*“Never give up on a dream just because of the time it will take to accomplish it. The time will pass anyway.” —Earl Nightingale*

This Friday, November 11, CAMS will be moved to VIEW ONLY at 5 p.m. From October 31 through November 4, Lindenwood Subject Matter Experts (SME's) completed User Acceptance testing (UAT). Both Lindenwood University and Anthology are working to make configuration adjustments based on the results of the UAT process.

Employees must log into [Anthology Academy](#) to view available training and familiarize themselves with the Anthology - Student Information System. The Introduction to Anthology Student Course is a great place to start. Over the past several weeks, Lindenwood Subject Matter Experts (SMEs) have worked closely with Anthology to design area-specific training plans and materials. The area-specific training plans and materials will enable current and future employees to be trained on their job-specific processes and procedures within Anthology.

It is very important that faculty and staff take this time to learn Anthology Student. Two weeks may seem like a long time before Go Live but it will pass quickly. Please view the scheduled LIVE training dates and times through the [Lindenwood Learning Academy](#).

## Q2 MOMENTS

I'd like to take the time to recognize **Meredith Boerding** and **Annie Alameda** for their dedication to the WISE programming. They have contributed greatly to the success of the Cyber-Seniors program currently taking place that connects seniors with Lindenwood students so that they may learn how to use technology to enrich their lives. Both of them have a heart for helping others and are great assets to Lindenwood and the community!

Huge shout-out to **Scott Mellring** from IT, patiently fixing an incredibly stubborn program on the ol' work laptop that was resistant to change or correction. It works again, thanks to his diligence, and the good humor shared throughout the process made the entire experience considerably more pleasant. Top-notch Q2 service example from Scott!

**Kevin Manley** is an awesome human and embodies Q2 service. He has helped me navigate everything from gen ed advising to being my mentor in the POP program. He does a very difficult job so cheerfully. I said to one of my advisees today, "I'm gonna ask Dr. Manley." The student responded eagerly, "He is awesome."
