STAY CONNECTED

Move-in for new students will take place Tuesday, August 20 and Wednesday, August 21. Your presence can make a difference in

ensuring they have a positive and memorable experience.

Volunteers are needed to greet and welcome students, give directions, answer questions, and help move students in. Sign up for a move-in shift and help make the experience a positive start to every student's journey.

If you have not already volunteered, please reach out to [Ryan McDonnell](#) or [Jennifer Susnic](#).

LifeLock Identity Theft Protection

Lindenwood offers identity theft protection from Norton LifeLock. LifeLock provides peace of mind with comprehensive all-in-one protection for your identity, personal information and connected devices.

Everyday online activities like shopping, banking and even browsing can expose personal information and make you vulnerable to cybercriminals and identity theft. With increased threats from data breaches and phishing attacks, LifeLock helps monitor personal accounts and sends alerts if potential threats to your identity are detected. If you should become a victim of identity

theft, Norton will work to resolve it. Norton's multi-layered, advanced security helps protect against existing and emerging malware threats to devices and helps protect private and financial information when you go online.

Academic Catalogs: New Look and Feel!

This week, the 2024-25 academic catalogs will be migrating to a new platform called Acalog. This migration will enable quick searching of catalog and course information and positions us to streamline our curriculum and catalog management processes via a partner product called Curriculog. During the migration period, the previous catalog format will be available. After the migration is complete faculty, staff, and students will still be able to access the current academic catalogs via the [Lindenwood website](#). Archived academic catalogs will be available in .pdf format via [Digital Commons](#).

Many thanks to Mary Stacy-Brewer for her hard work on the configuration for this implementation, to the IT Enterprise team led by Karin May for their ongoing support of this project, to Stormi Henri for providing excellent project management support, to the Web team lead by Jason Waack for ensuring all access points will be updated, and to Paul Huffman for ensuring Digital Commons is updated.

Recognize Employees Who Live Out Lindenwood's Core Values!

Use the [link](#) under the "Announcements" section on your Workday home screen to access the form that allows us to recognize employees that we see living out LU's core values.

Value: We have grit.

University Videographer/Photographer **Lyle Schmitz** has some serious grit. He delivered a short turn-around high-priority project AND exceeded expectations. I am proud to work with Lyle because he has passion and dedication to what he does here at Lindenwood. Lyle has some serious grit and he not only showed me that this week, but every day I get to work alongside him. Proud to have him on the team and thankful for his dedication to producing high quality work.

Value: We thrive together.

Graphic Designer **Amber Bush** has been doing wonderful work. Not only has she helped me keep up with our project list, but she helped with a high priority project that I could not have finished without her. She dropped everything she was doing and helped me for an entire day, putting her behind on her projects as well. I am proud of Amber and her commitment to teamwork. We definitely thrive together. And Amber deserves a lot of credit for the hard work she put in everyday here at Lindenwood.
