Please see the [attachment](#) provided regarding Interactive Health. This includes a step-by-step process on how to log points, ways you can earn points, how many points you currently have, etc... Please note the important dates at the bottom of the document regarding open enrollment, the last day to log points, and more! Do you have additional questions? ### **EZProxy links will go dead on September 30**

Over the summer, the library's databases switched to using OpenAthens in order for them to be part of Lindenwood University's Single Sign On service. Logging onto library resources now looks the same as logging into Canvas or Office 365. On September 30, any links that use EZProxy, the previous login system, will go dead. If you have any links that begin with "<http://ezproxy.lindenwood.edu>", please update them now so that you don't lose access to those resources. If you have questions about this or want to learn more about the change or OpenAthens, please view the [OpenAthens Guide](#). If you experience any problems or aren't sure how to update your links, please email [librarystc@lindenwood.edu](mailto:librarystc@lindenwood.edu).

### **Human vs. Zombies Week**

Faculty and staff, please note that Nerf Alliance will host Humans v. Zombies the week of Sept. 29. Participants are required to have brightly colored parts of their Nerf guns visible so that there is no mistaking their Nerf Blasters for real guns. Players are also instructed to use words like blaster, darts, and socks, instead of words like gun, bullet, and grenade, and they are limiting the amount of tactical

type gear a player can wear. Students are instructed to not disrupt classes, as well. Should you have any issues with this popular activity, please contact Kirsten Muehlbauer at [KM356@lindenwood.edu](mailto:KM356@lindenwood.edu). Thank you for your understanding and support!

# Q2

Have you gone to the Useful Links recently in Workday?

The Useful Links is a Q2 initiative by Human Resources and is available for all employees to utilize. This worklet was redesigned to make it easier to find what you need quickly. In each of the tabs, there are different sections for the employees to navigate and find the items they need in

Workday. If you want to find something quickly in the Useful Links, [click here](#) to learn a great search trick!

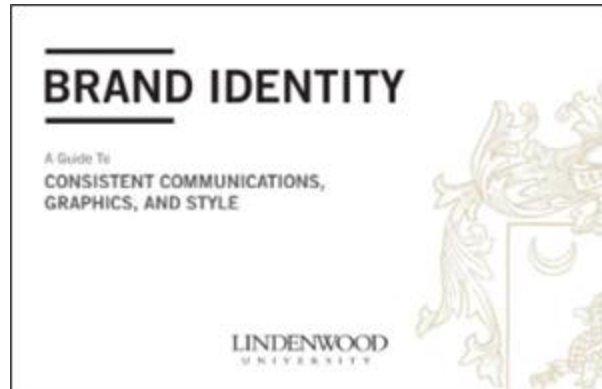

## Advancement and Communications Launches New Brand Portal

Advancement and Communications is proud to release the updated brand identity for Lindenwood University. The changes in the design are forward-thinking and

elegant and reflect modern design sensibilities. Members of the university community can now visit [www.lindenwood.edu/brand](http://www.lindenwood.edu/brand) to access the all new brand portal, which features the new brand guidebook as well as brand elements that offices, individuals, groups, and clubs can use to create various promotional materials. In addition to the brand elements, which are available on the page, Advancement and Communications will also be rolling out various templates and examples so that anyone in the university can produce on-brand material.

These updated guidelines are the end result of a collaborative process that included faculty, staff from multiple departments within the university, and current students. Ultimately, the new brand guidelines were approved by the president's cabinet and the Board of Trustees.

Beyond the visual changes, this also marks a change in the Advancement and Communications process for how projects will be submitted, tracked, and ultimately completed. A [Project Request Form](#) is available at [www.lindenwood.edu/brand](http://www.lindenwood.edu/brand) where users can choose from a variety of different project requests, including creative ideation, marketing piece creation, press release and story coordination, item submission to the Digest, and change requests to the website. By filling out the form, users will know exactly what kind of information is needed by Advancement and Communications and the collaborative process to move a project forward can begin. This change will streamline communication for assistance and greatly help with tracking and prioritization of requests.

Please visit [www.lindenwood.edu/brand](http://www.lindenwood.edu/brand) and familiarize yourself with this new resource.

Please see the [University Digest](#) page for information on how to make a submission.
