Student Research Conference-- Faculty Recommendations

Students who are working on or who have completed original research papers or creative projects can be nominated by a faculty member to participate in the Student Research Conference. Students can either display a poster or give a presentation of their work at the conference. Faculty nomination forms will be available beginning November 13, 2017 on the [Student Research Conference Website](#).

<http://www.lindenwood.edu/academics/beyond-the-classroom/student-research/srse-faculty-nominations/>

If interested, faculty can also recommend a panel presentation for their students. If more than one student is nominated, a separate nomination form

will be needed for each student. All students who are nominated will be contacted via email and invited to submit an application, which includes a 250-word abstract describing their work. In addition, nominating a student's work does not guarantee that student's acceptance admission to the conference; students who are interested in presenting in the conference MUST submit an application.
