ALUMNAE GATEWAY

Foreword

The 1927 Lindenwood Directory has been compiled from questionnaires sent to every graduate and non-graduate. A conscientious attempt to hear from the Alumnae was made, beginning in January, 1926, and repeated in the summer. We were the more eager to present accurate and up-to-date information since this issue of the directory appears on the occasion of the one hundredth anniversary of the founding of the college.

The biographical sketch is given according to the following form: maiden name, married name in parentheses, street number, city, state, record at Lindenwood, other educational institutions attended, foreign travel, war work, teaching record and number of children. If dates and cities are not given for the teaching record they were not on the questionnaire. Any material which appears inaccurate or indefinite may be attributed to a lack of information or to a misinterpretation of the facts by those compiling the directory. In a work of this sort which is made up so largely of statistics, some mistakes and omissions are scarcely to be avoided. Any correction of material or information will be welcomed for our permanent record. The names of those who did not respond have been listed separately since the addresses are those which were given for the publication of the last directory in 1922. The list that is given with the explanation, addresses unknown, contains the names of those students to whom we sent letters which were returned to us. We are very eager to have those who know the correct address of any one so listed make use of the blank forms found at the close of the book. Any change of address is also requested.

During the long history of Lindenwood many changes have been made in the type of school and the kinds of diplomas and degrees given. We have followed the old catalogs, giving to each graduate exactly what was granted her by the college. The list of graduates, therefore, includes those who graduated from the Seminary and the Academy, who received Collegiate Course diplomas, certificates in various departments, and the following degrees: B. L., B. A., M. A., A. A., B. S., B. M., and A. B. Only those who have been enrolled in the college for at least one complete semester are listed in the Directory.

Lindenwood College extends a hearty thanks to all the Alumnae who gave information concerning themselves and thus enabled the college to carry out its purpose in publishing this Directory. It is a source of regret to those compiling

the Directory that many distinctive workers are not listed as such because of the excessive modesty of the report submitted on the questionnaire. To all of those who promptly sent missing addresses, we express our sincere appreciation. We wish to give special credit to Miss Cora Wallenbrock and Miss Pauline Davis, seniors of Lindenwood who have devoted much time to the stenographic work. Miss Charlotte Thurman, Registrar, began a year ago to send out questionnaires and has been untiring in her work of completing our Alumnae file records. Miss Kathryn Hankins, Head of the Classical Department, gave one summer holiday and much time this year to the interesting task of compiling the book.

May we ask our readers to deal gently with our errors and to co-operate with us in our attempt to keep a permanent record of all Alumnae for a greater Lindenwood.

KATHRYN HANKINS.
