KCLC RECEIVES TOP AWARD FROM AP - Lindenwood's community radio station, KCLC-FM, has received a top-place award for overall cooperation in statewide broadcast competition sponsored by the Associated Press (AP). The 1,500-watt station received the first-place award in small market competition among AP-affiliated radio stations in Missouri. The category is based upon the size of the service area where the station is licensed. In winning the award, KCLC-FM joins the ranks of KMOX-AM, which received a top-place award for overall cooperation for stations in large markets.

In announcing the awards, the AP said the Lindenwood radio station "had an impressive record of protecting AP members on breaking news stories over a wide area of eastern Missouri. News Director Nan Siemer and her staff were a primary source of news in St. Charles County, and earned high marks . . . for timely and accurate reporting."

Siemer, who will receive the AP award during special ceremonies May 11 in Kansas City, is a 1980 alumna who joined the KCLC last fall. Prior to joining the station, she served as a reporter for a Fredericksburg, VA, radio station where she received several awards, including three from the Virginia AP for outstanding news coverage and operation.

Beginning as a two-room school in 1915, McKinley was expanded in later years to provide elementary education to thousands of students in the Frenchtown area of the city. The school was closed in 1979 and recently reopened as a mall, housing a restaurant, shops and boutiques. For more information on the May 4 fashion show, contact the Fashion Marketing Dept. at extension #395.

SCHOLARSHIP DONATIONS MADE TO KETC-TV - As a way of showing its support for public television, Lindenwood recently donated two scholarships valued at \$2,500 to KETC-TV for use in the station's community auction last week. To be awarded to the highest bidder, the scholarships can be used this fall or next spring at the main campus or satellite branches for undergraduate or graduate studies.

In return for the donations, the college received on-air promotions during the April 25-28 auction. With an estimated weekly audience of 1.2 million, Channel 9 is a community-owned, non-commercial station serving a 70-mile
