HISTORICAL SKETCH.

Lindenwood had its origin in 1830. Its founders were Major George C. and Mary Easton Sibley, who, impressed with the importance of a Christian education, established, in a log cabin erected for the purpose, a school for young ladies. Many of the first families of St. Louis were among its patrons. The Lord answered the prayers of its founders, and blessed the school with His presence. Additions were made to the log cabin; new teachers were added to the working force, and the power of the school felt in adjacent communities. In 1853 Lindenwood College was incorporated by the Legislature. Major Sibley and his wife, becoming so deeply interested in Christian education, desired that the beautiful site should be consecrated to that object, and on the 4th of July, 1856, executed a deed to one hundred and twenty acres. It was not the superfluity of their wealth, but their all, given in simple faith and for the glory of the Lord.

On the same day the corner-stone of the present large and commodious edifice was laid. Toward its erection Judge S. S. Watson contributed \$5,000, and until the day of his death (June 5th, 1878) was its most liberal supporter and President of its Board of Trustees. At his death he left the College property valued at \$11,000, the proceeds of which are applied to the aid of worthy indigent pupils. Mrs. Watson, who always seconded her generous husband in all his good works, alone of all the founders, remains to see the fruits of their labors and to aid in the enlargement of the Institution.

New friends have come to its help, by whose generous aid Lindenwood may yet realize the hopes and prayers of its founders. The liberality of Messrs. C. S. Greeley, George S. Drake, James Richardson, Stephen Ridgeley, S. M. Dodd, John R. Lionberger, Daniel Catlin, Mrs. McKee, and others, has given the College a new impulse.

With increased facilities, with a competent corps of teachers, and with a revised and extended course of study, such as the age demands, Lindenwood offers special attractions to young ladies who sincerely desire an education.

The College was under the care of the Presbytery of St. Louis from 1853 to 1870, when it was placed under the care of the Synod of Missouri. It is believed that Lindenwood now offers superior advantages for complete womanly culture.

ITS LOCATION,

Only twenty miles from St. Louis, on the Wabash, St. Louis & Pacific Railway, is retired, free from all the excitement and interruptions of the city, yet of easy access. On the high ground back from St. Charles, its situation is as healthful and beautiful as any in the West. Indeed, more inspiring and charming scenery cannot be found in any locality. It has particular fascination to young ladies from the city, to whom the country opens a new life.

THE GROUNDS,

Comprising twenty-nine acres of land, garden, groves and orchards, afford every facility for recreation and exercise, while their beauty must exercise a refining influence upon the taste.

THE COLLEGE BUILDINGS

Were erected expressly for the institution. Recently the Trustees erected a beautiful and convenient addition, with all modern improvements, at a cost of about \$14,000. The building, heated by steam, affords ample accommodations for seventy-five pupils.

The completion of the City Water-works affords us ample supply of excellent water, not only for household purposes, baths, etc., but protection against fire. Telephone connection is established with St. Louis.

During the year the demand for rooms far exceeded the capacity of our spacious building. Arrangements will soon be completed for the erection of another wing for Art and Music Halls.

We have no hesitancy in saying that we have one of the best and most thoroughly furnished buildings for the purpose in the West.

Neither pains nor expense will be spared to increase the facilities for education, and add to the comforts of a well-appointed home.

The Boarding Department will continue under efficient management, and the table will be served with an abundance of wholesome food, including fresh fruits and vegetables from the College grounds.

The Recitation Hall, erected by the late John G. Copelin, Esq., in 1871, is spacious and convenient. Ample and needful improvements will be added from time to time.

THE FACULTY

Consists of teachers of acknowledged ability and success in their several departments. The President, in addition to personal attention to the details of the College affairs, devotes several hours daily to the instruction of classes, and conducts the religious services. The Faculty meets at stated times for consultation.

Each teacher feels a personal responsibility in the moral, as well as the intellectual, improvement of the pupil.

THE COURSE OF STUDY.

Pupils will be received at any stage of their course, and graded according to actual attainments. The best preparation for rapid and satisfactory progress is a thorough knowledge of elementary studies. Orthography, Reading, Penmanship and Composition are required of all throughout the course.

Mental Philosophy (Haven).	Butler's Analogy.
Chemistry (Youman's).	Geology (Dana).
Political Economy (Chapin's).	Christian Ethics (Gregory).
Review of Special Studies.	Preparation for Graduation.

BIBLE STUDY.

The Bible constitutes the chief text-book of the College, in accordance with plans and wishes of its founders and benefactors. The President conducts the Bible studies at the family prayers, at the Chapel, and on the Sabbath.

The International Sabbath-school lessons are studied every Wednesday evening.

Evidences of Christianity are to be studied by the entire school, in the form of lectures by the President. Upon these lectures each pupil will be graded.

THE COLLEGIATE COURSE

Is divided into Classical and Scientific, the only difference being the omission of the Latin from the latter. French or German may be substituted for Latin in the regular course. The course of study prescribed will give such thorough mental culture as will qualify its possessor for the higher grades of teaching, as well as for any place in cultivated society to which he may be called. The College Diploma will be given only to those who have faithfully completed the above course. Students not desiring to graduate will be accommodated in the choice of studies as far as possible, though it is earnestly recommended that the regular course be followed in every possible case.

TERMS OF ADMISSION.

We receive no pupils who cannot bring recommendations as to correctness of character, habits and intentions. The requirements of the College, while simple and few, are based upon common sense and experience, and are absolutely essential to the maintenance of order, health, womanly development and the highest scholarly advantage. Therefore, implicit obedience is expected of every pupil.

Good health, good moral character, intellectual ability, a willingness to comply with needful and healthful regulations, and a

sincere desire to become thorough students, are the essential requisites for admission. No pupil under fourteen years of age will be received, except in rare instances. In such cases references as to character and maturity must be unexceptionable.

WRITTEN EXAMINATIONS.

All monthly and semi-annual reviews will be written. No pupil will be permitted to enter a higher class until her written answers equal three-fourths the value of the questions given by the teacher or the Examining Committee appointed by the Synod,

SCHOLARSHIP PRIZES.

THE BIBLE PRIZE—By the President of the College, to the best Bible scholar, a handsome Oxford Bible.

THE SPELLING PRIZE—By the President of the Board of Trustees, "Webster's Unabridged," to the best speller.

ELOCUTION PRIZE—To the best reader, \$10.

ESSAY PRIZE—For the best Junior essay, \$10.

WRITING PRIZE—Most marked improvement, \$10.

ORIGINAL DRAWING AND PAINTING PRIZES—\$10 each.

These prizes are offered by Hon. James Richardson, of St. Louis, who, in addition, *offers to pay the expenses of the Senior year of any member of the Junior class who shall make the highest per cent. in scholarship; or, in other words, generously gives \$260 for the best Junior scholarship.*

THIS IS THE FIRST FELLOWSHIP PRIZE ESTABLISHED WEST OF THE MISSISSIPPI RIVER.

The prizes will be awarded at the commencement in 1884-5.

LECTURES.

A course of popular lectures on the Bible, Literature, Art, Science, Ethics, etc., will be delivered during the year by the gentlemen whose names appear on a previous page. The lectures during past years have been a source of instruction and pleasure to the pupils and citizens of St. Charles.

READING-HOUR.

In addition to the time spent in study, one hour daily is set apart, during which one of the lady teachers reads aloud to the

young ladies while engaged in sewing or fancy work. The effect of this, in increasing knowledge, cultivating a love for good and wholesome books, and stimulating to fine needle-work, has been so marked as to lead us to make it a regular exercise.

HEALTH.

In the prosecution of our prescribed course of study, good health is of the highest importance. The location of the College, while beautiful, is, beyond all question, healthful, being upon a high altitude between and overlooking the two great rivers—the Mississippi and Missouri.

The regular, systematic habits and the careful sanitary regulations of the College insure the good health of the pupils. A disregard of the essential laws of health results in enfeebled constitutions. School-girls are proverbial for their careless neglect of health, their fondness for confectionery, sweetmeats, etc., and their eating at irregular hours.

Parents are not without blame in the formation and encouragement of such injurious habits. It is a mistaken kindness upon the part of parents and friends to send boxes of eatables to the pupil. We know from experience its injurious effects upon the health of pupils. Therefore, we must insist that hereafter express packages *containing eatables other than fresh fruits will not be received at the College.* We suggest to parents that their kindness take a form less harmful to the pupil—for example, the purchase of standard works of history and poetry.

The health of the pupils will receive the special attention of experienced nurses. Daily outdoor exercise will be required. Competent physicians will be promptly called when needed. We have secured the services of Miss Mary H. McLean, M. D., of St. Louis—a graduate not only of this College, but of the Medical Department of the University of Michigan—who will lecture weekly upon Physiology and Hygiene, and be the medical adviser of the young ladies. She is a thoroughly competent Christian teacher and lady physician.

DEPARTMENT OF MUSIC.

INSTRUMENTAL.

This department will continue under the direction of Prof. E. H. Wolf, a student of the Conservatory of Munich, whose abilities as both teacher and composer are of a high order. His success during the ten years in which he has had charge of this department has been eminently satisfactory. He will be assisted by Miss Olla I. Barnett.

Pupils completing the following regular course of instruction will receive a Music Diploma :

INSTRUMENTAL COURSE.

FIRST YEAR.—Part I. First studies by *Koehler* ; emeralds by *Krug*, and little gems selected from the works of the *best masters*. Part II. *Duvernoy's* école du mechanism ; sonatas by *Lichner, Clementi, Kuhlman, etc.*

SECOND YEAR.—*Ozerny's* school of velocity ; grand exercise of the scales and arpeggios ; selections from *Lange, Jungman, Oesten, Heller, Schuman, Hummel, Haydn, Mozart* and others.

THIRD YEAR.—*Ozerny's* grand finishing studies ; *Heller's* art of phrasing ; sonatas by *Haydn* and *Mozart* ; recreations containing compositions by *Ketterer, S. Smith, Leybach, Spindler, Voss, Bendel, Kuhe* and others ; *Mendelssohn's* songs without words.

FOURTH YEAR.—Studies by *Cramer-Buelow, Loeschhorn*, op. 66, and *Kalkbrenner*, op. 143 ; sonatas by *Beethoven* ; recreations containing pieces by *Wollenhaupt, Thalberg, Weber, Schubert, Heller, Schuman, Raff, Faell, Henselt, Liszt, Rubinstein, Chopin* and others.

Each pupil will be examined and ranked in the proper class.

Besides competent instruction, diligent practice is necessary to any satisfactory progress in music, and this our arrangements secure. A "Soiree Musicale" will be held once a month in College Parlor, in which all music pupils will be expected to take part.

Prof. Wolf will deliver lectures, at suitable times, upon the history and harmony of music. He has generously offered, for the coming year, the following prizes to the four best performers :

1. Beethoven's Sonatas, two volumes, elegantly bound.
2. Mozart's Sonatas, two volumes, " "
3. Haydn's Sonatas, two volumes, " "
4. Mendelssohn's Songs, with words, one volume, elegantly bound.

To the pupil having best report throughout the entire year, Chopin's Polonaises, elegantly bound.

VOCAL

Vocalization is made a specialty, under the direction of Mrs. Mattie I. Hardey—so popularly known in St. Louis. Her success as a teacher, as well as a beautiful singer, warrants us in saying

that no better advantages can be offered those desiring voice-culture. The results of her work in the College for the past four years have been, in the highest degree, satisfactory.

ART DEPARTMENT.

In no department of the College has there been more rapid and satisfactory improvement than in the Art Department. Our ambition has been to make it thorough, broad and truly artistic. Each year has marked decided improvement in style and quality of work. Pupils are taught that Art is not simply a pastime of blending colors and copying pretty pictures, but an exalted study. Natural objects are studied. Stated times will be set apart for out-door sketching from nature, as soon as pupils are capable of doing such work. Work from still-life studies, casts, etc., are required. Pupils are inspired to be creators, rather than copyists.

We are profoundly grateful to Mr. Daniel Catlin, of St. Louis, who has generously furnished means to supply a full outfit of casts, etc., for this department.

We also congratulate ourselves in having the services of Miss C. L. Knapp, for several years in charge of the Art Department in Packer Collegiate Institute, Brooklyn, N. Y.

She brings large experience and intense devotion in her work. The work of her pupils during the past year has justly merited the praise of competent critics.

The plan of the department is to supply a complete and practical training in the elementary subjects of drawing and painting.

Individual instruction is given, and special attention paid to individual development, in order to encourage and train any originality the pupil may possess.

OUTLINE OF STUDY.

DRAWING IN CRAYON AND CHARCOAL.

1. From objects.
2. From groups of objects.
3. From geometrical figures.
4. From groups of figures.
5. From casts of leaves, fruits and flowers.
6. From the antique—hands, feet, features, masks, busts, torsoes, and full-length figures.
7. From life models.

PAINTING IN OILS AND WATER-COLORS.

1. Flowers, fruit and still-life.
2. Painting on porcelain.
3. Painting under the glaze.
4. Decorative painting.

INDUSTRIAL DRAWING.

1. Model drawing in outline.
2. Model drawing in chalk.
3. Model drawing, stumped.
4. Outline drawing of ornament from cast.
5. Outline drawing of foliage from nature.
6. An original design to fill a geometric form, from a plant.
7. Design for wall-paper.
8. Design for carpet or oil-cloth.
9. Design for book-cover, etc.
10. Dictation and blackboard drawing.

SEWING AND EMBROIDERY DEPARTMENT.

Many young ladies, while faithful in other departments, need systematic drilling and teaching in the plainest styles of sewing.

We have placed Miss Mitchell in charge of this department, because of her excellent qualifications for such work. The teaching will be systematic and practical. For plain sewing, cutting and fitting, there will be *no extra charges*; but for embroidery, should any desire to take lessons, there will be a reasonable charge. This course of instruction will be optional only to the Juniors and Seniors.

THE LIBRARY.

The Library was founded by the liberality of Mrs. Sibley. Valuable additions have been made through the kindness of friends, and by the proceeds of concerts given by the young ladies. It now contains about 2,000 volumes of choice works of reference, history, literature and art, among them the *Encyclopaedia Britannica*, the *American Encyclopedia*, etc.

The reading-room is well supplied with useful current literature, including weekly religious papers.

In March a book reception was held, at which an interesting programme of musical and literary selections was rendered, and our friends left their gifts of books, which added greatly to the variety and value of the Library. A list will be found in this Catalogue, pages 33-35.

APPARATUS.

Through the generosity of Mrs. Eliza McKee, of St. Louis, we are provided with valuable apparatus for the Natural Sciences.

In addition to the ample appliances for physics, consisting of the most approved electric machines, etc., we have a full set of the German Anatomical Models, for the study of anatomy and physiology.

Every effort will be made to increase the interest in these essential studies, by the introduction of all modern appliances.

GOVERNMENT.

The President and family, with the lady teachers, reside within the College and preside at the tables in the dining-hall. All boarding pupils are under their immediate direction as to hours, habits of study, exercise, rest, recreation, manners, etc. Regular hours are prescribed for these duties, and all pupils are put upon their honor for their faithful observance. No restrictions are imposed which are not necessary for the best good of all, regarded as one family. Pupils are treated as young ladies, and expected to treat one another and their teachers with constant courtesy. Failure in duty is met with kindness, and forbearance is exercised and encouragement given, as long as we can cherish the hope of improvement. When that fails, we write to parents, asking them to remove their daughters. No pupil who persists in disobedience or disrespect, or even neglect of duty, after a fair trial, so that she is gaining no good herself and is hindering others, will be permitted to remain in the College. Public, disgraceful expulsion will, of course, be visited only upon those guilty of some open offense, but a quiet withdrawal from among us will be insisted upon whenever a pupil's presence impairs the general good. Lindenwood is not a *reform* school. Under no circumstances will we receive young ladies simply because they are ungovernable and vicious at home. A monthly report of deportment and progress will be made, and we hope parents will notice these reports and manifest in their correspondence an interest in the standing of their daughters. A complete and permanent record of scholarship and deportment is kept for the inspection of friends.

RELIGIOUS CULTURE.

To secure the best advantages of thorough education, under a decided Christian influence, was the high design of the founders of this College. This aim is kept steadily in view. The Bible is studied through the entire course. The entire College family unites in daily worship. Every effort is made to impart religious knowledge, to quicken conscience, to inspire with a sense of duty, and to awaken a love of true excellence. Every student is expected to attend public worship on Sabbath morning with the President and family. Sabbath afternoon is sacredly given the young ladies for rest and reading in their rooms. Religious services are held in the College every Sabbath evening.

During the year the special blessing of God rested upon the pupils, many of whom were led to accept Christ as a personal Savior. While under the care of the Presbyterian Church, Lindenwood is in no sense sectarian. All denominations are represented.

SPECIAL EXCURSIONS.

With the consent of parents, the President will take the young ladies on special excursions to St. Louis, to visit art-galleries, libraries, Shaw's Botanical Gardens, and other places of instruction, and also to occasional concerts of rare merit.

This will be done not for pleasure alone, but as an educating influence. In no case will young ladies go unaccompanied.

SUGGESTIONS TO PARENTS.

1. Do not send your daughter unless you wish her to be under our *entire* direction while a member of the College, but state by letter to Mrs. Irwin any peculiarities of health or disposition, etc., which, in your judgment, should be considered in assigning her position in the College. Every expressed wish of parents will be met, so far as it may be consistent with the general good. Our success will depend largely upon the confidence and co-operation of parents. *If these are denied us, we do not wish your daughters.*

2. *Outfit.*—This is not a *fashionable* school, though we do aim to inculcate true refinement of mind and manners. Dress should be simple; uniformity is not needful nor wise. School is no place for the display of jewelry and fine dresses. Parents will act wisely if these are left at home, for time and thought are needed for studies. The wardrobe should be prepared as completely as possible before entering college, so as to demand no time for sewing during school-term. Young ladies should be provided with waterproof (or heavy shawl), overshoes, umbrella, towels, napkins and napkin-ring, teaspoon and fork, one pair of sheets and pillow-cases, and one blanket; and *every article must be distinctly marked with the owner's name.*

3. *Correspondence.*—We will assume no responsibility for this. Young ladies will be required to give their word of honor not to correspond with any one without the consent of their parents, and this will be our sole restriction. But parents are earnestly requested not to permit much correspondence, as it takes time from regular duties.

4. *Visiting.*—The young ladies will not be permitted to receive calls from gentlemen, except by *special permission from parents*, and then only on Saturday. The visits of parents and relatives will be cordially welcomed on any Saturday, as no regular school duty will be interrupted on that day. Visits on Sabbath not permitted.

5. Leave of absence will be given, when desired, from Friday to Monday, once in two months, to pupils residing within easy distance of the College, upon condition of prompt return on Monday morning. *No other absence will be permitted without written permission from parents or guardians, addressed to the President.* Frequent visits home are injurious to habits of study. The visits of parents at the College will serve a better purpose.

6. Punctuality is indispensable to progress. Unnecessary absence is an injury to your daughter, to her classmates, and to her teachers. If possible, have your daughter present at the opening, when classes are organized. Two or three days' absence then may embarrass her for weeks.

7. As the number of boarding pupils will be limited to seventy-five, and the majority of our present pupils have already secured rooms for next year, early application for admission should be made. *No room will be retained beyond July 1st, unless the sum of ten dollars is paid to secure it,* which amount will be credited on the school bill for the year. State as fully as possible the studies desired, and especially if music lessons will be taken.

8. Parents are requested not to be indulgent in their allowance of spending-money. *Very little* is needed for pocket-money. Parents should require their daughters to keep a strict account of their expenditures, and forward it to them regularly. Boxes of sweetmeats, etc., sent from home, have been found, by experience, to be very injurious to health and discipline; we cannot encourage the practice.

9. Money will not be advanced to pupils; nor will they be suffered to contract debts.

10. If you seek for your daughters a school where they are to have simply "a good time," to the neglect of their studies, and the subversion of all authority, you need not send them to Lindenwood.

11. Parents are requested to examine with care the reports of scholarship and character which are sent home, and thus encourage their daughters in their efforts for a higher grade.

RULES.

Obedience to proper authority and the systematic use of time are no insignificant part of education. To studious and dutiful pupils the following rules are not irksome or unreasonable. Their faithful observance is essential to the peace and order of so large a household:

All bells must be promptly answered.

6:15.	Rising bell.
7:00.	Breakfast.
7:30 to 8:00.	Morning Walk.
8:00 to 8:30.	Preparation for school.
8:30 to 9:00.	Chapel Exercises—Bible study.
9:15 to 10:30.	Recitation and study.
10:30 to 10:45.	Recess.
10:45 to 12:00.	Recitation and study.
12:15 to 1:00.	Lunch.
1:00 to 4:00.	Recitation and study.
4:00 to 5:30.	Open air exercise.
5:30.	Dinner.
6:30 to 7:30.	Reading and sewing hour.
7:30 to 9:00.	Study.
9:00.	Retiring bell.
9:00.	Extinguish lights.

Every absence from recitation must be explained to the teacher hearing that recitation, and every unexplained absence will be marked as a failure.

MUSIC.—Practice hours must be promptly and fully kept as assigned, without loitering in going to or coming from practice.

No pupil must be in the room during another's practice hour, nor must the pianos be used by any one at any time except as allotted.

Excuses for failure to practice will be given to the Assistant Music Teacher.

The pianos will be used on Sabbath only in regular devotional exercises.

No pupil may leave the college grounds without permission.

There must be no loud talking, laughing nor singing, neither running through the halls or stairways, and entire quiet must be preserved during study and retirement hours.

All borrowing of money, books, jewelry, or wearing the clothing of others, is strictly forbidden.

The sickness of a pupil should be immediately reported by her room-mate to the Directress of the Household, and no meals must be taken to the sick without consulting her.

Meals sent to the rooms will be charged extra.

No pupil will be allowed to go to the laundry or kitchen without permission.

No visiting can be permitted outside of College without the consent of parents. No one may be invited to the pupil's rooms, or to meals without consulting the Directress of Household; and no one will occupy any room except her own for a single night without permission.

The rooms must be kept with neatness, and pupils will be graded accordingly.

The rooms will be examined by the Lady Principal, who will report any failure in neatness, and any damage beyond ordinary wear will be charged.

Secret correspondence, or clandestine intercourse of any kind, will render a pupil liable to immediate expulsion.

Laundry lists will be furnished, and must be carefully made out.

Tuition in Preparatory Department.....	\$ 40 00
Tuition in Collegiate Department.....	50 00
Incidentals, etc.....	2 00

Through the generosity of the friends of the College and of Christian education, we are able to offer a liberal reduction from the above to daughters of clergymen.

We claim that the above charges are moderate for the amount furnished and the advantages offered. We cannot afford first-class advantages at second-rate prices. We have no money-making purpose; no individual emoluments to secure. The aim is to furnish the *best* facilities for education at the *least possible* expense. The conveniences and comforts of a well-appointed home and the services of thoroughly competent teachers cannot be furnished at a slight cost. We deal honestly with our patrons when we say that what we furnish cannot be afforded at any price less than our

published rates. There are cheaper schools, but we invite a comparison of privileges and comforts furnished. We arrange our prices in a way easily understood, with no complication of items. We have no traveling agents, and will not resort to dishonorable cutting of rates. The school itself and our friends are the best agents.

Books and Stationery may be had at the College at lowest St. Louis prices, and may be purchased for cash.

PAYMENTS.

One-half of the bill for the year is due on entrance in September; the other half due January 21st, the beginning of second term. Bills for balances are due when presented. Prompt payment is expected in all cases. Conducting the College on business principles, we shall feel at liberty to draw at one day's sight, in case of any delay in payment beyond ten days. This rule will be enforced as absolutely necessary to the prosperity of the College, *as all our expenses demand cash*. In case payment for the entire year is made *in advance*, a discount of ten per cent. will be made on the bills of the last half-year.

Unless by *special* arrangement, no pupil will be received for less than one year, or the unexpired portion of the time she enters. Parents are understood as contracting with us for that time, and pupils may not be withdrawn for any cause except sickness, in which case the loss will be *divided* with the parents. As engagements with teachers, and other provisions for the maintenance of so large a household, are made by the College for the entire year in advance, the propriety of this rule is obvious. In the selection of rooms, preference will be given those who enter for the year.

This is not a private institution, conducted in the interest of the President, but a *College*, under the control of the Synod, in which all the income is used directly for the comfort and benefit of the pupils and the enlargement of the College. The price of boarding and tuition is made as low as is consistent with the securing of the best instruction and proper home comforts for the pupils.

PROSPECTIVE.

The President would assure the friends of Lindenwood that every possible effort will be made to secure to their daughters a thorough collegiate education, and to surround them with happy, Christian, home influences. The Trustees are in full sympathy with the President, and are determined to make Lindenwood all that parents can ask for their daughters. The progress made in the last four years, during which time more than \$25,000 have been expended upon the College property, warrant us in saying that its friends will devise liberal things for its future. Special efforts will be made to secure an endowment fund for the education of the daughters of our home missionaries, whose meagre salaries will not afford their children proper advantages. The cooperation of the friends of a refined, womanly education is sincerely solicited.

We are grateful to kind Providence for the prosperity and friends of the past, and enter upon a new year with renewed hope and zeal.

OUR WANTS.

Having no endowments, the College is dependent upon its income from students, and hence cannot supply all our pressing needs. As the College belongs to the Synod of Missouri, and its work is for the Master, we have no hesitancy in soliciting help from our friends who desire a safe and profitable investment of their means.

There is need of an additional building. At no time have we been able to accommodate all the applicants. We have no ambition for a school of hundreds; for we would preserve the family idea, and seek to reach pupils, both intellectually and religiously, not in platoons, but individually. Yet we need, for those we now accommodate, more ample recitation and music rooms, a large hall for chapel and concert exercises, and a gymnasium. The library, cabinet and reading-room need large additions.

Our chemical, philosophical, anatomical apparatus will bear constant additions.

Our greatest need is an *Endowment Fund*, which will place the College beyond all contingencies, and enable us to make scholarship the test of admission.

Our needs are those common to all institutions—endowment, books, maps, apparatus, models, pictures, etc., etc. Will not our friends come to our help, generously?

With a property worth \$75,000, and a history spanning more than a half-century, full of prayers, self-denials and successes, Lindenwood has prior claims upon the liberality of its friends over new and untried enterprises.

FORM OF BEQUEST.

The College is incorporated by the Legislature of Missouri, under the legal title of "LINDENWOOD FEMALE COLLEGE, ST. CHARLES, Mo."

APPLICATION

For admission, and all letters of inquiry or on business relating to the College, should be addressed, REV. ROBERT IRWIN, D.D., St. Charles, Mo.
