New Athletic Website Under Development

06/15/2009

Lindenwood University recently signed a contract with Internet Consulting Services (ICS) to create a new fan friendly athletics website. The new website, like the athletics department, is expected to be one of the best in the NAIA.

One of the top new features on the website will be that LUTV broadcasts of Lindenwood football home games and numerous other sports events will now be shown live over the computer. Video highlights and interviews will also be shown throughout the site on a new Lindenwood Athletics YouTube site.

Other features on the new website include more photos of Lindenwood athletes and events, live stats of selective sports, a fan newsletter, and more interactive stories, schedules and rosters.

The new website is scheduled to go live in August before the start of the fall sports season. The new site is planned to be located at www.lindenwoodlions.com.

ICS is one of the largest companies for college athletics web-based content management with nearly 300 universities, including 40 NCAA Division I schools. Lindenwood will be the 23rd NAIA school with ICS, including Savannah College of Art and Design, which was voted the best NAIA website in 2007-08.
