

LINDENWOOD COLLEGE COMMUNIQUE

VOL. FIVE, NO. 21

JAN. 13, 1987

NEWS IN A BROWN-PAPER WRAPPER

No, there's nothing obscene or distasteful in this issue of "Communique," prompting its inclusion in a brown envelope. We just wanted to get your full attention. Now, that we have it, we ask that you use this inter-departmental mailer for your correspondence. It will save the college some money by eliminating the use of preprinted envelopes. So, save this mailer, and use it!

COED NAMED TO ALL-AMERICA SOCCER TEAM

Deborah A. Johnson of the Lady Lions is one of 12 coeds in the United States selected to the 1986 All-America Women's Soccer Team by the National Association of Intecollegiate Athletics (NAIA). A fullback on the women's soccer team, which finished the season with a national fourth-place ranking in NAIA competition, Johnson is a sophomore from Melville, MO. Earlier in the season, she received honorable mention status on the All-Central Region Team by the NAIA.

Receiving an honorable mention on the All-America Team is Kriste Wixson, a freshman from Lee's Summit, MO, who played backfield.

Selected to the 1986 Academic All-America Team, an NAIA recognition for excellence in the classroom as well as on the field, is Mary Alison Daniel of Vista, CA, a senior who played forward.

With one of its most impressive seasons, the Lady Lions won the District 16 and the regional tournaments, and secured a fourth-place national finish in NAIA competition, losing in the last three minutes of semi-finals play.

NEW W-4 FORMS AVAILABLE

With implementation of the Tax Reform Act of 1986, it is mandatory that all Lindenwood employees complete and sign the revised Form W-4, "Employee's Withholding Allowance Certificate," for withholding taxes. Forms are available from Adranna Stapleton in the Personnel Dept., 29 Roemer, and are to be returned to her by February 15.

KUDOS FOR THE ART DEPARTMENT

Both students and faculty of the Art Dept. have received recognition for their work in recent exhibits. The Art Dept. garnered four awards at the 21st Annual Juried Show at the St. Louis Artists Guild - first place in the watercolor and pastels category went to Professor John Wehmer; in the same category, second place went to Nancy Follis, an '86 M.A. graduate; and fourth place in the same category went to Alice Tomek, a special student. Sophomore Renee Pintar took a second-place award in the oil and acrylic paintings category. Mary Spangler, a graduate student, also had a pastel drawing selected for inclusion in the show.

In an exhibit of St. Louis area artists held at the Kansas City Artists Coalition Gallery in Kansas City recently, Professor Dean Eckert had an acrylic painting selected for inclusion.

Alyce Schermerhorn, a ceramics instructor, received recognition for her work in porcelain with the photographic reproduction of one of her works in a recent issue of CERAMICS MONTHLY, a national magazine of ceramics. And, Grant Hargate, an adjunct instructor of painting and drawing, was one of seven area artists presenting in a recent showing at the Design Center of St. Louis.

COLLEGE VOLUNTEERS NEEDED

Life Services, Inc., a United Way agency, is seeking volunteers to staff its 24-hour crisis phone lines. Interested persons must be 18 years of age or older and be able to work 12 hours per month. Training will take place this month. If your interested or want more information, call Debbie Coats at the CAP Center at Ext. #307.

PROFESSOR IS CO-AUTHOR OF ARTICLES

Moheb M. Nasr, associate professor of chemistry, is the co-author of two articles published in a recent issue of the JOURNAL OF PHYSICAL CHEMISTRY, a nationally-circulated professional publications. The articles are entitled "Kinetic Nitrogen Isotope Effects on Methyl Transfer to Amines" and "Equilibrium Nitrogen Isotope Effects on the Basicity of Amines." They were written by Nasr and Joseph L. Kurz, professor of chemistry at Washington University along with their coworkers.

RANDY L. WALLICK, Editor

JAMES I. SPAINHOWER, President

"Communique" is published each Tuesday during the fall, winter and spring semesters and biweekly during the summer. Produced as a joint effort of the college's Public Relations Office and Printing Center, it is disseminated to all faculty, staff and students. The deadline for submission of editorial copy is 9:00 a.m. Monday prior to Tuesday's publication; copy should be sent to the Public Relations Office.

Nasr said the publications are a result of collaboration between chemistry departments at both schools. Playing a key part in this collaboration was Terri A. Harris, a senior majoring in chemistry at Lindenwood who was awarded a fellowship last summer at Washington University, one of only eight made to undergraduate chemistry students in the United States.

PHOTOGRAPHY POSITION AVAILABLE

A photography position is available for a student this semester in the Development Office. Duties consist of taking, developing and printing photos for development use. If you want more details, contact Debbie Coats in the CAP Center, Ext. #307.

1987 HOLIDAY SCHEDULE APPROVED

The President's Council has approved the following paid holidays for full and part-time Lindenwood employees. Dates are Memorial Day, May 25; Independence Day, July 3; Labor Day, September 7, Christmas Vacation, December 24 through December 31; and New Year's Day, Jan. 1, 1988 (the closing of the college and the holidays mean employees will have 10 days off).

PROFESSOR, NOT STUDENT, PASSES COURSES

Richard Rickert, director of the Valuation Sciences Program, recently passed valuation courses in income property and residential real property that are presented by the American Society of Appraisers (ASA). Rickert, a member of the ASA's faculty who teaches value theory, eventually plans to take other ASA courses in personal property, machinery and equipment, gems and jewelry and business valuation. Faculty members of both the ASA and Lindenwood cooperate in the development and marketing of each organization's programs.

DISCOUNT TICKETS AVAILABLE

The Public Relations Office is involved in many promotions during the year, so it's just been a matter of time before the Muppets are added to its activities!

Faculty and staff can save \$2 on regular admission to the upcoming Sesame Street Live performance, "Big Bird Goes Hollywood!," January 16-18 at Kiel Auditorium in St. Louis.

The 90-minute show features the madcap adventures of Big Bird and the Muppets as the Sesame Street gang sings and dances its way to Hollywood. Two-dollar discounts off normal \$8.50 or \$7.50 tickets are available for the 10 a.m. and 7:30 p.m. shows January 16, the 11:30 a.m. and 7:30 p.m. shows January 17 and the 1 p.m. matinee January 18. Discount coupons and further details are available in the PR Office, #6 Roemer.

WEDDING BELLS LOOM

Bill Tietjen, associate professor of biology, announces his engagement to Wendy Weger, a part-time laboratory instructor in the Biology Dept. and a 1984 Lindenwood alumna who is pursuing a graduate degree in education. No date has been set for the wedding, "but we plan to get married as soon as it can be afforded, probably sometime in the early 1990s," Tietjen said.

SAVE ON ZENITH EQUIPMENT

Did Santa forget the PC you wanted for Christmas? Well, you don't have to wait until December 25, because Lindenwood is offering substantial savings to students, faculty and staff on Zenith computers and equipment. Lindenwood is an authorized order center for Zenith Data Systems.

Available are portable, desk top and personal computers as well as Zenith printers and software. Savings are about 10 percent above cost.

An example can be found in the Computer Center in Roemer where you can get some hands-on training on a Zenith Data Systems 158 Computer with color monitor. This unit has a suggested retail price of nearly \$2,800, but through the college, it can be purchased for less than \$1,600 - a savings of nearly 43 percent.

Complete information on Zenith Data Systems and Lindenwood prices can be obtained from Joe Ackerman in the Computer Center as well as the Bookstore, where orders are taken.

As part of its agreement with Zenith Data Systems, Lindenwood requires that purchases by any student, faculty member or college employee must be for personal use. Only one purchase per year is allowed.
