Alumnae Bulletin

ST. CHARLES, MISSOURI

1936

GREETINGS FROM THE PRESIDENT

The 1936 Lindenwood Alumnae Directory comes to you with the compliments of Lindenwood College and the best wishes of the Administration and Faculty. As President of Lindenwood, I am happy to give my personal greetings to our loyal Alumnae in the form of a new Directory.

It is my belief that in your own communities you have a zeal for educational advancement, a civic pride in your institutions, a sincere love for the better things of life, and thus you carry far and wide the Lindenwood spirit. You have my hearty co-operation for continued success.

Very sincerely yours,

John L. Roemer.

FOREWORD

The last Lindenwood Directory was published in 1927, Centennial year. Since then many new names have been added to our rolls, and the lost names of students before 1927 have been found. It is through the help of the Alumnae by means of such a publication as this, that we hope to get a complete and accurate record of every student, even in the cases where records are incomplete.

Due to the additional names, this is not to be a biographical account, or a Who's Who. Information is confined to the name, married name, permanent address, the years that the student attended Lindenwood College, and the certificates and degrees granted by Lindenwood. We are very grateful for all the material sent in regarding your advanced degrees, type of work in which you are engaged, etc. It is all valuable and has become a part of your permanent record in the Alumnae files. We have many occasions when it is necessary to refer to these cards.

During the long history of Lindenwood many changes have been made in the type of school and the kinds of diplomas and degrees given. We have followed the old catalogs giving to each girl exactly what was granted her. The list of graduates, therefore, includes those who graduated from the Seminary, the Academy, the Junior College, the Senior College, those who received Collegiate Course diplomas, certificates in various departments and the following degrees: B.L., B.A., B.M., M.A., M.M., A.A., A.B., B.S., and B.M. Only those who have been enrolled in the College for at least one complete semester are listed in the Directory.

If dates and addresses are missing, it is due to the fact that we do not have them. Any material which appears inaccurate or indefinite may be attributed to a lack of information or to a misinterpretation of the facts or handwriting. In a work of this sort which is made up largely of statistics, some mistakes and omissions are hardly to be avoided. Any correction of material or information will be most kindly received for our permanent record. It is hoped that anyone who has correct information

will co-operate with us by using the blank forms found at the close of the book.

We wish to express our hearty thanks to all of the alumnae who gave information about themselves and others and so enabled the College to carry out its purpose in publishing a Directory. We urge all of you who change your address to send in that change to us. We wish to thank our Registrar, Dorothy Gehlbach Ordelleide, for help in verifying records. Thanks are also due to Virginia Morsey, class of '39, for her painstaking stenographic work and assistance in keeping the files.

Very sincerely yours,

KATHRYN HANKINS,

Keeper of the Alumnae Records.
