ONLINE MPA DEGREE RANKS IN LIST OF MOST AFFORDABLE FOR 2019

October 31, 2018

The online Master of Public Administration degree program at Lindenwood University has been ranked number-16 by OnlineU.org on the 2019 Most Affordable Online Colleges for MPA Degrees list.

The website ranked schools based on available degrees, tuition rates, and acceptance rates. OnlineU obtained data from the school websites and the National Center for Education Statistics, which the site says is the “primary governmental entity for gathering and presenting data related to education.”

Assistant Dean of Multidisciplinary Humanities Dr. W. Travis McMaken said, “The Lindenwood University School of Humanities is committed to helping students access the traditional and online programs they need to prepare for every future.”

“We’re very pleased that our program has received this kind of distinction again. It’s important to offer affordable programs for working adults seeking to advance their careers in the public sector,” said Dr. Jeanie Thies, director of the Master of Public Administration program.
