LSG TO SUBSIDIZE ANNUAL CHRISTMAS WALK

The LSG is coordinating and subsidizing this year's Annual Christmas Walk, scheduled Sunday from 4-7 p.m. In keeping with past events, this year's holiday treat will offer a variety of entertainment and attractions for the entire family amidst a festively-decorated campus, according to Mark Hopper, a senior and activities chairman of the LSG.

Activities scheduled thus far include performances by St. Charles Lutheran Church's Bell Ringers, the Lindenwood Brass Quintet, holiday storytelling by Nancy Polettee of the Education Dept. faculty and a visit by Santa Claus. Free refreshments will be available at the Tea Hole, and campus tours conducted by students will be take place every few minutes to selected campus sites.

Earlier in the day, the Performing Arts Dept. will present a new production based on the holiday classic by Charles Dickens, "A Christmas Carol." Financed by a \$3,500 grant from Gundaker Realty Co., it will be staged at 2 p.m. in Jelkyl Theatre. Other performance dates are December 2-4 at 8 p.m. and December 5 at 2 and 8 p.m.

A NEW LOOK FOR MICROCOMPUTER LAB

Recently, several members of the Lindenwood Computer Club made working on computer programs a little livlier by painting the new Microcomputer Laboratory in 313 Young, reports John Dooley, assistant professor of computer science. The painters were Charlette Farmer, Bob Kastigar, Deana Montgomery, Teri Obst, Allen Sell, Deana Stroder and Jennifer Vorst. Paint was provided by the Maintenance Dept. while pizza and soda were furnished by the Math & Computer Science Dept. "The new silver walls look much brighter than the 20-year-old beige, but the orange for the overhead pipes seems to have faded in the can," Dooley said.

FIVE COEDS RECEIVE MONTICELLO AWARDS

Five Lindenwood coeds each are the recipients of \$2,000 scholarship awards from the Monticello College Foundation of Godfrey, I. Students are junior Karen S. Dinkins of St. Charles, freshman Cynthia M. Foster of Hawk Point, MO, sophomore Cara M. Sutton of Fenton, freshman Melanie C. Smith of Griffith, IN, and freshman Kathryn M. Wetzel of St. Louis.

One of the oldest independent institutions in the country, Monticello was founded in 1835, and it provided higher education for women until its dissolution in 1971. The Monticello Scholars Program was established by the foundation to continue the memory of the college and to recognize outstanding female scholars.

A MESSAGE FROM THE DEAN OF THE UNDERGRADUATE COLLEGE

The rapid approach of the holidays and examinations is a forked reminder that we are beginning a time of special academic and personal stress. If what helps to distinguish us as a relatively-small, close-knit learning community is our sense of caring and concern for those around us, it follows that the weeks ahead may help to define how well we do so.

As the term ends, if you sense that a friend, a colleague, a member of one of your classes or of your organization is having an especially difficult time, and might like a third person to talk to, I hope you won't hesitate to call me at Ext. #230. I or a member of my staff will follow up your suggestion, keeping what referral information you provide in confidence and/or anonymous, if that's your perference.

On behalf of the Undergraduate College staff, let me share our best holiday wishes to you and your families. May the New Year prove a growthful and reward-

ing one for all of us - Allen Schwab.
