*Optional—18 hours per week required.

Remarks.

Explanatory

Lindenwood offers three distinct courses of study, the Regular or Seminary, the College Preparatory and the Classical Collegiate.

**Regular
or
Seminary**

The first is intended to meet the wants of those who are pursuing special work in any of the departments of piano, voice, art or elocution, and who have not the time to devote to the full requirements of a College curriculum. It is designed to give a fair education, and upon its completion a diploma, without degree, will be granted.

**College
Preparatory**

This course, as its name indicates, prepares for the most advanced colleges. It is outlined to permit the student to enter the Freshman class of State, and Washington Universities, Vassar, Wellesley, Smith and others of the higher institutions of learning. Arrangements will be made with such institutions as may be preferred by the student in this department which will admit her without examination, whenever such arrangement is consistent with the regulations of the institution named.

Collegiate

Believing that there is a demand in the west for a Ladies' College which shall afford advantages not inferior to those of the far east, we have outlined a full course of classical study.

It will be noticed that, while our requirements for admission are one year lower than those of some of the older institutions, the same amount of work is done. The fundamental studies are carried one year further in the Collegiate department. We prefer to do as much of the preparatory and academic work as is possible rather than to leave it to the schools of different grades throughout the country, knowing that upon the thoroughness of this work depends the success or failure of the student. We feel sure that this advance will meet the approval of the many people of this region who have daughters to educate and who are not willing to send them hundreds of miles from home for the necessary training.

Degree Upon the completion of the Collegiate course the degree of B. A. will be granted by the Board. The degree of M. A. will be conferred after three years of post-graduate study and the passing of examination given by the Faculty.

Requirements For Admission A testimonial as to moral character must be presented. A student desiring to enter any advanced class will be required to furnish a certificate from an approved school showing that the work of preceding classes (or its equivalent) has been done, or upon application, she will be given an examination in the studies she has completed.

Preparatory Department This department affords opportunity to less advanced pupils to make rapid and thorough preparation for admission to our higher classes. Much time is wasted in many schools in the study of branches not necessary to further work. Many bright pupils are held back by their association with others less gifted. We would urge parents, who hope to give their daughters thorough training in our College, to intrust their early preparation to our care. Each student will be advanced as rapidly as is consistent with good, accurate scholarship.

Special Students All departments are open to those who wish to pursue special studies.

When it is desired, a certificate of work actually done will be given by the President.

Satisfactory evidence of preparation necessary to the study of any special branch must be furnished by the student electing such branch.

Classical Language In connection with the text read, a careful study of the mythology, history, social and religious customs of the times is made. The student is, as far as possible, expected to inter into the spirit of the Classic Age. The lives of the writers are considered a part of the work required. In the Senior year the study of these languages is made optional, but, if taken, the pupil will be held responsible for thorough work in them.

**Modern
Languages**

French and German are taught by the latest and best methods. It is our purpose to teach the students not only to read and translate readily, but to speak and write correctly and fluently. Recitations are conducted in the language studied and tables in the dining room are provided at which no word of English is spoken. Special exercises in conversation are given during the entire course.

Mathematics

This course includes Arithmetic, Algebra, Higher Algebra, Plane and Solid Geometry, Plane and Spherical Trigonometry, Analytical Geometry, straight line, circle, conic sections, important transcendental curves and discussion of equations of second degree.

Much original work is required and accuracy of expression as well as thought is insisted upon throughout the course. The large purpose of the study, the development of the reasoning faculties, is never lost to view.

Science

A well equipped Chemical and Physical Laboratory enables us to do thorough work in this department. In Botany, an herbarium of fifty plants and the analyses of an hundred are required. In Chemistry and Physics the time is divided between class-room recitation and laboratory work. Students are expected to verify by their individual experiments the principles learned. Geology is taught both by text and by field work. The study of Astronomy is made especially interesting by the use of telescope and charts. Time determination and verifications of the text are made by the use of instruments.

Literature

This course includes a study of Ancient and Medieval literature during the first semester of the Freshman year; History of Modern Literature during the last half of that year. This is followed by a study of advanced Rhetoric during the Sophomore and a critical study and reading of classical authors during the Junior. Much outside reading is required and each class is provided with an outline of the work expected of it. This is largely determined by the needs of the individuals of the class. Much original writing is required and careful criticism of the essays, orations, etc., handed in, is made.

W. H. H. - 1915

LINDENWOOD COLLEGE.

History

Short histories of Greece, Rome, England and France, are taken up in the order named. The course is closed with a study of the history of civilization and the Philosophy of history.

**Mental and
Moral
Philosophies,
Ethics, Etc.**

These branches are taught by text and lecture. Much time is given to class room discussion of problems and questions. Students are encouraged to investigate their own experiences in order to verify the teachings of the text used.

**Evidences
and Bible**

Throughout the entire course a study of the Bible is required. No doctrinal or sectarian teaching is permitted. Dogmatism is carefully avoided and the study is as thoroughly systematized as is possible. The course closes with a text book study of the Evidences of Christianity supplemented by lectures.

This work, which we deem of the last importance, is in charge of Rev. J. G. Reaser, D. D., a recognized Bible scholar.

Department of Music.

Lindenwood offers unsurpassed advantages in the department of music. The teachers whom we advertise are our regular teachers, giving lessons to the pupils each week. We do not place on our faculty list the names of those who are merely visitors, coming to the school once or twice a year to conduct special exercises.

Our music rooms are provided with good practice pianos, and the work of practicing is under the direct care and supervision of one of the assistant teachers.

The course of study outlined is thorough and systematic. By omitting and inserting it is adapted to the particular wants of the individual student.

Director

George Clifford Vieh is the director of this department and has personal charge of the more advanced pupils.

Mr. Vieh's early training was received in St. Louis, under the best teachers that that city afforded. After studying there for twelve years and attaining to some recognition as a promising performer, he went to Europe to continue his work of preparation. Entering the Conservatory of Vienna, he studied with those who are recognized as the leaders of their profession in the old world. Remaining abroad three years, he graduated with the first honors, receiving the silver medal as a mark of and a reward for proficiency.

In the city of St. Louis he has been associated with the leading artists as a teacher. His successful experience there and with our department during the past two and a half years has proven the worth of his work as a teacher of the piano-forte.

Of his playing the following notices are taken from the best papers of the west:

Globe-Democrat

He is an artist in the truest sense.

Post-Dispatch

He stands in the front rank of St. Louis artists.

Music and Art Imagination, intelligence, sympathy, power and perseverance mark his discourse.

Mirror Mr. Vieh has a beautiful touch, ample technique and plays with intelligence and genuine feeling.

Republic He has a velvet touch, a most poetic conception of the author, and a smooth, rippling way of playing that gives great satisfaction.

**Assistant
Piano** Miss Grace Edith Crane, after a successful experience of several years as a teacher of piano in a neighboring college, has accepted a position with our department. Miss Crane's musical education was begun in the Chicago Musical College, where she studied piano with Dr. Ziegfeld and theory with Louis Falk. She then entered the American Conservatory for a more extended course with Victor Garwood, who for the past decade has been acknowledged as the foremost teacher of technique and interpretation in the west. Her theoretical studies were continued under P. C. Lutkin, the well-known composer, organist and musical director of North-western University. During the past two years under the direction of Mr. Adolph Weidig, composer and violinist, late of the Royal Conservatory of Munich, Miss Crane has devoted much attention to ensemble work, playing the Sonatas, Duos and Trios, for piano, violin and cello, by Beethoven, Brahms, Grieg and Schumann, including the famous Quintette by the last named composer. Her piano studies have embraced all the principal compositions of classic and modern masters. She has appeared in concert with marked success, and is a concert pianist of acknowledged power.

Voice Miss Dorothea Blaydes, our principal instructor in the department of Voice, pursued her early studies in Cincinnati in the College of Music. Developing unusual ability, she was encouraged to go to New York, where she placed herself under the tuition of Chas. B. Hawley, the well-known composer. To fit herself still more thoroughly for her work, she took a course of normal training under J. Harvey Wheeler, who has a national reputation as a teacher. Going thence to Paris, she studied under the best artists of Paris, including the master, M. Valdejo.

Miss Blaydes is an accomplished singer and a teacher whose work has proven of great value to the school. Her pupils unite in her praise.

**Violin
Department**

Victor Lichtenstein studied in St. Louis under the best masters there, and prior to his departure for Europe in 1894, was constantly engaged perfecting himself in the art of TEACHING.

In Leipzig, he studied under Hans Sitt, the foremost musician among the violinists of the present day, and became his assistant at the world famous Conservatory in Leipzig.

When Arthur Nikisch, former director of the Boston Symphony Orchestra, came to take charge of the celebrated Lewandhaus concerts, Mr. Lichtenstein was the *only* American chosen from the pupils of the Conservatory to play FIRST violin in the orchestra, a post he held during a series of 44 concerts.

In the winter of 1896 he went to Brussels, to make a thorough study of the Belgian School of Violin Playing, pursuing his studies under Marchot, Ysaye and Thomson, the last two, the greatest living violinists. Here he continued his orchestral experience as first violinist in the Ysaye and Dupont orchestras. He bears with him the most flattering testimonials from all his teachers and leaders.

Since his return to St. Louis he has devoted himself with a singleness of purpose to the development of a rational system of violin instruction, based on psychological principles, and has already formed some excellent players. He is *solo viola* in the Choral Symphony Society of St. Louis.

**Class
Recitals**

Class recitals will be given once a month. All pupils, piano, voice or violin, who have entered the second grade of the work outlined will be expected to take part.

In connection with these recitals, lessons in Musical history, readings on the lives of the famous composers and artists will be given.

Prizes

As an incentive to the best effort a scholarship prize of one year's tuition in music is given to the pupil making the most progress in the year's work.

Diploma

Upon completion of the course of study appended, the student will be granted a certificate of graduation.

COURSE OF STUDY.

PRIMARY.

GRADE I.

Piano

Studies, Beyer, Elementary Method.

INTERMEDIATE.

GRADE II.

Studies, Bertini, 12 Little Pieces and Preludes. Bertini, Op. 29 and 32. Duvernoy, Ecole du Mechanisme. Pieces by Lichner, Behr, Schmidt, etc.

GRADE III.

Studies, Czerny, School of Velocity. Heller, Art of Phrasing. Czerny, Art of Fingering, Op. 740. Cramer-Bülow, Bks. I and II. Octave Studies, Vogt, Czerny. Sonatas, Haydn, Mozart. Pieces—Mendelssohn, Schumann, Reinhold, Nevin, etc.

GRADE IV.

Studies, Cramer-Bülow, Bks. III and IV. Clementi-Taussig, Gradus ad Parnassum. Octave Studies, Löw, Wolf. Sonatas, Mozart, Beethoven. Bach, Two and Three Voice Inventions. Pieces—Chopin, Moszkowski, Schumann, Mendelssohn, etc.

GRADE V.

Studies, Köhler, Special Studies, Op. 112. Kessler, Op. 20. Octave Studies, Kullak. Bach, French Suites, Sonatas, Beethoven, Hummel. Concertos, Mozart, Hummel. Pieces by Raff, Rubinstein, Weber, Grieg, Chaminade, etc.

UNDER GRADUATE.

GRADE VI.

Studies, Mocheles, Op. 70 and 95. Chopin, Op. 10. Octave Studies, Kullak, Agghazzy. Bach, English Suites, Partitas. Sonatas, Beethoven, Hummel. Concertos, Hummel, Beethoven, Mendelssohn. Pieces—Scharwenka, Moszkowski, Reinhold, Rubinstein, etc.

GRADE VII.

Studies, Chopin, Op. 25. Paganini-Schumann, Caprices. Henselt, Op. 5. Bach, Partitas, Preludes and Fugues, Bk. I. Sonatas, Beethoven, Schumann. Concertos, Hiller, Beethoven, Mendelssohn. Pieces—Chopin, Schumann, Saint-Saëns, Schubert, etc.

POST GRADUATE.**GRADE VIII.**

Studies, Rubinstein, Op. 23. Paganini-Liszt, Caprices. Liszt, Etudes Transcendentes. Separate Concert Studies by Bendel, Liszt, etc. Fugues, Mendelssohn, Bach, Bk. II. Concertos, Chopin, Liszt, Schumann. Sonatas, Beethoven, Schuman, Chopin. Pieces—Brahms, Liszt, Mendelssohn, Godard, etc.

During the course scales and arpeggios in all forms, technical exercises, studies in rhythm, etc., will be taken. Obligatory secondary studies—One to two years of harmony, history of music, chorus practice. Free to pupils of the department.

NOTE.—The above course is adapted by insertion or omission at the discretion of the Director.

A certificate will be issued upon completion of the fifth grade, and diplomas after the seventh and eighth.

The conditions upon which they will be granted are faithful and efficient work in all the grades and obligatory secondary studies and satisfactory percentages in whatever examinations may be assigned.

Special pupils will be admitted to the classes in Theory and History of Music upon payment of the following rate.

Per term of ten lessons, - - - - - \$ 7.50

Certificates will be issued to them upon completion of the course.

GRADE I.**Voice Culture**

Placement of voice, attack of tone, proper breathing and free and easy production of tone. The old Italian method.

Elementary exercises, Sieber, Panofka, Scales.

GRADE II.

Arpeggi, scales, etc.

Vocalises by M. & S. Marchesi, Op. 2, 3, 15. Concone, Bk. I.

Songs illustrating the exercises.

GRADE III.

Exercises for execution. Legato and Staccato studies. Studies in style.

GRADE IV.

Masterpieces of vocalization, 4 Bks. Studies in execution, songs, arias, etc.

Obligatory secondary studies—One to two years of harmony, history of music, chorus practice, free to pupils of the department.—Diplomas issued upon completion of the course.

Violin Department.

Preparatory Course

TWO YEARS

GRADE I.

Position of body. Holding violin and bow. Correct tone production. Dancla's Paris Conservatory Method. Studies of Wohlfahrt, Dancla, Polonaski and Kayser. Violin Duets of Mazas, Pleyel and Dancla. Pieces by Carl Bohm, Papini, Weiss, Dancla, (Leopold) Ludwig, Mendelssohn, Harris, etc.

(Note.—The pupil must confine her work *entirely* to the first position in this grade.)

Intermediate Course

TWO YEARS

GRADES II, III.

The study of the first five positions. Scales and Broken Chords, in various rhythms and bowings, through two octaves. Development of bow-arm. De Beriot's Method, Part I (Positions). Studies by Dancla, Op. 68 and Op. 194; Wohlfahrt, Op. 45, II; Mazas, Op. 36, Bks. I and II. Duets of Mazas, Op. 38, 39, 61 and 70. Pieces by Singelee, Papini, Leonard, Danbé, Gabriel-Marié, Bohm, Alard and Sitt.

(Note.—Attendance on ensemble classes of trios and quartettes obligatory in this grade.)

Advanced Course

TWO YEARS

GRADES IV, V.

The Higher Positions. Scales and Broken Chords through three octaves. The easiest scales in octaves and thirds. Special bowings—Staccato, Tremolo, Spiccato, all in scientific development. Studies by Kreutzer, Fiorillo, Rovelli, Rode and De Beriot. Duets of Mazas, Op. 71, 72, 40. Papini, Op. 50. Pieces, Fantasies, Airs and Concertos by Viotti, Kreutzer, De Beriot, Alard, Leonard, Prume, David, Sitt, Spohr, Hauser, Papini, etc. The easier Sonatas of Beethoven and Mozart.

Post-Graduate

THREE YEARS

GRADES VI, VII, VIII.

Scales, Broken Chords, Diminished Sevenths, through three and four octaves. Scales in Octaves, Thirds, Sixths and Tenths. Glissando, in Single and Double Notes. Harmonics. Pizzicato. Development of Bowing. The Silent Scale. Studies by De Beriot, Alard, Gravinies, Prume, Leonard, Tartini, Dancla, David, Wieniawski, Vieuxtemps. Pieces, Concertos, Fantasies by De Beriot, Vieuxtemps, Alard, Leonard, Wieniawski, Spohr, Zarzycki, Tartini, Saint-Saens, Hubaz, Sarasate, Ries, Lipinski, Mendelssohn, Bruch, Tschaikowsky, Lubin, etc. Duets of Spohr, Prume, Sarasate, Alard and Molique. The Study of modern chamber music. Comparative study of the different schools of Violin Music. The Art of TEACHING.

(NOTE.—After a satisfactory completion of Grade III a certificate will be awarded to the student. At the close of Grades V and VIII a diploma will be issued. Attendance on Harmony, History and Chorus Classes obligatory. Free to pupils in this department.)

Department of Art.

Aims and Methods

It is the aim of the Department to thoroughly develop in its pupils the power of observation and technical execution; to train them not as copyists, but as original workers.

A thorough and correct knowledge of drawing is the very foundation of all art work, therefore special emphasis is laid upon the mastery of the rudiments.

A drawing class has been organized in which art students are required to spend one hour a week. This is free of charge except for material used. It is a valuable means of drill to hand and eye and creates an artistic appreciation which enables one to more intelligently enjoy nature and works of art.

Where any special talent is shown it is urged that it be trained in the regular daily course of instruction and drill.

Individual progress varies so greatly that but a partial outline can be given of the work expected from the students.

Preparatory Class

Free-hand Drawing in Charcoal and Crayon; Block forms and still life; casts of flowers and fruit; occasional studies in color.

Advanced

Drawing from antique; hand, feet, heads, torsos, and full lengths in plain and foreshortened positions.

Classes

Painting in oil and water colors from studies of still life, flowers, and fruit.

Sketching

As occasion justifies, pupils are given an opportunity to sketch from costumed model and landscape.

The study of Perspective is also a valuable aid to intelligent drawing and may be taken up if desired.

Decorative Art

A new kiln for the firing of china has been provided, thus offering every convenience for the very popular art of painting on china.

Special classes are organized toward the holidays to accommodate those wishing to make gifts for Christmas.

A public exhibition of the representative work of the year is given Commencement week. This enables students to realize the progress made and to judge of the comparative merit of their work.

Department of Elocution and Physical Culture.

Purpose The fundamental aim of this department is to enable pupils to discover the true and natural method of vocal expression, to develop the originality and personality of each student, and to inculcate a taste for the refined in literature.

The Regular Course

The regular course in elocution embraces two years' work, including both private and class lessons.

From time to time recitals are given in the College Hall, in which students are expected to take part, thus coming before the public.

The following outline contains the principles of instruction:

First Year

Text book: "Lessons in Vocal Expression." (S. S. Curry).

Constant drill to establish correct method of breathing.
Vocal drill for clearness, smoothness and purity of tone.
Pantomimic work leading to original gesture.
Harmonic gymnastics. Selections of different styles.

Second Year

Text book: "Imagination and Dramatic Instinct." (S. S. Curry).

Voice drill for fullness and flexibility of tone.
Study of dramatic situations.
Character study from Shakespere and other classics.
Harmonic gymnastics.

At the end of the second year each pupil will have a complete repertoire of readings of her own selection and adaptation.

In connection with the above instruction—in order that the work may have a firm foundation—the following studies are required:

History: Ancient, Medieval, Modern.
English Composition. Rhetoric.
Literature: English, two years; American, one year.
Psychology.

Upon completion of this course the College grants the regular diploma of this department.

Gymnasium

The Gymnasium (a room 30 x 90) is supplied with a complete apparatus for physical culture; chest-weights, dumb-bells, wands, clubs, flying and traveling rings, parallel bars, bowling alley, etc. It is under the charge of a competent teacher. Young ladies are expected to take exercise under her direction every day, for which there is no extra charge.

Miscellaneous.

Reports

A report of deportment and progress is furnished parents at the end of each semester, and oftener, if desired. Parents are requested to examine these reports and manifest in their correspondence an interest in the standing of their daughters. A complete record of scholarship and deportment is kept for the inspection of friends. The grades of each student for twelve years past can be furnished on demand.

Library and Reading Room

The Library was founded by the liberality of MRS. SIBLEY. Valuable additions have been made through the kindness of friends and by the proceeds of concerts given by the young ladies. It now contains about 2000 volumes of choice works of reference, history, literature and art.

The reading-room is well supplied with useful current literature, including weekly religious papers and the leading monthly magazines, and is opened daily for quiet reading.

Apparatus

The Laboratory is supplied with excellent apparatus for use in teaching the natural sciences.

Electric machines, air-pumps, and, in short, the many appliances necessary for the illustration of the principles of Physics, a well equipped work-room for the experimental study of Chemistry, anatomical models and charts, cabinets of minerals and geological specimens, microscopes, telescopes, etc., etc., render the investigation of the several branches of this department very practical and interesting.

Religious Culture

To afford the best advantages of thorough education, under a decided Christian influence, was the high design of the founders of this College. This aim is kept constantly in view. The Bible is studied throughout the entire course. The members of the college family unite in daily worship. Every effort is made to impart religious knowledge, to quicken conscience, to inspire with

a sense of duty and to awaken a love of true excellence. Every student is expected to attend public worship on Sabbath morning with the President and family, unless permission is given to attend church of other denominations.

**Social
Customs and
Manners**

A regular course of lectures upon the requirements of modern etiquette is made a part of school work.

No effort is spared to give to the young ladies that social culture which is so necessary in this age and without which an education is not complete.

All corrections of the manners of the pupils are privately made, so that their proper pride is not wounded or their self-respect injured.

Great care is taken that teachers shall be selected whose conduct is an incentive to the students under their charge.

**Lectures and
Entertain-
ments**

Eminent speakers are secured from time to time to lecture in the College Assembly Room.

Musical and Elocutionary Recitals are given by the best artists of the country.

We consider it very necessary that students should hear those prominent in their respective professions and thus learn what the world judges to be the best. By no other means may a real standard or measure be obtained so easily and surely.

**Special
Excursions**

The President takes the young ladies on special excursions to St. Louis.

The Exposition, the art galleries, the great libraries, Shaw's Botanical Garden and other places of interest and instruction are visited. These trips are intended to be of educational value and are considered a feature of our work.

The members of our musical department are permitted to attend, in charge of a teacher, the best concerts of the season that are given in St. Louis.

When it is remembered that the most celebrated men and women of the world are to be heard, the peculiar advantages that Lindenwood offers will be appreciated. No time is taken from school duties, as the many trains and electric cars enable us to come and go at all hours.

Amusements

While never permitting pleasure to interfere with social duties, we yet believe that amusements are necessary for all young people. Exercise for the sake of exercise is usually a failure. Only when the element of real enjoyment enters into it, does it succeed in its object of recreating and invigorating.

A basket ball grounds will be placed at the disposal of the students, and they will be encouraged to spend a few minutes now and then in this most health-creating game.

A tennis court affords opportunity for recreation to those who cannot take part in the more vigorous work of basket ball.

Our holidays will frequently be spent in fishing excursions, nutting picnics or similar enjoyments.

We feel sure that students accomplish much more after an entire freedom from mental work and care. We esteem it a pleasure to give them this freedom on the day set apart for it.

Government

The government is firm and kind. Such regulations as are absolutely necessary to the welfare of the students themselves are made and enforced. Constant courtesy is extended by the faculty and is required of the pupils. Any method of government which fails to develop the power of self-government is considered unsuited to the purpose of education. Our location permits a large degree of liberty to our students.

Any abuse of privileges granted causes their withdrawal until the student shall have proven herself worthy of them.

This system affords an incentive to the development of independent character and fosters a proper pride in right conduct.

**Suggestions
to Parents**

(1) Each young lady should be provided with the following articles:

BOOKS—Bible and Dictionary.

CLOTHING—Waterproof and overshoes.

ROOM SUPPLIES—One pair sheets, pillow cases (21 x 30 inches). One blanket and towels. Teaspoon and fork.

MISCELLANEOUS—Umbrella, napkin-ring and napkins.

Every article must be distinctly marked with owner's name.

Parents are requested to furnish us a list of approved correspondents. Without this we assume no responsibility or oversight.

Any young man personally unknown to the President must present letters of introduction from the parents before he is permitted to call upon any young lady under our care.

No permission to be away from the college over night will be given, unless written request is sent directly to the President by the parents.

Buildings

The buildings were erected expressly for the institution. In 1881 the Trustees provided a beautiful and convenient addition, with all modern improvements, at a cost of about \$14,000. A similar wing containing a beautiful Assembly Hall, large Art Room, etc., was built in 1887.

We have no hesitation in saying that the college has one of the best and most thoroughly furnished plants for the purpose in the West.

Heating

The rooms are heated by steam furnished by two large boilers. Each room has a radiator whose heating surface is much greater than the size of the room would require. This renders possible an even temperature that is very desirable. Notwithstanding the unusual mildness of the past winter, we were able to keep the buildings perfectly comfortable and to avoid that over-heating which is so productive of colds.

Hot and Cold Water

The six bath-rooms are provided with hot and cold water and are situated at such parts of the building as are most convenient to the dormitory rooms.

These bath rooms are furnished with the latest improved sanitary conveniences and are connected with a sewerage that is absolutely safe, having a fall of some fifty feet in three hundred.

Lighting

During the past year an entire new system of electric lighting has been put into the building. Under the rules of the Board of Underwriters, it has been safe-guarded in every way, and while furnishing the best light for studying purposes, it reduces the danger of fire to almost nothing. Thoroughly insulated wires are used and protected with porcelain tubes wherever they pass through a partition. We do not hesitate to assert the advantage of this method, approved by the insurance companies of the country over any of the former methods.

Fire Protection

Every possible care has been taken to avoid the danger of fire. Parents should consider, in selecting a school where their children are to remain a large part of the year, whether proper means are adopted to guard against danger or to save the inmates of the buildings in case of a sudden alarm.

Our cooking range is placed upon a foundation of brick. Our laundry is in a separate building several yards removed from the main buildings. Our boilers are also outside of and away from the sleeping apartments. As mentioned above, our system of lighting is as perfect as care can make it.

A SUITE OF ROOMS.

Hand fire extinguishers are hung at convenient places in the halls, and hose connections are possible in bath rooms on every floor.

Three stairways furnish escape from the third floor, and two large and widely separated stairways lead from the second floor to the first. We invite comparison with other institutions and urge parents to inquire into this matter of fire protection.

Location

Twenty-three miles from St. Louis, on the Wabash and Missouri, Kansas and Texas Railways, Lindenwood is retired, free from all the excitements and interruptions of the city, yet of easy access. On the high ground back from St. Charles, its situation is as healthful and beautiful as any in the West. Indeed, more inspiring and charming scenery cannot be found in any locality.

Comprising twenty-nine acres of land, gardens, groves and orchards, the grounds afford every facility for recreation and exercise, while their beauty must exert a refining influence upon the taste.

**Historical
Sketch**

Lindenwood had its origin in 1830. Its founders were Major George C. and Mary Easton Sibley, who, impressed with the importance of a Christian education, established in a log cabin erected for the purpose, a school for young ladies. Many of the first families of St. Louis were among its patrons. In 1853, Lindenwood College was incorporated by the Legislature. Major Sibley and his wife, becoming so deeply interested in Christian education, desired that the beautiful site should be consecrated to that object, and on the 4th of July, 1856, executed a deed to one hundred and twenty acres.

On the same day the corner-stone of what is now the center building was laid. Toward its erection, Judge S. S. Watson contributed \$5000, and until the day of his death (June 5th, 1878), was its most liberal supporter and President of its Board of Trustees. At his death he left the College valuable property, the income of which is applied to the aid of worthy pupils. Mrs. Watson, who always seconded her generous husband in all his good works, alone, of all the founders, remains to see the fruits of their labors.

New friends have come to its help, by whose generous aid Lindenwood is realizing the hopes and prayers of its founders. The liberality of these friends has given

the College a new impulse. With increased facilities, with a competent corps of teachers, and with a revised and extended course of study, Lindenwood offers special attractions to young ladies who sincerely desire an education.

The College was under the care of the Presbytery of St. Louis from 1853 to 1870, when it was placed under the care of the Synod of Missouri. From 1871 to 1876, Rev. J. H. Nixon, D. D., was President. From 1876 to 1880, Miss Mary E. Jewell (now Mrs. A. S. Mermod), occupied the President's chair. Rev. Robert Irwin, D. D., entered upon a most successful administration in 1880 and remained in charge until his death, April 16th, 1893. Rev. W. S. Knight, D. D., was called to succeed him and fulfilled the duties of the President until resigning to re-enter the pastorate in November, 1897.

The Board then elected M. H. Reaser, Ph. D., to the Chair, and the institution is now under his care.

•

Endowment

While not claiming the wealth of some of the large Colleges of the East, we desire to have it known that Lindenwood has been generously remembered by its friends. It has a producing endowment of about \$25,000, the interest of which is used for the benefit of the school. The Watson Fund of \$12,000 mentioned elsewhere, enables us to aid worthy students who need financial help.

Expenses for Collegiate Year.

From Sept. 18th, 1901, to June 4th, 1902.

A liberal discount given to those engaging rooms by Sept. 1st.

For Board, Tuition (in all English Branches, Latin, German, French, Chorus class, Elocution class, Drawing class and Physical Culture), neatly furnished room, heat, lights, use of library, one dozen plain washing per week (not including dresses and skirts), according to location of room - - - - - \$235 00 to \$290 00
 Day Pupils, Academic or Collegiate, - - - 55 00
 Special rates granted to Ministers on application.

Optional Branches

Instrumental music, two lessons per week, with the daily use of piano, - - - \$60 00 to \$ 75 00
 Vocal, - - - - - 60 00 to 75 00
 Violin, Guitar and Mandolin, - - - - - 75 00
 Art, including painting in oil, water colors, pastel, crayon, etc., eight periods per week, - - 50 00
 Private elocution, - - - - - 50 00
 Graduating fee, for Diploma, - - - - - 10 00
 Laboratory fee, - - - - - 5 00

No extra charge for remaining at the College during the holidays.

Payments

Unless special written contracts are entered into, all tuition is due in two payments, one-half on entrance and balance in January.

Bills for extra expenses are due when presented.

No deduction is made for absence during first four weeks or last six weeks of the session. In case of withdrawal on account of sickness, a certificate is granted which entitles the holder to tuition during the next year of a period equal to the time lost. Reductions are made in case of two students entering from the same family. Clergymen of all denominations are granted liberal special rates.

Prizes

Medal—Latin.
 Medal—French and German.
 Scholarship—Piano.
 Scholarship—Voice.

Louisiana World's Fair.

We would call the attention of students, who expect to remain in school two or more years, to the exceptional opportunities offered by Lindenwood's nearness to St. Louis. The World's Fair to be held in that city on the anniversary of the purchase of the Louisiana territory is an assured fact. Within 12 or 14 miles of the grounds, with steam and electric lines of railroad running to the gates, we will be able to offer unusual advantages.

Opening early, we will devote some three weeks of the school years 1902-1903, 1903-1904 to a careful visiting of the Fair, considering it of inestimable educational value.

LINDENWOOD PARLOR.

Alumnae Association.

The object of this Association is to promote the interests of the institution, to cherish the memories of College life, and cement and perpetuate friendships formed there.

A beginning has also been made in securing the Nixon-Irwin Scholarship Fund, which it is hoped will be permanently sustained by the Association.

Officers

MISS SOPHIE ROTH, PRESIDENT, - - - St. Louis.
MISS MAYME E. BRUCE, VICE-PRESIDENT, 2319
Scott Ave., - - - - - St. Louis.
MISS IDA B. McLAGAN, RECORDING SECRETARY, St. Louis.
MISS ALMA STUMBERG, CORRESPONDING SEC-
RETARY, - - - - - St. Charles
MISS ANNA B. MILLER, TREASURER, 1615 S.
Grand Ave., - - - - - St. Louis.

Form of Bequest

The College is incorporated by the Legislature of Missouri, under the legal title of "LINDENWOOD FEMALE COLLEGE, ST. CHARLES, MO."

Application

For admission, and all letters of inquiry, or on business relating to the College, should be addressed: M. H. REASER, PH. D., ST. CHARLES, MO.

Saturday Excursions.

OPENING PICNIC,	- - - - -	Elm Point.

Alumnae.

Embracing the Graduates since the reorganization in 1870. The President requests the Alumnae to send information in regard to change of name, address, etc. Information concerning the classes previous to 1870 will be thankfully received.

1869.

MRS. BETTY ALDERSON WATKINS,
Essex, Texas.
MRS. ANNA ELGIN RHODES,
Denver, Colorado.

*MARY POURIE,
St. Charles.

1872.

IRENE McELHINNY,
Clayton.

1873.

MRS. STELLA HONEY GALE,
3445 Pine St., St. Louis.

MRS. LOUISE KEITH AMBLER,
4040 McPherson Ave., St. Louis.

1874.

MRS. HATTIE CHEVALIER COEKE,
Clarksburg, W. Va.

MRS. ANNIE POAGE CRAMER,
Monte Vista, Col.

1875.

MRS. CLARA CHRISTY MELLOR,
5665 Cates Ave., St. Louis.

SARAH LINDSAY,
St. Charles.

*MRS. HATTIE FULTON SQUIER,
Muskogee, Indian Territory.

MRS. JEMIMA LOURAINÉ VAUGHN,
St. Charles.

MRS. E. McELHINNEY BREWSTER,
Clayton.

1876.

MRS. JULIA ADAMS FISH,
Montgomery City.

MRS. JENNIE MARTIN RUSSELL,
Jacksonville, Ill.

GUSSIE ARMSTRONG,
Kirkwood.

MRS. JENNIE MINOR CLARK,
Keokuk, Iowa.

MRS. NELLIE DRURY HARDY,
Waterloo, Ill.

MRS. MARY MENOWN POWERS,
4205 Cook Ave., St. Louis.

MRS. MADGE FIELDING MARTIN,
Fort Worth, Texas.

IDA B. McLAGAN,
St. Louis.

MRS. ELENOR GRAHAM STEVENS,
Carthage.

MARY W. KEITH,
4040 McPherson Ave., St. Louis.
