## THE NEW FACULTY MEMBERS

Miss Elsa Weber comes to be the head of our history department after several years of most successful teaching experience at Fairmont Seminary and Greensboro College, Greensboro, N. C. Miss Weber

is a native of New York City and attended high school there. Later she attended George Washington University, Washington, D. C. where she received her A. B., and A. M., degrees. Miss Weber completed the work for her A. B. degree in three years, graduating "with distinction." She is spending the summer in Porto Rico where she is doing some work in Spanish at the University there in order to gain fluency in that language. She is also gathering material on Latin-American relations.

Charles E. Hill, professor of political science, George Washington University, says of Miss Weber: "Thoroughness of application, quickness of apprehension and a readiness to express her ideas in good clear English are her chief characteristics. She possesses, also, a contagious enthusiasm for learning." We are glad to welcome a teacher of this type to our Lindenwood family.

The place as head of the physical education department will be filled by Miss Marjorie J. Weber, Baltimore, Maryland. Miss Weber is a graduate of Goucher College where she received her A. B. degree. She

also has an A. M. degree from the teacher's college, Columbia University. Miss Weber has had several years' experience in the direction of physical education work in girls' camps and playgrounds. She comes to us very highly recommended as a young lady of remarkable ability in her profession.

Miss Florence Bartz needs no introduction to the old Lindenwood girls, for Florence has attended Lindenwood for the last four years—was our May Queen one year, president of the Student Governing

Board in 1921-22, and graduated in the class of '23 with a B. S. degree. She will be an assistant to Miss Weber in the physical education department. All who

## LINDENWOOD COLLEGE

know Florence feel sure that she will make a decided success of her work.

Miss Celine Francine Szumlanska, a native of Nord, France, will be a member of the Romance Language department, teaching French and Spanish. Miss Szumlanska attended grade and

high school in France and came to America in 1918 where she entered Illinois Womans' College, Jacksonville, Illinois. There she received her A. B. degree and later, after receiving her A. M. degree from the University of Iowa, she became an instructor in the French department of that university. She taught there for three years.

"Miss Szumlanska has a particularly wonderful character and her cooperation, good will, and high moral tone ought to be very welcome in your college," writes Stephen H. Bush, head of the Romance Language department of the University of Iowa.

The course in public school music will be under the direction of Miss Ruth Craig. Miss Craig has had four and one half years of teaching experience as well as having studied at the Cincinnati Conserva-

tory of Music, Ann Arbor, and Chicago University. Theodore Harrison, head of the music department of the Lyceum Arts' Conservatory, Chicago, recommends Miss Craig as a splendid accompanist and an all-round good musician. Several of Miss Craig's teachers and co-

workers speak of her remarkable contralto voice. With a teacher of such merits in charge of the work, the public school music course will no doubt be very popular.

Miss Ella T. Riske is also a Lindenwood girl who returns here to teach. Miss Riske attended Lindenwood in '18-'19 and then went to Washington University, where she received her A. B. degree and is now a candidate for her A. M. degree from the same university. She comes to us highly recommended as all girls with Lindenwood training, and we know that she will make a success of her work in the English department.

Miss Louise Child is another Lindenwood girl who will be a teacher in the English department. Louise received her A. B. from Lindenwood in '22 and her B. S. in '23. The latter year she received the first Fellowship that the college conferred. Louise has been at Lindenwood for so long that she could not think of going elsewhere so that she is returning to teach in her Alma Mater. Like Miss Bartz, Louise was president of the Student Governing Board for one year and has always taken a very active part in all student activities. She was a member of Alpha Sigma Tau, the honorary literary society for three years. She has all of the qualifications of a good teacher and we welcome her back.

## LINDENWOOD COLLEGE

Miss Ethel T. Eltinge will assist Dr. Martin in the biological science department for the coming year. Miss Eltinge will have charge of the classes in botany. She comes to us recommended as having

teaching ability above the average. Miss Eltinge is a graduate of Syracuse University where she received both her A. B. and her A. M. degrees. She has been assistant in the botany department of the Syracuse University and instructor in the biology department of the Albion College, Albion, Michigan.

Miss Myrri Rodney, as head of the oratory department, succeeds Miss Ruth White who leaves us to take up duties in a home of her own. Miss Rodney has already paid the college a short visit so that we are

sure that we will like her, and are almost sure that Miss Rodney will like Lindenwood. Miss Rodney, as many of her predecessors, is a graduate of the Emerson School of Oratory. The "Emerson News" lists her among those who graduated with honors. She has taught in the Elizabeth Peabody House, Boston, was an assistant in the voice department of the Emerson School of Oratory and has also taught in the Dickinson Institute, Abilene, Kansas. We feel confident that Miss Rodney will maintain the succession of capable teachers sent us from the Emerson School of Oratory.

Miss Mary P. Barnett, Kansas City, Mo., will teach Spanish and Italian. Miss Barnett comes to us very highly recommended as having studied widely in the ancient classics as well as in the Ro-

mance Languages. She received her A. B. degree from the University of Kansas and her A. M. degree from Chicago University. Miss Barnett has also done work at the University of Minnesota, Stanford University, University of California, and the University of Colorado. She spent one year in Spain where she studied at the University of Madrid and at El Centro de Estudio Historicos. Aside from her extensive study of languages, Miss Barnett has taught for several years with marked success.

Miss Lucia P. Hutchins will be one of the members of the oratory department. Miss Hutchins has attended the Leland Powers School and the Edith M. Herrick School of Expression, Boston, Mass. This last summer Miss Hutchins has been in Indianapolis doing some very practical work in staging plays, under Stuart Walker. She has done a great deal of private teaching as well as being the head of the expression department of Cushing Academy, Asburnham, Mass., for three years. The Dean of Cushing Academy says that Miss Hutchins did much to build up the expression depart-

ment there. We are sure that Miss Hutchins will prove an able successor to Miss Mary Louise Wright who is doing Chautauqua work.

The domestic art work in the department of home economics will be under the direction of Miss Leta Meacham. Miss Meacham is a graduate of the Oregon Agriculture College where she received her B. S. degree. She has recently received her Master's degree from the teacher's college, Columbia University. Miss Meacham's work in millinery has been especially practical and no doubt this course will be more popular with the girls this year than ever.

Mrs. S. P. Kenny, assisted by Helene Millsap, will be the house mother of Nicolls Hall. Mrs. Kenny was formerly of Morgantown, W. Va. She has had a great deal of experience in this line of work and we feel sure that she will be a real mother to the freshmen in her dormitory.

**JUST BETWEEN OURSELVES**

How many of you old girls can remember that terrible "lost and overwhelmed" feeling that engulfed you when you first came to college—the many strange faces, the laughter and chatter of those lucky "old girls" who knew each other, the bare room to face and make livable, the very, very complicated schedule to be arranged? Oh yes, there was all of that, though no doubt it has slipped your mind now that it has all become so natural and easy.

But for the sake of the new girls try and recall enough of that feeling to help them get into the swing of things at once. You know that it won't be long until they are all perfectly at home and established members of our great "Lindenwood family"—and that family will be larger this year than it has ever been. But before they get to that feeling there are apt to be some pretty miserable moments, unless the old girls respond with their usual cheerfulness and friendliness. Take your Little Sister to chapel, see that she gets her course arranged as soon as possible, explain the innumerable little "Lindenwood ways" that no one *can* explain but an old girl, don't let her stay in her room alone—take her out on the campus with the other girls. If you are really a Big Sister to her, remember that she will hold for you that same feeling that you had for that "old girl" who told *you* what to do.

In short if someone was nice to you pass it on. Let's make the Big Sister movement a real thing.

**SISTERS—YOUNG AND OLD**

Twenty-one sisters of "old girls" is the count for this year. How is that for a record? And that doesn't count the pairs of sisters who are coming—and they are not a very small number.

Eleanor Kleinschmidt, younger sister of Helen, '20, is coming from Webster Groves. Frankie Stumpe who has had two older sisters in Lindenwood, Grace, '23, and Mrs. Alva C. Nieberg (Ella) '18, will be with us. Allene Guthrie, '22, is returning with her sister, Mary Sue. Harriet Gum who was here in '21-'22, is returning and bringing with her her sister, Marion. Martha Pepperdine will return, too, and with her comes her sister Bertha. Lillian Hinkle, sister of Mrs. Arthur Farnsworth (Vera) '19, is coming all the way from Santa Fe, New Mexico. Helen Liles' ('23) sister Virginia, has enrolled from Dexter, Missouri. Juanice Scoggin, '23, is sending her sister, Larita. Elizabeth Arveson, who was here the last semester of last year is returning with her sister, Maude. Eleanor French, sister of Pauline, '21, has enrolled from Charleston, Missouri. Helen Chick, sister of Myra Chick, '19-'20, is returning again after an absence of a year. Gladys Sullivan, '20-'23, and her sister Kathleen are coming from West Plains, Missouri. Helen Kahn, '20-'22, is sending us her sister, Ruth. Helen Hibbard who was here in '16-'17 has a sister, Pauline, who has enrolled. Mary Frances Wertz, '20-'21, writes that her sister Ruth is coming. Alice Betty Hansbrough's ('23) sister, Susan Kathryn, has signed up. Bonnie Butner, '23 is sending her sister, Blanche. Mrs. Morris Coover (Marguerite Ehlers), '21, has a sister Gwendolyn enrolled. Virginia Hund, sister of Esther, who has been at Lindenwood for the last three years, will represent the Hund family

this year. Mary Margaret Slavens, sister of Lillian, '15-'17, has enrolled from Hutchinson, Kansas.

But the story of Sisters is not ended. Not by any means! Camden, Arkansas is sending us three pairs of sisters—all new girls. They are Dixie and Bessie Laney, Mary Lucile and Annie Laurie Reynolds, and Dorothy and Elsie Rumph. Not so bad for Camden, eh? And then there are Charlotte and Carolyn Myer, Moscow Mills, Missouri; Pauline and Barbara Lundy, Tulsa, Oklahoma; and Evaline and Frances Bates, Roodhouse, Illinois. From Mobile, Alabama comes a pair of twins—Etta Birdie and Birdie Etta Feist. Then of course there are the Ayers—Julia and Adeline, and the Cloughs—Dorothy and Louise who are all returning.

Why shouldn't Lindenwood be proud of her sisters?

**CONGRATULATIONS**

Announcement of the marriage of Miss Anna Louise Irby to Norman MacLaren Trenholme, A. B., A. M., Ph. D., professor of history and the teaching of history, Missouri University, has been received.

Doctor Trenholme's many Lindenwood friends extend their best wishes and congratulations.

Doctor and Mrs. Trenholme will be at home after September 15 at 21 Allen Place, Columbia, Mo.

**BIRTHS**

To Mr. and Mrs. W. J. Crecelins (Florence Thomson), '20-'21, Madisonville, Ky., Jane Hopewell, July 22.

To Mr. and Mrs. Glenn C. Richardson (Joan Wilcox) '21-'22, Long Beach, Cal., Thomas Key, July 27.

To Dr. and Mrs. Arden R. Johnson, St. Charles, Mo., Kelvin Kurz, August 1.

## AT THE COURT OF THE QUEEN!

The Parsons (Kansas) Daily Republican names Miss Margaret Squire as one of the Cherryvale, Kansas representatives to the Court of the Queen of Peace which is to be held in Parsons. She will be one of the twenty, two from each of the surrounding towns, who attend the Court of Peace, the one getting the highest honors will be the Queen.

Miss Squire will enter Lindenwood as a freshman this fall. We wish her luck!

## A FEW LAST VACATION NOTES

Dr. Roemer made a short business visit to Pittsburg, Pa., and to Morgantown, West Virginia.

Mr. and Mrs. Motley are taking a short vacation at Nagogami Lodge, Rolla, Mo. Mr. Motley says he is taking this vacation before he is forced to take up a permanent residence on one of the little islands in the Mississippi—expecting to be driven there by the innumerable questions asked of him around September 11.

Miss Ethel B. Cook, bursar, is also, taking a short vacation before the "big rush". Miss Cook is with her family in St. Louis and from there will make several short visits with friends.

Mr. and Mrs. Wilbur G. Smart, Los Angeles, California were the guests of Dr. and Mrs. Roemer for a short time. Mr. Smart is the Business Manager of Occidental College, Los Angeles.

While Occidental is a co-educational college and differs in many ways from Lindenwood, Mr. Smart was very much interested in the "inside workings" of our school—especially in our banking system and our very modern kitchen equipment.

## YOUR FUTURE

Are you interested in your future? Of course you are. All girls are. Well, your future is very likely to be like that of the girls who have gone before. Of the 844 graduates in the last 43 years—since 1880—over half are married; 446, to be specific. That all goes to show that a lot of men think Lindenwood girls make good wives. And then, too, we know that of the 398 who are single, some will marry—and they all *could* have if they wanted to.

School teaching is very popular, there being 229 teachers, 28 college professors, 20 school principals or deans of women, and 11 in other educational work.

Religious work has taken a large number, too. There are 5 foreign missionaries, 9 professional religious workers, 6 social service workers, 2 Y. W. C. A. secretaries, and 2 Red Cross workers.

There are professional women among the Lindenwood alumnae, also: one physician and two lawyers are on record.

The fine arts find their place—1 prima donna, 1 singer, 2 writers, 1 organist, 1 artist and 5 actresses.

There are 8 librarians, 19 secretaries, 7 reporters, 1 magazine editor, 5 postmistresses, 1 inventor, 1 in advertising work, 1 bank cashier, 10 stenographers, 1 traveling saleswoman and 3 nurses.

In the taking of post-graduate degrees 136 have been listed. The occupation of 50 of the 844 is unknown. Only 14 are known to have no occupation.

These figures go to prove that the Lindenwood girl of the past has had any number of fields of work open to her. She is fitted to pursue the line of work which appeals most strongly to her.

What SHE has done YOU can do.

## 1923—1924

Our only regret in opening the school year 1923-1924 is that all whose applications were acted on favorably cannot be received. One of the largest waiting lists we have ever had is before us. The earlier applications have had precedence. Not every application was considered. Stress is laid upon the meeting in full of all requirements for admission. Numbers are not the first consideration. In Lindenwood's advance to higher educational standards the requirements are being very rigidly adhered to. The character of student and work certified to us is being carefully scanned by the Committee on Entrance.

The Board of Directors at its annual meeting in June called attention to the fact that every student was not only costing the patrons the tuition but the College was expending in building and equipment over \$400 per student more than they pay. The large endowment of Lindenwood is helping to put the College on the highest basis of collegiate value.

## MARRIAGES

Isabel Jean Weisman, '20-'21, Marshalltown, Iowa, to Chester G. Mickel, August 6.

Millye Mignon Detrick, '20, Caldwell, Kansas, to Frank Edward Cooter, August 8.

AN IDEAL ROOM-MATE  
(Just a Hint)

An ideal room-mate is an extraordinary and rare species of humanity. She is extraordinary because she does not possess the traits of nagging, misunderstanding and selfishness. When you come home after a trying lesson in history or with a difficult theme to write, she does not beg nor plead with you to go to the post-office or tea-room with her. She never misunderstands you when you want to read Rupert Brooks or John Masefield aloud. She never goes to sleep in the middle of "Grantchester" or becomes disgusted when the "Great Lover" turns out to be different from her first impression. She never rejoices when you're sad or mourns when you're glad. She is never so selfish as to refuse to lend you a middy-tie, a fountain pen, or a powder puff. She never forgets you when she goes to the city and you stay at home. Last, but not least, her Sigma Chi never monopolizes her conversation or the picture space in the room. Perhaps you think that a room-mate who leaves you alone when you want to be alone, who understands your moods and who thinks of you first is a modern miracle. She is. But there have been modern miracles.

(A hint to the wise is sufficient).

## ALUMNAE NOTES

"What a joy one derives from reading the Bulletin!" writes Mrs. E. R. Gentry (Ann Whyte) '90-'91, "the article by Mrs. Charles E. Thomas (Mayme Bruce) '92, interested me very much. Mayme was one of my six Lindenwood bridesmaids."

Dorothy English, '20-'22, writes that, "I have a position in an advertising company here in Wichita and am in love with my work. My boss says that I have had good fundamental work. I am certainly glad that I've had the fundamentals for some of my friends (struggling young artists) haven't had and they are completely lost." The two years that Dorothy was at Lindenwood she specialized in poster designing.

"I am a former student of Lindenwood," writes Mary E. Brandon, "I would have graduated from the college with the class of '90 if I had not gotten sick about six weeks or two months before that time. I am now dean of East Hall at Oxford, Ohio, and have the rare privilege of attending classes again and am desirous of getting my degree even this late in life. I am always pleased to note the progress of my old school and read with interest the monthly Bulletin."

Martha Scroggins, '19, graduated in June from the Art Institute of Chicago where she specialized in interior decorating.

Wilbur H. Hutsell, A. B., '14, has been elected director of athletics and head coach in the Alabama Polytechnic Institute at Auburn. Wilbur was a member of the track team in 1912-13-14. He is a member of Alpha Tau Omega, Theta Nu Epsilon, and Chi Chi Chi and his

home was at Moberly, Mo., when he was a student. He was married November 12, 1919 to Miss Corrine Southard of Fort Smith, Ark. He plans to spend the summer in his home town, Moberly, and to visit Columbia.

From The Missouri Alumnus (Mrs. Hutsell was a Lindenwood student from 1915-17, graduating in the class of '17).

Among the guests at a house party given by Katherine Biggs at her home in Arrow Rock, Mo., are Laura Estelle Myer, Boonville, Helen Lee Maupin and Marian Bowers, Moberly.

Mrs. William Graham Williams (Helen Taylor) '16, Bowling Green, Missouri, made a short visit to the college enroute to St. Louis.

Wilhelmina Herwig, '16, who was supervisor of the English department of the practice school at the University of Missouri, for the past winter, was teacher of English at the Emporia State Teachers' College (Kansas) during the summer term.

Laura Cross '23, has enrolled for graduate work at Columbia University, New York City, for the coming year. Laura says that she has spent the summer playing tennis and writing short stories in preparation for her winter's work.

Announcement of the marriage of Miss Marion Haire, former student, and Allen K. Georgei, B. S. in Agriculture, '22, was made at the home of Miss Haire in Clinton, Mo., Mrs. Georgei is a graduate of Lindenwood College, and attended the University one year. She is a member of Kappa Alpha Theta. Mr.

Jeanice James, '21-'22, Ottawa, Kansas, stopped for a short visit at the college enroute to her home after a summer's traveling.

### CAMPUS IMPROVEMENTS

For those who enjoy cooking out of doors, a number of concrete ovens have been built down along the creek. This was Dr. Stumberg's idea, and he has taken so much interest in them that we shall expect to find him down there doing a little cooking himself.

Then to the golfers! All will be delighted to know that three more holes are being added to the course. These extend the course back of Niccolls and Sibley, over towards the dinning room. The course itself has been kept in splendid condition this summer and all the "golf bugs" should come back with their clubs, ready for some real playing.

New boilers have been installed that will keep a supply of hot water on tap constantly.

Margaret Hall has had a new heating plant installed. A number of the studios and rooms both upstairs and down have been redecorated.

Eastlick Hall has come in for its share of the improvements and has also had a new heating plant installed.

The drive-way back of the Tea-room and the Gables, connecting Butler Way and the Watson Street driveway has been completed. This completes the Tarvia drives all about the campus.

Jubilee has received its share of redecorating in its kitchen and in the one-time teachers parlors.

The latter has been all refinished and retinted and now has all new, lovely over-stuffed and Windsor furniture to make it more than attractive. These rooms are to be used as reception rooms.

The kitchen has been repainted and is such a glistening white that Harrison says he is "half 'fraid to move 'round" in it. Many modern conveniences have been added.

Visitors from other schools are constantly coming to inspect this department, and they never cease to marvel at the up-to-dateness of the equipment and the ease with which the college is able to feed four hundred people at one time.

Old trees are like old friends and it is hard to lose either. The girls who have been here before will be sorry to learn that the big elm, at the corner of the drive in front of Butler and Roemer Halls, has been cut down. The tree had become so diseased that it was necessary to cut it down in order to save the trees around it, but we shall certainly miss it.

All of the tennis courts have come in for their share of attention. They have been sprinkled with salt until a blade of grass will not dare show itself. They have had more clay put on them and are in splendid shape for the early morning playing which is always so popular with Lindenwood girls.

## CHANGES IN ADDRESS OF ALUMNAE AND FOR- MER STUDENTS

Struggling club secretaries and Lindenwood alumnae who try to keep in touch with friends and other graduates and students of the college will, perhaps, welcome the following information regarding changes of address:

Mrs. C. E. Kroh, formerly Florence Allen, '01, is now to be found at 424 N. 15th St., Kansas City, Kansas. Kansas.

Miss Corinne Aymond, whose former address was c/o Judge Dyer, St. Charles, Missouri, is now at 20 E. 35th St., New York City.
