Today's Headlines

Diversity Survey Extended until 5 p.m. Wednesday; Reminder Sent to Non-respondents April 9

Thank you to the 200+ faculty and staff who have already completed the diversity survey. If you are full-time staff or faculty and didn't see an invite on April 3 or a reminder on April 9, **check your Clutter or Junk folders** in outlook for messages from "Lindenwood Office of Institutional Effectiveness".

The goal of this 10-minute survey is to collect qualitative detail to enrich our understanding of quantitative results we have observed in previous student and faculty surveys. The survey closes at 5 p.m. on April 11. Questions concerning the survey can be directed to Peter Weitzel at pweitzel@lindenwood.edu. Due to the strong anonymity settings on this survey administration, we are unable to reset survey links for individual requesters.

Midweek Sporting Events

The Lindenwood softball and baseball teams will both take on regional rival McKendree in non-conference action this week at the Lou Brock Sports Complex. The softball team will face the Bearcats on Tuesday with a doubleheader starting at 4 p.m. The baseball program will take on McKendree at 6 p.m. on Wednesday night. Both programs are looking for victories to give them a spark heading into road conference games over the weekend.

The Lindenwood men's and women's tennis teams are at home on Thursday afternoon. The women's team has a doubleheader, facing Northwest Missouri at 10 a.m., followed by a 3 p.m. game against William Woods. The men's team will also take on William Woods at 3 p.m.

Be The Match: Join the Marrow Registry

Please join the marrow registry! It is free, you just need to provide your info, they mail you a cheek swab, and you mail it back in a pre-paid envelope. You could help to save someone's life, including Travis' life. <https://bethematch.org/>
#LionsSupportLions

Lindenwood Swim & Dive would like to ask you to join the [Be The Match](#) registry & take the first step to being the cure for patients with blood cancers like Leukemia. It is also a commitment to take the next step if a patient needs you to donate your cells for a life-saving bone marrow transplant.

Joining the registry requires a sample of cells, usually collected by swabbing the inside of your cheek. This sample will be compared to specific protein markers, known as human leukocyte antigens (HLA) with HLA markers of patients who need a bone marrow transplant.

You can also donate financially and help to deliver cures to blood cancer patients. Every \$100 raised adds potential marrow donors to the Be The Match Registry, helps more patients afford transplant and funds life-saving research.

Travis Russo dove for Lindenwood this past season & his leukemia has recently returned. He played a key role in the growth and development of the men's diving program and we are excited to support Travis and encourage the Lindenwood Community to do so as well.
