LARC and Road Closures

The following maintenance projects will result in building or road closures on the St. Charles campus.

- On Saturday, July 7, the LARC will be closed for necessary HVAC work. A crane will be placed in front of the building to lift equipment on and off of the rooftop. For safety reasons, please do not go into the building on July 7.

- There will be intermittent road closures around Sibley, Ayres, and Butler halls between now and the middle of July. The road closures are necessary to replace the old water line in the tunnels and require the contractors to bring the water line across the road. Public Safety will place cones and barricades, when necessary, to block the road. Parking will continue to be available in the Roemer Hall parking lot and in front of Roemer Hall and Butler Library.

Philosophy and Religion Program Change

Effective Fall 2018, the Philosophy program and the Religion program on Lindenwood University's St. Charles campus is now a combined Philosophy & Religion program,. The previous PHL and REL course prefixes have been replaced by a PHRL prefix. If you are looking to enroll students in any philosophy or religion courses, look at PHRL course listings. (If you search for PHL or REL, you will find only courses offered at Belleville.)

Aside from changes to prefix, course numbers, and minor changes to titles or descriptions (for instance, “Introduction to Philosophy” is now “The Examined Life”), these courses remain the same with all their previous General Education designations.

You can find the PHRL course list in the online catalog here:
