College Calendar

SECOND SEMESTER, 1933-1934

Beginning of second semester	Monday, January 29
Spring recess	Thursday, March 29, to Tuesday, April 3
Class Day	Saturday, June 2
Spring festival	Saturday, June 2
Baccalaureate Sunday	June 3
Commencement	Monday, June 4, 10 A.M.

1934-1935

Faculty convocation	Monday, September 17
Registration of students	Tuesday, September 18
Registration of students	Wednesday, September 19
Organization of classes	Thursday, September 20
Convocation	Sunday, September 23
Founders' Day	Thursday, October 25
Thanksgiving Day	Thursday, November 29
Christmas recess	Begins at noon, Thursday, December 20, 1934; closes at 10 A.M., Thursday, Jan- uary 3, 1935

Beginning of second semester	Monday, February 4
Spring recess	Thursday, April 4, to Tuesday, April 9
Class Day	Saturday, June 8
Baccalaureate Sunday	June 9
Spring festival	Monday, June 10
Commencement	Tuesday, June 11, 10 A.M.

Board of Directors

OFFICERS OF THE BOARD

JOHN W. MACIVOR, D. D.	President
DAVID M. SKILLING, D. D.	Vice-President
GEORGE B. CUMMINGS	Secretary and Treasurer
THOMAS H. COBBS	Counsel

MEMBERS OF THE BOARD

Class of 1937

JOHN W. MACIVOR, D. D., 44 Kingsbury Place	St. Louis
CRAIG MACQUAID, President United Bank & Trust Co. of St. Louis	St. Louis
THOMAS H. COBBS, 6224 Waterman	St. Louis
GEORGE W. SUTHERLAND, 445 Baker Ave.	Webster Groves
ARNOLD H. LOWE, D. D., 5666 Cabanne	St. Louis

Class of 1938

GEORGE B. CUMMINGS, 852 Atalanta Ave.	Webster Groves
EMMET P. NORTH, M. D., 3511 Washington Ave.	St. Louis
B. KURT STUMBERG, M. D., 407 S. Sixth St.	St. Charles
JOHN T. GARRETT, 6225 Westminster	St. Louis
A. L. SHAPLEIGH, 6 Portland Place	St. Louis

Class of 1939

HARRY C. ROGERS, D. D., 1618 Linwood Blvd.	Kansas City
DAVID M. SKILLING, D. D., 226 Spring Rd.	Webster Groves
CHARLES TWEEDIE, 1100 Adams St.	Jefferson City
JOHN L. ROEMER, D. D.	St. Charles
LEE MONTGOMERY, 711 West Sixth	Sedalia

STANDING COMMITTEES OF THE BOARD OF DIRECTORS

Executive

JOHN W. MACIVOR, D. D.
D. M. SKILLING, D. D.

D. M. SKILLING, D. D.
LEE MONTGOMERY

Officers of Administration

JOHN LINCOLN ROEMER, President
A. B., B. D., D. D., LL. D.

DEPARTMENT OF EDUCATION

ALICE E. GIPSON, Dean of Instruction
A. B., University of Idaho; Ph. D., Yale University
JOHN THOMAS, Dean of School of Music
Mus. B., Mus. M., Cincinnati Conservatory of Music
DOROTHY L. GEHLBACH, Registrar
B. S., Lindenwood College
FLORENCE W. SCHAPER, Secretary of Faculty
B. S., M. A., University of Missouri; Ph. D., New York University
MILDRED D. KOHLSTEDT, Librarian
A. B., Northwestern University; M. A., University of Illinois
HORTENSE F. EGGMANN, Assistant Librarian
A. B., University of Illinois

DEPARTMENT OF RESIDENCE

MRS. JOHN LINCOLN ROEMER, Dean of Student Administration

Regents of Halls in Order of Term of Service

MRS. EFFIE L. ROBERTS.....	Ayres Hall
MISS EDNA HOUGH.....	Irwin Hall
MRS. MARY B. WENGER.....	Sibley Hall
MISS MARY C. BLACKWELL.....	Butler Hall
MRS. ELIZABETH LEMASTER.....	Nicolls Hall

DEPARTMENT OF THE INFIRMARY

B. KURT STUMBERG, M. D.....College Physician
St. Charles, Mo.
EMMET P. NORTH, M. D.....Consulting Oculist
St. Louis, Mo.
FRANK J. TAINTER, M. D.....Consulting Surgeon
St. Charles and St. Louis
EVA SAYRE, R. N.....Head of the Infirmary

DEPARTMENT OF BOARDING

CORA V. WALTER.....Dietitian
ARABELLE FOSTER.....Assistant

DEPARTMENT OF BUILDINGS AND GROUNDS

HARRY P. ORDELHEIDE.....Superintendent
 LABEAUME & KLEIN.....Architects
 St. Louis, Mo.

BUSINESS ADMINISTRATION

GUY C. MOTLEY, A. B.....Secretary
 MRS. ADELE K. BELDING.....Assistant Secretary
 ETHEL B. COOK.....Bursar
 CORA WAYE.....Assistant Bursar
 MRS. AGNES ZEISLER.....Secretary to the President
 GLADYS CRUTCHFIELD, B. S.....Secretary to the Dean of Instruction
 DELPHIA HIRSH }.....Post Office and College Store
 AMY MUTERT }

ENROLLMENT SECRETARIES

MISS BENSON BOTTS, A. B., M. A.....600 Woodlawn, Mexico, Mo.
 MR. R. C. COLSON, A. B.....222 East Adams, Kirkwood, Mo.
 MISS ALMA HICKMAN.....Yates Hotel, Joplin, Mo.
 MR. F. G. McMURRY, A. B.....2770 N. W. 20, Oklahoma City, Okla.
 MR. GLENN H. PARK, A. B., B. S.....23 West 69, Kansas City, Mo.

Include Skinner?

Officers of Instruction

With the exception of the President and the Dean of the College, the officers of instruction are listed alphabetically.

The number following the name indicates the year the officer came to Lindenwood College.

- ✓ ROEMER, JOHN LINCOLN, 1914, President
A. B., West Virginia University; B. D., Western Theological Seminary; D. D., Westminster College, Fulton, Mo.; LL. D., Westminster and Missouri Valley Colleges
Ethics
- ✓ GIPSON, ALICE E., 1924, Dean of the College
A. B., University of Idaho; Ph. D., Yale University
English
- 1 ✓ Hegerter, ~~Alma~~ Arline — *Public Speaking*
- ✓ 2 ALLYN, LILLIAN J., 1918
Graduate Rubicam Business College; Diploma, Gregg College, Chicago
Business
- ✓ 3 ANDERSON, RUTH ELIZABETH, 1930
B. S., University of Illinois; M. A., University of Missouri; Graduate work, University of Chicago
Home Economics
- ✓ 4 APPLETON, MARGUERITE, 1933
A. B., M. A., Ph. D., Brown University
History, Government, and Geography
- ✓ 5 Bailey, Yvonne — *Crateriology and Physiology*
- ✓ 6 Bigners, Geraldine — *Public Speaking*
- ✓ 7 CASE, RALPH T., 1929
A. B., Parsons College; B. D., The Presbyterian Theological Seminary, Chicago; Graduate work, University of Chicago, Northwestern University; Ph. D., University of Iowa
Bible and Philosophy
- ~~SHAW, LOUISE, 1929~~
B. S., University of Missouri; Private expression, Feagin School of Dramatic Art, New York City; Diploma, Southeast Missouri State Teachers College; Graduate work in speech, Northwestern University School of Speech, Columbia University; Alger School of Expression, Huntington, W. Va.
Public Speaking
- ✓ 8 DAWSON, ELIZABETH, 1927
A. B., Cornell College, Mount Vernon, Iowa; M. A., Columbia University
English

- ✓ 9 DEWEY, JOSEPH C., 1931
B. S., M. A., University of Minnesota; Ph. D., State University of Iowa
Education
- 10 ENGLEHART, EVA, 1929
B. S., State Teachers College, Kirksville, Mo.; B. F. A., Oklahoma City University; Pupil of Fay Trumbull; Graduate work with Florence Trumbull
Piano
- ✓ 11 ENNIS, BEULAH P., 1928
A. B., Illinois College; Ph. D., Yale University
Biological Science
- ✓ 12 EVERS, HELENE M., 1931
A. B., Washington University; M. A., University of Missouri; Ph. D., Bryn Mawr College
Modern Languages
- 13 FRIESS, PAUL, 1931
Organ, harmony, counterpoint, and form with Charles Galloway, former organist of Washington University and St. Peter's Episcopal Church, St. Louis; Piano with Allan Bacon, Ottmar Moll, and Rudolf Ganz; Organist and accompanist for the Morning Choral-Apollo Clubs of St. Louis; Organist of the Episcopal Church of St. Michael and St. George, St. Louis
Organ
- ✓ 14 GIESELMAN, DORIS P., 1929
B. M., Bush Conservatory; Pupil of William P. Phillips, Charles W. Clark, Mme. Elsie Harthan Arendt, Arthur Middleton; Repertoire and interpretation, Edgar Nelson; Theory, Edgar Brazelton
Voice
- 12 GORDON, MARY MCKENZIE, 1927
A. B., Transylvania College; B. L. I., Emerson College of Oratory
Public Speaking
- ✓ 15 GREGG, KATE L., 1924
A. B., Ph. D., University of Washington
English
- ✓ 16 HANKINS, KATHRYN, 1920
A. B., B. S., M. A., University of Missouri; Graduate work, University of Michigan, Harvard University, University of Colorado
Classical Languages and Literature
- ✓ 17 ISIDOR, GERTRUDE, 1925
Artist Diploma, Post Graduate Diploma with distinction, Cincinnati Conservatory of Music; Pupil of Tirindelli, Albert Stoessel, Robert Perutz, George Leighton, Edgar Stillman-Kelley
Violin and Theory
- ✓ 18 KARR, LOIS, 1921
A. B., Simpson College; M. A., University of Wisconsin
Mathematics and Physics

- 19 KOHLSTEDT, MILDRED D., 1931
A. B., Northwestern University; M. A., University of Illinois
Library Science
- ✓ 20 LEAR, MARY E., 1916
A. B., B. S., M. A., University of Missouri
Chemistry
- ✓ 21 Leland, Hildur — Piano
- ✓ 22 LINNEMANN, ALICE ANNA, 1901
B. L., Litt. D., Lindenwood College; Student at Chicago Art Institute, Art Department of People's University, University of Missouri, University of California, Columbia University, Applied Art School, Chicago, New York School of Fine and Applied Arts (Parsons)
Art
- ✓ 23 MANNING, LOIS LEONE, 1932
B. M., Diploma of Graduation Public School Music and Voice, Simpson Conservatory, Indianola, Iowa; Graduate work, Cosmopolitan School of Music, Chicago; Mac Phail School of Music, Minneapolis; Pupil of Ira Pratt, Mrs. W. S. Bracken
Public School Music
- ✱ ~~MITCHELL, M. MARTON~~, 1930
A. B., University of British Columbia; M. A., Clark University; Graduate work, Columbia University
History and Geography
- ✓ 24 Moore, Mrs. Elise — Modern Languages
- ✓ 25 MORRIS, RACHEL M., 1927
A. B., University of Illinois; M. A., Northwestern University; Graduate work, University of Chicago
Sociology and Psychology
- ✓ 26 PARKER, ALICE, 1928
B. S., M. A., University of Missouri; Graduate work, University of Chicago
English
- ✓ 27 REICHERT, MARIE E., 1928
B. S., Teachers College, Columbia University; Savage School for Physical Education
Physical Education
- ✓ 28 RUTHERFORD, HARRIET, 1930
A. B., M. S., University of Illinois; Puget Sound Biological Station; Pomona College Biological Station
Biological Science
- ✓ 29 SCHAPER, FLORENCE W., 1922
B. S., M. A., University of Missouri; Ph. D., New York University
Sociology and Economics

*Leave of absence, 1933-1934

- ✓ 30 STOOKEY, MARGARET MANTLE, 1930
 B. S., Cornell College; American College of Physical Education; Columbia University; University of Wisconsin; Chalif School of Dancing; Denishawn School of Dancing; Jean d' Beaucaire School of Dancing; Ned Wayburn School of Dancing; Laurent Novikoff Chicago Civic Opera Ballet; Walker School of Dancing; Coleman School of Dancing
Physical Education
- * STUMBERG, B. KURT, 1901
 M. D., Maryland University
Physician and College Lecturer
- ✓ 31 STUMBERG, FRANCES H., 1929
 A. B., Lindenwood College; M. A., University of Chicago
English
- ✓ 32 TERHUNE, MARY, 1926
 A. B., Western College; M. A., Columbia University; D. M. L., Middlebury College; Diploma de Suficiencia, Centro de Estudios Historicos, Madrid; Graduate work, Universite de Grenoble, France, and Buenos Aires, Argentina
Modern Languages
- ✓ 33 THOMAS, JOHN, 1920, Dean of School of Music
 Mus. B., Mus. M., Cincinnati Conservatory of Music; Pupil of Theodor Bohmann, Dr. Edgar Stillman-Kelley, Marcian Thalberg
Piano
- ✓ 34 TUCKER, ADA DYER, 1928
 B. S., Michigan State College; M. A., Columbia University
Home Economics
- ✓ 35 UNDERWOOD, MRS. JULIA C., 1923
 Ph. B., University of Iowa
Journalism
- ✓ 36 WALKER, PEARL - VOICE
- ✓ 37 WURSTER, ANNA, 1924
 B. S., M. S., Purdue University; Diplome, Sorbonne, Paris; Certificat, Universite de L'Alliance Francaise, Paris; Medaille, Alliance Francaise
French

General Information

History

For more than one hundred years Lindenwood College has served the community, the State, the Nation. It was a pioneer of woman's education in the Southwest. Its history is contemporaneous with that of the Commonwealth of Missouri, the College being founded in 1827, six years after Missouri was admitted to statehood. From the earliest records obtainable, the site was selected and obtained, as far back as 1814, for the woman's college which was at that time in the minds of its founders.

Major George C. Sibley, then stationed at St. Charles, the first capital of the State of Missouri, and his wife, Mary Easton Sibley, were impressed with the need in the sparsely-settled Southwest of a school for the higher education of young women. Mrs. Sibley, in a writing of early date, expressed the desire that some provision be made for the education of young women that should fit them for life's duties, as men were fitted for their life's work. The result was the founding of a college for young women, on a beautiful site overlooking the Missouri River in a forest of linden trees, after which the College was named—LINDENWOOD.

The school was conducted under the direction of Mrs. Sibley for many years. From Major Sibley's diary it is learned that young women came by stage and on horseback from all parts of the State and surrounding country. Many of the first families of the newly-formed commonwealth were its patrons, and the school grew in numbers and prestige.

Major and Mrs. Sibley, being members of the Presbyterian Church, in 1831, petitioned the Presbytery of St. Louis to appoint a Board of Directors to manage the school, and placed it under the direction of the church of their faith, the school to be maintained in the interest of all who sought its privileges, regardless of church affiliation. It was to be non-sectarian. One provision, however, was insisted upon as a permanent part of the curriculum—the teaching of the Word of God on a parity with other studies of the college.

The College remained under the direction of the Presbytery of St. Louis until 1870, when the appointment of Directors was vested in the Presbyterian Synod of Missouri, U. S. A.

Not until 1853 was a State charter sought, when by a special act of the Legislature of Missouri the College was incorporated.

Friends have from time to time made substantial gifts to insure the growth and scholarship of the College. In days past the names of Watson and Ridgely have been prominent in the endowment of the College. In more recent years the fortunes of Colonel James Gay Butler of St. Louis and his wife, Mrs. Margaret Leggat Butler, have been given to the College. The endowment, grounds, dormitories, and equipment now amount to nearly four millions of dollars.

Accrediting

Lindenwood College is a standard four-year college, recognized by the highest educational accrediting associations. It is a member of the Missouri College Union, composed of the universities and Class A colleges of the State. Membership is also maintained in the North Central Association of higher institutions of learning, the Association of American Colleges, the American Council on Education, and the American Association of University Women. Lindenwood College is accredited by the North Central Association of Colleges and Secondary Schools as a degree-granting institution.

Aims of the Curriculum

Over one hundred years ago the founders of this college had as their conception of a school for young women an institution that could "enlighten, ennoble and elevate our daughters, that it might secure the approbation and patronage of the public; not a frivolous boarding school, which would unfit its pupils for the trials and duties of life, but one in which solid attainments should be acquired, and one in which young women should be prepared to occupy with eminent honors the sphere in which they may be placed." No better aim could possibly be stated for a college founded today, and the desire of the founders that the school at "Linden Wood" should be "on a sound and lasting foundation and on a large and liberal plan," is still the purpose of the Lindenwood College of today. The College has always had for its aim the training of its graduates for the useful life, and, as conditions in the world have changed, has adapted its curriculum to the needs of the life which its young women were to enter. Again with changing conditions the time would seem ripe for an adjustment of the courses offered. With

this in mind Lindenwood College has the following aims in view: Its graduates will have the opportunity for a much fuller training for leisure, since in the future, shortened hours of labor and mechanical inventions for the home are going to give women many hours which they should be able to put to good use. This college hopes to assist them in this. The curriculum will also be adjusted to train women for a broader knowledge of home life in scientific and artistic directions; it plans to make them more definitely leaders in the community in which they will live; its aim will also be to give them more definite instruction as regards their obligations as citizens of our state and national government, and finally, with the feeling that the peace of the world is dependent on the intelligent attitude of its citizens, the students from this college will have an opportunity to take outstanding courses in international relations and in world culture. No Christian college, however, should stop with this. Lindenwood College hopes to do even more than it has done in the past in placing before students high ideals of conduct. Unless a college education gives its graduates proper patterns for living, it cannot be said to be successful. In its new plan, Lindenwood College will keep this fact very definitely in view.

With the opening of the fall term in 1934, Lindenwood College plans to have arranged its curriculum so that students entering at that time and wishing to take a general major along the lines indicated will be able to plan their courses in this direction. Other students will, of course, decide to take the usual major and minor. In that case the College will hope that for electives each student will find it possible to choose subjects in the fields suggested. The College hopes that in this way each one of its graduates will have valuable training for the sort of life which she is to face after leaving college.

Location

Lindenwood College is situated in St. Charles, Missouri, within fifty minutes of St. Louis. The Wabash and the Missouri, Kansas, Texas Railroads have through trunk lines to St. Charles, and bus service is maintained between St. Charles and St. Louis every thirty minutes.

The advantage of suburban and the privileges of city life are afforded the students. The best concerts, lectures, and operas are within easy reach and at a small expense. Students are permitted to attend them when they do not interfere with their college work.

Art museums and centers of culture and music are always open to the students.

Grounds

The College grounds cover an area of 138 acres on one of the highest elevations in the extreme western part of the city of St. Charles. The campus is within the city limits, having all the advantages of light, water, and public fire protection, and yet so separated by its extent as to afford the greatest freedom to the students in their daily exercises and the routine of college life.

A golf course is a part of the College grounds and is so conveniently located as to be accessible for brief or extended exercise in playing. The course is open for all students free of charge.

A modern athletic field affords opportunity for the playing of hockey, tennis, baseball, and other outdoor sports.

Adjoining the campus is a well-conducted farm, under the direction of an experienced superintendent.

Buildings

Dormitories—The College is equipped with the following five well-planned dormitories:

Sibley Hall is the historic building of the campus, named in honor of the founders of the College, Major and Mrs. George C. Sibley. It is a three-story brick dormitory. A large Colonial porch with eight columns twenty-six feet tall give it a commanding appearance on the campus. The interior has been modernized, the greater number of the suites and single rooms being provided with private baths. One of the interesting features is the spacious parlors, fitted out with antique furniture of the period of the Sibleys.

Ayres Hall was named in honor of Dr. George Frederic Ayres under whose direction it was built during his administration as President of the College. It was known as Jubilee Hall until October 21, 1927. Having been remodeled and refurnished, the Board of Directors thought the practically new building should bear the name of Dr. Ayres, who had given ten years of his life to the College as President. It is a three-story brick building used as a dormitory. Suites with baths, double and single rooms with running water, are provided. Attached to this building is the central dining room and kitchen.

Butler Hall is named after the donor, Colonel James Gay Butler. On the ground floor are located the college gymnasium and swimming pool and on the first floor is the "Students' Living Room," where the girls assemble and enjoy social fellowship. Butler Hall is used as a dormitory for juniors and seniors. Every bedroom has hot and cold running water.

Niccolls Hall was built in memory of the late Samuel Jack Niccolls, D. D., who for a generation was identified with Lindenwood College as president of the board of directors. The building was erected by his friend, Colonel James Gay Butler. In the basement are rooms for piano and voice practice. Two reception rooms are located on the first floor. Niccolls Hall is the largest dormitory on the campus and is reserved for freshmen. Every bedroom has hot and cold running water.

Irwin Hall is the latest dormitory to be built on the campus. It was dedicated October 24, 1924, and is named in honor of the late Dr. Robert Irwin, who was president from 1880 to 1893. The hall is a three-story-and-basement brick, fireproof building, 51 by 148 feet in dimensions, costing two hundred thousand dollars. It accommodates eighty students. It faces north and is just opposite The Gables, the home of the president. Every room is an outside room, as in all the other dormitories. Connecting rooms with bath accommodate four students, two in each room. Fudge rooms, pressing and curling rooms, recreation room and parlor, make it a most complete dormitory for students.

Roemer Hall—Roemer Hall, so named in honor of the president of the College, is the administration building. The ground floor contains nine classrooms, in addition to the Public Speaking studios and the laboratories and practice suite of the Home Economics department. The college postoffice and book store and a room for day students are also located on this floor. On the campus side of the first floor are the bank, the accounting department, and the offices and reception rooms of the president, the secretary, the dean of the college, and dean of students. The corridors, wide and well lighted, with a stairway at either end, give access to the auditorium in the east wing and the classrooms in the west wing. The auditorium extends through two stories and is designed with a balcony. The total seating capacity is eight hundred. A modern stage has been provided with dressing rooms, organ loft, and a separate entrance

from the outside. The lighting apparatus is adequate for modern performances. On the second floor of Roemer Hall are nine classrooms, two lecture rooms with raised floors, and three offices for instructors. The third floor contains five classrooms, two lecture rooms with raised floors, and an art room with an entrance foyer for exhibition purposes. The remainder of this floor is given over to various laboratories thoroughly equipped for the study of biology, chemistry, physics, physiology and zoology. The building and equipment cost \$500,000.

The Margaret Leggat Butler Library—With the completion of the Library, another building of great architectural interest was added to the Lindenwood group. The site occupied by the Library is immediately east of Roemer Hall, facing the campus with the stack room wing extending north toward Watson street. The building is T-shaped in plan, and is expected to take care of the institution's requirements for many years to come. In design the building is of Tudor Gothic style.

The basement contains seminar rooms, a large room for the meetings of student organizations, a large vault, and storage rooms for books and magazines and files of newspapers. On the first floor are the stack rooms, the delivery room, the librarian's office, and two large reading rooms, one of which is fifty-six feet long and thirty feet wide, and the other thirty-six feet long and thirty feet wide. This will afford ample accommodation for all students who wish to study in the library. Low book shelves line the sides of each of these reading rooms. On the second floor is a browsing room and other rooms for study.

This building was erected in memory of Mrs. Margaret Leggat Butler, who, with her husband, Col. James Gay Butler, gave the greater part of their wealth to place Lindenwood College on a firm financial basis.

The Gables is a frame-and-stone building situated on Butler Way at the entrance to the quadrangle of College buildings and is used as a residence by the President of the College.

The Music Hall is a three-story brick building situated on Butler Way near the center of the campus. Private lessons and classroom instruction are given in this building. The studios are large and well-lighted; the decorations and furnishings are of distinctive beauty; the equipment is the best that can be had.

In addition to studios, classrooms and reception room, the Music Hall provides a splendidly appointed room for Phi Theta chapter of Mu Phi Epsilon.

The Tea Room, of interest to all students on the campus, is a two-story frame building, open from 7:30 A. M. to 5 P. M. every day except Sunday, and on Tuesday, Thursday, and Sunday evenings, for the accommodation of students. It is conducted by the College, and any profit arising from its operation is used in the interest of the students.

The Lodge is a two-story brick building situated on the State Highway and used as a residence by the Superintendent of Buildings and Grounds.

Art Pottery is a small frame building with kilns for the burning of decorated china. It is used under the direction of the Art department.

The Watson is a two-story frame building situated near the Athletic Field and occupied by the College electrician.

Equipment

Heating Plant—The dormitories are steam heated. The central heating plant is located at some distance from the buildings and is twenty feet beneath the surface of the ground. Large 150-horse-power tubular boilers of the Brownell type are installed in the plant and are more than adequate to meet the requirements. Four large water heaters supply the buildings with hot water. The building is of stone and cement structure. Efficiency and safety are always considered.

Swimming Pool—The swimming pool is constructed of concrete. It ranges in depth from three to nine feet and contains, when filled, 35,000 gallons of water. A water temperature of 78 to 80 degrees is maintained, and the pool is used the entire college year. So large a body of water necessitates a separate heating plant, and this is in a granitoid building apart from the pool. The water is filtered as it is run into the pool, and a refiltration appliance constantly purifies it.

Fire Protection—Every precaution is taken for the safety of the students in case of fire. Modern fire escapes and fire extinguishers are provided in each building. The installation of a college pumping station gives the highest pressure for the fire hose in the

dormitories. Fire hydrants are conveniently located on the campus. Under the supervision of the board of underwriters, the electric lighting system is carefully safeguarded.

Water and Sanitation—The college authorities have installed an excellent filtration and purifying station. The water from St. Charles city basins is clarified before it is pumped to the college. The college takes it from the city mains and passes it through another filtration system before pumping it into the mains supplying the dormitories. Tests are made frequently throughout the year and filed by the medical department.

Careful attention is given to every detail in sanitary regulation. Modern plumbing in every dormitory insures perfect sanitary conditions. The sanitation is regularly inspected by the college physician.

The Filtration Plant is a brick and frame building which is used for a filtration and pumping station of the water used in the College buildings.

Boarding Department—The boarding department is most excellently equipped. The Board of Directors have made many extensions and improvements and provided every modern equipment. The kitchen is furnished with a modern bake shop, electric ovens, bread mixers, and warming devices. Two huge ranges, large and small steamers for vegetables, meat cutters, warming tables, and an electric dishwasher occupy other parts. Large aisles to and from the dining room insure efficient service. A basement under the kitchen is divided into storerooms for supplies, potato peelers, and vegetable cutters.

The dining room, situated in Ayres Hall, is well ventilated and lighted and accommodates over 600 people.

This department is presided over by a trained dietitian who makes out the menus especially adapted to the needs of the students. Under her supervision, an assistant directs the work of the chef and helpers. The dining room is supervised by one especially trained for directing the movements of the waitresses and seeing that the best service possible is given the students. Breakfast is served at 7:30 A. M. and is optional in attendance. Lunch is served at 12:20 P. M. and dinner at 6:00 P. M.

Health—The first requisite of an education is good health. The location of the college, the sanitary regulations, the mild climate, the large campus, make the conditions of the college most inviting to parents interested in the health of their daughters.

Every student is at all times under the medical direction of the college. In case of illness she must report to the infirmary for observation. *There is no fee attached to the services of the physician in ordinary cases of illness. Office consultation during the physician's office hours is free. Reasonable fees made for special attention and visits.*

Should any preference for medical treatment other than that provided by the college be expressed, such preference will be respected upon application to the college physician at the infirmary. The expense in this case must be borne by the student.

In case of serious illness requiring a private nurse or special attention of a physician or special hospitalization the student must bear the expense.

College Bank—"The Lindenwood College Deposit" was established by the college authorities for the conveniences of the students. Its purpose is not to do a general banking business, but to care for the student's allowances. Checks drawn on the deposit are not honored by any bank or business house, as they are payable only to the student in person by the college bank cashier. The college stands responsible only for money placed in its care.

Furniture—Each student's room is supplied with a single bed, a mattress, a pillow, a study table, chair, a dresser and a closet or wardrobe. The windows are furnished with shades; students may furnish curtains, if they desire. Each student is responsible for the care of her room, and any injury done to furniture, room or building will be charged to the occupant of the room.

Student Life and Organizations

Government and Discipline—The location of the college permits a large degree of liberty to the students, but such regulations as are absolutely necessary to the welfare of the students are made and enforced. A handbook is printed, giving rules and information concerning discipline and government. Each student, upon entrance, automatically becomes a member of the Student Government Association. Individual and community responsibility rests upon the students.

Since it is the purpose to keep the atmosphere of the college wholesome and helpful, the President may dismiss at any time any student who may be exerting a harmful influence or who may be found to be entirely out of sympathy with the tone and standard of the college, even though she has not committed any special act of insubordination.

Home Life—The college takes the place of the home while the student is in residence, and great care is taken to further the spirit of the home. The greatest freedom consistent with the best interests is given. Individual responsibility is encouraged, and the spirit of co-operation and family fellowship is taught.

Each student is required to care for her own room. A prize is awarded at the end of the year for the best kept double and the best kept single room in each dormitory.

Although no regulations as to dress are adopted, the students are required to exercise care in their personal appearance and to be attentive to correct posture.

Religious Culture—Although the college is non-sectarian in matters of religion it insists on the knowledge of the Word of God and Christian training. Every student is required to take at least four hours Bible study during her college course.

Addresses are given during the year by ministers, missionaries and laymen, upon topics that will give the students a large vision of Christian work. Chapel services are held each morning and vespers Sunday evenings. The Y. W. C. A. is an effective organization in the development of the religious life. Pastors of the city are given the names of those who express denominational preference. Each student is expected to attend the church of her preference.

Entertainments—Public recitals and lectures by the faculty and students or visitors furnish an abundance of wholesome entertainment. Within recent years such outstanding writers as Hugh Walpole, Thornton Wilder, and V. Sackville-West have lectured at the College.

Guests—Patrons, friends, and former students are always welcome. The St. Charles Hotel gives special attention to all patrons and friends visiting the College. *It is desirable that visits to the students be arranged for week-ends, to avoid interruption of the regular work.* Under no circumstances will students be excused from their college duties to be with friends or relatives in the city.

Vacations—The college is closed during the Christmas and the summer vacation periods. During the spring vacation the college cares for all who desire to remain. The usual rates of board are charged.

Allowances—A part of the student's education should be the right use of money, and expenditures should be confined to the minimum.

Clubs—The various organizations among the students contribute greatly to the value and pleasure of college life. The

following national departmental societies have been organized in the College, and require a high scholastic standing for membership:

Public Speaking Department: Psi Cast of Alpha Psi Omega.

French Department: Theta Xi Chapter of Beta Pi Theta.

Home Economics Department: Affiliated with American Home Economics Association.

English Department: Kappa Beta Chapter of Sigma Tau Delta.

Art Department: Kappa Chapter of Kappa Pi.

Social Science Department: Pi Gamma Mu.

Music Department: Phi Theta Chapter of Mu Phi Epsilon.

Poetry Society: Open to students in all departments.

In addition to these there are the following departmental societies:

Physical Education Department: Athletic Association.

Business Department: Commercial Club.

History Department: International Relations Club.

League of Women Voters.

Latin Department: Pi Alpha Delta.

Spanish Department: El Circulo Espanol.

Public School Music Department: Delta Phi Delta.

Science and Mathematics Departments: Triangle Club.

Honor Societies—Alpha Sigma Tau, Mu Phi Epsilon, and Alpha Mu Mu—the undergraduate honor musical society—all are honor societies that not only afford entertainment to their members, but serve also to give recognition to superior scholarship. Students in the College of Arts and Science are eligible for election to Alpha Sigma Tau, and students in the department of Music are eligible for election to Mu Phi Epsilon and Alpha Mu Mu. Election to an honor society is the highest honor conferred by the College.

Student Supplies

For the convenience of new students, the college suggests the following articles which should be provided at the time of entrance:

Bible; dictionary; two pairs of three-quarters sheets; four pillow cases, eighteen inches by twenty-six inches; sufficient extra bed-clothing; two bedspreads; towels; four table napkins.

A gymnasium uniform and a swimming suit may be purchased at the College book store.

Every article must be distinctly marked with the owner's full name.

Admission

Application for Admission

In applying for admission, the student subscribes to the terms and conditions, financial and otherwise, specified in the Catalog of Lindenwood College for 1934-1935.

Application for admission should be made as early as possible in order to insure the prompt completion of all preliminary arrangements.

All communications regarding reservations should be addressed to the Secretary, Lindenwood College, St. Charles, Missouri, and each applicant must fill out and return a registration blank, which will be furnished upon request.

Every application must be accompanied by a deposit of twenty dollars (\$20.00), room reservation fee, which will be credited on account upon matriculation. No refund will be made if the student fails to matriculate.

Students desiring to enter in the fall of 1934 are urged to make early application, as the rooms in the dormitories are assigned in the order of receipt of application.

An application is not fully accepted until a statement of honorable dismissal and a certificate of scholarship from the last school attended have been passed upon by the Registrar.

All communications regarding high school and entrance credits should be addressed to the Registrar, Lindenwood College, St. Charles, Missouri.

Sources of Acceptable Credits

Credit—A statement of credits must be certified by the proper official of the school in which they are made. The Registrar of the College will furnish blank forms for high school credits which must be filled in by the Principal or the Superintendent of the high school concerned. These blanks should be returned directly to the Registrar as soon as possible after graduation.

A diploma will not be accepted as a credential.

Accredited schools are:

1. Those accredited by the various state universities.
2. Those accredited by the North Central Association of Colleges and Secondary Schools.
3. Those accredited by other similar associations.

Examinations accepted for entrance are:

1. Those conducted by Lindenwood College.
2. Those conducted by the College Entrance Examination Board.

A fee of \$5.00 each will be charged all students who take entrance examinations, and \$2.00 for each special examination.

Admission from Other Colleges and Universities—An applicant for admission who offers credits from another college or university must present a certificate of honorable dismissal. She must also submit an official statement showing the subjects upon which she was admitted and the transcript of her record in such college or university. These certificates should be sent in advance to the Registrar of the College.

Requirements for Admission

Students applying for admission must be graduates of fully accredited high schools, and must present fifteen acceptable units for admission to any department of the college. Students who are graduates of unaccredited secondary schools are admitted only upon the basis of examination.

An entrance "unit" means a subject that is pursued for five forty-five minute periods for at least thirty-six weeks.

Graduates of fully accredited four-year high schools must present subjects for admission which are selected from the following list of subjects:

Group I. Subjects Accepted for Admission.

Twelve or more of the required fifteen (15) units for admission may be selected from the following group, which includes the six prescribed units:

	Minimum	Maximum
1. English.....	3	4
2. Mathematics—		
(1) Algebra.....	1	2
(2) Plane Geometry.....	1	1
(3) Solid Geometry.....	$\frac{1}{2}$	$\frac{1}{2}$
(4) Trigonometry.....	$\frac{1}{2}$	$\frac{1}{2}$
(5) *Advanced Arithmetic.....	$\frac{1}{2}$	$\frac{1}{2}$

*Must be preceded by elementary algebra and plane geometry.

	Minimum	Maximum
3. History—	1	4
(1) History	$\frac{1}{2}$	$\frac{1}{2}$
(2) American Government	$\frac{1}{2}$	1
(3) Civics	$\frac{1}{2}$	$\frac{1}{2}$
(4) Economics	$\frac{1}{2}$	$\frac{1}{2}$
(5) Sociology	$\frac{1}{2}$	$\frac{1}{2}$
4. **Languages—	2	4
(1) Latin	2	3
(2) Greek	2	3
(3) French	2	3
(4) Spanish	2	3
(5) German	2	3
5. Science—	1	1
(1) General Biology	1	1
(2) Zoology	1	1
(3) Botany	$\frac{1}{2}$	1
(4) Physiology	1	1
(5) Chemistry	1	1
(6) Physics	$\frac{1}{2}$	$\frac{1}{2}$
(7) Hygiene	1	1
(8) General Science	$\frac{1}{2}$	1
(9) Physical Geography	$\frac{1}{2}$	1

Group II.

Remaining units may be selected from the following list of subjects:

	Minimum	Maximum
Agriculture	1	1
Music	$\frac{1}{2}$	2
Drawing	1	2
Manual Training	1	2
Domestic Art and Science	1	3
Commercial Geography	$\frac{1}{2}$	$\frac{1}{2}$
Commercial Law	$\frac{1}{2}$	$\frac{1}{2}$
Commercial Arithmetic	$\frac{1}{2}$	$\frac{1}{2}$
Bookkeeping	$\frac{1}{2}$	1
Stenography and Typewriting	2	2
Typewriting	$\frac{1}{2}$	1
Expression	$\frac{1}{2}$	$\frac{1}{2}$
Journalism	$\frac{1}{2}$	$\frac{1}{2}$
Public Speaking	$\frac{1}{2}$	$\frac{1}{2}$

**One unit in a foreign language will not be accepted for admission unless two units in one other foreign language are presented.

Group III. Prescribed Units.

The units required for admission must include the following six prescribed units:

English.....	3
Mathematics.....	1
History.....	1
Science.....	1

Graduates from high schools, fully accredited, which are organized on the basis of the junior high school and senior high school plan must present twelve (12) units for admission from the senior high school department. These twelve units must include the following six prescribed units:

Group III. Prescribed Units.

English.....	3
Mathematics.....	1
History.....	1
Science.....	1

(any science listed under Group I)

The remaining six units may be selected from Group I listed on pages 23-24.

Registration

The fall term opens Tuesday, September 18. Students are advised to register the first day.

A student who enters after the regular registration period is required to pay a fee of \$5.00 for late registration.

If entrance is secured after the first week of the college year, the student should not expect to carry the full amount of work.

Students expecting to attend Symphony Concerts must not elect courses which meet on Friday afternoons. No student will be excused from classes in order to attend the concerts.

Students should plan their courses for both semesters.

Standard Intelligence Tests are given to every freshman during the first week of school.

Every freshman and sophomore must take one hour of Physical Education each semester unless excused by the College Physician.

Every freshman must take American Contemporary Civilization.

Every student must take two hours of Bible her freshman year and must complete four hours of Bible before receiving any degree.

A "Student Card" is furnished free of charge to each new student. This card contains a complete record of the student's work and is given to her at the close of each semester. When a student receives this card she should return it to the registrar's office so that the next semester's work may be recorded. A fee of fifty cents will be charged for a duplicate copy if the original is lost.

Regulations, Grades, and Degrees

General Regulations

Explanation of Symbols and Abbreviations—The Roman numeral at the left of the number of a course indicates the grade of the course. Courses of Grade I are primarily for Freshmen and Sophomores; courses of Grade II primarily for Sophomores and Juniors; and courses of Grade III primarily for Juniors and Seniors. Unless permission is secured from the Dean of the College and the head of the department concerned, a Freshman may not elect a course of Grade II, a Sophomore a course of Grade III, or a Junior or Senior a course of Grade I. When a Junior or a Senior elects a course of Grade I, only three hours' credit is obtained for a five-hour course, two-hours' credit for a three-hour course, and one hour's credit for a two-hour course.

The letter following the number of a course indicates the semester in which it is offered; for example, Course "1a" is offered during the first semester, "1b" during the second semester. Where the course number is not followed by a letter, a year course is indicated; for example, Course 2 is continued throughout the year.

Prerequisite Courses—The description of each course is preceded by a specification of the prerequisite courses. No student may enter a course unless she has had the prerequisite courses. An exception to this rule may be made only by special action of the Dean of the College and the head of the department concerned.

Withdrawal of Courses—A course may be withdrawn unless it is elected by a sufficient number of students. In general, a course will not be given for fewer than five students.

Number of Hours—No student is permitted to carry courses aggregating fewer than twelve credit hours unless the minimum is reduced, in view of exceptional conditions. No student is, as a rule, permitted to carry more than the maximum number of hours allowed for her college class. In general, the maximum for the students in the various classes is as follows:

Freshmen: Fifteen hours, exclusive of required hour of Physical Education.

Sophomores: Sixteen hours, exclusive of required hour of Physical Education.

Juniors and Seniors: Seventeen hours.

Withdrawal from Courses—No student may withdraw from any course that she has entered unless the circumstances are exceptional. In such a case permission must be obtained from the Dean of the College and a card of dismissal obtained from her and presented to the instructor of the course which is to be discontinued. No credit is allowed for an incomplete course except when a year course is discontinued at the close of the first semester, and even then the credit is allowed only if the circumstances are exceptional.

Students dropping courses six weeks after the beginning of the regular term will receive the grade of F for that term.

Absence from Examinations—In the case of enforced absence from regular examinations, the work may be made up by special examinations or otherwise, at the discretion of the Dean. If the work is made up by special examination this must be done at a time that does not interfere with regular class work.

Reports to Parents—Complete reports are sent to parents twice each year, as soon as possible after the close of each semester.

Elimination of Students—The college will eliminate students who cannot or will not measure up to the standard of scholarship maintained by the college. A student is eliminated if she does not pass in a certain proportion of her work in any semester.

Grades—The grades of E, S, M, I, and F are given. The grade of E means that the student is one of the few excellent students. The grade of S gives the student rank among those who are superior. The grade of M means that the student ranks among those satisfactory, approximating half of a class. Below M, the grade I means that the student is somewhat below medium. The grade of F places the student among those ranking lowest, and is not a passing mark.

Residence—A candidate for any degree, diploma, or certificate must be a student at Lindenwood College for at least one year. For a Bachelor's degree the last year's work of the student should be done in residence at Lindenwood College.

Degrees, Diplomas, and Certificates

The following degrees, diplomas, and certificates are granted by Lindenwood College upon the completion of the courses prescribed:

College of Arts and Science

- The degree of A. B. (Bachelor of Arts).
- The certificate of Associate in Arts (two years).
- A certificate in Art (two years).
- A certificate in Public Speaking (two years).

School of Vocations

- The degree of B. S. (Bachelor of Science).
- A certificate in Home Economics (two years).
- A certificate in Business (two years).
- A certificate in Physical Education (two years).

School of Music

- The degree of B. M. (Bachelor of Music).
- A diploma in Piano, Voice, Organ, or Violin.
- A certificate in Piano, Voice, Organ, Violin, or Public School Music.

College of Arts and Science

REQUIREMENTS FOR THE A. B. DEGREE

In order to receive the degree of Bachelor of Arts the candidate must meet the following requirements:

1. She must complete a total of 124 hours exclusive of Physical Education.
2. She must complete a total of 512 points. Each hour of credit has the following value in points: E, 10 points; S, 7 points; M, 4 points; I, 1 point; F—2, (minus 2) points.
3. She must complete the following requirements:
 - (a) *American Contemporary Civilization: Three hours.
 - (b) *English Composition: Six hours.
 - (c) *Bible: Two hours.
 - (d) **Foreign Language: In general, unless unusual proficiency is shown, two years of the same language, if begun in college. If the student has offered for entrance two units in one foreign language, she will be required to complete only one year of the same language in college. If she has offered one year of a foreign language for entrance, she will be required to complete one and one-half years of the same language in college, unless she has shown unusual proficiency in this language.
 - (e) History: Five hours, unless four units of credit have been offered for entrance.
 - (f) English Literature: Six hours.
 - (g) Sociology, Economics, or Psychology: Five hours.
 - (h) Science and Mathematics:
 - Physical Science: Five hours, and Biological Science: Five hours,
 - or
 - Physical Science: Ten hours,
 - or
 - Biological Science: Ten hours,
 - or
 - Mathematics: Six hours; Logic, three hours.
 - (i) Physical Education: Four hours.
4. During the last two years in college she must complete a major and a minor subject, as follows:
 - (a) A major subject of at least twenty-four hours chosen from courses of Grades II and III, of which at least twelve hours must be of Grade III.
 - (b) ***A minor subject of at least twelve hours, of which at least six hours must be of Grade III. The work in the major and minor subjects must

*Required of all freshmen.

**A student showing unusual proficiency in any one language upon entering college may, by special permission, be excused from her language requirement.

***Students planning to teach should complete a minor of eighteen hours, of which at least nine hours are of Grade III work.

ordinarily be pursued in the Junior and Senior years, but courses which have been satisfactorily completed in the Sophomore year may be counted toward the major at the discretion of the head of the department concerned. In case a Junior or a Senior selects an elective course of Grade I, only three hours' credit will be allowed for a five-hour course, two hours' credit for a three-hour course, and one hour's credit for a two-hour course.

5. She must pass an examination in proficiency in English, during her Junior year. No student will be recommended for graduation until she has satisfactorily passed this test.

6. She must complete four hours of Bible before any degree is granted.

7. Two Bachelor degrees will not be granted to a student until she has completed a minimum of twenty-four hours' work in addition to the requirements for one of the degrees.

(Students who fulfill the requirements which are listed under section No. 3 and who complete 60 hours' work, exclusive of Physical Education, will be eligible for the certificate of Associate in Arts.)

Courses of Instruction in the College of Arts and Science

ART

(See page 100)

BIBLICAL LITERATURE AND HISTORY

The Bible department was established by Mrs. Margaret Leggat Butler who handsomely endowed the Chair.

Four hours of Bible study are required for all degrees. Two hours of Bible must be taken during the freshman year. The courses in Bible, Grades III, 7-11a, are offered to students majoring in Bible and Philosophy. They will not be given unless elected by five or more students.

The purpose of the department is to advance the interest of students in the field of religious education. For the general student, the work is designed to equip the individual with general adaptability for and understanding of volunteer religious leadership.

For students interested in preparing for positions as church secretaries or as teachers or directors of religious education, the following course of study is outlined:

First Year	First Semester	Second Semester
American Contemporary Civilization	3	—
English Composition	3	3
Moral and Religious Values	2	—
History of the Hebrews	—	2
History	—	5
Foreign Language	5	5
Physical Education	1	1
Elective	2	—
	16	16
Second Year		
Hebrew Prophetic Literature	2	—
Social Teachings of Jesus	—	2
Foreign Language	3	3
Science	5	5
Introduction to Psychology	5	—
Introduction to Sociology	—	5
Physical Education	1	1
	16	16

Third Year	First Semester	Second Semester
Introduction to English Literature.....	3	3
Hebrew Wisdom Literature.....	2	—
Historical Records of the Apostolic Age.....	—	2
Ethics.....	2	—
Introduction to Education.....	3	—
History of Education.....	3	—
Mental Hygiene.....	3	—
Educational Psychology.....	—	3
Child Psychology.....	—	3
Public Speaking.....	—	2
Rural Sociology.....	—	2
Elective.....	—	2
	—	—
	16	17
Fourth Year		
Principles of Religious Education.....	2	—
History of Religions.....	—	2
History of Philosophy.....	3	—
Introduction to Philosophy.....	—	3
The Psychology of Religion.....	—	3
Social Psychology.....	3	—
Adolescent Psychology.....	—	3
Child Welfare.....	3	—
Elective.....	6	6
	—	—
	17	17

For church secretarial positions, the course should include typewriting and stenography.

Additional specialized courses in religious education are available in the Lindenwood College Community Leadership Training School for workers in religious education (evening courses fall and spring semesters). These courses receive college credit, to be adjusted according to the work done.

The course as outlined leads to the A. B. degree. Students who are interested should consult further with the head of the Bible department. The College through the Department of Bible will make every effort to place qualified graduates in desirable openings in this field.

I 1a. Moral and Religious Values

A study of the life of Christ in its historical background, with special consideration of the moral and religious value of His example and teachings.

Credit: Two hours.

I 2b. History of the Hebrews

A study of the so-called historical books of the Old Testament, Genesis to Esther, aiming at an appreciation of the literature and an intelligent conception of the development of the Hebrew people.

Credit: Two hours.

II 3a. Hebrew Prophetic Literature

An introduction to the Hebrew Prophets, their writings and times, with a special study of Isaiah and other prophets.

Credit: Two hours.

II 4b. Social Teachings of Jesus

A study of the social teachings of Jesus and their application to modern life, especially in their relation to the modern social movement.

Credit: Two hours.

(Not offered in 1934-1935.)

II 5b. Historical Records of the Apostolic Age

A study of the Acts and the historical background of the New Testament Epistle.

Credit: Two hours.

II 6a. Hebrew Wisdom Literature

An introduction to Hebrew poetry and wisdom literature, with a special study of the five so-called poetical books of the Old Testament.

Credit: Two hours.

(Not offered in 1934-1935.)

III 7a. Biblical Introduction

The story of the making of the Bible, or the production of a religious literature, the selection of the Bible books from this larger literature, and the final canonization of these selected books.

Credit: Two hours.

III 8b. Problems of Religion

A seminar designed to deal with some of the problems arising in the field of personal religion as the intellectual horizon of the individual enlarges and expands. Difficulties involving the Bible, religion and science, religious experience in the light of psychology, sociology, and the like—as suggested by the needs of the class—will be considered. Discussions, assigned readings, class investigations.

Permission of instructor required for entrance to course.

Credit: One or two hours.

III 9a. History of Religions

A study of religion as a fact in the history of man, involving an examination of the religion of primitive peoples and a comparative study of the great religions of the world.

Credit: Three hours.

III 10b. History of Christian Missions

A survey of the missionary enterprise of the church, especially the modern missionary movement and its accomplishments.

Credit: Two hours.

III 11a. Principles of Religious Education

Prerequisite: At least four hours of Bible.

An introductory study of the aims of religious education, the principles of education in their moral and religious significance, the choice of materials and of methods and their practical adaptation to varying situations.

Credit: Two hours.

Requirement for Major—Ten hours in Bible; fourteen hours in Philosophy.

BIOLOGICAL SCIENCE**I 1a. Hygiene**

A course presenting the principles of personal hygiene and public health as applied to the daily living of college students and members of families.

Credit: Three hours.

I 2b. Preventive Medicine

A course dealing with the causative agents, methods of transfer and prevention of infectious diseases.

Credit: Two hours.

I 3a, 3b. General Botany

A course which aims to give the student a knowledge of the fundamental facts of plant life and an appreciation of the world of living things. Students are trained to recognize our common trees and shrubs in the field.

Time: Two lectures and three laboratory periods a week.

Credit: Five hours.

I 4a, 4b. General Zoology

An introductory course which deals with the principles of animal biology as illustrated by the study of representative members of the animal kingdom.

Time: Two lectures, three laboratory periods of two hours each, a week.

Credit: Five hours.

I 5b. Invertebrate Zoology

Prerequisite: Biological Science 4a or 4b.

A course which continues the work begun in the introductory course and gives a knowledge of the local forms in their structure, behavior and habitat.

Time: Two lectures, three laboratory periods of two hours each, a week.

Credit: Five hours.

I 21b. Cultivated Plants

Prerequisite: Biological Science 3a or 3b.

A study of garden plants including their identification, cultural requirements, methods of propagation and means of protecting them against pests and diseases.

Time: Two lectures, three laboratory periods of two hours each, a week.

Credit: Five hours.

II 6a. Elementary Physiology

A course dealing with the anatomy and physiology of animal life, with special reference to the human, consisting of lectures supplemented by laboratory work in which are studied the structure and physiology of some of the lower forms of animal life.

Time: Three lectures and two laboratory periods of two hours each, a week.

Credit: Five hours.

(Not open to freshmen.)

II 7a. Bacteriology

Prerequisite: Biological Science 3a or 3b, or 4a or 4b, or 6a or 6b.

An introductory study of bacteria, with emphasis upon the bacteriology of the home.

Time: One lecture and two laboratory periods of two hours each, a week.

Credit: Three hours.

II 8a. Comparative Anatomy

Prerequisite: Biological Science 4a or 4b.

A course dealing with the comparative anatomy of the vertebrates with special emphasis upon mammalian structures and their development.

Time: Two lectures and three laboratory periods of two hours each, a week.

Credit: Five hours.

II 14a. Heredity and Eugenics

Prerequisite: Biological Science 3a or 3b, or 4a or 4b, or 6a or 6b.

(Open without prerequisite to junior and senior majors of other departments.)

A course dealing with the laws of heredity and their biological foundation. The problems of human heredity and eugenics are considered.

Time: Three lectures a week.

Credit: Three hours.

II 17a. Heredity Laboratory

Prerequisite: Same as 14a.

Laboratory experiments in crossing different types of parents to study the effects of heredity and environment on the offspring.

Time: Two laboratory periods of two hours each, a week.

Credit: Two hours.

II 22b. Elementary Ecology

Prerequisite: Biological Science 3a or 3b, or 4a or 4b.

A course dealing with the response which plants and animals make to their environment.

Time: Two lectures, two laboratory periods of three hours each, a week.

Credit: Five hours.

(Not offered in 1934-1935.)

II 18b. Ornithology

A course devoted to the study of birds in their native haunts with supplementary lectures on their habits and migration.

Time: One lecture and one field trip, a week.

Credit: Two hours.

II 9b. Field Botany

Prerequisite: Biological Science 3a or 3b.

A course dealing with the classification of plants and the characteristics of the different families, studying in detail an example of each family.

Time: Two lectures and two laboratory or field trips of three hours a week.

Credit: Five hours.

II 24b. Anatomy

Prerequisite: Biological Science 4a or 4b, or 6a or 6b.

A course dealing with the structure of the human body.

Time: Three lectures a week.

Credit: Three hours.

III 11b. Plant Anatomy and Physiology

Prerequisite: Biological Science 3a or 3b.

A course dealing with the structure and functions of the higher plants.

Time: Two lectures, two laboratory periods of two hours each, a week.

Credit: Four hours.

III 15b. Advanced Bacteriology

Prerequisite: Biological Science 7a.

A course dealing with pathogenic bacteria and food microbiology.

Time: One lecture and two laboratory periods of two hours each, a week.

Credit: Three hours.

III 13a. Microtechnique

Prerequisite: Biological Science 3a or 3b, or 4a or 4b.

A course dealing with the methods of making microscope slides of both plant and animal material.

Time: One lecture and three laboratory periods of two hours each, a week.

Credit: Four hours.

(Not offered in 1934-1935.)

III 10b. Vertebrate Embryology

Prerequisites: Biological Science 4a or 4b, and 8a.

A course dealing with the development of the vertebrates with special reference to the chick and mammal.

Time: Two lectures and three laboratory periods of two hours each, a week.

Credit: Five hours.

III 12b. Biological Problems

Prerequisites: Biological Science 3a or 3b, or 4a or 4b, or 6a, and one other Grade II course.

A course in which are considered some of the fundamental problems which are of interest to the biologist.

Time: Three lectures a week.

Credit: Three hours.

III 20b. Advanced Physiology

Prerequisites: Chemistry 1a or 1b, Biological Science 4a or 4b, and 8a or 6a.

A study of human physiology with special emphasis on metabolism, circulation and respiration, internal secretion and the nervous system.

Time: Two lectures and two laboratory periods of two hours each, a week.

Credit: Four hours.

III 19a or b. Biological Research

Prerequisite: Fifteen hours of major work in Biological Science.

Advanced work on selected topics will be arranged with individual students who are prepared to undertake semi-independent work.

Time: Two or three laboratory periods a week.

Credit: Two to four hours.

(By special permission, students may carry this course throughout the year.)

III 23a. Morphology of Plants

A general survey of plants considering their origin, development and structure.

Time: Two lectures and three laboratory periods of two hours each, a week.

Credit: Five hours.

III 27b. Entomology

This course deals with the anatomy and biology of insects, with emphasis on their economic importance.

Time: One lecture and two laboratory periods of three hours each, a week.

Credit: Four hours.

III 28a. Parasitology

Prerequisite: Biological Science 4a or 4b.

A consideration of the origin and biological significance of parasitism, and of the structure, life, and economic relations of representative parasites.

Time: Two lectures a week.

Credit: Two hours.

(Marine Biology: Students may take courses in Marine Biology at the Marine Biological Laboratory, Woods Hole, Massachusetts, or at the Puget Sound Biological Station, Friday Harbor, Washington. Summer Session is six weeks, or nine if you prefer. Work taken at other marine or fresh-water stations of accredited institutions will be accepted for major credit.)

CLASSICAL LANGUAGES AND LITERATURE

Greek

I 1. **Elementary Greek**

A beginning course with emphasis placed upon the reading of simple Greek prose, including a study of the essential forms, syntax, and English derivatives.

Credit: Three hours each semester.

I 2a, 2b. **Greek Mythology**

A study of the Greek myths and heroes with special reference to their use in literature and art. Illustrated with lantern slides.

Credit: Two hours.

II 3a. **Greek Civilization**

A study of Greek life and achievement in the fields of art, literature, religion, education, drama, athletics, science, and philosophy. An estimate of the debt of the Modern World to Ancient Greece. A knowledge of Greek not required.

Credit: Three hours.

(May count on History major.)

Latin

I 1a, 1b. **Virgil**

Prerequisite: Two entrance units in Latin.

Selected books of the Aeneid.

Credit: Three hours each semester.

I 2a. **Livy**

Prerequisite: Four entrance units in Latin.

Selected readings from books I, III, XXI, XXII, and XXX.

Credit: Three hours.

I 8b. **Masterpieces of Architecture**

A study of representative types of architecture selected from ancient, mediaeval, early Christian, and Byzantine periods. Illustrated with lantern slides.

Credit: One hour.

II 2b. **Horace**

Prerequisite: Latin 2a.

The Odes and Epodes.

Credit: Three hours.

II 5b. **Roman Civilization**

A study of Roman life and achievement in the fields of law, family life, religion, education, and art. An estimate of the debt of the Modern World to Ancient Rome. Illustrated with lantern slides.

Credit: Three hours.

(May count on History major.)

III 3a. **Catullus and the Elegiac Poets**

Prerequisite: Latin 2b.

Selections from Catullus, Propertius, Tibullus, and Ovid.

Credit: Three hours.

III 4b. Roman Comedy

Prerequisite: Latin 3a.

Selected plays of Plautus and Terence.

Credit: Three hours.

III 5a. Virgil and Ovid

Prerequisites: Latin 2b and 3a.

The Eclogues and the Georgics of Virgil.

Selected poems of Ovid.

Credit: Three hours.

(Alternate with 7a.)

III 6b. The Satire and the Drama

Prerequisites: Latin 3a, 4b, and 5a.

Selected satires of Horace and Juvenal.

Selections from the tragedies of Seneca.

This course will deal especially with the Classical influence in English Literature.

Credit: Three hours.

(Alternate with 7b.)

III 7a. Tacitus, Pliny and Cicero

Prerequisites; Latin 3a and 4b.

The Agricola of Tacitus and selected letters of Pliny and Cicero.

Credit: Three hours.

(Alternate with 5a.)

III 7b. History of Latin Literature

Prerequisites: Latin 3a, 4b, and 7a.

A general survey of Latin literature studied through selections from authors not previously read.

Credit: Three hours.

(Alternate with 6b.)

III 9a. Methods of Teaching Latin

Prerequisite: Twelve hours of Latin.

A course designed for those who intend to teach Latin in the secondary school; a study of modern teaching methods; practice in the presentation of main subjects.

Credit: Two hours.

Requirement for Major—Students wishing to major in Latin will consult the Head of the Department.

English**I 1. Elementary English**

A course in the fundamentals of English Composition. Required of all students whose training in English is insufficient.

Time: Two hours a week.

No college credit.

I 2. English Composition

A study of literary forms, including the principles of exposition, description, and narration. Library reading, lectures, frequent themes and individual conferences. Required of all candidates for a degree.

Credit: Three hours each semester.

II 3a. Advanced Composition

Prerequisite: English 2.

The reading, discussion, and writing of various literary forms. The plan of this course will be adapted to the individual needs and interests of the students enrolled.

Credit: Two hours.

II 4b. Short Story Writing

Prerequisite: English 2.

A study of the technique of the short story, based on a study of various short story types, and accompanied by the writing of plotted narratives.

Credit: Two hours.

II 5. General Introduction to English Literature

A survey of English literature from Beowulf to Swinburne with due attention to its historical and social backgrounds.

Credit: Three hours each semester.

II 6a, b. Contemporary Fiction

The reading of contemporary English authors, such as Galsworthy, Bennett, Shaw, Wells, Hardy, Conrad, etc., during the first semester, and the reading of contemporary American authors, such as Wharton, Cather, Lewis, etc., during the second semester. Course conducted with lectures, discussions, and papers.

Credit: Two hours.

II 16a. Contemporary Poetry

Reading of English and American modern poets; consideration of their technique and philosophies. Course conducted by discussion, reports, and papers.

Credit: Two hours.

(Not offered in 1934-1935.)

II 16b. Contemporary Drama

Reading from Continental, English, and American dramatists with a study of the New Theater movements and development of the modern stage.

Credit: Two hours

(Not offered in 1934-1935.)

II 14b. The English Essay

A study of the essay from its early forms to the present time.

Credit: Two hours.

II 19b. Child Literature

A brief historical survey of children's literature; a study of the principles underlying selection, technique of presenting, and types as related to children's reading in home, school, and community; an investigation of representative writers and illustrators in the field.

Credit: Two hours.

II 15. Journalism

A course giving practical experience in writing for college publications and metropolitan newspapers. Lectures on (a) Technique of newswriting, modern principles of journalism, advertising, publicity, and trade journal work; (b) History and intensive study of great newspapers of the United States and England, a different newspaper being used each week as a text book, supplemented by biographical research concerning distinguished journalists and publishers, their influence and policies. A knowledge of typing is desirable for this course.

Credit: Three hours each semester.

III 7. American Literature

Prerequisite: English 5.

A study of American literature as an expression of conflicting social ideals and national development (1620-1924).

Credit: Three hours each semester.

III 13. Seventeenth Century Literature

Prerequisite: English 5.

A survey of the literary masterpieces of the entire century as they are related to the triumph first of classical taste and later of Romanticism. Careful attention is given to the social and economic background accompanying the chief literary movements.

Credit: Three hours.

(Not offered in 1934-1935.)

III 8. Eighteenth Century Literature

Prerequisite: English 5.

A survey of the literary masterpieces of the entire century as they are related to the triumph first of classical taste and later of Romanticism. Careful attention is given to the social and economic background accompanying the chief literary movements.

Credit: Three hours each semester.

III 10a. Romantic Poetry

Prerequisite: English 5.

A study of Burns, Wordsworth, Coleridge, Shelley, Byron, and Keats as expressions of the romantic thought and social ideals of the early nineteenth century.

Credit: Three hours.

III 11b. Tennyson and Browning

Prerequisite: English 5.

A study of Tennyson and Browning as expressions of later nineteenth century thought and ideals.

Credit: Three hours.

III 12. Shakespeare

Prerequisite: English 5.

A study of the representative comedies, tragedies, and historical plays.

Credit: Three hours each semester.

III 18b. Methods of Teaching English

Prerequisite: Twelve hours of English.

A course designed for those who intend to teach English in the secondary school.

Credit: Two hours.

(Not offered in 1934-1935.)

III 17. History of the Novel

A course in the development of the novel; from its beginnings to the end of the eighteenth century in the first semester, and from the beginning of the nineteenth century to the present day in the second semester. Lectures, readings, discussions, reports, and papers.

Credit: Three hours each semester.

Requirement for Major—Must include English 5, 7, and 12, and one course in Public Speaking.

Public Speaking

The courses in the Public Speaking department may be counted toward the degree of Bachelor of Arts. For description of these courses, see page 107.

GEOGRAPHY**Ia. Principles of Geography**

A study of world geography with special reference to the influence of physical environment on man.

Credit: Three hours.

II 2b. Economic Geography

A study of the economic life of peoples from the geographic point of view.

Credit: Three hours.

(May count on Economics or History major.)

(Not offered in 1934-1935.)

HISTORY AND GOVERNMENT**I 1a. Early European History**

A study of the early history of Europe from the fall of the Roman Empire through the French Revolution. Special attention is given to the rise of national states.

Credit: Five hours.

I 2b. English History

A study of the development of the English people from the earliest time to the Revolution of 1688.

Credit: Five hours.

II 3a. American History

A general course in the history of the United States from the age of discovery to the close of the Civil War, with special emphasis upon national development from 1776-1865.

Credit: Five hours.

II 4a. Modern European History

Prerequisite: History 1a or 1b, or the equivalent.

A critical study of European history from 1815 to 1914.

Credit: Three hours.

II 5b. American History Since the Civil War

Prerequisite: 3a.

A study of national development since 1865 with emphasis upon industrial expansion, new nationalism, and the development of the United States as a World Power.

Credit: Three hours.

II 1a. Greek Civilization

(For description, see Classical Languages and Literature, page 38.)

Credit: Three hours.

II 5b. Roman Civilization

(For description, see Classical Languages and Literature, page 38.)

Credit: Three hours.

II 9b. Modern English History

Prerequisite: History 1a or 1b, or 2a or 2b, or the equivalent.

An intensive study of British history from the Revolution of 1688 to the present time.

Credit: Three hours.

III 2b. Labor Problems

Prerequisite: Economics 1a, or Sociology 2a or 2b.

A survey of the significant questions and problems of modern industry in relation to social progress.

Credit: Three hours.

(Not offered in 1934-1935.)

III 3b. American Economic History

Prerequisite: History 1a or 1b, or the equivalent.

A study of industrial evolution in the United States with a brief survey, for a background, of economic evolution in England.

Credit: Three hours.

III 6b. Current Events

A study of current history as presented in newspapers and periodicals. Careful attention is given to the historical background of significant present day developments.

Credit: Two hours each semester.

III 10b. Europe in the 20th Century

Prerequisite: History 4a, or the equivalent.

A comprehensive study of the background, the causes, course and results of the World War, followed by a consideration of the problems of reconstruction and national adjustment down to the present time.

Credit: Three hours.

(Not offered in 1934-1935.)

III 11a. American National Government

A study of the organization and development of the American National government with special attention to the Constitution.

Credit: Three hours.

(Not offered in 1934-1935.)

III 12b. Comparative Government

A study of the organization and practical politics of the leading European nations. The significant features of the parliamentary system are studied with relation to American institutions.

Credit: Three hours.

III 13b. American State and Local Government

Prerequisite: Government 11a.

A study of the organization and activities of the State, County, and City government of the United States, with special emphasis upon practical problems of the present day.

Credit: Three hours.

(Not offered in 1934-1935.)

III 14b. Methods of Teaching History and the Social Sciences

Prerequisite: Twelve hours in Social Sciences.

A course designed for those who intend to teach history and the social sciences in the secondary school.

Credit: Two hours.

(Not offered in 1934-1935.)

III 16a. The Far East

A study of Oriental history with emphasis placed on the modern period and current problems relating to Japan and China.

Credit: Three hours.

(Not offered in 1934-1935.)

III 17b. Russia in the 20th Century

A study of the background, course, and progress of the Russian Revolution to date. Attention will be given to the theory and practice of Bolshevism, and to the personalities who have made it a reality.

Credit: Three hours.

(Not offered in 1934-1935.)

Requirement for Major—Nineteen hours in History and Government; five hours in Economics, Sociology, or three hours in Geography. It is advisable that majors include two complete sequences, one of which should be in either the European or the American field. The courses in classical civilization may be included in this major.

Journalism

(For description, see English Department, page 41.)

Library Science**I 1a. Library Methods**

A survey of simple methods in book selection, ordering, accessioning, classifying, cataloging, reference work, periodicals, public documents, and loan systems.

Credit: Two hours.

II 2b. Reference

The subject covers lectures, discussions, and problems on the use of dictionaries, encyclopaedias, indexes, general works of reference, and government publications. Discussions and problems dealing with subject bibliographies: the preparation of author, subject, and annotated bibliographies. This course is designed to give the student a general knowledge of the library and methods of research.

Credit: Two hours.

Mathematics**I 1a. College Algebra**

Prerequisites: One entrance unit in Algebra and one in Geometry.

A review of the topics included in first courses in algebra; quadratics; graphs; binomial theorem; progressions; permutations and combinations; determinants; and an introduction to the theory of equations.

Credit: Three hours.

I 2b. a Trigonometry

Prerequisites: One entrance unit in Algebra and one in Geometry.

A course in plane trigonometry with attention given to graphic work and practical applications.

Credit: Three hours.

I 3b. Analytic Geometry

Prerequisite: Mathematics 2b.

The usual topics in the analysis of plane figures.

Credit: Four hours.

II 4b. Mechanical Drawing

Free-hand lettering; use of instruments; drawing to scale; sections; use of simple geometrical curves.

Credit: Two hours.

II 12a. Teaching of Arithmetic

A study of the various topics of Arithmetic, their historical development and the methods of teaching. This course is given for those who are planning to teach in elementary schools and is not to be offered to fulfill a mathematics requirement.

Credit: Two hours.

III 4a. Solid Analytic Geometry

Prerequisite: Mathematics 3b.

Coordinate systems in space, the straight line, the plane, quadric surfaces.

Credit: Two hours.

III 5a. Differential Calculus

Prerequisite: Mathematics 3b.

A first course in differential calculus, including its simpler applications.

Credit: Three hours.

III 6a. Integral Calculus

Prerequisite: Mathematics 5a.

Integral calculus and its simpler applications; a review of differential calculus.

Credit: Three hours.

*additions
I. 13a
etc*

III 7b. Theory of Equations

Prerequisite: Mathematics 3b.

A brief course in the study of fundamental properties of equations, roots and solutions of equations.

Credit: Two hours.

III 8b. Mechanics

Prerequisites: Mathematics 6b and Physics 2b.

Statics of rigid bodies; dynamics of a particle and of rigid bodies.

Credit: Three hours.

III 9a. Differential Equations

Prerequisite: Mathematics 6b.

A brief course in ordinary and partial differential equations.

Credit: Three hours.

III 10b. Methods of Teaching Mathematics

A study of modern methods in the teaching of secondary mathematics.

Credit: Two hours.

III 11b. Higher Algebra

Prerequisite: Mathematics 1a or 1b.

Credit: Two hours.

Requirements for Major—Nineteen hours in Mathematics and Logic; five hours in Physics.

MODERN LANGUAGES**French****I 1. Elementary French**

A careful drill in French pronunciation and the essentials of French grammar, including regular and common irregular verbs, and conversation. Both semesters must be taken for credit towards a degree.

Credit: Five hours each semester.

I 2. Intermediate French

Prerequisite: French 1, or two entrance units in French.

Further drill in French pronunciation and a more intensive study of grammar; dictation and selected readings from works of modern masters of French fiction and drama. The course is conducted largely in French.

Credit: Three hours each semester.

II 3. General Survey of French Literature

Prerequisite: French 2, or three entrance units in French.

Lectures, themes, and readings from authors representing the chief periods of French literature.

Credit: Three hours each semester.

II 4a. French Conversation

Prerequisite: French 2, or three entrance units in French.

Regular text with outside reading in current periodicals as basis for conversation.

Credit: Three hours

II 5a. French Prose Composition

Prerequisite: French 2, or three entrance units in French.

Careful grammar review with practice in written composition and dictation.

Credit: Two hours.

II 6b. Practical French Phonetics

Prerequisite: French 2, or three entrance units in French.

A study of French pronunciation, stress grouping, intonation of the spoken phrase; memorizing of anecdotes and poems; use of phonograph in preparation.

Credit: Two hours.

(Required of all students majoring in French.)

III 7. French Literature of the Seventeenth Century

Prerequisite: French 3.

A study of the classic period with representative works of Corneille, Racine, and Moliere; outside reading with reports; themes in French.

Credit: Three hours each semester.

III 8b. Advanced French Prose Composition and Conversation

Prerequisites: French 4a and 5a.

A continuation of French 4a and 5a.

Credit: Three hours.

III 9. French Literature of the Eighteenth Century

Prerequisite: French 3 or 7.

A study of authors and the "ideas" of the eighteenth century; collateral readings and reports; themes in French.

Credit: Three hours each semester.

(Not offered in 1934-1935.)

III 10. French Literature of the Nineteenth Century

Prerequisite: French 3 or 7.

A study of the development of the romantic, realistic, and contemporary movements as illustrated by the works of the various authors; outside reading with reports; themes in French.

Credit: Three hours each semester.

III 11b. Methods of Teaching Modern Languages

Comparison of texts; study of modern teaching methods; practice in presentation of main subjects; collateral reading dealing with French institutions and conditions.

Credit: Two hours.

German**I 1. Elementary German**

Careful drill in the essentials of German grammar and pronunciation; reading of easy texts; conversation. Both semesters must be taken for credit towards a degree.

Credit: Five hours each semester.

I 2. Intermediate German

Prerequisite: German 1, or two entrance units in German.

More intensive study of German grammar; dictation; conversation, and selected readings from the works of representative German writers.

Credit: Three hours each semester.

II 3. General Survey of German Literature

Prerequisite: German 2, or three entrance units in German.

A general survey of German literature, with the study of representative authors.

Credit: Three hours each semester.

II 4. Readings in Scientific German

Course offered only on request. Hours and credits to be arranged.

II 6a. German Composition and Conversation

Prerequisite: German 2, or three entrance units in German.

Careful review in grammar; practice in written composition and in conversation.

Credit: Two hours.

II 6b. Advanced German Composition and Conversation

Prerequisite: German 6a.

A continuation of German 6a.

Credit: Three hours.

III 5a. Romanticism in Germany

Prerequisite: German 3.

A study of the principal authors typical of romantic thought and ideas of the late eighteenth and early nineteenth centuries.

Credit: Three hours.

III 7. Goethe and Schiller

Prerequisite: German 3.

A study of the principal works of Goethe and Schiller with lectures, discussions, and reports.

Credit: Three hours each semester

(Not offered in 1934-1935.)

III 8. The German Novel

Prerequisite: German 7.

A study of the German novel from its beginning to the present time.

Credit: Three hours each semester.

Spanish**I 1. Elementary Spanish**

Careful drill in the essentials of Spanish grammar and pronunciation; reading of easy texts; dictation; conversation.

Both semesters must be taken for credit towards a degree.

Credit: Five hours each semester.

I 2. Intermediate Spanish

Prerequisite: Spanish I, or two entrance units in Spanish.

Further drill in Spanish grammar; dictation; conversation; selected readings from modern Spanish authors.

Credit: Three hours each semester.

II 6. General Survey of Spanish Literature

Prerequisite: Spanish 2, or its equivalent.

A general survey of Spanish literature, with the study of representative authors.

Credit: Three hours each semester.

II 3a. Spanish Composition and Conversation

Prerequisite: Spanish 2.

Regular text, with outside reading in current periodicals as basis for conversation.

Credit: Two hours.

II 4b. Advanced Spanish Composition and Conversation

Prerequisite: Spanish 3a.

A continuation of Spanish 3a.

Credit: Two hours.

III 5a. Spanish Literature of the Golden Age

Prerequisite: Spanish 6.

A study of chosen works of the outstanding authors of the period. Lectures, collateral readings, reports, and discussions.

Credit: Three hours.

III 5b. Spanish Literature of the Nineteenth Century

Prerequisite: Spanish 5a.

A study of the romantic, post-romantic, and contemporary movements. Lectures, readings, discussions.

Credit: Three hours.

Requirement for Major in Modern Languages—Sixteen hours in one language; eight hours in the same or another language.

Philosophy**II 1a. Ethics**

A course designed to awaken a vital conviction of the genuine reality of moral problems and the value of reflective thought dealings with them.

Credit: Two hours.

II 2b. Elementary Logic

A study of the formal principles involved in deductive and inductive mental processes as a foundation for exactness in thinking and precision in the use of terms and propositions.

Credit: Three hours.

II 3b. American Ideals

A study of the political, social, economic, and educational ideals of the American people, as reflected in their history and literature. The course includes a discussion of the philosophy of life that underlies the moral and religious convictions that are fundamental in our American Christian civilization and culture.

Credit: Two hours.

II 4b. Introduction to Philosophy

Prerequisite: Philosophy 1a or 2b, or 5a.

A study of the great problems of philosophy and the ways in which thinkers have attempted to solve them. The main object of the course is to familiarize the student with the philosophical point of view and with the terminology of philosophy.

Credit: Three hours.

II 5a. History of Philosophy

Prerequisite: Philosophy 1a or 2b, or 3b, or Psychology 1a or 1b.

An outline of European thought from the early Ionian thinkers to modern times. The important philosophers and schools are studied in the light of the civilization and culture of their times, and the intimate relation between the development of philosophy and the progress of mankind socially, intellectually, and religiously is emphasized.

Credit: Three hours.

III 6a. The Philosophy of the Enlightenment

Prerequisite: Philosophy 4b or 5a.

A study of the movement of thought of the whole period, with special attention to the development of the English empiricism in Locke, Berkeley, and Hume. Lectures, selections from the important philosophers of the period and thesis will be required.

Credit: Two hours.

III 7b. The Philosophy of Kant

Prerequisite: Philosophy 5a.

The purpose of this course is to enable the student to appreciate the nature and the importance of the revolution which Kant was the means of bringing about in philosophy. Selections from his works will be studied; lectures and thesis will be required.

Credit: Two hours.

III 8a. Recent Philosophy

Prerequisite: Philosophy 4b or 5a.

A study especially of English and American philosophers and tendencies in philosophy during the nineteenth century and later. The aim of the course is to introduce the student to the present-day thinkers and thinking on philosophical and religious subjects.

Credit: Two hours.

III 9b. The Psychology of Religion

Prerequisites: Psychology 1a or 1b, Philosophy 4b or 5a.

A psychological study of the religious consciousness and of religious experience.

Credit: Two or three hours.

III 10a or b. The Philosophy of Religion

Prerequisite: Philosophy 4b or 5a.

A study of the metaphysical basis of religion and ethics, the aim of the course being to show the philosophical explanation or justification of the fundamental assumptions of faith and of religious truths. Lectures, library readings, and thesis will be required.

Credit: Two hours.

Requirement for Major—Fourteen hours in Philosophy; ten hours in Bible.

The Courses in Philosophy, Grade III, 6-10, are offered to students majoring in Philosophy and Bible. They will not be given unless elected by five or more students.

PHYSICAL SCIENCE

Chemistry

I 1a, 1b. **General Inorganic Chemistry**

A general introductory course, covering in the first few weeks a general survey of all the common elements, and then a detailed study of the most important non-metals and their compounds.

Time: Three lectures and two laboratory periods of two hours each, a week.

Credit: Five hours.

*1 2b. **Qualitative Analysis**

Prerequisite: Chemistry 1a or 1b.

Lectures and personal instruction in solution, precipitation, colloidal condition, equilibrium, ionization, oxidization, reduction and the chemical and physical properties of sulphides, hydroxides, carbonates, etc., of metals. Laboratory work in systematic qualitative analysis and experiments illustrating underlying principles of the chemistry of the metals.

Time: Two lectures and three laboratory periods of two hours each, a week.

Credit: Five hours.

II 3a. **Organic Chemistry**

Prerequisite: Chemistry 1a or 1b.

A course covering the aliphatic or chain series of carbon compounds, Carbohydrates, fats and simple amino-acids are emphasized.

Time: Two lectures and two laboratory periods of two hours each, a week.

Credit: Four hours.

II 3b. **Organic Chemistry**

Prerequisite: Chemistry 3a.

A continuation of organic chemistry through the aromatic series, dyes and special topics.

Time: Two lectures and two laboratory periods of two hours each, a week.

Credit: Four hours.

*By special permission this course may be counted toward a major or a minor in Chemistry.

III 4. **Quantitative Analysis**

Prerequisite: Chemistry 2b.

A course covering the general principles and methods of procedure in both gravimetric and volumetric analysis. Conference and laboratory work.

Credit: Three hours each semester.

III 5b. **Biochemistry**

Prerequisites: Chemistry 3, Physiology 6a or 6b.

A course dealing with the chemical processes involved in the lives of plants and animals.

Credit: Three hours.

III 5b. Physical Chemistry

Prerequisites: Physics 1a, Chemistry 3a, 3b, and 4.

Lectures and assigned readings in general physico-chemical principles.

Laboratory work in measurements and instrumental analysis.

Credit: Three hours.

III 7a. Food Analysis

Prerequisites: Chemistry 1a or 1b, and 3a.

A laboratory course.

Time: Three laboratory periods of two hours each, a week.

Credit: Three hours.

III 8b. Advanced Inorganic Chemistry

Prerequisites: Chemistry 2b and 4.

Emphasis will be placed on modern theories of chemistry with some time devoted to the history of chemistry.

Time: Two lectures, and one laboratory period of two hours, a week.

Credit: Three hours.

III 9a. Advanced Organic Chemistry

Prerequisite: Chemistry 3.

Credit: To be arranged.

Physics**I 1a. General Physics**

Prerequisites: One entrance unit in Algebra and one in Geometry.

A course dealing with the fundamental principles of physics and including the study of mechanics and heat.

Time: Three lectures and two laboratory periods of two hours each, a week.

Credit: Five hours.

II 2b. General Physics

Prerequisite: Physics 1a.

A continuation of Physics 1a, including the study of electricity, sound and light.

Time: Three lectures and two laboratory periods of two hours each, a week.

Credit: Five hours.

II 3a. Heat

Prerequisite: Physics 2b.

A descriptive course in the principles of heat.

Credit: Three hours.

II 4b. Light

Prerequisite: Physics 2b.

The theory of light phenomena.

Credit: Three hours.

II 5b. Light Measurements

Prerequisite: Physics 2b. To be taken with Physics 4b.

A laboratory course.

Time: Two laboratory periods of two hours each, a week.

Credit: Two hours.

III 8b. Mechanics

(For description, see Mathematics 8b.)

Credit: Three hours.

Requirement for Major—The student is advised to consult the head of the department.

PSYCHOLOGY**II 1a, 1b. Introduction to Psychology**

In this course the student is introduced to the various interpretations of human behavior and methods used in arriving at scientific conclusions. Principles and laws will be demonstrated in laboratory and applied to the solution of individual problems.

Credit: Five hours.

II 2b. Educational Psychology

Prerequisite: Psychology 1a or 1b.

A course designed to present the main facts and principles that have a bearing on educational problems. Emphasis is on the learning process.

Credit: Three hours.

III 3b. Child Psychology

Prerequisite: Psychology 1a or 1b, or 2b.

A study of the behavior of children from birth to adolescence with emphasis upon the significance of the first years in relation to the total life pattern.

Credit: Three hours.

III 4b. Adolescent Psychology

Prerequisite: Psychology 1a or 1b, or 2 b.

A study of the behavior of boys and girls from the ages of twelve to twenty-four. The chief problem of this course is the conflicts and adjustments of youth.

Credit: Three hours.

(Not offered in 1934-1935.)

III 5a. Mental Hygiene

A study of the causes of the abnormal mind and the underlying principles of keeping the mind normal. Special attention given to the problems of integration and adjustment of college students.

Credit: Three hours.

III 6a. Social Psychology

Prerequisite: Psychology 1a or 1b, or Sociology 2a or 2b.

A study of the mind of the group and the personality of the individual as produced through the reactions of human beings one to another.

Credit: Three hours.

(Not offered in 1934-1935.)

III 7b. Clinical Psychology

Prerequisite: Psychology 1a or 1b.

A study of the causes and treatment of behavior disorders with reference to clinical cases.

Credit: Two hours.

Related Courses in Other Departments

- II 14a. **Heredity and Eugenics**
(For description, see Biology, page 35.)
Credit: Three hours; five hours with laboratory.
- II 7b. **Statistical Methods**
(For description, see Economics, page 56.)
Credit: Two hours.
- III 7b. **Educational Measurement**
(For description, see Education, page 66.)
Credit: Three hours.
- III 9b. **The Psychology of Religion**
(For description, see Philosophy, page 50.)
Credit: Two or three hours.
- Requirement for Major**—Sixteen hours in Psychology, eight hours in Sociology, Biology, Education.

SOCIOLOGY AND ECONOMICS

Sociology

- I 1a, 1b. **American Contemporary Civilization**
A survey of the economic, political, and general social background of American Contemporary Civilization, with emphasis upon the relation of man to physical and social environments. In addition, all freshmen are required to take the series of lectures in orientation the first semester which include such subjects as how to study, the use of the library, personal hygiene, and the outstanding vocations for women.
Credit: Three hours.
- II 2a, 2b. **Introduction to Sociology**
An introduction to the scientific study of the origin, development, organization, and functioning of group behavior. A limited number of social problems are analyzed.
Credit: Five hours.
- II 10b. **Rural Sociology**
Prerequisite: Sociology 2a or 2b, or the equivalent.
A presentation of group life in rural centers with methods of organization and leadership applied to the various types of communities. Class work is supplemented by field trips to social agencies.
Credit: Two hours.
- II 11b. **Urban Sociology**
Prerequisite: Sociology 2a or 2b.
An analysis of the physical and social conditions of urban centers. Field trips to social agencies offer laboratory experience.
Credit: Two hours.
(Not offered in 1934-1935.)

III 3a. Social Pathology

Prerequisite: Sociology 2a or 2b.

A study of causes and significance of the social maladjustments of poverty and crime. This is followed by a constructive program for the treatment of the dependent, defective, and delinquent groups.

Credit: Three hours.

(Not offered in 1934-1935.)

III 4a. Child Welfare

Prerequisite: Sociology 2a or 2b.

A study of significant child problems from the point of view of sociology, psychology, and psychiatry.

Credit: Three hours.

III 6a. Educational Sociology

An analysis of the social agencies and social processes through which the child gains his experience, and a survey of the experimental literature on objective methodology in the field.

Credit: Three hours.

(Not offered in 1934-1935.)

III 7b. History of Social Theory

Prerequisite: Sociology 2a or 2b.

The development of social thought from primitive people to the present state of culture with a survey of the contemporary scientific trends in sociology.

Credit: Three hours.

(Not offered in 1934-1935.)

III 8b. Methods of Case Study and Field Work

Prerequisite: Sociology 2a or 2b.

A diagnosis of various types of cases with remedial and preventive treatment. A study of the technique of social case work. Field work supplements class work.

Credit: Two hours.

(Not offered in 1934-1935.)

III 9b. Anthropology and Ethnology

Prerequisite: Sociology 2a or 2b, or the equivalent.

An introductory study of prehistoric man, of the development of races, and of the social origins of culture.

Credit: Three hours.

III 14b. Methods of Teaching History and the Social Sciences

Prerequisite: Twelve hours in Social Sciences.

A course designed for those who intend to teach history and the social sciences in high school.

Credit: Two hours.

(Not offered in 1934-1935.)

Related Courses in Other Departments**II 14a. Heredity and Eugenics**

(For description, see Biological Science, page 35.)

Credit: Three hours; five hours with laboratory.

III 5a. Mental Hygiene

(For description, see Psychology, page 53.)

Credit: Three hours.

III 6a. Social Psychology

(For description, see Psychology, page 53.)

Credit: Three hours.

III 7b. Clinical Psychology

(For description, see Psychology, page 53.)

Credit: Two hours.

III 2b. Labor Problems

(For description, see Economics, page 56.)

Credit: Three hours.

III 8b. Statistical Methods

(For description, see Economics, page 56.)

Credit: Two hours.

Requirement for Major—Sixteen hours in Sociology, eight hours in Psychology, Economics, History.

Economics**II 1a. Introduction to Economics**

An introductory course designed to give the student a general knowledge of the fundamental principles of contemporary economic organization.

Credit: Five hours.

II 5b. Business Law

A course of lectures on the fundamental principles of law in relation to the more common business transactions, dealing with such subjects as contracts, promissory notes, banking, bills of exchange, and personal rights.

Credit: Two hours.

II 6b. Current Economic Problems

Prerequisite: Economics 1a, or the equivalent.

An analysis of controversial economic issues of the present period.

Credit: Two hours.

II 7b. Statistical Methods

A study of elementary statistical methods appropriate for the analysis of the data of the social sciences and business.

Credit: Two hours.

III 2b. Labor Problems

Prerequisite: Economics 1a, or Sociology 2a or 2b.

A survey of the significant questions and problems of modern industry in relation to social progress.

Credit: Three hours.

(Not offered in 1934-1935.)

III 3b. American Economic History

Prerequisite: History 1a or 1b, or the equivalent.

A study of industrial evolution in the United States with a brief survey, for a background, of economic evolution in England.

Credit: Three hours.

III 4b. History of Economic Theory

Prerequisite: Economics 1a.

A critical account of the origin and development of economic ideas, with due attention to the representative economic theories of the nineteenth and twentieth centuries.

Credit: Three hours.

(Not offered in 1934-1935.)

III 8a. Money, Credit, and Banking

Prerequisite: Economics 1a.

A study of currency, taxation, and financial organization in the United States.

Credit: Three hours.

(Not offered in 1934-1935.)

III 9a. Business Organization and Management

Prerequisite: Economics 1a.

A study of the principles and types of business organization. Emphasis is given to the factors of personnel management.

Credit: Three hours.

(Not offered in 1934-1935.)

III 10a, 10b. Special Research Problems in Economics

Prerequisite: Twelve hours in Economics and Sociology.

An analysis and interpretation of selected problems in economics.

Credit: Two hours.

Related Courses in Other Departments**II 2b. Economic Geography**

(For description, see Geography, page 42.)

Credit: Three hours.

III 6a. Social Psychology

(For description, see Psychology, page 53.)

Credit: Three hours.

III 13b. Methods of Teaching History and the Social Sciences

(For description, see History and Government, page 42, or Sociology and Economics, page 54.)

Credit: Two hours.

Requirement for Major—Sixteen hours in Economics, eight hours in Sociology, History, Government, or Psychology.

Curriculum in Social Technology Leading to the A. B. Degree

Social Pathology.....	3	..
Statistical Methods.....	..	2
Elective.....	10	12
	—	—
	16	16

If only three hours of Modern Foreign Language is pursued during the Freshman year, it is suggested that students enroll in the courses in Preventive Medicine and Hygiene, also.

Students are advised to major in Sociology or Psychology and to minor in any subject that they choose.

For a description of the courses in Sociology and Psychology, see pages 53-54.

Note: Inasmuch as all social work has attained professional status during the past decade, professional education in social technology is essential. The above curriculum is planned for students who desire to prepare for Child Welfare, County Superintendent of Public Welfare, Family Case Work, Group Work, Medical Social Work, Psychiatric Social Work, Public Health Nursing, Visiting Teacher, and Recreational Leadership.

It is recommended that students who follow the above curriculum choose their elective courses in Music (Piano, Violin, Voice), Playground and Games, Story-Telling, Home Nursing, Household Management, Anthropology, Adolescent Psychology, Child Psychology, Contemporary Literature, Educational Measurement, Labor Problems, Rural Sociology, Social Psychology, or Urban Sociology. Each of the above mentioned courses has particular value in preparing for one, or more, of the fields of social work.

Students who plan to teach the social sciences or to pursue graduate study in these sciences are advised to consult with the various departments.

THEORY OF MUSIC

A detailed statement of courses offered in this department for those wishing to specialize in music will be found under the School of Music. Students in the College of Arts and Science may take private lessons in any branches of music offered, receiving a maximum of twelve hours' credit toward the A. B. degree, provided that all the other courses are in the College of Arts and Science.

In addition, the following courses in theory of music receive full credit toward the A. B. degree.

I 1. Harmony I

Notation, scales, intervals, simple triads and their inversions, regular and irregular resolutions of seventh and ninth chords and their inversions, sequences, simple modulation.

Credit: Two hours each semester.

I 13. Keyboard Harmony I

Practical application of Harmony I at the keyboard, including transposition and Phrygian Cadences.

Credit: One hour each semester.

II 4. Harmony II

Prerequisite: Theory of Music I.

Secondary sevenths and their inversions, chords of the ninth, eleventh, and thirteenth; chromatically altered chords, augmented chords; suspensions, organ point, chromatic modulation, figuration, melody writing, and Harmonization.

Credit: Two hours each semester.

II 14. Keyboard Harmony II

Prerequisites: Theory of Music I and 13.

Practical application of Harmony II at the keyboard, including transposition.

Credit: One hour each semester.

II 2a. History and Appreciation of Music I

Ancient Music through the seventeenth century.

Analysis of symphony programs. No previous knowledge of music is necessary.

Credit: Two hours.

II 3b. History and Appreciation of Music II

Classical School to rise of Modern School.

Lectures on present-day musicians. No previous knowledge of music is necessary.

Credit: Two hours.

III 11a. History and Appreciation of Music III

Intensive drill in the biographies of composers and their works.

Credit: Two hours.

III 12b. History and Appreciation of Music IV

Special emphasis on the peculiarities of style inherent in the great composers from the Classical School to the Ultra Modern.

Credit: Two hours.

III 5. Counterpoint

Prerequisite: Theory of Music 4.

Simple counterpoint in two, three and four parts, in all species, employing cantus firmus in all parts to acquire facility; keyboard counterpoint.

Credit: Two hours each semester.

III 10a. Advanced Counterpoint

Prerequisite: Theory of Music 5.

Free counterpoint in the various species, imitation, invention, chorale-figuration, double counterpoint. Keyboard counterpoint. Analysis of Bach inventions, and the Well-Tempered Clavichord. Original composition.

Credit: Two hours.

III 7b. Canon and Fugue

Prerequisite: Theory of Music 10a.

Fugue with two or more parts together with the study of miscellaneous fugue forms; also double and triple forms. The round and progressive canons. Original composition.

Credit: Two hours.

III 8. Musical Form and Analysis

Prerequisite: Theory of Music 4.

A thorough study of the elements of musical composition through their creation. Analysis of song forms, dance forms, sonata, symphony, concerto, etc. Practical composition in the simpler forms.

Credit: Two hours each semester.

III 9. Instrumentation

Prerequisite: Theory of Music 5.

A study of instruments used in symphony orchestras; their respective characteristics and uses in orchestration. The reducing of large scores to smaller combinations, cross cueing; the arranging of piano scores and accompaniments for soli. The reading of orchestral scores is included.

Credit: Two hours each semester.

School of Vocations

The courses in this school, Education, Home Economics, Physical Education, and Business, lead to the degree of Bachelor of Science. In general, vocational courses may not be acceptable in other institutions for a bachelor's degree. Students should, therefore, choose their courses of study carefully in the first two years.

Education

The courses in the Department of Education are planned, first, to meet the needs of students who intend to teach, especially those who intend to teach in the high school; second, to meet the interests of those who do not intend to teach but who wish to select courses in Education because of the fundamental importance of education in life.

In order to secure the degree of Bachelor of Science with a major in Education the candidate must meet the following requirements:

(1) She must complete the freshman-sophomore requirements for the A. B. degree, including five hours in Introduction to Psychology and two hours in Hygiene.

(2) She must complete a major of 24 hours in Education, which include Educational Psychology, Methods of Teaching in High Schools, or Methods of Teaching in Elementary Schools, Principles of Secondary Education, or School Organization and Management, and Technique and Practice Teaching.

(3) She must complete a minor of 12 hours in a subject of specialization for teaching in the high school. Courses in Education may not be included in the minor. It is recommended that the student elect more than the minimum number of hours in the subject of specialization.

(4) She must complete a total of 128 hours of college work. The number of hours required in addition to the freshman-sophomore requirements for the A. B. degree and the requirements in Education may be elected from any department of the college, subject to two limitations:

(a) Courses of Grade I may be elected in the Junior and Senior years by special permission only, and then with the limited credit specified under the general rules of the college.

(b) The electives must be chosen with a view to continuity in some department or departments, and the list of the courses elected must be approved by the head of the Department of Education and the Dean of the College.

State Certificates*

A student who intends to teach at the close of her college course may secure a State Certificate, valid in Missouri, if the required hours in Education are included in the college course.

Every student who expects to teach must secure from the department of education of the state in which she desires to teach a certificate valid for that state. No college degree, certificate, or diploma may serve as a certificate to teach.

Five-Year High School Certificate

I. General Requirements Applying to Teachers in All Classes of High Schools.

- (a) Must present health certificate from a licensed physician.
- (b) Must be free from serious physical handicap which would interfere with efficient teaching.
- (c) Must present satisfactory recommendations from university, college or teachers' college attended.
- (d) General Academic Requirements:
 1. The completion of a standard four-year college course.
 2. Shall meet specific requirements in one or more of the various teaching fields.
 3. Certificate shall state the field, or fields, in which the person is qualified to teach.

(e) General Subject-Matter Requirements Applying to Teachers in all Classes of High Schools:

1. English: Five to six hours in English with five hours in English Composition. The requirement in English Composition may be waived upon the recommendation of the chairman of the English department of the college in which the teacher is trained, provided the total English requirement of five to six hours may not be reduced.
2. Social Science: Five to six hours.
3. Mathematics: Five to six hours; provided, however, that this requirement may be waived for those presenting three units in mathematics from high school, and provided further, that it may be reduced two and one-half to three hours for those presenting two units of high school mathematics.
4. Physical Science or Biological Science: Five to six hours.
5. Health Education: Two and one-half to three hours.
6. Physical Education: Two years.

*Based upon "Organization and Administration of Junior and Senior High Schools, 1932", Missouri State Department of Education.

- (f) Education Requirements: Fifteen Hours, Applying to Teachers in all Classes of High Schools.
1. Educational Psychology.....2½ to 3 hours.
 2. High School Administration for Teachers.....2 to 3 hours.
 3. Technique for High School Teachers, including special methods in the teaching fields.....2½ to 3 hours.
 4. Supervised Teaching in High School.....2½ to 3 hours
(The State Department of Education reserves the right to increase this requirement to five hours when it is deemed necessary.)
 5. The remainder of fifteen hours is to be elected from the Education courses in the secondary field.
- II. Specific Requirements for Certification and Teaching Approval of High School Teachers in the Different Teaching Fields Applying to Teachers in First-Class High Schools.
- (a) English.....24 to 25 hours.
Note: If Speech is taught, such teachers should have at least five to six hours in the subject in addition to the 24 or 25 hours.
 - (b) Social Studies: Thirty hours, with 15 in History, divided between European and American History, with the remainder in Government, Economics and Sociology, with at least one course in each; provided, that if Geography is to be taught, at least five hours' additional work must be presented in Geography.
 - (c) Mathematics: Fifteen hours.
 - (d) Science: Teacher must have completed at least five hours in each—Biology, Physics, and Chemistry—and have completed at least 15 hours in each subject taught. The five hours of Biology, Physics and Chemistry will qualify the applicant to teach General Science. Agriculture and Physical Geography are included in the science field.
 - (e) Commerce: Full-time teachers shall have at least 24 hours in commercial subjects. Part-time teachers shall have at least 15 hours in commercial subjects. Both full-time and part-time teachers shall have at least 7½ hours in each unit subject taught and at least five hours in each one-half unit subject taught, provided that expertness in a commercial subject acquired under conditions not permitting college credit, as in high school, and determined by test, may be allowed to reduce the 7½ or the five hours' requirement in the subject but may not be allowed to reduce the 24-hour or the 15-hour total requirement.
 - (f) Art: Full-time teachers shall have at least 24 hours in Art, and part-time teachers at least 15 hours, including in both cases work in Composition, Design, History and Appreciation of Art, and Applied Art.
 - (g) Music: Full-time teachers shall have at least 24 hours in Music, and part-time teachers at least 15 hours, provided that the teachers of courses in Theory and Harmony and in Ear Training shall have at least 24 hours in Music, with training in each subject taught.
 - (h) Industrial Arts: Full-time teachers of Industrial Arts shall have at least 24 hours and part-time teachers 15 hours in Industrial Arts, including in both cases, 7½ hours in Woodwork, 7½ hours in Mechanical Drawing, and five hours in each other subject taught.

- (i) Home Economics: Full-time teachers of Home Economics shall have 24 hours in Home Economics, and part-time teachers 15 hours in Home Economics, including in both cases, work in the following fields: Foods and Nutrition, Textiles and Clothing, Household Management, and allied courses.
- (j) Physical Education: The teacher of Physical Education shall have at least 24 hours in Physical Education, including at least 10 hours in Anatomy, Physiology and Hygiene.
- (k) Foreign Language: The teacher of Foreign Language shall have at least 24 hours in each language taught, provided that five hours of this requirement in a language may be waived for each unit in that language accepted for college entrance; provided further, that not more than ten hours be waived for any foreign language work done in high school.

A Five-year High School Teacher's Certificate will be granted to those who have met the above requirements and whose credits have been certified to this Department on proper forms by the Missouri institutions where the credits are on file. This certificate may be converted into a Life High School Certificate for those who have completed three years of successful teaching experience during the life of the certificate and have a total of 20 hours of approved college work in Education, 5 of which must be in practice teaching.

One-Year High School Certificate

III. Specific Requirements for Certification and Teaching Approval in Second and Third-Class High Schools.

- (a) English.....15 hours.
- (b) Social Studies.....15 hours.
(With five hours in each subject taught, provided that preparation to teach Citizenship shall consist of at least one course each in Sociology, Economics, and American Government.)
- (c) Mathematics.....15 hours.
- (d) Science.....15 hours.
(With at least five hours in each science taught, provided that preparation to teach General Science shall include five hours in Physical Science and five hours in Biological Science.)

One-year high school certificates to teach in these fields in second and third-class high schools only will be granted to applicants who meet the general requirements set up for all high school teachers and in addition meet the specific requirements set forth above for teaching in second and third-class high schools.

Two-Year Elementary Certificate

- I. The completion of sixty hours of work with the following specified courses:
 - 1. Education.....10 hours.
 - (a) Educational Psychology.....2 to 3 hours.
 - (b) Technique (principles of teaching the elementary school).....2 to 3 hours.

- (c) Organization and Management of the Elementary School..... 2 to 3 hours.
- (d) Supervised Practice Teaching..... 2 to 3 hours.
2. English..... 9 to 12 hours.
- (a) Composition..... 5 to 6 hours.
- (b) Child Literature..... 2 to 3 hours.
- (c) Literature, Elective..... 2 to 3 hours.
- (The requirements in English Composition may be waived by the chairman of the English department in the institution attended by the applicant, provided the total English requirement is not reduced.)
3. Social Studies..... 9 to 12 hours.
- (a) American History or European History..... 5 to 6 hours.
- (b) Geography..... 2 to 3 hours.
- (c) Political Science..... 2 to 3 hours.
4. Science..... 5 to 6 hours.
- (One field of specialized science or General Science.)
5. College Arithmetic..... 2 to 3 hours.
6. Music for the Elementary School..... 2 to 3 hours.
7. Art for the Elementary School..... 2 to 3 hours.
8. Hygiene..... 2 to 3 hours.
9. Physical Education..... 2 years.
10. Elective..... 8 to 17 hours.

A two-year elementary certificate will be granted to all persons who have met these requirements and whose credits have been certified to this Department on proper forms by the Missouri institution where the credits are on file. This certificate may be renewed upon the completion of eight hours of college work. These credits for renewal must be made during the life of the certificate.

Five-Year Elementary Certificate—A five-year elementary certificate will be granted to those who have completed the requirements for a two-year elementary certificate and who have an A. B. Degree or B. S. Degree with fifteen hours in Education. This certificate may be converted into a life elementary certificate for those who have completed three years of successful teaching experience during the life of the certificate and have a total of at least twenty hours in Education, including five hours in Supervised Practice Teaching.

Certificates in Other States—Students who wish to secure certificates to teach in other states should consult the head of the Department of Education regarding the requirements for the certificate desired.

Appointments Committee—Students expecting to teach will be given assistance in securing positions. A student intending to teach should consult the head of the Department of Education and the head of the department of her major subject as to the kind of position she is best qualified to fill. Application and enrollment should be made through the office of the Department of Education.

III 9a, 9b. Technique and Practice Teaching

Prerequisites: Education 4b or 5b, and 6a or 10a.

The special technique applicable to the subject which the student expects to teach, with supervised practice in the actual teaching of the subject. The course presupposes at least twelve hours of college credit in the subject to be taught.

Registration in this course requires the advance approval of the instructor.

Credit: Four or five hours.

III 10a, 10b. Special Research Problems in Education

Prerequisite: Twelve hours in education.

This course makes provision for individual research work in education

Registration requires the advance approval of the instructor.

Credit: One to three hours.

Related Courses in Other Departments**II 3, 4. Music Methods I and II**

(For description, see Music, page 85.)

Credit: Two hours each semester.

***II 2b. Educational Psychology**

(For description, see Psychology, page 53.)

(For description, see History and Government, page 44.)
Credit: Two hours.
- *III 11b. **Methods of Teaching Modern Languages**
(For description, see Modern Languages, page 47.)
Credit: Two hours.
- *III 9a. **Methods of Teaching Latin**
(For description, see Latin, page 38.)
Credit: Two hours.

Note.—Courses starred receive credit both for the A. B. and the B. S. degrees.
In addition to courses starred, a maximum of twelve hours of vocational work will be accredited from this school toward the A. B. degree.

Home Economics

The four-year course leading to the degree of Bachelor of Science is planned to meet the needs of two classes of students:

(a) Those who desire a general knowledge of the fundamental principles of domestic art and domestic science.

(b) Those who desire to prepare themselves for teachers of Home Economics.

DESCRIPTION OF COURSES

I 2a. **Clothing and Textiles I**

Fundamental Sewing—Stitches, seams, construction and finishing problems. The use of commercial patterns and their alterations to fit various types of figures. Work on cotton, linen, and silk.

The study of values to be sought in fabrics and how these are affected by the production, manufacture and finish of different fibers.

Time: Three laboratory periods of two hours each, a week.

Credit: Three hours.

I 2b. **Clothing and Textiles II**

Prerequisite: Clothing and Textiles I.

Further practice in the use of commercial patterns and fitting in the making of a wool dress or suit and a cotton dress. Machine attachments.

Tests for fibers. The care and renovation of textiles. Special emphasis on the selection of materials and ready-made clothing.

Time: Three laboratory periods of two hours each, a week.

Credit: Three hours.

II 26a. **Costume History**

The development of costume from primitive to modern times and its historical significance in clothing and design to-day.

Time: Two lectures and one laboratory period of two hours a week.

Credit: Three hours.

II 22b. **Children's Clothing**

Prerequisites: Clothing and Textiles I and II, or two years clothing in high school.

The study of designs suitable for children's clothing from the economic and artistic standpoint. Especial study of rapid methods in construction of children's clothing. The making of garments from new and renovated materials.

Time: Two laboratory periods of two hours each, a week.

Credit: Two hours.

(Not offered in 1934-1935.)

II 20a. **Household Management**

A study of economic and social relationships of the household, the family income, its relation to the standard of living, the apportionment of the family income, household activities, and equipment.

Credit: Two hours.

III 7a. **Clothing III**

Prerequisites: Clothing Textiles I and II, Introduction to Art, Costume Design. Parallel with Clothing III and IV, Applied Design and Advanced Costume Design.

Construction of garments or household problems on which handwork is used.

Time: Three laboratory periods of two hours each, a week.

Credit: Three hours.

III 7b. Clothing IV

Prerequisites: Same as Clothing III.

Original designing and draping on the dress form. The construction of garments from these draped models.

Time: Three laboratory periods of two hours each, a week.

Credit: Three hours.

III 10a. Millinery

Prerequisites: Clothing and Textiles I and II, or two years clothing in high school.

Selection of hats, cutting of patterns, making of frames, use of velvet, satin and braid, making of trimmings, and renovation of old hats.

Time: Two laboratory periods of two hours each, a week.

Credit: Two hours.

(Not offered in 1934-1935.)

III 23b. Tailoring

Prerequisites: Clothing III and IV.

The making of tailored dresses, suits and coats. Emphasis on perfection of line and technique.

Time: Three laboratory periods of two hours each, a week.

Credit: Three hours.

(Not offered in 1934-1935.)

III 17a. Methods of Teaching Home Economics

A course dealing with the principles and methods of teaching Home Economics in elementary and secondary schools including one hour of observation in the public schools each week.

Credit: Three hours.

I 12. General Course in Homemaking

A course planned for students not in the Home Economics Department, who wish to study, for one year, the essential elements of homemaking. The course will include the following sections:

Section I—Foods—A study of the selection and preparation of foods; dietary requirements for the family group; and the care and management of the home. In this course, special attention is given to the subject of nutrition.

One hour a week is devoted to Social Usage which may be elected by any student as a separate one-hour course.

Time: Two lectures and one two-hour laboratory period a week.

Credit: Three hours.

(Offered second semester only.)

Section II—Clothing—The making of simple garments; decorative needlework; a discussion of textiles and clothing selection.

Time: Two laboratory periods of two hours each, a week.

Credit Two hours.

(Offered first semester only.)

II 13. Food Buying and Preparation

Prerequisite: Chemistry 1a or 1b.

A study of foods from the standpoint of their chemical composition, methods of preparation, principles of selection and marketing, including the planning and serving of well-balanced meals.

Time: Two lectures and two laboratory periods of two hours each, a week.

Credit: Four hours each semester.

III 15b. Special Problems in Foods and Cookery

Prerequisite: Home Economics 13.

A study of the principles of cooking processes as affected by the factors of manipulation, temperature, and proportion of ingredients, together with a study of recent literature and published experimental data relating to these principles.

Time: Two laboratory periods of two hours each, and one recitation a week.

Credit: Three hours.

III 16a. Dietetics

Prerequisites: Organic Chemistry, Physiology, Bacteriology, Home Economics 13.

A study of the chemistry of food constituents, their occurrence in the different food materials; the process of digestion and metabolism; and the problems of the best use of food.

Credit: Five hours.

III 18b. House Plans.

Prerequisite: Masterpieces of Architecture.

Lectures on the types of domestic architecture: The evolution of the dwelling and modern house plans. A study of exterior design, site and grounds, floor plans, building materials, interior woodwork, water supply, plumbing and methods of heating; drawing of plans for a small two-story house.

Credit: Two hours.

III 19b. House Furnishing

Prerequisite: Masterpieces of Architecture.

Interior decoration and furnishing; application of art principles to wall and floor coverings, pictures, furniture and woodwork, history of furniture and textiles. Original plans for rooms and the arrangement of the furnishings will be worked out by each student as a part of the course.

Time: Lecture and one two-hour laboratory period a week.

Credit: Two hours.

III 21b. Home Nursing

A non-professional course designed to give training in first aid, child care, home care of the sick, and a study of diet in disease. The course will consist of lectures, demonstrations and some practical work.

Students who are not Home Economics majors are admitted without prerequisites on permission from instructor.

Time: Lecture and one two-hour laboratory period a week.

Credit: Two hours.

(Not offered in 1934-1935.)

III 24b. Abnormal Dietetics

Prerequisite: Home Economics 16a.

A study of diet in disease.

Time: Two lectures and one two-hour laboratory period a week.

Credit: Three hours.

(Not offered in 1934-1935.)

III 25b. **Child Care**

Prerequisites: Home Economics 16a, Psychology 1a, Biological Science 7a, and Biological Science 6a or 6b.

A study of the physical care; the mental development in children of pre-school age.

Credit: Two hours.

(Not offered in 1934-1935.)

III 27a. **Tea Room Management**

Prerequisite: Foods and Cookery.

A practical course in the management of the campus tea room two evenings a week for one semester. Outside readings and discussion of tea room problems are required.

Time: One lecture and one laboratory a week.

Credit: Two hours.

(Not offered in 1934-1935.)

Upon completion of the two-year course, a student may receive the certificate in Home Economics.

Requirement for Major—Major in Foods: Elect Abnormal Dietetics and Child Care.

Suggested electives for major in foods—Biochemistry, Quantitative Analysis, Food Analysis.

Major in Clothing: Elect Tailoring, Millinery, and Children's Clothing.

Suggested electives for major in clothing—English Literature, French, History of Art.

*Students who do not plan to teach may substitute other courses for those in practice teaching and methods of teaching.

Physical Education

Aims—The aim of the Physical Education Department is best expressed by Dr. Jesse F. Williams of Columbia University: "Physical Education should aim to provide skilled leadership and adequate facilities that will afford an opportunity for the individual or group to act in situations that are physically wholesome, mentally stimulating and satisfying, and socially sound." The ideal is to develop wholesome, intelligent, resourceful, attractive, well-balanced young women. While physical development is a purpose of the Department, it is not the only one. The objectives of physical education coincide with those of education in general. It is hoped that each student will acquire such skill, interest, and joy in one or more of the activities offered that she will carry them over into her recreational life after she leaves college.

Equipment—The gymnasium is modern and equipped with all types of sport equipment.

The physical education equipment includes a swimming pool with modern filtration plant and heating system; an athletic field for field sports; a six-hole golf course; and twelve well-built tennis courts.

Physical and Medical Examination—A complete physical examination is given every student upon entering any department of the College. Students with any physical defects have remedial exercises prescribed for their correction. A detailed record is kept of a student's general health and inherited tendencies. This gives the College Physician, the Graduate Nurse, and the Director of Physical Education knowledge how best to care for each student.

Required Work—All freshmen and sophomores are required to take at least two hours a week of Physical Education, for which they will receive one hour semester of college credit. They may select their work from any of the following courses:

Swimming	Dancing—
Hockey	Modern Dancing
Soccer	Natural Dancing
Tennis	Folk Dancing
Golf	Tap and Musical Comedy
Archery	Ballet
Basket Ball	Toe
Baseball	Spanish
Volley Ball	East Indian
Track and Field	Oriental
Self-Testing Activities	Russian, etc.
Tumbling, Stunts, and Pyramids	

Electives—A student may take one or two courses in Physical Education as electives in addition to her required two hours. These courses are open to all upper classmen as well as freshmen and sophomores.

Athletic Association—It is the aim of the Athletic Association to stimulate and foster interest in athletics. Membership is based upon the point system advocated by the Athletic Council of American College Women. Points are given for accomplishment in posture, hiking, dancing, swimming, track and field, archery, tennis, baseball, golf, basket ball, and hockey.

Description of Practical Work

Body Mechanics—No class work is given in body mechanics. Those girls in need of remedial work are given individual exercises for the correction of their specific defects in a clinic sponsored by the department. The execution of these exercises is carefully supervised. Students with slight postural defects are encouraged to take dancing or some other course on the regular program which will tend to improve their physical condition more effectively than work with isolated muscle groups.

Swimming—Students are organized into Elementary, Intermediate, Advanced and Life-Saving classes, according to degree of skill. The various strokes and dives are analyzed and mastered so that the student knows the joy of acquiring swimming skill and of taking care of herself and others in the water. Swimming honors are awarded to individual students, and a competitive swimming meet is held in the spring.

Ballet, Toe, Natural, and Character Dancing—Work organized to meet definite physiological, hygienic, social, and rhythmic objectives. Students have an opportunity to acquire relaxation, poise, buoyancy, and aliveness, with an artistic appreciation of beauty expressed through the medium of music, line, color, and movement.

Folk Dancing—This course includes characteristic folk dances of the various nations with emphasis upon the spirit and "atmosphere" of each. Artistic appreciation and an understanding of the people of various countries are objectives of the class.

Tap and Musical Comedy—Classes are designed to provide a wholesome form of exercise that will result in lightness with a well-poised, relaxed body. The character element of the dances provides an opportunity for dramatic expression, and development of the individual's personality. The work affords real joy as well as worthwhile educational contributions to the Physical Education program.

Modern Dancing—Modern dancing teaches originality of conception, as well as dexterity. In this new type of dancing the dance is the thing—not the costumes, decorations, music, or drama. Music is for tone color, rhythm, and for stimulation to the dancer. The keynote of modern dancing is the subordination of externals and intensification of the dance.

Riding—Horses from the stables of Oliver L. Dapron of St. Charles may be used by the students. Those registering for riding receive instruction and are given credit in Physical Education. A fee is charged for this activity. Proficiency in the sport is encouraged by a riding club.

Archery—This is one of the best individual sports. Classes are formed in the fall and individual honors are given for skill in this sport. Selection and care of equipment is taught; also technique, practice of target-shooting, explanation of tournaments, rounds, and scoring.

Tennis—This sport is open to all students in the spring and fall. Training is given in the technique of tennis, and honors are awarded to those who know the rules of the game and master certain strokes. A tennis tournament is held in the spring and the fall. The carry-over value of tennis is a strong point in its favor.

Hockey—When the frosty, chilly days of fall arrive, hockey offers all that is thrilling and exhilarating. At the end of the season a tournament is conducted among teams chosen from the players. Individual honors are awarded to the members of the teams.

Volley Ball—Volley ball is offered in connection with basketball classes.

Basket Ball—One of the most popular sports in the winter season is basket ball. Classes are held in which practical and technical instruction is given. Teams are chosen from those enrolled in the classes and a series of games is played throughout the season. Individual honors are awarded to the members of the teams.

Baseball—Baseball is an elective spring sport. Preliminary instruction is followed by practical training in playing the game of baseball. Teams are chosen and a series of games is held at end of the season. Individual honors are awarded to the members of the teams.

Track and Field—This is a popular sport in the spring season. The track events include dashes, low hurdles, the standing broad jump, the high jump, and the hop, skip and jump. The field events are javelin-throwing, the basket ball throw, and the baseball throw. At the end of the season a track and field meet is held between the various class teams. Individual honors are awarded to the members of the teams.

Golf—The College maintains a six-hole golf course. Instruction is offered in the general procedure and technique of the sport. This game is always popular because of its carry-over value into after-school life.

Life Saving—Senior Red Cross Life-Saving instructions and tests are offered to swimmers of advanced ability. Those students wishing to qualify as Red Cross Life-Saving Examiners may work toward that end and in the spring take instructions and tests under the guidance of the Red Cross Field Representative from the regional branch office. Passing the Examiner's test fits a student for a summer camp position as life guard, swimming instructor, or camp waterfront director.

I 1a. Playground and Games

This course includes playground methods and organization and practical demonstration in games, folk dances, and many other activities suitable for use on public playgrounds.

Students planning to teach on playgrounds should choose some of the following electives: Story-Telling, Play Production, Handcraft, Botany, Sports, Swimming, and Dancing.

Credit: Two hours.

I. 8a First Aid

This is a course designed to train the individual in the prevention of accidents and in measures to be used in case of accidents. The student is impressed with the need of clear thinking at such a time and the knowledge that prompt aid in emergency will prove of the utmost value often in preventing serious or fatal results until a physician can be obtained.

Credit: One hour.

II 3a. Methods in Physical Education

A brief history of physical education, the relation of physical education to education in general, methods, and practice teaching are given in this course.

Credit: Two hours.

II 4. Technique of Athletics

Prerequisite: Playground and Games.

Instruction is given in practice and coaching of games, such as hockey, basket ball, baseball, field and track athletics, soccer, tennis, archery, etc.

Credit: Two hours each semester.

II 5b. Pageantry and Theatrical Costuming

This is a practical course in the organization and production of pageants, dance revues, and all types of theatrical productions. Special attention will be given to the creation and execution of theatrical costumes, stage settings, and properties used in productions put on during the year by the Department of Physical Education. Masks, marionettes, and shadow plays will also be studied.

Credit: Two hours.

II 6b. Body Mechanics

The appreciation of correct body mechanics and alignment, the recognition of certain physical abnormalities and postural defects, and the ability to deal with them intelligently by using preventive measures and remedial exercises are the aims of this course.

Credit: Two hours.

Physical Education

The courses offered in this department may be counted toward the degree of Bachelor of Science when the work for the certificate in this course has been completed.

For those students who expect to attend college only two years a certificate in Physical Education will be granted upon completion of the following two-year course:

First Year.	First Semester	Second Semester
English Composition.....	3	3
General Zoology.....	5	..
Physical Science.....	..	5
Hygiene.....	3	..
Preventive Medicine.....	..	2
*Required Gymnasium.....	1	1
Playground and Games.....	2	..
Pageantry and Theatrical Costuming.....	..	2
American Contemporary Civilization.....	3	..
Bible.....	..	2
First Aid.....	1	..
	18	15
Second Year		
Introduction to English Literature.....	3	3

Introduction to Psychology.....	5	..
Educational Psychology.....	..	3
Methods of Teaching in Elementary Schools...	..	3
*Required Gymnasium.....	1	1
Methods in Physical Education.....	2	..
Technique of Athletics.....	2	2
Anatomy.....	..	3
Body Mechanics.....	..	2
	18	17

Electives—Students majoring in Physical Education are advised to choose some of the following electives: History and Appreciation of Music, Clothing and Textiles, Costume History, Applied Design, Dramatic Art.

(Suggestion for the junior and senior years: Major in Biological Science and minor in Education.)

*Students taking this course must pass the beginners' swimming test and are required to complete the following: Hockey, Tennis, Golf, Archery, Basket Ball, Baseball, Track and Field, Gymnastics, and Dancing.

Secretarial Course

The courses offered in this department may be counted toward the degree of Bachelor of Science when the work for the certificate in this course has been completed.

This department offers a two-year course leading to a certificate in Business. Upon completion of the outlined course a student should have a thorough knowledge of shorthand, bookkeeping, typewriting, and general office practices.

First Year

	First Semester	Second Semester
English Composition.....	3	3
Elementary Bookkeeping and Accounting.....	5	5
Elementary Shorthand.....	3	3
Bible.....	2	..
Physical Education.....	1	1
Typewriting.....	0	0
American Contemporary Civilization.....	3	..
History or Science or Mathematics.....	..	5
	17	17

Second Year

Advanced Shorthand.....	2	2
Physical Education.....	1	1
Business Law.....	..	2
Typewriting.....	0	0
*Elective.....	11	8
	17	16

*Courses suggested from which to choose major and minor: Sociology, History, Economics, English, Mathematics, Foreign Language.

DESCRIPTION OF COURSES

I 1. Typewriting

The study and practice of typewriting by the touch system.
No college credit.

I 2. Elementary Shorthand

The Gregg system with emphasis placed on accuracy as well as speed.
As soon as the student becomes proficient, she is given practical experience.
Credit: Three hours each semester.

I 3. Elementary Bookkeeping and Accounting

A study of the ordinary laboratory work in bookkeeping, followed by practical problems in the trial balance, accounting and the technique of accounts.

Credit: Five hours each semester.

II 4. Advanced Shorthand

Prerequisite: Business 2.

A course designed to give the student a thorough preparation for the various aspects of the work of a secretary in a business or professional office.

Credit: Two hours each semester.

II 5. Advanced Bookkeeping and Accounting

Prerequisite: Business 3.

A course designed to prepare the student to deal with the practical problems that face the bookkeeper of a business establishment. Emphasis is laid upon commercial law and business methods.

Credit: Three hours each semester.

School of Music

Courses in the School of Music are open to all students enrolled in the College of Arts and Science, or in the School of Vocations. A maximum of twelve hours will be accredited from this school toward the degree of A. B., provided that all the candidate's other courses are in the College of Arts and Science.

The twelve hours which may be accredited toward the A. B. degree may be selected from courses in the School of Music, which are not listed in the College of Arts and Science.

The requirements for admission to this department are the same as those listed for admission on pages 23, 24, and 25 of this bulletin.

REQUIREMENTS FOR GRADUATION

Degree of Bachelor of Music

In order to receive the degree of Bachelor of Music, the candidate must meet the following requirements:*

1. She must complete the outlined four-year course in Piano, Organ, Voice, Violin, or Public School Music.
2. She must attend all student recitals, and take part in at least two each year.
3. She must pass semi-annual examinations in her major study before the faculty of the Department of Music.
4. She must give a recital demonstrating her fitness to receive a degree. (Public School Music students are exempt from this requirement.)
5. She must complete a total of 124 hours, exclusive of physical education.
6. She must complete a total of 512 points.

DIPLOMA IN MUSIC

A diploma will be granted a student who completes satisfactorily the outlined two-year course in Piano, Organ, Voice, or Violin, and gives a recital demonstrating her fitness to receive a diploma, provided that she passes faculty examinations in her major study and attends all student recitals.

*It is understood that the preparatory training of a student in the major subject she selects is sufficient to permit her to take up the studies outlined on pages 87-89.

CERTIFICATE IN MUSIC

A certificate will be granted by Lindenwood College to a student who fails to meet all the requirements for a diploma, provided her proficiency in the study of Piano, Organ, Voice, Violin, or Public School Music, entitles her to this distinction. This certificate does not automatically grant permission to teach.

ENTRANCE CREDITS

Students who plan to specialize in music at Lindenwood College may offer three units of entrance credit in applied and theoretical music. The credits in applied music will be accepted after the student has passed an examination offered by the faculty of the department of music at Lindenwood College. In addition to these three units, there will be required twelve additional units of acceptable high school work.

Music

Advanced Standing—Claims for advanced standing must be made to the Director of Music within one semester after entrance. Credit for advanced standing is granted only to those who are able to pass a satisfactory examination before the faculty of the Department of Music.

Practice—All practice is done under the supervision of a mistress, who is competent to answer all questions in the course of practice. The College possesses practice pianos which are placed in separate practice rooms and assigned to the students at fixed times. This insures the students regularity in their work and the advantage of uninterrupted practice for the full time.

Orchestra—An orchestra is organized each year for the purpose of training in ensemble playing. All students of orchestral instruments are required to join the orchestra, which meets twice a week throughout the year. The orchestra gives concerts during the year. A number of brass, wood-wind, and stringed instruments are owned by the College. Free use of these instruments is allowed to students who qualify for membership in the orchestra.

Choir—The choir meets twice a week throughout the year and takes part in the Sunday evening vesper services. All students in the course in Public School Music and students specializing in Voice are required to join the choir.

Recitals—Both faculty and student recitals are given during the year. These are of value in cultivating musical taste and the ability to appear in public.

Concerts and Operas—The concerts and operas given in St. Louis during the winter offer students at Lindenwood the opportunity to hear and appreciate the best music. Many of the students are regular subscribers to the St. Louis Symphony Concerts.

Mu Phi Epsilon—This national sorority for recognition of outstanding ability in music is represented by its local (Phi Theta) chapter. To this chapter are elected annually those members of the upper classes whose excellence in performance and scholarship warrants this recognition.

Alpha Mu Mu—The honorary organization of the music department for underclassmen is the Alpha Mu Mu society. It was

founded at Lindenwood in May, 1918. Election to membership is a recognition of exceptional musical talent, and is based upon other requirements as well. It is the highest honor conferred by the department on music students in the freshman and sophomore years. The members are elected by the faculty at the close of each semester.

DESCRIPTION OF COURSES

I 6. Choir

Training in the singing of religious music.

Credit: One hour each semester.

(Not more than four hours allowed toward a degree.)

I 7. Orchestra

Training in ensemble playing on orchestral instruments.

Credit: One hour each semester.

(Not more than four hours allowed toward a degree.)

I 1. Sight Singing I

Drill in scale and interval singing, time subdivision and two part singing. Singing songs (while beating time) with syllables, words and numbers. Songs in major and minor modes, introducing chromatic tones.

Credit: One hour each semester.

I 8. Ear Training I

Melodic dictation within the key, major and minor modes, with the introduction of chromatic problems. Soprano and bass clefs. Elementary rhythmic patterns. Recognition of simple triads. Simple two part dictation. Song analysis.

Credit: One hour each semester.

I 14 Public School Music, Dictation and Ear Training.

This course is arranged to meet the requirements in music for a sixty-hour Elementary Certificate granted by the State of Missouri.

An elementary knowledge of the fundamentals of music is a necessary prerequisite of this course. Rudiments of Music taken without credit during the first year in college or a high school course in which dictation and sight reading are taught will satisfy this prerequisite.

The course follows the outline published by the Department of Education, State of Missouri.

Credit: Three hours each semester.

II 3, 4. Music Methods I and II

Music in the Primary Grades.

A study of the child voice, treatment of monotones, rote singing, first steps in music reading, methods of presentation and materials used in developing an appreciation of music.

Credit: Two hours, first semester.

Music in the Intermediate Grades.

A study of principles, methods and materials adapted to music reading in the fourth, fifth, and sixth grades. Unison, two and three part singing. Methods of appreciation.

Credit: One hour, second semester.

Observation and Practice Teaching.

Credit: One hour, second semester.

II 2. Sight Singing II

Two, three, and four part song singing. Major and minor modes. Modulation.

Credit: One hour each semester.

II 9. Ear Training II

More advanced melodic dictation and chromatic problems. Dictation in two and four part writing. Simple modulation. Recognition of triads in all forms, dominant seventh and diminished chords. Analysis of song forms.

Credit: One hour each semester.

III 5. Music Methods III

Prerequisite: Music 3.

Music in the Junior High School.

A study of materials and methods through grades seven, eight, and nine, including voice testing, chord singing, and problems of organization. Essentials of conducting, methods of appreciation, and practice teaching.

Music in the Senior High School.

A study of suitable materials and methods of developing glee clubs, choruses, instrumental music, and organization of courses in Music History, Theory, Harmony, and Appreciation of Music.

Credit: One hour each semester.

Practice Teaching in the Junior High School.

Credit: One hour each semester.

III 12. Class Instruction in the Playing of Wind Instruments of the Orchestra

Practical experience in learning the tuning, fingering, and playing of scales and simple music. The College owns instruments which are available for practice without charge.

Credit: One hour each semester.

III 10. Music Methods IV

Prerequisite: Music 5.

Music Education: Research and organization of course to meet problems in supervision of public school and community music. Comparative study of prominent school music systems. Operetta production, including material, organization, costuming, make-up, and staging. Methods of teaching instrumental and vocal music classes.

Credit: Two hours each semester.

Practice Teaching in the Senior High School.

Credit: One hour each semester.

III 13. Class Instruction in the Playing of Stringed Instruments of the Orchestra

Practical experience in learning the tuning, fingering, and playing of scales and simple music. The College owns instruments which are available for practice without charge.

Credit: One hour each semester.

For courses in History and Appreciation of Music, Harmony, etc., see Theory of Music in the College of Arts and Science.

Ensemble Courses**Choral Conducting**

Principles of beating time, the technique of the baton, interpretation, rehearsal methods, and program building. Experience in choral conducting.

Credit: One hour each semester.

Orchestral Conducting

Practical experience in orchestral conducting. Instruction in interpretation, time beating, and the principles of the baton. Class to meet twice weekly.

Credit: One hour each semester.

Piano and String Ensemble

String duets, trios, and quartets. Piano and violin ensemble; voice and violin; organ, piano, and violin. Excellent training in sight reading, develops rhythmic sense and increases general musicianship.

Credit: One hour each semester.

Organ Ensemble

Training in the art of playing the organ in combination with other instruments. Composers in the past few years have added a great number of compositions in this field, and ensemble playing has become a real part of the professional organist's training. Ensemble of organ and piano; organ, piano, and violin; organ, piano, violin, and voice, etc., will be studied.

Credit: One hour each semester.

Piano**First Year**

Scales, major and minor, similar and contrary motion; Arpeggios and technical exercises.

Studies: Cramer; Heller, Bach "Two- and Three-Part Inventions," Kullak, Czerny, Clementi.

Sonatas of Haydn and Mozart, Mendelssohn "Song Without Words;" pieces by Schumann, Tchaikowsky, Moszkowski, Henselt, Grieg, Heller Mendelssohn and others.

Second Year

Scales: Continuation of First Year Technical Studies.

Studies: Clementi "Gradus ad Parnassum;" Kullak, "Octave Studies;" Bach, Suites, and Well-Tempered Clavichord.

Pieces and sonatas by Beethoven, Chopin, MacDowell, Moszkowski, Sinding, Tchaikowsky, Schumann, Schubert, Mendelssohn, Henselt, Grieg, etc.

Third Year

Studies: Clementi, "Gradus ad Parnassum;" Octave Studies, etc. Well-Tempered Clavichord, Chopin Etudes.

Pieces and sonatas by Beethoven, Chopin, MacDowell, Schumann. Concertos by Mozart, Mendelssohn. etc.

Fourth Year

Studies: Clementi "Gradus ad Parnassum;" Moszkowski, "School of Double Notes;" Bach, Larger fugues and transcriptions; Chopin Etudes, etc.

Concertos, sonatas and pieces by Beethoven, Brahms, Tchaikowsky, Saint-Saens, Liszt, and the moderns.

Organ

First Year

Foundation material taken from the schools of Stainer, Barnes, Rogers, Lemmens. Nilson and Nevin Pedal Studies. Bach Little Preludes and Fugues. Master Studies compiled by William C. Carl. Easy compositions. Hymn playing.

Second Year

Continuation of Pedal Studies. Studies in Pedal Phrasing by Buck. Rheinberger, Merkel, or Bach Trios. Easier Sonatas by Borowski, Guilman, Rogers, and others. Larger Preludes and Fugues of Bach. Short compositions by Dubois, Faulkes, Hollins, and others. Hymn and anthem playing.

Third Year

Bach Preludes and Fugues, and Choral Preludes. Sonatas and Suites of Mendelssohn, Boellmann, Borowski, West. Smaller compositions of the various schools. Study of accompaniments, with reference to the adaptation of piano accompaniments to the organ.

Fourth Year

Larger works of Bach, Frank, Rheinberger, Saint-Saens, Widor, Vierne. Difficult compositions of all schools, including the more modern styles of Karg-Elert, Sowerby, and others.

Voice

First Year

Technical work. Blending of registers.

Scales: Major and Harmonic minor within compass of an octave and third.

Arpeggios: Major and minor within compass of an octave and third.

Vocalises: Sieber, Conconne, Abt, Vaccai.

Songs: Moderately difficult. English, German, French, or Italian; duets, choir and choral work.

Second Year

Scales: Major to octave, third, and fifth.

Harmonic and Melodic minor to octave and third, chromatic to the fifth.

Arpeggios: Major and minor to octave, third and fifth.

Vocalises: Sieber, Conconne, Abt, Marchesi, Vaccai.

Art songs of English, German and French school. Arias from oratorio and opera.

Recital: Group of songs; aria from an oratorio; aria from an opera.

Third Year

Scales: Continuation of second year technic. Development of freedom of tone, range, and volume.

Vocalises: Conconne, Abt, Marchesi and others.

Difficult songs of classic, romantic, and modern schools; arias from oratorios and operas.

Fourth Year

Vocalises: Masterpieces of vocalization; studies in bravura, dramatic singing.

More difficult songs of all schools; arias from oratorios and operas.

Complete recital: Arias from an oratorio; group of classic songs; group of modern songs; aria from an opera.

Violin**First Year**

Studies, Schradieck Scale Studies, Sevcik Bowing Exercises, Mazas Special Studies, Dont Preparatory Studies, Kreutzer. Solos, Bohm, Tartini, Handel, Burl and others. Concertos, De Beriot, Vivoldi, Rode, Mozart.

Second Year

Studies, Sevcik Op. 10. Kreutzer, Fiorelli, Rode, Casorti, Bowing Technic; Sonatas, Handel, Tartini, Mozart; Solos, Hubay, Wieniawski. Concertos, Spohr, Bach, Vivoldi, Mozart.

Third Year

Studies, Rode, Dont, Gavinies, Schradieck Advanced Technic; Solos, Saint-Saens, Verocini, Vitoli, Tschaikowsky, Schubert, and others. Concertos, Bach, Mozart, Vieuxtemps.

Fourth Year

Carl Flesch, Scale Studies, Wieniawski Caprices, Sauret Studies, Vieuxtemps Caprices, Sonatas; Bach, Beethoven, Faure; Solos, Wieniawski, Tschaikowsky, Sarasate, Boulanger, de Falla. Concertos, Mendelssohn, Bruch, Saint-Saens, and others.

Art

The Art Department of Lindenwood College offers many opportunities both to students specializing in Art and to those enrolled in other departments. The College library contains books on Art that are used for reference reading in connection with the various courses offered. An excellent lantern and numerous slides are used in illustrated lectures. Moreover, students have the advantages afforded by visits to the St. Louis Museum of Fine Arts and other art galleries in St. Louis, where the works of both American and foreign artists are exhibited. Students specializing in Art are required to visit the Museum of Fine Arts and other Art exhibitions in St. Louis.

All work done in the Art Department must remain in the studio until the close of the college year, unless special permission for its removal is granted by the head of the department.

The courses in the Department of Art may be used toward the degree of Bachelor of Arts when the work for the certificate in this course has been completed. If desired, a minor in Art may be obtained.

Kappa Pi—Honorary Art Fraternity.

Requirements for Certificate

Certificate in Art—A certificate will be granted to a regularly enrolled student who completes a two-year course including the courses in History of Art, and Methods of Teaching Art, and two years' study of Design and Free-Hand Drawing.

Certificate in Public School Art, two-year course.

Private Lessons (Additional Charge)*

Students in any department of the college may take private lessons in any of the branches of Art described below. One hour of college credit a semester is conferred for private lessons in Art.

Free-Hand Drawing—Lessons in drawing from geometrical forms, simple objects, plant life, casts, and fragments from antique figures, in pencil, crayons and water colors.

*A charge of \$90 is made for four hours of private lessons a week (two 2-hour periods).

Free-Hand Drawing and Painting—Lessons in drawing and painting from the antique, still life, figure (from the draped model) and landscapes, in charcoal, water colors, oils and pastel.

Design—Lessons in the underlying principles of design and their application to elementary problems of original design; lettering, stenciling, wood-block printing—gesso and color, cement.

Advanced Design—Lessons in the application of the principles of design to problems of industry and everyday life; gesso, posters, and experimentation in materials with dyes and dye-resist, leather and other materials.

Poster and Advertising Design—Lessons affording practical training for work in commercial art; lettering and designs for labels, cartoons, magazine advertisements and posters.

Ceramic Decoration—The decoration of china, including a study of the principles of design and their application to original compositions suitable for the decoration of china and satsuma ware in gold, colors and enamels.

Batik Decoration—Lessons in the application of the principles of design to original compositions suitable for decorative purposes in connection with clothing and interiors; application of decorations to a variety of fabrics by dye and dye-resist processes.

Out-of-Doors Sketching—Lessons in landscape drawing in pencil, wash and charcoal.

Advanced Out-of-Doors Sketching—Lessons in landscape drawing in charcoal, crayons, water colors, and oils.

Modeling—Lessons in modeling in clay, gesso and other soft substances, to create form in relief and in the round.

Costume Design and Illustration—Lessons in the principles of design, balance, harmony, and rhythm in their application to costume; a study of the psychology of clothes.

Interior Decoration—Study of art principles and their application to interior decoration.

Sketch Club—Students in the Art Department eligible. Two hours per week. No credit.

Memory Drawing—A course in drawing from memory. Training to retain the mental image and to grasp significant action and proportion; recording these in rapid sketches.

LINDENWOOD COLLEGE

DESCRIPTION OF COURSES

I 1a, 1b. Free Drawing Class

An introductory course in free-hand drawing.

Time: One hour a week.

(No college credit.)

I 2a. Introduction to Art

A general survey of the fields of design and representation. Fine examples are studies, and the principles and practices are presented in lectures with collateral reading. Practice with pencil, pen and ink, wash and water colors. Visits to Museum of Fine Arts, St. Louis.

Time: Two lectures and two laboratory periods of two hours each, a week.

Credit: Four hours.

I 3b. Representation

Prerequisite: Art 2a.

A more advanced course than 1a. The study of structure in the work of art, lectures, a study of examples, reading, drawing and modeling from casts and draped models.

Time: Two lectures and two laboratory periods of two hours each, a week.

Credit: Four hours.

I 13b. Appreciation of Art

Study of the principles which underlie the theory and practice of the Fine Arts. Visits to Museum of Fine Arts, St. Louis.

Credit: One hour.

I 4a. Applied Design

The principles of design, balance, rhythm, harmony, in their application of the interior decoration and costume. Study of historic ornament; practice in stenciling and various crafts; the use of pencil, ink and color. Visits to the Museum of Fine Arts, St. Louis.

Time: One lecture and one two-hour laboratory period a week.

Credit: Two hours.

II 5. History of Art

A general course in history of art from the beginning of art to the present time. Visits to the Museum of Fine Arts, St. Louis.

Credit: Two hours each semester.

II 6b. Costume Design

Prerequisite: Art 2a or Art 4. a.

Design in costume. Line value in composition. Rhythm and harmony in their application to costume. Tone contrasts and combinations. Costume and color for various types. Designing gowns and hats.

Time: One lecture and one two-hour laboratory period a week.

Credit: Two hours.

II 7. Advanced Costume Design

Prerequisites: Art 2a or 5, and 6b.

Study of individual types; psychology of dress, line and color; adaptation of historic styles to present-day costumes. Choosing and designing entire costumes and accessories. Trips to museums, shops, etc.

Time: One lecture and one two-hour laboratory period a week.

Credit: Two hours each semester.

II 8. Interior Decoration

Prerequisites: Art 2a and 3b.

A course for homemakers, teachers and decorators.

The study of art structure, tone relations, color problems and good spacing applied to interior decoration. An introduction to historic periods, architectural elements, decorative treatments and materials. Simple sketches and scale drawings.

Time: One lecture and one two-hour laboratory period a week.

Credit: Two hours each semester.

II 10. Theory of Design

Prerequisites: Art 2a; Art 3b is advised in addition.

The theory of design is an art activity fundamental to the fine arts (architecture, sculpture, painting) and crafts, and a basis for art criticism. The problem of pure design; the relation of the art product to its environment, and the application of the principles of design to definite problems.

Time: One lecture and two laboratory periods of two hours each, a week. Visits to Museum of Fine Arts, St. Louis.

Credit: Three hours each semester.

II 12. Methods of Teaching Art

Prerequisites: Art 2a, 3b, and 13b.

A course designed for those who wish to become supervisors and teachers of art.

Time: One lecture and one two-hour laboratory period a week.

Credit: Two hours each semester.

III 9. Advanced Interior Decoration

Prerequisites: Art 8, 5, and Mechanical Drawing.

Continuation and development of course 8, Interior Decoration. Application of principles to specific types of houses and furnishings. Sketches and drawings required. Visits to museums, shops, studios, and factories.

Time: One lecture and one two-hour laboratory period a week.

Credit: Two hours each semester.

III 11. Advanced Applied Design

Prerequisites: Art 2a, 3b, 13b, and 4a.

Advanced Theory and Practice of Design.

Time: Two laboratory periods of two hours each, a week.

Credit: Two hours each semester.

III 14. Advanced Representation

Prerequisite: Art 3b.

Time: Two laboratory periods of two hours each, a week.

Credit: Two hours each semester.

III 15. Painting

Prerequisite: Art 3b.

A course in still life; landscape and figure painting in water colors, pastel, and oil.

Time: Two laboratory periods of two hours each, a week.

Credit: Two hours each semester.

Public Speaking

The work offered in the department of Public Speaking is both practical and broadly cultural. A thorough foundation is given to those who desire to specialize in oratory, and varied opportunities are afforded to students enrolled in other departments. Students specializing in English have the opportunity to correlate the study of English with the study of the technique of oral expression. The courses taken in this department may be counted toward the degree of Bachelor of Arts when the work for the certificate in this course has been completed.

Private Lessons*—Students in any department of the college may take private lessons in oratory, for which one hour of college credit a semester is given. The private lessons are carefully adapted to the needs of the individual students, faults are corrected, and a repertoire is gradually acquired.

Recitals—Frequent class recitals are given that the students may receive practice in platform work. Public recitals are also given, so that the students gain self-confidence and enjoy the experience of actually entertaining large audiences.

Requirements for Certificate in Public Speaking—A certificate will be granted to a student who completes satisfactorily two years' private study of oratory and the course prescribed in the following schedule. She must make at least two creditable public appearances—one as a prominent player in a cast and one in a student recital.

The honorary organization of the Public Speaking Department is a chapter of the national dramatic fraternity, "Alpha Psi Omega." The purpose of this organization is to create and maintain interest in the drama, to centralize and make more efficient all dramatic activity on the college campus. Some of the more recent plays sponsored by this club have been "A Lucky Break," "I'll Leave It to You," "Cousin Kate," "The Show-Off," "Skidding," "Belinda," "Icebound," "The Ivory Door," "All-of-a-Sudden Peggy," "The Devil in the Cheese," "The Rivals."

*An extra charge will be made for private lessons in Public Speaking.

DESCRIPTION OF COURSES

I 1. Voice and Diction

A course covering the rudiments of voice placement, enunciation, smoothness, flexibility and power, good conversation, platform deportment, and elementary training in public speech.

Credit: Two hours each semester.

I 4. Interpretation

An elementary course in the principles of oral interpretation.

Credit: Two hours each semester.

I 3b. Public Speaking

Preparation and delivery of short talks; study of principles governing effective speaking. The object of this course is to enable the student to present her ideas clearly and forcibly. Attention is paid to the platform presentation.

Credit: Two hours.

I 15. Debating on Current Topics

A study of argument in its different forms, and training in the preparation of briefs, correlated with the presentation of actual debates as inter-class and intercollegiate projects.

Credit: Two hours each semester.

II 5. Dramatic Art

A course covering selection of plays, casting, stage business, impersonation, coaching, costuming, setting, lighting, etc., planned to serve those who go into institutions and communities where a knowledge of producing plays is essential.

Credit: Two hours each semester.

II 8. Interpretative Analysis

Prerequisite: Public Speaking 4.

A critical study in the analysis of literature and the oral interpretation of it by the use of the imagination and emotion.

Credit: Two hours each semester.

II 2a. Story-Telling

Lectures on the purpose of story-telling and its value in education; selection and adaptation of material, and the art of story-telling; actual practice in preparing and telling stories.

Credit: Two hours.

II 7b. Advanced Story-Telling

Prerequisite: Public Speaking 2a.

A laboratory course in which the student, through practical experience before groups of children, is trained in presenting stories before any group.

II 9. Speech Correction Clinic

A course which emphasizes diagnosis and treatment of speech disorders. Supervised observation and practice teaching in the overcoming of speech difficulties; the study of the organization and management of clinics.

Credit: Two hours each semester.

II 10a. Radio Speech

Prerequisite: Public Speaking I.

A course designed to interest students in radio writing and radio speaking. A study of the construction and delivery of the radio talk, the composition and production of the radio play, interpretation of the manuscript, radio psychology, and voice technique.

Credit: Three hours.

Fellowships and Scholarships

It is the purpose of the College to foster educational standards and to assist worthy students in securing an education. To this end, scholarships have been created by friends of the College and through special funds set aside by the Board of Directors. Students receiving scholarships are expected to give service in any academic department when required.

Fellowships—A fellowship of \$300 will be granted a student completing four years of undergraduate work at Lindenwood College with distinction for scholarship, general ability, and loyalty to the standards of the College, and whose purpose it is to continue her education for an advanced degree in a graduate school of standing. Application for this fellowship must be made to the President of the College not later than April 1 of the year of the grant. The Faculty will announce the grant of the fellowship at Commencement.

Honor Scholarships—To resident students completing the year's work with distinguished honor for scholarship, general ability, and loyalty to the standards of the College, scholarships are provided as follows: Honor student, Freshman Class, \$100; Sophomore, \$150; Junior, \$200. These scholarships are to be applied on tuition at Lindenwood College the following year, one-half the amount each semester.

It is understood that if a student receiving a scholarship does not remain for the entire year the amount of the scholarship must be refunded to the College. It is also understood that should a student fail to continue the required educational standard or fail to continue her work for a degree the College may cancel the scholarship.

High School Scholarships—First honor student of any four-year accredited high school matriculating as candidate for a degree will be granted a scholarship for the Freshman year, subject to the conditions governing Honor Scholarships of the College.

Army and Navy Scholarships—The College having been founded and later munificently endowed by families identified with the United States Army, a limited number of scholarships have been provided for daughters of officers of the Army and Navy who matriculate as candidates for degrees.

Teachers' Scholarships—Daughters of teachers, principals, and superintendents of Public Schools, daughters of College and University professors, who meet the requirements, are awarded scholarships upon application.

Sorority Scholarships—The Zeta Chapter of Eta Upsilon Gamma and the Theta Chapter of the Sigma Iota Chi have each established scholarships to be awarded on the conditions set forth in the requirements for Educational Scholarships by the College. Announcement of the awards is to be made at each annual Commencement.

Ministerial Scholarships—The Watson Fund provides a scholarship of one hundred dollars for every daughter of a Presbyterian minister. When the revenue of the endowment is not all used for this purpose, the remainder may be applied to the education of the daughter of any Evangelical minister.

Sibley Scholarships—The Alumnae, in honor of the founder of the College, Mrs. Mary Easton Sibley, established in 1927 a Centennial Scholarship Fund to be awarded needy students who are qualified to meet the entrance requirements.

Applications for aid under this fund should be made to the President of the College, accompanied by a statement of need and recommendation from two persons of the applicant's home town, one from the principal of the school from which she comes, the other from her pastor.

Under this fund several cities have especially provided a sufficient sum for scholarships to be awarded in their name—St. Charles, Missouri; St. Louis, Missouri; Kansas City, Missouri; Chicago, Illinois.

Expenses for the Year

Lindenwood College is not conducted for profit, and a large part of the budget is met annually from proceeds of the Endowment Fund.

It is the desire of the college to explain very carefully to the patron the entire cost for his daughter for the college year. The expenses itemized below include every fee charged by the college. The only additional expenses are personal, such as books, laundry, etc.

EXPENSES

Board, room, heat, light, water service, tuition, private lessons in Music, Art and Public Speaking.....	\$695.00
---	----------

Note—An additional charge of \$50.00 is made for each occupant of a double room with bath attached, and \$60.00 for single room with bath attached. The charge for single room without bath attached is \$40.00 additional. One-half of this charge is due in September and the remainder January 1.

Terms of Payment

All bills for tuition and board are due at the beginning of the school year. For the convenience of our patrons payments may be made as indicated below:

ON ENTRANCE IN SEPTEMBER

On account of tuition.....	\$225.00	
Board and room.....	250.00	
Student activity fee.....	15.00	
	\$490.00	
Less room reservation fee.....	10.00	
	\$480.00	

Balance on account is due January 1, 1935.

INCIDENTAL FEES

Piano Practice, per hour for year.....	10.00
Pipe Organ Practice, one hour per day for the year.....	15.00
Student activity fee.....	15.00
Diploma or certificate fee.....	10.00

The student may send her laundry home or arrange through the college to have it done at the Steam Laundry. The college does not do any of the student's laundry.

The \$10.00 room reservation fee is not an extra charge, but is applied on the first payment.

Students are liable for any breakage.

No student is allowed to change or drop a special subject until the end of the term for which it has been chosen.

All remittances should be mailed direct to Lindenwood College by certified check.

Payments must be made before the student can take her place in the classroom. No exception will be made to this rule without written permission from the Bursar.

If bills are not settled when due, it is understood that sight draft will be honored. Interest at 6 per cent will be charged on all unpaid bills.

Diplomas will not be issued or grades given until all bills are properly settled.

When students have been accepted for admission, parents and guardians accept all the conditions of payment and regulations of the college.

The college is very glad to help students with their transportation and baggage, but in doing so simply acts as an agent and is not responsible for loss or inconvenience a student may suffer.

Charges for board and tuition in the various departments for the school year are as low as is consistent with the INSTRUCTION, SERVICE, and ACCOMMODATION given.

The college will not be responsible for the loss of any personal property of any student or teacher.

WITHDRAWAL

Each student is entered for the college year, and is accepted with the understanding that she will remain for the final examinations at the end of the college year.

All engagements with instructors and other provisions for education are made by the college for the entire year in advance; the established rule is that no deduction will be made from the amount paid.

If a student withdraws voluntarily or involuntarily before the end of the year there is no refund. However, in case of withdrawal upon the recommendation of the college physician, on account of serious illness, a refund pro rata will be made on the amount paid for board and room. No deduction is made for temporary absence during the year.

Textbooks, sheet music, regulation gymnasium outfit, stationery and similar articles may be obtained at the college book store at current prices.

The terms of entrance are stated plainly in the catalog. No verbal agreements are permitted.

To Our Friends

Lindenwood College has entered upon a new era of its history. Generous friends have been contributing largely to its support. In the past ten years over a million dollars has been expended in new buildings and equipment. The beginning of New Lindenwood has fairly started. Greater things are yet to come and greater things yet to be done. To reach the goal of a great woman's college, well equipped and heavily endowed, will require the enlisting of all our friends in doing according to their means. If you have not remembered Lindenwood College in your will, do so at once. A form of bequest is appended for your guidance.

The Board of Directors has established an Annuity Fund which will enable donors, unable to do without an income, to receive a life annuity according to age. This is a safe and secure form of investment and gift to the college.

Opportunity is also given for endowment of chairs in the college. Fifty thousand dollars has been given to endow the Bible chair.

My Will

I give, bequeath and devise unto Lindenwood Female College, a corporation, of St. Charles, State of Missouri, the sum of.....
Dollars (\$.....) to be paid to the Board of Directors of said college, and by them used in the improvement of and additions to the buildings and property of said college, or as an endowment fund, according to the discretion and judgment of said directors. I give to said directors full power and authority to hold, manage and control said trust fund and to sell, transfer and convey and invest and reinvest the same, according to the discretion and judgment of said directors.

Dated.....Signed.....
