Sir

The salaries and allowances for the agents and assistant agents at the United States Indian Trading Houses having been particularly designated by a Law of the last session of Congress which took effect on the first day of April last - I am no longer authorized to make you the annual allowance of \$25. for keeping up a stock of furniture - you will therefore credit in your first accounts with this Department which you may send in after receipt of this any charges you have made for that purpose in accounts you may have rendered for any time subsequent to that period -
