## LOOK OUT ROCKETTES: THE LINDENWOOD DANCE SQUAD IS COMING

What is the Lindenwood Lions Dance Squad, you ask? Well, we are a squad of dancers who perform at the halftimes of Lindenwood home soccer and basketball games. But, we need your help in forming a Dance Squad.

Tryouts for the squad will be held on Saturday, September 6, 1986 at 9 a.m. (as in morning) in the Fine Arts Building Dance Studio. After all, we must get the blood flowing early in the morning for the Hawaiian Luau Saturday night. Don't worry, though, practices will *not* be held that early.

Once the squad is formed, we will practice one or two times a week with a performance at least once a week.

Now ladies, this is your *big* chance to be a part of the best Dance Squad the Lindenwood men have ever seen (and we all know how much those men like to watch the ladies dance)! So, come to the absolutely painless tryouts! We will be out by noon so you can go back to your room and take an afternoon nap or catch a few more rays.

If you have any questions, please leave your name and phone number in Susan Sagarra's post office box (Box #562) or call her at #227-9911 (St. Louis number).

See you on September 6.

## INTRAMURAL SOFTBALL

If you enjoy playing softball, sign up for an intramural softball team. We will begin play on Monday, Sept. 8. Games are at 5:30 p.m. each Monday through the month of September. For more information and to pick up your team roster, contact Marilyn Morris at ext. 222.

## LINDENWOOD CAMPUS DEMOCRATS

The Lindenwood Campus Democrats welcome you back to Lindenwood! Our group is open to all who are politically aware and interested in current topics. Please keep an eye out for signs for our first meeting.

## President's Welcome

To new and returning students, I extend a *cordial Lindenwood welcome!* The space between Commencement in the Spring and the beginning of the Fall semester provides a needed change of pace. But, I get lonesome for students. Our residence halls are quiet, the Dining Hall calm, and the summer visitors to our campus are not nearly as energetic as you who spend nine months beneath the magnificent trees that populate our campus.

And, speaking of trees, later in the Fall each student will have an opportunity to participate in Lindenwood's first *Ginkgo Day*. Although the college is named for the nearly one hundred linden trees that dot our campus, our three ginkgo trees occupy a special place in our campus life. You'll hear more about *Ginkgo Day* later. I just wanted you to be aware that *Ginkgo Day* is coming. Until it gets here, see if you can locate our ginkgos.

This school year I will once again host a Legacy Luncheon every Wednesday noon beginning September 17. Every full-time day student will receive a personal invitation the week preceding the Legacy Luncheon to which he or she is being invited. If you are unable to come on the date invited, please let my secretary, Judy Shanahan, know which Wednesday you are free to attend. I'll be asking Dr. Daniel Keck, our new Vice President for Academic Affairs/Dean of Faculty, to join me for these luncheons. He is anxious to meet each of you and I know you'll enjoy him. Again, welcome and have a good year.

James I. Spainhower  
President

## LSG WELCOME

Welcome back. I hope everyone's summer vacation went well. I, along with the LSG executive council, am very excited about the upcoming year. We have a full schedule of events planned for this semester and hope that everyone will get involved and enjoy it with us.

We have a variety of activities planned, ranging from a Hawaiian Luau to a trip to the Goldenrod Showboat to an intramural bowling league. Coming soon are things such as a pep rally for the soccer teams, a Jamacian party, intramural softball and improv comedians from the Funny Bone to name a few.

There is definitely a fun side to LSG, but more importantly, there is a serious side. For you, the student body, we are a voice. We are your voice to the administration, the food service, maintenance or anywhere you want your opinion voiced. We are here for you, so use us.

We have an office in the C.A.P. Center in Niccolls Hall. Please feel free to drop by anytime. We are always looking for new recruits, so if anyone thinks they might enjoy working with the Lindenwood Student Government, please let us know. We'd be happy to have you.

I wish everyone a successful, fun-filled year. Be sure to stick around and join in on all the activities that we have planned. Good luck this semester!

*Mark Hopper, LSG President*

## Joe's Corner Bar

Welcome to Lindenwood - Go Away!  
*With apologies to my mother, whom I never write.*

Dear Mom,

Hello from Lindenwood. It's been an interesting week here at college. But, I feel more secure now that my riot insurance is all paid. The policy covers all damages incurred providing that the damager has neither Pro-wrestling or football experience. I wonder if that counts semi-pro? I heard that's an up and coming thing in these parts.

By the way, I finally got here okay. After spending an hour with one of the best views of the Arch, I had to leave the bridge. (It's amazing how quickly you can get hooked on exhaust fumes while you wait for the Highway Patrol to clear the jackknifed tractor-trailer in front of you.)

Nevertheless, I did arrive at this 160-year-old institution with youthful vigor and a fresh attitude...until I got out of my car. Remember that nice young man who was my roommate last year? He's not no more. But, all isn't bad, the nice girl in the CAP Center gave me a free copy of the June St. Louis magazine. It made for a nice pillow when you crumble it up, since I forgot mine.

I'm living in this real neat building, it's a residence hall disguised as a dorm. (These people are really clever.) What's really exciting, though, is that I think it's haunted! Why, when Eric and I went to lift my carpet from the top of the stack in the storage room, some mysterious force had placed it beneath two mattresses, a box spring, three TV's, a bookshelf, and the entire National Geographic collection. The ol' rug had gathered some dust over the summer, so we draped it over the roof and beat it with a stick. It was so dirty we didn't know when to stop, so the wasp decided for us. They say the swelling should go down in a week or two.

I got to eat today. They found my nutrition request form buried underneath the maintenance request forms. And, that explained why those two gentlemen kept trying to spray "no parking" in orange paint on me while I slept. Lunch was good, I got seconds on the chicken fried briscuit.

Oh, before I forget, remember that bill we received August 15th? It has to be paid by August 8th. I found that sort of confusing, so I asked how a payment like that was possible. They said something about Illinois having a different time zone. Yet, that answer still needed some explanation, so I looked for someone

authoritative to help me, someone capable of devising and deciphering such a plan, a man who could put both Gramm and Rudman to shame, "a man," I thought to myself, "with a pipe!"

I searched the campus, and to my chagrin, I found the very image personified on the steps of Hopper Hall. He was a towering sight, with coal-black glasses and plaid pants to boot. But, I knew it was him when I saw THE PIPE. I showed him the bill, and explained to him how I had journeyed for many miles across the yellow-stained road to Linden Oz, and heard of his financial genius.

"Go Away!" his voice boomed, as fire spewed from his pipe.

"B-B-But, Sir," I trembled, "I'm afraid I'll lose my deposit without your help, and the computer will gobble up my classes, and they'll kick me out of the Young LaRouche's Club.

"Very well," the plaid man answered, "bring me the broom of the Wicked Mailman of the East St. Louis Border Patrol...with the postmarked proof of your bill." And, with a horrifying roar he brought his sledgepipe down on my head and I slumped to the ground.

I realized at this point, Mom, that all stories don't have a happy ending. But, I wasn't going to let THE PIPE beat me like a rug, so I turned on my VCR, pushed in my Lil' Rascals tape, and waited for Spanky to offer me some words of wisdom. Once again, that little rascal didn't fail me, he consoled me and tried to find me a date. He was so nice, it was hard to believe he was a Democrat.

I'm back in my room now, going over the budget for the upcoming year. I think solar panels on all the buildings could really save us some money, seeing that we're giving so much to buy medical supplies for our students. There must be an awful lot of cuts and bruises to justify all the alcohol we buy.

Take care, and tell Dad, the family, and everyone else east of the Mississippi I said hi.

Lindenly Yours,

Joe

P.S.

In my later years, if I start smoking a pipe, burn it.
