This is to correct omissions in a recent Communique regarding the changes in the Employee Handbook. Please correct as follows:

The third paragraph, last sentence, should read: "These contributions apply only for the College sponsored health insurance program. The employee is responsible for the remainder of the premium. For further information on the College-sponsored health insurance program, please contact the Personnel Office."

The fifth paragraph, fourth sentence, should read: "Faculty and staff may elect to continue to serve after the normal retirement age. Contributions to the retirement plan by the College will continue as long as the employee continues to contribute to the retirement plan."

## CAMPUS FIRE ALARM SYSTEM - A REMINDER

Recently the fire alarm was set off in Young Hall of Science due to smoke on the second floor. Fortunately, it was a minor electrical problem. However, I was notified that no one left the building and that seven (7) to (8) minutes elapsed before the fire department was called.

Our fire alarm system is not tied directly to the Fire Department. If you suspect a fire in any of the campus buildings, immediately leave the building, get to the nearest phone, call the Security Office or call 911 direct to reach emergency services. - Jerry Rufkahr, Vice President for Administration.
