Established first in 1830
by Mrs. Sibley

LINDENWOOD,

After having existed as a private school for several years, under the care of Mrs. Mary E. Sibley, was chartered as a college in 1854, in view of liberal gifts for its establishment by Major Geo. C. Sibley and S. S. Watson, Esq. It was placed under the control of the Presbyterian Synod of Missouri in 1870, and the year following re-organized and opened under its present management. It is believed that it now offers superior advantages for complete womanly culture.

ITS LOCATION.

Only twenty miles from St. Louis, on the Northern and Kansas City Railway, is retired, yet of easy access. On the high ground back from St. Charles, its situation is as healthful and beautiful as any in the West.

THE GROUNDS

Comprise more than twenty acres of lawn, garden, groves and orchards, affording every facility for recreation and exercise, while their beauty must exercise a refining influence upon the taste.

THE COLLEGE BUILDINGS

Were erected expressly for the institution. The boarding-house accommodates about sixty pupils, two lodging in each room. It is heated by furnaces. The boarding department will continue under the same efficient management, and the table will be served with an abundance of wholesome food, including fresh fruits and vegetables from the college grounds. The recitation hall, erected by John G. Copelin, Esq., in 1871, is spacious and convenient.

THE FACULTY

Consists of teachers of acknowledged ability and success in their several departments. The President devotes several hours daily to instruction of classes.

THE COURSE OF STUDY

Includes a Preparatory as well as a Collegiate Department.

To the former, pupils will be received at any stage of their course; but candidates for admission to the collegiate course

will be required to have finished a full course in Arithmetic, Geography, English Grammar and Latin Grammar and Reader, or Latina Principia. The best preparation for rapid progress is thoroughness in elementary branches.

 General Review.

Students passing a satisfactory examination upon the above course will receive a diploma—the institution having full collegiate powers. This diploma will not depend upon the length of time spent in the College, but upon actual attainments. The Course will ordinarily require four years for its proper completion, while some pupils of firm health, superior endowments and steady diligence, will finish it thoroughly in three. A course in music will be accepted as an equivalent for a portion of the course in languages. Those not desiring to graduate will be accommodated in the selection of special studies, as far as possible, without interfering with regular classes. In addition to the studies of the Course, arrangements have been made for a daily reading hour, during which the President or Lady Principal reads aloud, from the choicest English classics, to the young ladies while engaged in sewing or fancy work. During the last year a large portion of the finest literature in the lan-

guage has been read and discussed with manifest influence upon the taste and intelligence of the young ladies, to whom the "Reading Hour" has been a daily delight.

The Music class during the past year has been large and the progress of the pupils most satisfactory. The concerts of the class have contained numbers from the highest style of classical music. This department will continue under the direction of Prof. E. H. WOLF, a student of the Conservatory of Munich, whose abilities as both teacher and composer are of a high order. A regular course of instruction has been arranged by him for graduation, and those completing it, will be fully qualified teachers of music. Besides competent instruction, diligent practice is necessary to any satisfactory progress in music, and this our arrangements secure.

Perhaps nothing has attracted more admiration from the occasional visitors of the College than the evidences of the progress and attainment furnished by the books of the *Drawing Class*. This will continue under the care of Miss JEWELL, and we hope to secure the very best advantages the coming year for those desirous of lessons in Painting—negotiations having been commenced with an accomplished teacher with that view.

THE LIBRARY

Founded by the liberality of Mrs. SIBLEY, has been during the past year considerably enlarged through the kindness of N. D. NOYES, Esq., and by the proceeds of a public entertainment given by the young ladies, which was attended by friends from St. Louis by means of a special train. It now contains a choice selection of works of reference, history and literature, and money is in hand for its increase during the coming vacation. The beginning has been made of a collection of *Charts and Philosophical Apparatus*, the gift of Hon. HENRY T. BLOW. That gentleman has kindly authorized the President to make further purchases at his expense, before the opening of the next session.

GOVERNMENT.

The President and his family, with the lady teachers, reside within the college and preside at the tables in the dining hall. All boarding pupils are under their immediate direction as to hours, habits of study, exercise, rest, recreation, manners, etc. Regular hours are prescribed for these duties and all pupils are put upon their honor for their faithful observance, being required to report their own conduct from day to day. No restrictions are imposed which are not necessary for the best good of all,

regarded as one family. Pupils are treated as young ladies, and expected to treat one another and their teachers with entire courtesy. No *espionage* of any kind is practised. Failure in duty is met with kindness, and forbearance is exercised, and encouragement given, as long as we can cherish the hope of improvement. When that fails we write to parents asking them to remove their daughters. No pupil who persists in disobedience or disrespect, or even neglect of duty, after a fair trial, so that she is gaining no good herself and is hindering others, can be permitted to remain in the College. Public, disgraceful expulsion would, of course, be visited only upon those guilty of some open offense, but a quiet withdrawal from among us will be insisted upon whenever a pupil's presence impairs the general good. A quarterly report of deportment and progress will be made, and we hope that parents will notice these reports and manifest in their correspondence an interest in the standing of their children.

RELIGIOUS CULTURE.

To secure the best advantages for thorough education under a decided Christian influence, was the high design of the founders of this College. This aim is kept steadily in view. The Bible is studied throughout the whole course. The entire College family unites in daily worship. Every effort is made to impart religious knowledge, to quicken conscience, to inspire with a sense of duty, and to awaken a love of true excellence. Every student is expected to attend public worship on Sunday morning with the family of the President. During the past year an hour on Sunday afternoon has been devoted to the study of the Apostles' Creed and the Ten Commandments. No visits will be made or received on Sundays. No sectarian influence, however, is attempted, and there have always been in attendance pupils belonging to nearly all the leading religious denominations.

PRIZES.

- The Bible Prize*—by Mrs. MARY E. SIBLEY—to the best Bible scholar, \$10.00.
The President's Prize—For the best reader in the Shakespeare classes—A copy of Shakespeare.
Spelling Prize—by Hon. S. S. WATSON—"Webster's Unabridged," to the best speller in the College.
Latin Prize—by Hon. JOHN T. NIXON—to the Latin scholar passing the most satisfactory examinations on the work of the year, \$25.00.
Essay Prize—for the best Essay—by Rev. Dr. NICCOLLS—\$20.00.
French Prize—by Hon. JAMES RICHARDSON—to the best French scholar, \$25.

SUGGESTIONS TO PARENTS.

1. Do not send your daughter unless you wish her to be under our entire direction while a member of the College, but state by letter to the Lady Principal, any peculiarities of health or disposition, etc., which, in your judgment, should be considered in assigning her position in the College. Every expressed wish of parents will be met, so far as it may be consistent with the general good.

2. *Outfit.* This is not a *fashionable* school, though we do aim to inculcate true refinement of mind and manners. Dress should be simple. School is no place for the display of jewelry and fine dresses. Yet dress should be prepared as completely as possible so as to demand no time for sewing during school term. Young ladies should be provided with waterproof (or heavy shawl) overshoes, umbrella, towels, napkins and napkin-ring, tea-spoon and fork, one pair of sheets and pillow cases, and one blanket, and every article must be distinctly marked with the owner's name.

3. *Correspondence.* We will assume no responsibility for this. Young ladies will be required to give their word of honor not to correspond with any one without the consent of their parents, and this will be our sole restriction. But parents are earnestly requested not to permit much correspondence as it takes time from recreation and reading.

4. *Visiting.* Twice a month opportunity will be given for young gentlemen, approved by the President, to call at the College for social visiting. Young ladies may receive *general* attentions of this kind *when their parents do not object to it*, when their school duties are faithfully performed and so long as their deportment is seen to be lady-like and becoming.

The visits of parents and relatives will be cordially welcomed on any Saturday, as no regular school duty will be interrupted on that day.

5. Leave of absence will be given from Friday noon to Monday noon, once a month, to pupils residing within easy distance of the College, upon condition of prompt return Monday morning.

6. Punctuality is indispensable to progress. Unnecessary absence is an injury to your daughter, to her classmates, and to her teachers. If *possible*, have your daughter present at the opening when classes are organized. Two or three days' absence then may embarrass her for several weeks.

7. As the number of boarding pupils will be limited to fifty, and a large number of our present pupils expect to return next year, early application for admission should be made. State as fully as possible the studies desired, and especially, if music lessons will be taken.

[From the ST. LOUIS DEMOCRAT, December, 1873.]

“Under the management of Dr. NIXON, the popularity and usefulness of LINDENWOOD have greatly increased. Miss JEWELL, the principal female teacher is a lady of rare excellence. The capacity of Prof. WOLF, as a teacher of music, is fully manifested by the brilliant performances of the young ladies under his tuition. One marked feature of the Course is the systematic readings from the best English classics. Selections from Shakespeare, Scott, Tennyson, and Dickens, were read on Monday night with spirit and brilliancy. The Boarding Department is admirably arranged. In short, LINDENWOOD is now equipped with all the appliances for a thorough collegiate education.”
