As our Go Live date draws closer, employees must log into [**Anthology Academy**](#) to view available training and familiarize themselves with the Anthology - Student Information System. The [**Introduction to Anthology Student Course**](#) is a great place to start. Over the next several weeks, Lindenwood Subject Matter Experts (SMEs) will work to design area-specific training plans and materials. The area-specific training plans and materials will enable current and future employees to be trained on their job-specific processes and procedures within Anthology. In addition, by familiarizing yourself with the general functionality of the system, you will be able to take questions to your area SME, which will adjust training plans and materials accordingly. We are in the process of planning each area's training through the Learning Academy. A full schedule will be published in the Digest next week. Log into the Anthology Academy and review available training in advance of attending your area's scheduled training.

We are three weeks away from the shutdown of CAMS. CAMS will be moved to VIEW ONLY at 5 p.m. on Friday, November 11. Lindenwood Subject Matter Experts (SME's) are currently in Spin 4 Testing. Once Spin 4 is complete Lindenwood will move into User Acceptance Testing (UAT).

Q2 MOMENTS

Coordinator, Student Financial Services, Jessica Butcher

I reached out to student financial services today about an invoice that my son received last week. I was transferred to Jessica who was an absolute rock star. She listened, understood our frustration, stepped in and took accountability for the outcome, followed up and followed through. She made a huge impact today just by listening and taking action.

Manage, Payroll, Monica Seiter

Monica is not only knowledgeable and approachable, she makes everyone feel seen and welcomed, even when navigating complicated payroll and retirement issues. She's ready to help out at a moment's notice, even without prior appointment, and goes the extra mile to make processes as easy as possible for employees.

Specialist, Instructional Technology, Cindy Lane

I have been trying to set up recording using Teams and kept getting very unhelpful error messages. Cindy dropped everything and fixed the issues. This included calls over the weekend and visits to my classrooms in Young and Spellmann. Cindy did all this cheerfully, and it was a pleasure to meet her. She is awesome and embodies the Q2 spirit.

Director, Alumni Relations, Jen Edler

Jen is a great asset to LU, she recently changed positions a few months ago but still assists students and our office regarding Workshop services and paperwork from her previous role. She doesn't hesitate to put these professional non-degree students first and they still receive high quality service! Thank you Jen!

C3 Presenter Needed

The second annual online Canvas Collaborative Conference will be held on Wednesday, November 16 from 9 a.m. – 3 p.m. The aim of this conference is to give instructors more information of how Canvas can be utilized for better engagement with the students. - The Effect of Halo Bias in Student Assessment: We're All Guilty

Are you interested in being a conference presenter? If so, fill out the [presenter form](#) by Friday, October 28. If you have any questions, please contact [Cindy Lane](#).
