## Please Come for Coffee

The Lindenwood Coffee Shop officially opened for business late October in Butler Hall and is building up quite a reputation for great coffee and stimulating discussions. The shop was opened with the intention of giving students, faculty and staff a place to meet, watch movies, listen to music or just relax over a cup of coffee.

Currently, the coffee shop has a large screen television and VCR for student use. It offers four different flavored coffees, Snapple fruit beverages, cookies, chips, bottled water, hot tea and chocolate, and a variety of snacks to please everyone's palate. These food items are priced at the lowest available cost so everyone can enjoy them, whether a student on a budget - or as an instructor on a budget.

Filling a calendar of events for the upcoming spring semester is currently underway. Reservations can be made by faculty, students and staff wishing to perform on stage or hold the room for a special occasion. Also, a contest is planned for the spring semester to name the coffee shop. The winner will receive free coffee for the entire semester. Quite the incentive for a sleepy-eyed professor.

### Recycling Paper

Now that classes are well into the swing of things, it's time to think about recycling your paper products. If you need a blue bin, contact Erin Brennan at x4509 or Ann Canale at x4871. The recycling dumpster is located behind Ayres, across from the driveway from its previous location.
