

Hold On

Karina Mehmert

I know it's getting harder
Harder to hold on
But no one knows that better
Than those who've loved you all along
It's hard to see you like this
Especially when I can do nothing
But I know you can get through this
Please keep trying

If you won't try for yourself
Then try for me
I wouldn't ask this of anybody else
So please
Just try for me

I owe so much to you
You helped me be the person I am today
And there's still so much left to do
Please don't throw your tomorrows away
Don't you know what's out there
There's so much we haven't seen
Don't you want to go out where
You can live just one more dream

If you won't dream for yourself
Then dream for me
I wouldn't ask this of anybody else
So please
Just dream for me

I want to learn everything about who you are
There are so many stories I haven't heard
I feel like I've only scratched the surface so far
You know so much I hang on to your every word
I know so little about faith and life
You have a lot more to teach me
You helped me see the world in a new light
But I'm scared of a world without you by me
When I look into your eyes I know I can do anything
I don't want our time to be through
To me you are everything
I love you

So if you won't hold on for love of yourself
Then hold on for your love of me
I wouldn't ask this of anybody else
Because I believe together we are strong
Just hold on
