PEOPLE, NEWS & NOTES

PARKER REQUESTS CORRECTION

Marsha Parker, director of evening and corporate admissions, has requested that everyone please note an error in the Summer Semester Schedule. According to Parker, on page two under the heading "Special Students" Number 1, it states that special students are to "follow steps 1, 2, & 3 under the 'degree candidates'" admission process. Special students, however, are NOT required to complete Step 3 (*submission of transcripts*). Parker asked that every one please note the correction and strike Step 3 from that section of the schedule.

TAYLOR CALLS FOR RETURN OF PHONES

Campus Switchboard Operator Sarah Taylor reports that the College is changing to a touch-tone phone system. To expedite the process, Taylor requests that anyone still using a rotary dial phone on campus must contact her at extension 0 for a new phone. Taylor said the rotary phones will not function as campus extensions when the new touch-tone system is installed. Please call Taylor today to make arrangements for rotary phone replacements.

Director of Development for Individual Giving Chuck Brown expressed congratulations to Phonathon '88 volunteers and staff. CAT LOVERS MAY ADOPT FROM NEW LITTER

Marsha Parker has requested the adoption, free-of-charge, of four, "positively adorable, well-behaved kittens of an all black momma and black-and-white daddy, both with yellow eyes." Parker says two kittens are all black and two are black-and-white, and their sex "is anybody's guess" since they are only three-and-one-half-weeks old. Parker says they are available for adoption as of May 29. If you or someone you know can adopt the kittens so they won't have to be taken to the "Pound," please call Parker at extension 362 today.
