WESTPORT MOVE STILL IN THE MAKING

Maggie Kracke, director of off-campus centers for the College, has requested your patience and expressed regret for the inconvenience caused by the uncertain move dates for the Westport Center.

Because the facilities at 11960 Westline Industrial Drive have not been completely renovated, Kracke and college officials decided to wait until the Spring Quarter ends. This would cause the least classroom disruption.

Kracke said notification concerning the timing of the change in sites should be forthcoming before the end of the current quarter.
