By PRESIDENT GAGE

KIRTLEY Mather, Professor of Geology, in Harvard, recently wrote a book entitled, "Enough and To Spare." In it he proved that in this earth is more than enough raw material to support all the peoples of the earth at a relatively high standard of living. Nevertheless our present program or absence of program will allow about twelve million people to die in the immediate future of hunger and cold and the diseases of mind and body which inevitably follow. It would, of course, be more merciful to kill these people immediately, but we cannot do that. It would not be right. It would hurt our conscience.

The Nazis killed people in mass. For that we try men in court for crime against Christian civilization and on being found guilty we execute them. There must be some difference between killing people and allowing them to die by a hesitant U N R A program. Thinking about the difference would be very distressing. Thinking is really very hard work. Conclusions are frequently painful. It is easier just to play with ideas.

"Enough and To Spare." Certainly. Yesterday was Thanksgiving Day. We have enough and to spare. We were thankful as we assembled in the auditorium to raise our voices in songs and prayers of praise to God "for His goodness and for His wonderful works to the children of men." John L. Bracken, Superintendent of Schools at Clayton, Missouri, spoke to us. His speech was scintillating. It sparkled. It touched our hearts and minds. Hearing him, our thanksgiving was intensified. It was also sobered and restrained by the dark background against which our abundant life was pictured. In humility we realized that if anywhere chil-

dren and the aged starve and freeze the fault is not with the goodness of God and the productivity of the earth; the fault is in the heart and mind of man.

So what? The question usually a flippant one, is really serious. In "Enough and To Spare" the author after a most hopeful portrayal of abundance grows pessimistic. "The sands of time are running swiftly for mankind, and this may well be a case of now or never. The race now is a very real one between the use of scientific methods for constructive purposes and their prostitution for destructive ends. If in the next few years mind and spirit fail to make real progress toward the goal of world cooperation, there may be no human bodies left 500 years from now. Man, too, can become as extinct as the dinosaur and titanothera."

Harlow Shapley, Harvard astronomer, in reviewing "Enough and To Spare" said, "This reviewer never did contend that this planet has much to commend it in the long range evaluation of the cosmic whim." Nevertheless, this earth is to us the good earth and the only one we have. What will we do with it? A boy in the Army, an enlisted man, in a recent letter to his mother, provides the answer. "Some day some brain will make an explosion that will end all explosions. After all this earth of ours is only a temporary set-up, but we ought to try to keep it in one piece as long as possible."

Why not try? "Mind and spirit" can win. Mind alone cannot save our world; but mind in alliance with spiritual force is equal to the task. It is a task to which colleges are especially adapted. Lindenwood will do its part.

Christmas Vacation Starts December 19 and Will Close on January 4

*Many Campus Activities Planned for Lindenwood's First Postwar Yuletide Season—
Christian Association Again Sponsors Christmas Doll Contest*

LINDENWOOD's first postwar Christmas vacation will begin at 10 a. m. on Wednesday, December 19, it is announced by Dr. Harry Morehouse Gage, president of the college. Classes will be resumed at 11 a. m. on Friday, January 4. While the transportation shortage is still serious, the college is assisting students in making reservations for the trip home.

This year, for the first time since the start of the war, there will be a lighted Christmas tree on the campus. Plans are now being made for the annual Christmas parties to be held in the residence halls. The Lindenwood Christian Association has announced its annual Christmas Doll Contest in which the students are asked to dress a doll to be turned over to the Markham Memorial in St. Louis for distribution to underprivileged children.

The annual Christmas story contest, sponsored by the English Department is being held, with the winners to be announced shortly before vacation begins.

Light a Candle Christmas Eve

A Lindenwood tradition is a lighted candle on Christmas Eve. Because all of the college's recourses are centered upon the vital tasks of winning the peace and providing educated leadership for the postwar year, Lindenwood will not send a Christmas candle this year. But your alma mater asks that every alumna light a candle on Christmas Eve—light it with loyalty and with the memories of your own college years—and in its golden radiance you will find Lindenwood's warm Christmas greeting to all of its daughters.

More News From and About The Class of 1923

By KATHRYN HANKINS, *Alumnae Secretary*

THIS month we complete the roll call of the Class of 1923. The following members have responded to the request for news about themselves.

Dorothy M. Emery, 109 East Peoria St., Paola, Kansas: "I am back in the home town teaching in the same High School from which I was graduated. After years of running for street cars and busses it seems good to leave the house and just walk across the street. I started here as study hall teacher, was handed a mathematics class or two when a couple of our teachers left midyear. That was in 1942-43. Since mathematics was anything but my field I was glad when that emergency was over. I missed my Latin and French quite badly and was overjoyed when the French class hinted at last spring became a reality this fall. Since the Latin teacher lives here in Paola I must satisfy my yen for it through help given during study hall periods."

Ruth Dickey Martin (Mrs. Ronald Dave Parks) 2037-20th Dr., N. Arlington, Va.: "I am a homemaker, living in Washington for the last four years. Our daughter, Nancy, is 15 years old. After leaving Lindenwood, I graduated from the University of Wisconsin, worked on newspapers for several years, married and have since lived in Houghton, Mich. and Boston, Mass. Greetings and good wishes."

Harriet Elizabeth Ridge (Mrs. Paul Hanne) 11 Locust St., Great Neck, L. I., N. Y.: "I have been married for 16 years. My husband is a shoe buyer for the J. C. Penney Co. with his office in New York City. We have our home in Great Neck, which is a delightful suburb on Long Island Sound just 30 minutes by train from Manhattan. Our children John, 9, and Jane, 4½, are at the ages where most of my time is devoted to their interests, but still a great deal of hospital serving and church work have been crowded into these war years. My only contact with Lindenwood friends is with Marguerite Young who teaches in the high school in Oyster Bay not far from here. We see each other frequently."

Constance Ruth Murray (Mrs. Gilbert A. Wright) Casa de Manana, La Jolla, Calif.: "I shall be happy to give you such sparse and colorless news as there might be of me at this time. The brightest spot in my life is Linda, age 5½. We moved to La Jolla from Los Angeles last May when my husband became civilian instructor to the Army at Camp Consair. Our future is indefinite but for the present, our address is as above. I enjoy locating and reading of my old friends

through the bulletin but must admit the pleasure comes all too seldom. I think it would be fun to have a "Where Art Thou?" column in the Bulletin."

Helen Louise Scott (Mrs. Carl Denman) 2721 Harrison St., Evanston, Ill.: "I am looking forward to the Class Roll of '23. I have lost contact with my friends of college years, and it will be good to read of them again. As for myself, I will observe my nineteenth wedding anniversary this month, having been very definitely in the "home-maker and mother role." I have a 16 year old daughter, Sara, who is a senior in Evanston High School, and a 14 year old son, Scott, also in high school. I have felt great pride in Lindenwood's growth and development through the years, and have always been grateful for my happy two years there."

Martha Frances Porter (Mrs. T. F. O'Brien) Lathrop, Mo.: "I am always so glad to hear what the other girls are doing. The names are unfamiliar a great many times, but news of the college is always most welcome. We, my husband, two sons and I, live with my mother in Lathrop. My husband works for a Kansas City firm and is away from home a part of the time. Our boys, Porter and John, are in high school. They are 14 and 15 years of age. My father passed away last year. I lead a typical smalltown life—church, P. E. O., a bridge club or two before the war which haven't been re-organized yet. I think about the good times we had at Lindenwood often. I would like to come back some day and see Mr. Thomas, Mr. Motley and all my old friends."

Marguerite Young, 193 South St., Oyster Bay, N. Y.: "Since I left Lindenwood, I have received my B. S. from Central Missouri State Teachers College and my M. A. from Columbia University in New York. For the past few years, I have been teaching in the Commercial Dept. of the Oyster Bay High School, Oyster Bay, New York, and enjoy my work very much. I am very fortunate to live very near one of my Lindenwood friends, Harriet Ridge Hanne, and we see one another quite often. I have found that friendships made at Lindenwood have been very lasting ones."

Kathleen Fleming (Mrs. Peter J. Lane) 6424 Murdoch, St. Louis, Mo.: "I am very much of a homemaker—I have a little girl 12 years old who is a real little Irishman and we call her Colleen. I do some church work, and usually work on the Red Cross and

Mary Margaret Perdee (Mrs. John S. Davis) 213 South Main St., Independence, Mo.: "When I left Lindenwood I went to the Missouri University where I received a B. S. in Education. Then I taught school for five years. (English in high school). While teaching in Marshall, Mo., I met my future husband, John S. Davis, an Army Engineer. We've flitted here and there on assignments, but have enjoyed every new place and made many friends. John went into active service in 1942 and served thirty-one months overseas. He is now at home and I'm hoping he can stay here. He's a Lt. Col. and I'm very proud of him. We have one daughter, Sarah Ann, who I hope will go to Lindenwood. I keep very busy with my family, D. A. R., A. A. U. W., Red Cross, Junior Service League, and some bridge games sandwiched in. John and I spent two weeks this summer with Evelyn Noland Gillmor and her husband Major C. S. Gillmor. Evelyn is the same live wire that she was when she turned cartwheels down the halls in Nicholls."

I have always had a large class in piano with a downtown studio. For five consecutive years my piano students have won the most Superior (highest) ratings in the state contests under the National Federation of Music Clubs. Seven years ago I organized the Boy and Girl choir in our Congregational Church and they are doing beautiful work now. (Richard is a member and has won four Superiors in piano in state contests). I have spent five summers in the Lamont School of Music in Josef Lhevinne's Piano Master Classes and in 1943 gave my graduate recital and received my degree in piano. (I have been very fortunate in having my Mother here so that I might continue with my music). P. E. O. takes much of my time since last year I served as state treasurer and this year I am serving as state corresponding secretary. I loved my days at Lindenwood and I shall never forget the good piano lessons from Professor John Thomas and the many fine teachers and friends there. Best wishes to everyone."
