

CAPT. "RACKET"

AT LINDENWOOD.

The Seniors' Play Will be
Given Next Wednesday
Evening.

The Lindenwood College Seniors are busy arranging to produce the great military drama "Captain Rackett" at the college chapel on the anniversary of Washington's birthday next Wednesday evening. According to the names on the cast many renowned actors will take part and we believe that our assertion that it will be a rare treat, will be carried out by the excellence of the playing. A large audience should attend. All are cordially invited.

We are not acquainted with the nature of the play, with the exception that it is a military drama, as its name indicates.

Capt. Robert Rackett, which character, according to the cast, is to be played by "Mr. Hackett," is of the National Guards and a lawyer part of the time and a liar all the time. Obadiah Dawson, his uncle, will be played by the well known actor "Mr. Sothern." He's from Japan "where they make tea." Timothy Tolman, his friend, will be played by "Mr. Edson." This chap married for money and is sorry for it as he should be. A jolly cove Mr. Dalroy who is Rackett's father-in-law will be played by "Mr. Mansfield." "O. Skinner" will appear in the part of Hobson, a waiter. Clarice the pretty wife of the gallant captain, is out for a lark. This character will be charmingly enacted by the well known and popular American actress "Maxyne Elliott" Mrs. Tolman, a lady who has a temper, will be played by "Ruth Robson," whose great work on the stage is too well known for further comment. Katy, a mischievous maid, is to be played, so they say, by "Ethyl Barrymore" and Tootsy, "the Kid who is Tim's olive branch" will be enacted by "Millie James."

Surely this all star cast should draw a packed house. Seldom indeed, is so much talent united in a single production and never before has such a treat been offered to the St. Charles public, right here at home.

We are told there is much excitement, lots of trouble and a general muddle before the play closes, but the audience will please remain calm as the captain finally owns up and at the end, all is serene and happy.

Go to Lindenwood chapel next Wednesday evening. You will enjoy the play.
