SIX CHARACTERS IN SEARCH OF AN AUTHOR

by Luigi Pirandello

Do you know the difference between truth and fiction, reality and illusion? Will the six characters find an author to give meaning to their lives? These are only three of the fascinating questions raised in Pirandello's most famous work. This thought-provoking drama will keep you talking hours after the curtains close.

- April 18-20 and 25-27

TINTYPES

Conceived by Mary Kyte
with Mel Marvin and Gary Pearle

From ice cream socials to the Spanish-American War to immigrants on Ellis Island and ragtime music halls, *TINTYPES* celebrates historic changes in America. This musical drama presents a nostalgic nod to slower-paced, less complicated times in America, with a grand salute to the spirit and music of those bustling years before WWI.
