## Recognize Employees Who Live Out Lindenwood's Core Values!

Use the [link](#) under the 'Announcements' section on your Workday home screen to access the form that allows us to recognize employees that we see living out LU's core values.

### Value: We thrive together.

When **Alison Albee** saw I had insufficient resources available for a lab class, she stepped in and led the effort to get me what I needed in a timely manner. Thanks to Alison, I thrived in my professional responsibility.

**Kyle Coble** has mentored and helped me to work through student-focused teaching ideas. We overlap in our teaching in two areas – marketing and international – and he always is quick to respond, listen, and help. I value him as a colleague, friend, and mentor. Kyle helps to embed current events and information, and continually improve what we are doing in these classes, so students are the focus and we can be responsive to the RISE pillars in how the class is delivered.

Engineer for Information Technology **Josh Kreck** works hard behind the scenes addressing issues and making sure our systems work as intended. He also maintains access to the various systems across campus. What I appreciate when working with Josh is his quick response time. I can reach out to him at various time of the day and he is able and willing to assist me. His support and help is a great example of what thriving together means. I wouldn't be able to successfully do part of my job

without Josh's help and assistance. So, thank you for always being a great team member when I need it.
