

# COMMUNIQUE

LINDENWOOD  
COLLEGE

Vol. 7, No. 13

November 8, 1988

## PEOPLE, NEWS & NOTES

### Programs Offer Opportunities for Business and Communications Students to Study in Europe

Lindenwood students who are interested in spending the spring semester in Europe may want to learn more about the following two programs sponsored by Northern Illinois University and Salzburg College:

1. International Business and Business Internship. Includes courses in international business law, finance, management, marketing and public relations; beginning, intermediate and advanced German; five-week internships with Austrian multinational corporations.

2. International Communications and Public Relations. Introduction to Central European practice and theory of public relations, emphasis on case studies and field work.

Both programs provide housing with Austrian families. **Dates are January 13 to May 6, 1989.** For more information contact Wilda Swift, International Student Advisor, 113 Cobbs Hall, Ext. 445. (Submitted by Wilda Swift, International Student Advisor.)

### Thinking of Graduate School?

Many colleges and universities require early testing of candidates who wish to be admitted the following academic year. It is imperative to check with the school of your choice for its particular timetable. The CAP Center has booklets with test dates and locations, registration forms and other information for the following tests: GMAT, LSAT, GRE and NTE. Copies may be picked up during regular CAP Center office hours: 8:30-8:00 Monday through Thursday or 8:30-5:00 on Friday. (Submitted by Randi Wilson, CAP Center.)

### High Tech Speeds Reference Services at Butler Library

Students, Are you are gearing up for final papers? If you are, the College library has the perfect opportunity for you.

**For the next 30 days only**, Butler Library will offer the state-of-the-art in high technology to speed patron reference services. A new computer system, called ACADEMIC INDEX on InfoTrac allows patrons in seconds to search three years of issues of more than 375 magazines and the most recent six months of The New York Times for articles written on a specific topic. The listings of relevant articles are displayed on the computer screen and all or any parts of the listings can be printed out for future reference.

Each article description contains the headline of the article; the name of the publication in which it appeared; the author's name, if the article is by-lined; the page number on which the article begins, and its length.

"I encourage students, staff and faculty to come to the library and try the system firsthand," said Head Librarian Jan Czaplá. "This is a wonderful opportunity for everyone to use in the next 30 days."

According to Czaplá, most patrons do not require instruction in the use of the InfoTrac system and much of the information that is being sought today relates to very timely subjects. In dynamic areas such as technology, science, the arts, politics, and consumer affairs, magazines and newspapers are primary sources of current information.

Make your life easier for the next 30 days. Try InfoTrac and the new ACADEMIC INDEX at Butler Library now. (Submitted by Jan Czaplá, Butler Library.)

### Imagery Can Be Therapeutic

"Imagery As A Therapeutic Process" will be offered as a Lindenwood Fall Colloquium. The event is slated for Saturday, December 3 from 9:00 to 1:00 in Young Hall Auditorium. The presentation, conducted by LCIE faculty and students, will address imagery: its history, techniques and processes. Admission is free to Lindenwood students with valid IDs or \$15 for the general and professional public.

For more information about the colloquium, please call Jill Czaplá at Ext. 275. (Submitted by Jill Czaplá, LCIE Office.)

### Job Opportunities Available at Off-Campus Centers

Students who have been awarded "Work Study" or "Tuition Service Awards" and have not been assigned to a position may enjoy working at Lindenwood's West Port Center (11960 Westline Industrial Drive). Flexible hours are available from 10:00 to 6:00 Monday through Friday. If you are interested and qualify for this position, please call Malone Aderholt at 275-2233 or Kim Hannegan in Financial Aid, Ext. 315. (Submitted by Malone Aderholt, Off-Campus Centers.)

### A Frightful Luncheon Spirits Cafeteria

Out of the shadows they came. Lurking. Creeping. . . eating in the cafeteria?? Yes, it's true. The strange creatures you saw at Ayres on Halloween were participants in the annual Faculty/Staff Halloween Party Costume Contest. Those innovative minds gave us everything from a punk rocker to a granny, and from a bunny to a musically-inclined gorilla. Secret ballots chose the winners:

**Best Costume:** Those love birds, Donald and Daisie Duck, also known as Mary Martin and Barb Carusa.

**Funniest:** Was that sweet little old lady really the ghost of Mrs. Sibley? No, it was Carol Boerding (we think . . .).

**Most Original Costume:** Von Goodson. Most of us came for lunch. Von came AS lunch . . . a White Castle hamburger!

Many thanks to the Faculty and Staff for their creativity and fun-loving "spirit." Thanks also to Sue Brown and the cafeteria staff, Pam Moore for the PA system, Alan Shiller for his skill as announcer, Gene and Dot in the Bookstore and to everyone else who helped make this a real screaming success! (Submitted by Carole Knight, Alumni/Development.)

### Bittner Performance to Benefit Chapel

**Groff Bittner**, assistant professor of music, will present a piano recital November 13 beginning at 3 p.m. in Jelkyl Theatre. The program, featuring compositions by Chopin, Prokofiev, Rachmaninoff and Schumann will benefit the Sibley Chapel Renovation Fund. Tickets are \$10 per person or \$2 for Lindenwood Students.

Bittner has been a member of Lindenwood's faculty for 26 years. He holds a master of music from Indiana University and has completed further studies with Ozan Marsh, Patricia Benkman and Reah Sadowsky. Dan Alkofer, professor and chair of Lindenwood's Performing Arts Department, said Bittner has a distinguished record and a large following in the area.

Please plan to attend this special musical benefit. For more information, call Kenton Kolker, community relations coordinator, at Ext. 337. (Submitted by Rhonda Shipman, Applied Mass Comm student.)

## Harris-Stowe Hosts Career Fair

Harris-Stowe State College will host a "Graduate-School/ProfessionalSchool/Armed Forces Day" on Wednesday, November 9 from 10 to 2. Representatives will provide information to all students interested in continuing their education after graduation. For more information, contact Debbie Coats, Ext. 307. (Submitted by Debbie Coats, CAP Center.)

## District Votes Hahn Player of Week

Mimi Hahn, Lindenwood sophomore from Omaha, Neb. and forward for the Lady Lions, was selected player of the week for NAIA District 16 Women's Soccer. Hahn scored three goals in one week which included the winning goal in LC's 1-0 win over Tarkio and the insurance goal versus Quincy College. (See "Calendar Clip" for more soccer scores.)

## LindenWorld Seeks Applications For Spring Term

Lindenwood's student newspaper, *The LindenWorld*, is seeking applicants for editor positions for the spring semester. If you are interested, please send a letter of interest and a resume to Marcia Zaraza Guckes, Campus Box 656 or contact her at Young Hall, Room 202, Ext. 333. For more information contact either Guckes or Jim Herries at Campus Box 722.

## Is Chemistry Hard, Or Not?

To help students succeed in the Concepts of Chemistry course, Professor Moheb Nasr will hold an open workshop called, "Is Chemistry Hard, Or Not?" The workshop will be held on Wednesday, November 16 from 2:00 to 3:00 in Young Lounge. This workshop is intended for students planning to enroll in CHM 111 in the Spring '89 Term; however, all students are welcome to attend.

Some questions Professor Nasr will address include: Why do I need a Chemistry Class? Should I have Chemistry before Biology? What math background is needed and expected in the class? Is the Concepts course for scientists or not? How can I get ready before the class starts? What skills are needed for studying Chemistry and for succeeding on quizzes and exams?

As a follow-up to Professor Nasr's presentation, Chemistry peer tutors will hold a series of workshops to help students develop the skills necessary to succeed in Chemistry. The workshops are designed to help students answer the question, "No, Chemistry is not hard!" These workshops will be announced on November 16. (Submitted by Ann Canale, English Department.)

.....  
A Josten's representative for Lindenwood Class Rings will be at the Bookstore November 14 from 11 a.m. to 6 p.m. Order your ring now and give yourself an extra Christmas gift this year. Special discounts available: \$60 off all 18K Gold, \$40 off all 14K Gold and 20% off all 10K Gold selections.

---
