor. They also plan to have unexpected drills during class hours.

Science Building Dedicated

The phrase, "the search for "savor the satisfaction that truth," was the main theme would have been his (Young's)." of the ceremony dedicating the

Howard I. Young Hall of Science, Saturday, May 14.

The Rev. W. Sherman Skinner, member Board of Directors of Lindenwood, gave the invocation which around the dedicate. cation which opened the dedica-tion. Following him, Robert R. Wright, contractor, pre-sented the keys to Young Hall to the architect, Kenneth E. Wischmeyer who gave them to Wischmeyer, who gave them to John M. Black, president of the Board of Directors. Black cited Young as "a man of action" and then presented Dr. Franc McCluer. "This is one of the happiest moments in many happy years at Lindenwood College," commented Dr. McCluer. He colled for a simultaneous the college for er. He called for a simultaneous dedication of the science building and a dedication of "self to the pursual of truth which makes men free." Dr. Eugene C. Conover, Dean of the Chapel, offered a dedicatory prayer.

Another tribute to Young was given by Richmond C. Coburn, senior partner of the firm Coburn Croft & Kohn, who spoke of the paradox of the occasion. There was "sadness for our great personal loss" and joy for the opportunity to dedicate a memorial and

Young's lifetime of service was reviewed by Coburn who cited him as believing in hard work, God, service to others, and

Following the tribute, the main address, "Science in its Place," was delivered by the president-elect of Lindenwood, president-elect of Lindenwood, Mr. John A. Brown. Although Lindenwood will be the fourth educational institution with which he will have been associated, Brown humorously remarked that it is the "first that won't need a new science building!" The importance of the The importance of the building, he went on to say, was to help students in their "search for identity" by providing the answers man has sought through the centuries. His hope for the new building was that it would make stu-dents "magnificently restless" to relate to their external environment and to others.

The place of science (which

he felt to be equally important for women) is "central but not exclusive" and Brown suggested an intramural faculty change to enrich teaching background. He emphasized the importance of the humanities and natural science professors

(Cont. pg. 2)

Farewell

Last fall Dr. Franc L. McCluer announced he would retire as Lindenwood College's president. Since then, the campus has been alert as to what Lindenwood would be like without that little man. We have thought about his personality and eagerness to make Lindenwood a friendly community. If you had a name-he knew it and he'd never fail to stop you in the corridor to ask how "that boy" was, or to see if you'd like to help in his garden. We have thought about his ideas on what young college women should be. They were honest and true ideas; they were his goals and desires. Without them there would be no Lindenwood.

But we cannot be selfish. Dr. McCluer has not always lived for us. Before coming to Lindenwood nineteen years ago, he was president of Westminster College for Men in Fulton, Mo. They were his boys and he worried about them continually; he was their Dad and they called him Bullet. When he spoke his

whole body moved, and every muscle felt every word.

Through the years as an educator and president he has worked and studied for his students. He had the desire to stimulate their minds into deep thoughts and actions. To help him with his desire he called upon the leaders of the world and the nation. Sir Winston Churchill made his Iron Curtain speech on the campus of Westminster at the invitation of Dr. McCluer. Just this year Lindenwood's campus welcomed Senator Stuart Symington whose influence in the United States government has been unbelievable. Several years ago Arnold Toynbee, the famous historian, spoke before the Lindenwood student body.

Lindenwood will certainly feel its loss. Dr. McCluer has given a personal warmth to the campus that has stretched throughout the United States. Because of his contributions to education, he has given Lindenwood its place as an outstanding institution of higher learning. Every student, faculty member, and employee of Lindenwood will feel the loss in a

special way, for he was, and is, a personal friend to everyone.

To use your own words, Dr. McCluer, we could never forget you. Thank you.

Opinions on June 4 Graduation

ercises therefore, will not be held until four days following finals. Previously, senior exams were held a week before those of the underclassmen and commencement was held the last Saturday in May. The faculty decided on this change because it would be easier to give all the tests at one time. Some professors felt it was necessary to make up two tests: one for the seniors and one for the underclassmen. Somewhat mayed at this idea, Cheryl Kua senior made the com-nt, "It is a direct insult to the honor system and the in-tegrity of the students." Other girls on campus expressed the same feeling.

Several years ago, seniors having a grade average of B or above were excused from taking finals. This was eliminated by the faculty due to the mistrior of some seniors. "Finals for seniors, especially those with a grade point of a those with a grade point of a B or above, are not necessary. By the time a senior has completed four years in the field of higher education, I feel she should have proved herself capable of receiving a degree." This was the opinion of Diane (Didge) McCollum, a freshman in Cobbs Hall. in Cobbs Hall.

Many problems will be created because graduation is a week later this year. Some of the graduates have to prepare for summer school and jobs, while others are busy making plans for their weddings. Choir and Scroll members are re-quired to stay on campus for graduation even though many of them have important events to get ready for be-fore the summer begins. Barbara Krouch, a sophomore, said, The seniors graduated a week before the rest of us got out last year. I was able to attend

Due to action taken by the both the Baccalaureate and Lindenwood faculty, seniors graduation services and enjoyed this year will take their exams them very much. I would like with the rest of the student to go again this year, but bebody. Their commencement excause I don't want to spend an them very much. I would like to go again this year, but be-cause I don't want to spend an extra three and a half to four days on campus after my finals, I will go home and miss graduation."

Also concerned about underclassmen missing graduation, Pat Jungers, a junior, feels "it takes away from senior privileges. A lot of underclassmen will be unable to attend graduation who otherwise would have been able to do

SCIENCE HALL

(Cont. pg. 1)

enrolling in courses in other departments. Brown concluded by establishing the criteria for the success of Young Hall. The number of students who, in their search for truth, were awarded graduate grants for research would signify the success of the teaching and building.

Expressing the gratitude of the faculty and students, Dr. J. Walter Grundhauser, chairman and professor of the biological science department, and Freda Dangler, a senior, thanked those who had made the building a reality.

The dedication concluded with

benediction by Dr. William 7. Thomas, associate professor

of philosophy and religion.

A reception and guided tours of the Science Hall followed the ceremony.

Program

Lindenwood College's 139th commencement exercises will take place on June 3 and 4.
Commencement will begin

with a baccalaureate service in Lindenwood Chapel at 7:30 p.m., Friday, June 3. The Rev. p.m., Friday, June 3. The Rev. W. Sherman Skinner, D.D., will be the guest minister. Rev. Skinner is pastor of Second Presbyterian Church, St. Louis, and a member of the Board of Directors of Lindenwood College.

President and Mrs. Franc L. McCluer will hold a reception following the baccalaureate service in Fellowship Hall. The reception is for seniors and their guests, faculty, administration, and administration staff. Members of the Linden staff. Members of the Linden Scroll will be present to assist

at the reception.

The Senior Breakfast will start at 8:00 a.m., Saturday, June 4 in Ayres Dining Room.

Commencement Exercises will be at 10:30 a.m., following the breakfast. It is to be an outdoor graduation with Lin-denwood President McCluer delivering the commencement address. He was asked to speak upon special request of the graduating class.

Bachelor degrees will be presented to 75 members of the graduating class. Honorary degrees will be awarded to Admiral Sidney William Souers of St. Louis and the Rev. T. Chalmers Henderson, Rev. Henderson of Little Rock, Ark., is the father of graduating senior, Havala Henderson.

A luncheon for seniors at 12:00 p.m. after the graduation ceremony, in Ayres Dining Room will conclude the day's Ayres Dining activities.

Commencement Music

The Lindenwood College music department has announced the music selections for Baccalaureate and Commencement which will take place June 3

The Baccalaureate will begin with a Prelude by Johann Se-bastian Bach followed by the Processional composed of two anthems. The first is by Hans Leo Hassler followed by an anthem by Tomas Canning. The Recessional, concluding the ceremony, will be by G. F. Handel.

In addition to the above, the Lindenwood College Chapel Choir will sing "Cante Domi-no" by Hassler. Also included on the program are the hymns "Old 100th," "Lasst Uns Erfurem," "My Soul Thirsteth for God" (Psalm 42:2-5), and "Ora Labora.'

The Processional for Commencement will be by Purcell, an Early English composer and organist at the Westminster Abbey. The three pieces making up the Processional are "Fanfare," "Trumpet Volunta," "Trumpet Tune.

The Recession will be "March Pontificale" from the First Organ Symphony by the French organist-composer Widor. The Choir will present "A Jubilant Song" written by Norman Del-Joio, an American contemporary composer.

The department explained

that the decision not to use "Pomp and Circumstance" at commencement this year was due to the fact that it reminds one of a high school graduation, and the department felt Linden-wood was capable of doing a more dignified ceremony.

Commencement Letters to the Editor

Dear Editor

As my freshman year at L. C. coming to an end I feel that this is an opportunity for me, as a "guinea pig" for the language lab, to comment on the purposed subject. By June 1, I, along with many others will have completed two semesters have completed two semesters of work in the lab.

I feel that I have not learned enough in the last two semesters to amount to more than an hour's time. The language lab would be a good idea, if the work would be planned differ-The language lab could be used, maybe two days a week instead of five, in order to learn how the native language is spoken. Then, the other three days could be used to actually teach the student the

The language lab has a large psychological effect on the student, for if she cannot say the utterances as the model does, then she must work through the frame until she can. This can drive a person "batty" if she fails again and again. A freshman has enough adjustments to make as she enters college without being stuck in the language lab.

As an upperclassman and as a summer correspondent for L. C. I will do everything in my

power to urge the new freshman not to enroll in a lan-guage lab course. Students guage could get their language in by going to summer school—I say that the language lab is absolutely for the birds. I wonder if a gird could learn a language unconsciously, as we are sup-pose to! I certainly haven't! Name withheld by request

An Open Letter to the Students: Although most of us will agree that the age of the "Lindenwood Lady" is long since dead, I believe there are still certain elements of propriety which we would all do better to observe. For instance, frolicking on front campus is one thing, but with a faculty member? Surely there are enough fellas around that a lone teacher doesn't have to be the object of all our affections. Frankly, I find it a little juvenile on the part of the students involved to place small gifts and tokens of "esteem" on a teacher's desk every day. True, we all like cartain teachers a great deal certain teachers a great deal, but really now! Have a heart for the poor teacher, too. Surely he has better things to do than be mobbed by ten or so freshmen en masse every time he leaves his classroom.

Name withheld on request

NSA Opportunities for LC

Sandee Starr, recently elected films, "Whatever their theme-NSA coordinator for the coming year, was interviewed on the activities of NSA on the Lindenwood Campus.

According to Sandee, students may sign up now for the NSA identification cards. There is both an international card and an United States card. The international card, costing \$2, is good extensively in Europe for transportation and lodging. The U. S. identification cards, costapproximately 15 have been in existence for only a year and a half. One or two of the national chain hotels are offering discounts, but the primary lodging plans are for dormitory space. A person who has an I. D. card would stay in a college dormitory room for approximately \$1.50 a night.

Another phase of NSA is the National Student Movie Festival. This program consists of movies written, produced, and acted by college students. NSA has chosen a group of the best films to be circulated to different campuses. "Newsweek Mag-sisting of a azine" has this to say about the each dorm.

and most of them dealt with sex, youth or politics — the (NSA) festival's films show a strong command of craft. cutting was smooth, the music synchronized and the acting intelligent." Plans now are to show some of these movies here at Lindenwood next fall.

Sandee also stated that terial for school debates will be sent to the Public Affairs Club. One of NSA's better debate papers is on Vietnam. The papers consist of background material, slides, and a list of speakers in the area who are qualified to talk on the subject.

NSA also has opportunities for summer jobs. Two of their projects now in operation are "Overseas Opportunities in Rural Development and Educa-tion" and an "Encampment for Citizenship" project in the U.S., Puerto Rico, and Vietnam.

Sandee stated that more information from NSA is coming in all the time. Next fall she will organize a Lindenwood NSA Campus Committee consisting of a representative from

McCLUER EVENTS FROM THE PAST

Dr. Clarke * Announces **New President**

Dr. Franc L. McCluer, president of Westminster College in Fulton, Mo., has been named president of Lindenwood Colpresident of Lindenwood College. Dr. McCluer attracted nationwide attention last year by bringing Winston Churchiil and President Truman to Westminster, where Churchill delivered the famous "Fulton address."

The announcement was made by Dr. James W. Clarke, minister of the Second Presbyterian Church in St. Louis, and chairman of the Lindenwood Board of Directors. Dr. McClup, will of Directors. Dr. McCluer will succeed Dr. Harry M. Gage, who resigned last year. He will assume his duties here on or before August 1.
Dr. McCluer has been active

in church and political affairs and was a leader in the drive to draft and adopt the new Missouri Constitution. He also served as a presidential elector in 1932 and was one of the few laymen to serve as a moderator the Presbyterian Church. At Fulton he has twice received the McCubbin Award, given each year to the person who has contributed most to Calla-

way County.

In accepting the presidency of Lindenwood, Dr. McCluer is returning to his home county. He was born March 27, 1896, at He was born March 27, 1896, at O'Fallon in St. Charles County and went to Fulton at 12 with his parents, Mr. and Mrs. C. E. McCluer, who still live there. A Westminster graduate, he joined the faculty there in 1918. With the exception of a two-year leave during which he comyear leave during which he com-pleted work for his doctor's degree, he had been connected with Westminster, first as a teacher and for the past 14 years as president, for a total of 29 years.

Linden Bark, April 13, 1947

Residence Hall, Ready in 1961

Groundbreaking

Groundbreaking and construction of Lindenwood's new dormitory, McCluer Hall, has begun, Board President Howard I. Young announced.

At a Mar. 5 meeting, the Board of Directors authorized a St. Louis firm to proceed immediately with the construction of a residence hall which will house 88 students

will house 88 students.

Located in a grove of trees northeast of Irwin Hall facing northeast of Irwin Hall facing Butler Way, across from the Health Center, the dormitory will be styled along the same general lines of buildings already constructed on the campus. The floor plan will be similar to that of Irwin and Cobbs Halls. The new building is expected to be ready for occupancy in the fall of 1961. cupancy in the fall of 1961.
 Named for McCluers

A motion was enthusiastically and unanimously adopted by the Board of Directors last October to name the new dormitory McCluer Hall, "in recognition of the distinguished service which President and Mrs. Franc L. McCluer have given and are giving the College."

Linden Bark, March 24, 1960

Tuesday, February 16, Dr. Franc L. McCluer, the president of Lindenwood College, made the announcement of plans for the immediate construction of a new dormitory to be built on the Lindenwood Campus. The building is necessary if Lindenwood plans to house more than 200 freshmen next year. This announcement in itself, coupled with the appropriate remarks of Dr. McCluer, seems to be a most significant one, and one which no doubt will have lasting and resounding effects on the basic role Lindenwood has in the education of American youth.

Orchids To Mrs. McCluer

A famous columnist is always tossing orchids to some favorite or outstanding person in the world today. We of the Bark and the student body would like to say "orchids to Mrs. McCluer."

Mrs. McCluer has done more than her share to make every girl feel at home. One of the nicest customs that has been established by Mrs. McCluer is the practice of inviting students to eat with the president and her in the dining room.

Another of the things Mrs. McCluer has done that has won approval of all the girls is the receptions held in her home. It is a great deal of work and we believe takes a large amount of courage to allow several hundred girls to roam around your

We hope we have made Mrs. McCluer feel as welcome at Lindenwood as she has made us feel here.

Dr. Franc McCluer addressed the National Council of Presby-terian Men January 31 in Chi-cago on the subject, "Our Col-leges—Burden or Help?"

Dr. McCluer expressed confidence concerning the role of the small liberal arts colleges in the present day educational system. He stated that ". . it is clear that the role of the church college is vital in the support of free inquiry, in the support of democracy, and in supplying an adequate prinin supplying an adequate ciple of interpretation." He fur-ther stated, "And in its freedom to hold the Christian faith is the basis for the cultivation of the human conscience and its freedom from accountability to any political body, the church colleges contribute much of the strength to the whole of higher education in America."
"Our church colleges with educational programs centered in this faith are among the most vital factors in building the essential spiritual defenses of our freedom."

"The intellectual leadership of our country in the next few years will be decisive in determining the character of our community in the next half century. Knowledge is power, and the use to which this power is put will be determined by the character of the men who have the knowledge," Dr. McCluer stated

Cluer stated. Linden Bark, Feb. 10, 1953

Parker Hall, Day Students **Elect Presidents**

Elected as President of Parker Hall for the coming year is Diane Kennedy, a sophomore, from Mexico, Mo. Diane served as Honor Board representative and a member of House Staff in Niccolls Hall her freshman year. This year she was elected to membership in the Triangle Club and she presently is Treas-urer of Parker Hall. Diane is a math major.

Judy Forstman, a junior political science and radio TV major from St. Charles, Mo., has been elected President of the Day Student Organization for 1966-67.

In her freshman year, Judy represented the Day Students on the Freshman Executive Council. She has been a member of KCLC for three years, serving as sales manager, director, and station manager. Last year Judy was initiated into Alpha Epsilon Rho and she is presently Vice-President of that organization. Judy also is presently Vice-President of that organization. Judy also spent the earlier part of the school year at American Uni-versity as a Washington Semester student.

Would you believe that "Campus Scenes" didn't make the scene last issue? . . . Lindenwood's own Boy Wonderelect flew in for the weekend, but his form here he'll each but his fans hope he'll park his Batmobile (or horse) here permanently . . . Dr. M., your irises have enough H2O—what about working for our sun tans now? . . . We now have an excellent reminder that at one time Lindenwood females used to be Ladies, too . . . He may no longer be in physical presence on our shady side of Kingshighway, but the gun-smoke will pleasantly cloud our eyes for a long time to come Some people actually ate watermelon at the S.C. fiasco
Dorm picnic, club picnic, class picnic, school picnic—any kind you want, but all rainy.
Dr. M., get to work! Really, Gridiron ISN'T coming. The seniors decided they wanted to graduate instead . . . We know the Niccolls girls wanted to go swimming, but **REALLY** . . . A meeting of the Associated Committee for the Reduction of Committee Meetings will be held at 3:28 a.m. Sunday morning—the only time that could be found free from other meetings . . . The weekly track runs of the 100 dash presently held on Wednesday at noon have been rescheduled and reformed for next fall. A 100 yd. walkrun will be held each Tuesday at 11:00 a.m. . . . Hit the road, Jack, and don't you come back no more, no more, no more, no more, and why not take some more—and why not take some of your allies with you? . . . Water, water everywhere, but still no drops to drink . Whose dress did you have on for Pin Day?

The majority of her other The majority of her other works were displayed because she enjoyed them personally. "Whether or not my painting is successful does not matter, because only through experimentation can I, as a student, make any progress."

"Bird of Night," a watercolor done in the summer of her sophomore year, seemed to be

sophomore year, seemed to be a favorite with everyone. It relates to the artist's dreams and is expressionistic. Most of Cindy's watercolors are more objective while her oil paintings objective while her oil paintings are strictly abstract expressionism. Cindy is aware of this but can't account for it. She also cannot explain why she only works with the primary and secondary watercolors. It's easy to overwork a watercolor painting and Cindy feels she has this tendency. "With oil paint, it's really me."

Cindy is extremely sensitive about her oil paintings with the exception of "Self-Portrait." This was an assignment in her junior year done in the manner of Modigliani. Cindy feels that all she accomplished in this painting was an awareness of another technique — not her own. She added, "I do feel this captures something of my own personality. However, the assignment held me back because

I like freedom of expression."
"Dancers," "End of the Ski
Run," "Flight," "Oceans End,"
and "Samseg" were done in her senior year in oil and, of course, are abstract expressionism. Cin-dy parallels her feelings about dress did you have on for Pin abstract expressionism to some-Day? . . . Dr. McCluer's fare-well gift to the student body— to have said. Helen once re-and to the faculty—NO FI-marked after learning words NALS—Yuk . . Yuk . . Yuk . . and their meanings, that words

Cindy Bogman's art exhibit were shallow while abstract ran from May 16 to 20 in the feelings, such as love, had great Roemer Art Gallery. Her main meaning. It is the abstract exobjective in the show was to pression beyond the object in paintings which has potential for great meaning.
Cindy was rather horrified

after her exhibition was completed. It was as if "a psychologist would look at my paintings and examine me." She says, "I'm a person of extreme moods and violent expression-I guess that's why my friends nicknamed me "Spook." Why does she paint? "Because I enjoy doing it." Cindy plans to teach art at the Hazelwood Junior High School.

The week of May 15 through 22 marked Mary Richardson's Senior Exhibit, the last of the Senior shows. The many paintings, prints, and collages represent work from her senior year. She said, "Since I'm only satisfied with each thing I do for about a day, and less as time goes by, I found it hard to go back any further than this fall when assembling my exhibit." Mary feels, however, that the things she chose represent the results of her four resent the results of her four years at Lindenwood.

Commenting on her handling Commenting on her handling of various media, she said of her oil paintings, "I like painting because it's flexible; there's so much you can do with it." Compositionally, she likes to work with explosions, both creative and destructive, of color, line, and shape. Other consider line, and shape. Other considerations are movement and tension. When questioned about her inspiration she said, "An artist's inspiration must come artist's inspiration must come from reading, looking, and listening and generally from just being aware of what's happening." Mary is especially interested in nature and natural prenomena. But, she said, "A person must add what he thinks to what he sees." She wants people to think more about nature and their own approach to life. Mary would approach to life. Mary would like someone to say, "I don't like your work," so she could say, "Good. Why?," and have a stimulating discussion waterfalls.

Mary enjoys keeping sketch books and finds in them an-

Term Papers

A unique service for evaluating and marketing college re-search papers, called the Research Writers' Bureau Ltd., 95-31 104th St., Ozone Park, N.Y., was established in the New York metropolitan area recently in response to wide-spread demand amongst pub-lishers for articles on academic subjects. The firm is reported to be the first organization of its kind to concentrate its efforts entirely on selling campus-written material.

According to Richard Fennelly, director of the literary agency, there are thousands upon thousands of periodicals, ranging from the smallest journals to some of the largest 'slick" magazines, which need well-researched student manu-scripts. He reports that some of these pay up to 10 cents per word for this material.
"Academic journals are usu-

ally the first and too often the last place students consider as an outlet for their work," Fennelly says. "This is lamentable it looks entertaining an because there are numerous ing. See you next fall!

semi-popular magazines which pay decent money for research writing. They cover a wide field of interest, including science, religion, history, medicine and business." Virtually every area of college study has some representation in this type of periodical, according to the firm's

The new agency does not re-turn manuscripts unless first queried with a description of the paper.

SC Members

Ann Smith, social chairman, announced the appointment of the following girls to the Social Council for 1966-67: Becky Bahn, Ginger Bauer, Debby Bond, Dianne Dunigan, Sue Freeman, Margaret Gaffney, Pat Jenkins, Lynda Pontius, and Betty Witthaus.

Social Council representatives will be elected from each dor-mitory and the Day Students in the Fall. Those elected will be responsible for the manners and social standards of the girls she represents.

The calendar of social events has been tentatively scheduled, but even in this skeleton form it looks entertaining and excit-

C. Lowe to Italy

Connie Lowe, a sophomore English major, will leave June 7 for Florence, Italy where she will attend Sarah Lawrence Summer School.

At the close of the summer term, she will tour Europe, then begin study at the University of East Anglia in Norwich, England on Oct. 2. She is enrolled in the University's school of English studies which places emphasis on independent research. She will attend two terms, the second ending June 24.

Tht University opened three years ago and has an enrollment of 1200. It is one of seven newly established schools known as "Red Brick" schools.

KCLC Becomes FM

KCLC, Lindenwood's radio station, may become an educational FM station next year. The staff is in the process of applying for a construction permit. It will allow the installation of equipment to broadcast on the FM band.

Only licensed radio operators

only licensed radio operators may take the readings of the meters on the FM station's transmitter that are required by the Federal Communications Commission. In order to do this job on KCLC next year, several Lindenwood students went to St. Louis to take the third class radio-telephone operator's liceense test. The following students have passed the test and are now licensed radio operators: Jane Calvert, Linda Firestone, Judy Forstmann, Elaine Frankton, Cary Hahn, Mimi Jones, Vicki Lowe, Marilyn Lueders, Melissa McKenzie, Sue Musick, Terry Tawney, and Valerie Sanford.

ney, and Valerie Sanford,
KCLC's AM facilities will
not be deserted because of the
addition of FM broadcasting.
At night, you will be able to
hear the KCLC broadcasts in
either AM or FM.

other source of inspiration. Her two kitchen prints are basically from drawings she did at home last year. She likes working with wood and plans to do a

great deal more.

She also likes collage, saying,
"Collage is my only contribution to Pop Art. Pop Art opens
up new realms of creativity by
giving new meaning to already
existing materials—and trash
can be a challenge. Sometimes
it's as great as a new set of
paints!" In Mary's favorite
collage, "Collage No. 7," she
used bits of newspaper, an old
Christmas card, advertisements,
a paper bag, and colored tissue
paper.

Mary finds collage invaluable

Mary finds collage invaluable in conjunction with other media, prints for example. Her prints are cardboard plates with net, string, Duco cement, etc., adhered to them. They are then inked up and run through the press.

Mary will begin graduate work at U.C.L.A. this fall and plans to teach on college level.

Point Changes

A change in the point system for student offices in campus clubs was enacted for next year at a Student Council meeting May 16.

According to the 1965-66 Student Handbook, "Students holding up to 10 points must hold to a 13 point maximum. Students in positions carrying eight or lower number of points may carry a 14 point maximum." The new policy states "The total amount of points that may be accumulated by a student is normally 14. All petitions for any office will be brought to a candidacy-reviewing committee which will be composed of members of the Student Council."

The committee must give special consideration to students petitioning to hold offices with total points exceeding the 14 point limit.

Changes were made in the

Changes were made in the status of several organizations under the point system and in the number of points given for various offices.

Vista Service In St. Louis

Vista, Volunteers in Service to America, is an anti-poverty program established by the Economic Opportunity Act of 1964. This is an opportunity for residents of this country, 18 years or older, to join the nation's War on Poverty. Presently, there are several Vista representatives in the St. Louis area. Lindenwood College students were given the opportunity to become acquainted with this program when a Vista volunteer visited the Lindenwood campus two weeks ago.

campus two weeks ago.

The aim of Vista is to provide new hope, dignity, and skills that can help lift people out of poverty. The specific fields in which the volunteers work include: health, education, vocational counseling, recreation, agriculture, conservation, sanitation, construction, and community services. Some assignments require special skills or the advice of a professional, Vista workers are needed in all areas.

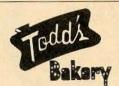

Vista's training program,

Vista's training program, which runs in six week sessions, includes workshops, discussions, and intensive field work in situations similar to those which they will eventually serve. These training programs are conducted throughout the country and the actual training sites are often on or near the campus of a college or university.

After training, the volunteers serve for a year in a designated area. Workers go into the 50 states, District of Columbia, Puerto Rico, the Virgin Islands, and other United States territorics. They receive subsistent allowances which vary according to the cost of living where they are assigned. The allowances cover housing, food, clothing, and include \$75 a month for personal needs. \$50 is set aside for every month of service and is paid to the Vista workers at termination of service.

of service.
Following the completion of a year of Vista service, the workers find themselves better equipped in experience.

WRA Officers

Members of Lindenwood's WRA, Women's Recreation Association, elected Brenda Martin to be president during the 1966-67 year at a meeting May 10. Other officers elected were Mary Falcone, vice president; Jill Simmons, secretary; DeDe Wandling, treasurer; Betsy Evans, sports co-ordinator; Marti Connolly, publicity chairman; and Mikie Shelton, social chairman.

The club held a softball game and picnic May 18 at 7:30 on back campus to install the newly elected officers.
