

# Hold On

*Karina Mehmert*

I know it's getting harder  
Harder to hold on  
But no one knows that better  
Than those who've loved you all along  
It's hard to see you like this  
Especially when I can do nothing  
But I know you can get through this  
Please keep trying

If you won't try for yourself  
Then try for me  
I wouldn't ask this of anybody else  
So please  
Just try for me

I owe so much to you  
You helped me be the person I am today  
And there's still so much left to do  
Please don't throw your tomorrows away  
Don't you know what's out there  
There's so much we haven't seen  
Don't you want to go out where  
You can live just one more dream

If you won't dream for yourself  
Then dream for me  
I wouldn't ask this of anybody else  
So please  
Just dream for me

I want to learn everything about who you are  
There are so many stories I haven't heard  
I feel like I've only scratched the surface so far  
You know so much I hang on to your every word  
I know so little about faith and life  
You have a lot more to teach me  
You helped me see the world in a new light  
But I'm scared of a world without you by me  
When I look into your eyes I know I can do anything  
I don't want our time to be through  
To me you are everything  
I love you

So if you won't hold on for love of yourself  
Then hold on for your love of me  
I wouldn't ask this of anybody else  
Because I believe together we are strong  
Just hold on
